LOST IN A HEAVY FOG.

THE SECOND RACE FOR THE AMERICA'S CUP POSTPONED.

About Hanlan and Beach—Rochester has her Revenge on Buffalo by Shutting her Out—Utica Beats Oswego and Syracuse Binghamton—Racing at Sheepshead Bay.

NEW YORK, Sept. 9.—There are plenty of disappointed yachtsmen in New York to-night, for the second race of the International series has been postponed till Saturday. After sailing in a fresh breeze from the eastward for four hours, and in a light breeze from the same quarter for two hours more, the Mayflower and Galatea, with an accompanying fleet of nearly a hundred vessels, were enveloped in a thick fog ten miles east of Sandy Hook lightship, and were compelled to abandon the race. When the Mayflower rounded the outer mark, twenty miles east of Scotland lightship, at 4.26.22, the Galatea was not in sight from that point. The Mayflower had outsailed her on every tack from the start, both carrying the same sail in a breeze that was steady from about east, with occasional rain squalls and a moderately heavy swell from that quarter. The Mayflower could not have finished the race in the allotted time of seven hours, even if the weather had remained clear.

Toronto v. Guelph.

Owing to the rain that prevailed all yesterday morning, and part of the afternoon, comparatively few people crossed the Don yesterday with a view of seeing Toronto and Guelph play baseball. Manager Humphries took a survey of the grounds and decided that they were too wet. Consequently no match took place. Mr. Humphries said with a championship match to-day he would not think of risking his players. To-day's match will be Hamilton versus Toronto, the game being called at 4 o'clock. The batteries will be: Toronto, McKinley and Darling; Hamilton, Wood and Somers.

Fair Balls.

There is talk of raising the International guarantee from $50 to $75.

The Leafs don't look right without Julius Cæsar Maddocks on second.—Ham. Spec.

Steve Dunn of London, Ont., who is playing first base for Buffalo, accepted twenty chances on Tuesday without an error.

Collins had the remarkable record in the Hamilton-Guelph game of being no times at bat and yet making two runs. He reached first four times on called balls.

William Bradburn of Chicago has accepted the challenge of Frank Hearld for a six-round fight with small gloves. The set-to will take place in Pittsburg on the 29th inst.

Harry Wright, the veteran baseball player, is said to have invented the circular bat, and his firm in Philadelphia to have made $25,000 out of the little nuisance in less than two months.

It is a pity the New York baseball nine wasn't in the earthquake. It needs a good shaking up, although it seems to be as thoroughly "rattled" as it is had been through thirteen first-class shakes.—New York Sun editorial.

Admiral Rous said that in his long experience of turf life he knew but two men who owned race horses for sport only, not for money. They were the Duke of Portland, Lord George Bentick's father, and Lord Glasgow.

The following team of Philadelphians have been selected by the International Match Committee to meet the Englishmen: W. A. Brooks, jr., H. W. Brown, W. J. Durking, W. C. Morgan, jr., G. S. Patterson and F. W. Ralston, jr., of the Germantown Cricket Club; F. E. Brewster, E. V. Clark, jr., H. McNutt, C. A. Newhall and R. S. Newhall of the Young America Cricket Club; J. B. Thayer, jr., and W. C. Lowry of the Morton Cricket Club. This is the strongest aggregation of native American cricketers yet selected to do battle against a foreign team.

The Toronto-Ontario Lacrosse Match.

Saturday afternoon's match on the Rosedale ground should be well attended, for it will likely be one of the best contested of the season. One thing is certain, that when the Torontos and Ontarios play the public are treated to a fine exhibition of lacrosse. Mr. C. H. Varcoe has been chosen as referee.

Close of the Regatta at Erie.

ERIE, Pa., Sept. 9.—The Erie Regatta closed to-day with a single scull race, three miles with turn, for a purse of $300. Hosmer of Boston, Ten Eyck of Worcester, Moniger of Allegheny, Griffin of Buffalo, competed. Hosmer took the lead at the start and held it to the turn, Ten Eyck crowding him closely. On the home stretch Ten Eyck went to the front, and after a hard fight won by half a length in 20.47. Griffin and Moniger third and fourth.

Baseball Bitterness.

From the Chicago News.

The reason that Mike Kelly wouldn't play in the baseball game day before yesterday was because of his antipathy to Mickey Welch, the smiling pitcher of the New York club. He began the game under the impression that Keefe was going to pitch for the Gothamites; as soon as he saw Welch in the box he took off his gloves and started for the club house, and Hardie was called to take his place. Kelly and Welch have been bitter enemies for a long time, and the occasion of their hostility is a difference of opinion in Land League matters. Kelly belongs to the Patrick Egan faction and Welch belongs to the Devoy faction. Kelly is Egan's warm personal friend, and last winter he spent several months at the latter's palatial home in Lincoln, Neb. Welch is just as intimate with Devoy, and he has enlisted all his enthusiasm in the scheme to reform the Land League. The bitterness between the two factions is, as we all know, intense, and this bitterness has been dragged by Messrs. Kelly and Welch into their professional relations, so that oftentimes, as was the case last Monday, the exhibition of hate is ludicrous. Welch rather enjoys the complication, and well he may, for it is to the New York club's advantage when Kelly is put out of the way so easily.

Racing Notes.

The Glen Grove Park race meeting has been postponed from Sept. 21 and 22 to Oct. 6 and 7.

Gen. Paine has made an offer to sail the Mayflower in a gale of wind against the Galatea across Massachusetts Bay.

An Ontario Cricket Association tie match will be played on the Toronto ground to-day between Listowel and Parkdale, the winners of their respective districts. The conquering team in this Dutch hoeing will meet Napanee on Saturday on the same ground for the Ontario Championship Cup.

J. Batchelor's b. m. Princess, six years, daughter of Princeton and Roxaline, is once more proving herself one of the biggest and stoutest of her sex. After a prolonged lay-up she is again on the turf, and on Tuesday last ran a splendid race at Sheepshead Bay, finishing second to Little Minch in three-quarters of a mile, after starting at 15 to 1 against in a field of 14. Her price for a place was 7 to 1 against.

A bicycle club has been organized in Ingersoll with the following officers:—President, R. W. Woodrope; vice-president, F. R. Meredith; secretary-treasurer, S. T. Christopher; captain, J. W. The Canadian Sportsman ventures to imply that there is some doubt as to the correctness of the report in The World of the 8th inst., that Hanlan branded Beach as a coward for not hastening to accept his challenge for a race on any waters in England. The Sportsman is informed right here that the report is strictly correct. Hanlan did brand Beach as a coward. When Hanlan was in Australia he was forced to accept Beach's terms. He was then a long way from home, and did not relish repeating the trip for the sake of winning back laurels that he had unfairly lost by the interference of a steamboat. He therefore waited seven months for an opportunity to regain them. If Beach had come to America and Hanlan had failed to avail himself of the opportunity to meet him after all the talk then he would have been the coward, but how would it have been if Hanlan some years ago had gone to England, waited there six months, and did defiance to the world? Would Beach have gone there to meet him? We trow not, and Beach would never have been champion. If, however, at the expiration of that time Beach had accepted, there is no one in the world doubts that Hanlan would have come to time, even though he had to prolong his stay a little, considering moreover that his opponent would only have at the most three or four weeks to get acclimated in. Moreover, if anybody had offered Neil Hanlan $10,000 to row him for the championship in Han-Yang the chances are he would have gone there. Hanlan's wish was not only to be champion, but to be conqueror of the world. In the final struggle he was beaten, and the least the man who beat him can do is to give him a race on neutral waters. It would cost Beach little or nothing to meet Hanlan now, and if he wins it means the undisputed title to the championship. If Beach does not come to terms it must mean that he does not care to risk his winnings. In being so conservative he may prove his discretion, but that eminent quality is not always in the world's eyes considered the better part of valor.

IN THE SILENCE OF THE NIGHT.

A Canadian Tug Libelled at Buffalo Gives Her Detainers the Slip.

From the Buffalo Commercial, Sept. 9.

About four years ago, the Canadian steam tug Harvey Neelon, which had in tow the schooner Glenliffer, ran her on to the horseshoe reef, in broad daylight. Gross carelessness was alleged against the crew of the tug in the matter. The schooner was insured in the Ætna company of Hartford, and the damages, which amounted to about $1000, were paid by the company. The case was then placed in the hands of Mr. Josiah Cook, counsel for the company, to take proceedings against the tug, with a view of recovering the money. The Neelon kept away from this port for a long time, but on Tuesday she came in. Mr. Cook was ready with libel, and the tug was duly seized by Deputy U. S. Marshall Donohue, who placed a ship-keeper on board. Sometime during last night, or early this morning, the crew put the ship-keeper ashore, and started out of the harbor at full speed. The tug was probably safe in Canadian waters before daylight.

Amusement Briefs.

Seldom do theatre-goers see as many clever people in one play as those who constitute Mr. Arthur Rehan's company now playing "Nancy & Co." at the Grand. Every member is an artist and does his or her part to perfection, while the comedy itself is full of rollicking fun, pure and wholesome. The stage settings are original and add not a little to the attractiveness of the performance. "Nancy & Co." for the remainder of the week, with Saturday matinee.

Gus Williams did "Capt. Mishler" to the delight and satisfaction of a good sized audience at the Toronto Opera House last night. He makes every one laugh. The bill for tonight is "Oh, What a Night!" A toy balloon illuminated with Mr. Williams' picture will be presented to every child attending Saturday's matinee. The sale of seats for next week's attraction, "The Wages of Sin," commences to-morrow.

"The Mikado" looms up in good style at the Gardens. It will run the rest of the week.

The Kennedys in Scottish song should not be forgotten at Shaftesbury Hall. Friday's program is "A Nicht Wi' the Jacobites."

Left His Security Behind.

From Buffalo Commercial, Sept. 9.

The captain of the steamer Ed. Smith came to Buffalo this morning from Tonawanda to swear in George W. Morris, of the barge Theodore Perry, as master, in place of Peter Smith, who has skipped to Canada with the freight, money, papers and other light but valuable documents belonging to the vessel. The "skipper" informed his wife, who acted as cook off board the barge and is the only security left, of his intention to leave for ever, at the same time advising her to go home and he would see that she was taken care of.

A Revising Officer's Warning.

In June last several conservatives failed to answer summonses issued at the instance of reform agents to appear before Revising Officer Boyd and gave evidence in reference to the qualification of certain voters. Being brought up yesterday for contempt of court, Mr. Boyd ruled that as this was the first proceedings of the kind taken, and as the parties were not fully aware of the powers of revising-officers to compel the attendance of witnesses he would dismiss them without the infliction of a penalty. At the same time he administered a strong caution, and stated that in the future he would fine severely or send to gaol any parties who offended in this respect.

Dr. Kane's Answer to "Ulsterman."

In answer to the letter signed "Nesterman," (a typographical error for "Ulsterman") in The World yesterday Dr. Kane says: "The report is wholly and absolutely without foundation. I never used the words, nor, until I saw this letter, did I know that I had ever been charged with expressing such sentiments. Besides, at the time referred to I was not prominent enough to be called on to make speeches. I was only a humble curate whose time was thoroughly filled with parochial duties."

HOME LOAN & SAVINGS SOCIETY.

The First Monthly Meeting—Objects of the Organization.

The first monthly meeting of the Canadian Home Loan & Savings Association was held in the Board of Trade rooms last night. Over seventy members were present. Directors for the ensuing year to be elected at the annual meeting in October were nominated. The secretary reported $1000 on hand to be loaned to the highest bidder. This amount was put up at auction and sold to one of the members at 9 per cent. premium.

The $90 profits thus accrued was also sold to one of the members at 9 per cent. premium.

A similar society has been in existence in Hamilton some years and they have existed in England and United States for the past fifty years with a remarkable record of success. The object of these societies are the accumulation of a fund by the members to enable them to secure homes, and to inculcate habits of economy by the payment of a small sum per month ($1 per share) until each share by such payments and accumulated profits aggregates $200 when the association closes. All members both borrowers and non-borrowers participate equally in the profits, the society thus furnishing money at the lowest possible interest. Each member has one vote and no more, and except ing the secretary, who receives a small compensation for his services, there are no salaried officers.

The Bits From Haldimand.

Liberals were quite jubilant yesterday, and Conservatives correspondingly depressed, over the Haldimand election. The former turned out strong at the Reform Club and when Mr. Blake entered for lunch he met with an enthusiastic reception.

Sir John was asked yesterday by a friend what he thought of the result in Haldimand, "Oh," said he, "the election was won on its Merrits."

Sir John Receives 100 Callers.

Sir John Macdonald received over 100 callers at the Queen's Hotel yesterday. Among them were Sir Donald Smith and Mr. R. B. Angus. These gentlemen, Sir John, Hon. Mr. Thompson, Minister of Justice, and Hon. John Carling all left for Ottawa last night on the Canadian Pacific Railway.

The Labor Demonstration.

In some countries they will not tolerate labor processions, but in our free country it is almost a national event. The parade to-morrow will be a demonstration of the intelligence and independent spirit of our working men. Those who desire to glorify the day in becoming manner will wear gum's hats, shirts and neckties.

A Peculiarly Constructed Snake.

The other day, says the St. Catharines Journal W. Morningstar, owner of the DeCew Falls mills, killed a snake five feet long. From the head to the middle of the body the snake was of a pure scarlet color, the remainder to the tail being black, while the head was a well developed pair of velvety horns and a protuberance of a blue color resembling a rooster's comb. The mouth of the snake was pointed like the beak of a bird.

Burglars Again at Work.

POWER HOUSE,
Cor. King-street and Spadina-avenue.
Toronto, Sept. 8th, 1886.

MESSRS. GOLDIE & McCULLOCH,
Galt Safe Works, Galt, Ont.

GENTLEMEN—Last night burglars entered my hotel and attempted to open the Fire Proof Safe I recently purchased from you. They appear to have been experts, understanding their work, for they commenced by drilling a hole in front of the combination lock (the way in which I understand other safes are usually opened) so as to break the lock and thus allow the door to be opened, but I am pleased to inform you that the *steel plate* which I was informed you protected your locks with, was there, and effectually prevented their accomplishing their purpose, for they did not succeed in drilling into it, and consequently they did not get the safe opened. I am thus saved a considerable sum of money that was in the safe, some of which was my own and some belonging to guests in my house.

Although I did not purchase the safe as a burglar-proof one, I now find that even your *Fire-Proof Safes* are to a considerable extent *Burglar-Proof* and I am well pleased to know this in such a positive way. You may use this letter in any way in which it may be of advantage to you. JOSEPH POWER.

These celebrated fire and burglar-proof Safes of all kinds are now on exhibition and can be inspected and purchased at their warerooms, No. 56 King-street West, next door to the Mail buildings.

WALKER

STILL WITH US.

He Rises to Remark

"Now, by my Halidom," quoth Walker
"As sure as eggs are eggs,
At these hard times I'll have a whack
And lower down the pegs.
I'll hang no circus posters out,
I'll never beat a drum,
But folks shall know what I'm about—
Its prices makes things hum.
"Here, Julius Cæsar Ponto Brown,
Just sharpen up my ax;
Once more I'll cut the figures down,
My folks can't stand the tax;
The times are hard—the workingman
Can comforts ill afford.
But give him my installment plan
He will not need to board."
Amazement well may pale each cheek,
Well may all dealers groan,
For such small payments week by week
Before were never known.
The long, long busy day is done,
Night's curtain settles down,
Walker's beacons flash up one by one,
His prices rouse the town.
Men, women, children—how they flock
To this midsummer sale;
Walker never had so large a stock—
But prices tell the tale.
And who is there so foolish still
To board or idly roam,
When weekly, if you pay the bill,
You get so nice a home.

Who, indeed! Surely all people yearn for a home of their own, from the cradle to the grave. This one want animates alike rich and poor. The rich can get a home when they please, and so can the poorest man or woman with weekly instalments by going to

In pursuance of numerously signed petitions from the employers of labor and manufacturers of the city, the City Council have passed a resolution requesting me to issue a proclamation setting apart the afternoon of
