Grand Auction .....H. G. C. Wetmore
Druggist and Apothecary.....Wm. H. Carten

LOCAL NEWS.

IN.—Jas. S. Fairley's drive of 400,000 reached the corporation limits on Tuesday

COMING HOME.—Attorney general Blair will, it is expected, leave England for home on the 27th July.

RESIGNED.—Hon. David Wark has resigned as member of the Senate of the University of New Brunswick.

WILL GO.—Graham Lodge, L. O. A., will go to Florenceville to take part in the celebration there on the 12th July.

RACES.—Moncton will have a series of horse races on the 25th inst. including a 2.45, three minute and running class.

NEW JUDGE.—C. N. Skinner, M. P. for St. John, has been appointed judge of probate, to fill the vacancy caused by the drowning of his brother.

GOOD POSITION.—Geo. Kyle, late of Chestnut & Sons, this city, has secured a position as book-keeper with the Helena trading company, in their new store at Nelson, B.C.

NEW PUMP.—An auxiliary pumping engine is being manufactured at Toronto for this city, the water works committee having decided it a necessity. The price is $3,000.

DOMINION DAY.—Messrs. Hawthorn, Lipsett and Rutter and twenty-five members of the fire brigade intend going to Charlottetown to take part in the Dominion day celebration.

PROGRESSING.—Gabe Bear, one of the progressive Indians of the St. Marys reserve, is building a home with dormer windows and verandah. Gabe says that he is going in for the luxuries.

GARDEN CONCERTS.—Messrs. Adams, Machum and Wilson have rented Scully's grove and will hold band concerts there each week; dancing and other attractions being on the programme.

NEW BUILDING.—Howard & Crangle are tearing down their old wooden building on Carleton street corner and intend erecting a large brick structure instead. This will improve the street very much.

ON A PILGRIMAGE.—The Renous and Dungarvon fishing club intend going on a pilgrimage to their fishing retreat on the 20th inst. Alex. Clearwater, the veteran guide, will see the party safely through.

TOUCH AND GO.—Two tourists on the steamer Belle Isle while on the way between Oromocto and this city on Tuesday, fell overboard and narrowly escaped drowning. This is a nice boat for river traffic.

THIRTY DOZEN.—Two fisherman came from the Tay waters on Wednesday evening and reported a big days fishing. To prove it they showed thirty dozen of the speckled beauties and fly bites innumerable.

THROWN OUT.—Jas. Tennant and J. Hanlon were thrown out of a carriage in which they were driving on Monday morning by coming in contact with a sloven driven by Mr. Estabrooks on Queen street. They escaped with slight injuries.

BAD CUT.—Fred Quartermain, the popular Carleton street barber, cut his wrist very badly on Wednesday night. He was walking through his house with a bottle of medicine and fell breaking the bottle. The wound is quite serious.

ANOTHER ATTEMPT.—The police committee have conferred with the police magistrate in respect to the more stringent enforcement of the Scott Act so that there will be another spasmodic effort for the supression of the liquor traffic.

C. E. R. MEETING.—At the late meeting of the C. E. R. company, Alex. Gibson was elected psesident, J. S. Snowball, manager, with James S. Neill, a director, in place of the late Marshal Richey. This road is gaining in both freight and passenger traffic and is becoming a popular road for tourists and sportsmen.

CITY COUNCIL.—At the meeting of the Council on Tuesday evening the consideration of the proposal for lighting the city by electricity was postponed till next meeting. Twenty-five dollars were granted to the fireman to help defray expenses to Charlottetown. There was little done outside the usual routine.

MORE ROOM.—Major O'dell has planned for opening up streets through his property and the extension of the city in that direction will be no longer retarded. A street will be opened from government road leading back to the Park association grounds, to be intersected by the extension of streets below Smythe street.

WE REACH THEM.—As a sample of the benefits of advertising in the HERALD the following is one of many that may be given. Last week an old gentleman from a thriving parish came to town and enquired for Oak hall: He said he had seen it advertised in the HERALD and was going there to purchase. He found the store and placed a large cash order. We reach 'em every time.

LAYING THE STONE.—Several prominent Masons of this city attended the ceremony of laying the corner stone of St. Jame's Presbyterian church at Andover on Tuesday. Dr. Thomas Walker, grand master, assisted by the grand lodge officers, officiated. There were visiting lodges from St. John, Woodstock and Florenceville. Andover and Fort Fairfield bands furnished appropriate music.

DAMAGE TO PROPERTY.—The gale of Thursday, the 2nd, besides tearing down barns in Southampton belonging to Henry Blaney, Henry Delong, James Barker and Wm. McElwain did much damage in Tay settlement. James Johnson's barn was struck by lightening and burned to the ground. John Green had a barn shattered to pieces while the Methodist church at that place was almost ruined by lightning.

WHAT HE CAUGHT.—Just now there are some wonderful stories told about big catches of trout. A recent case had a peculiar ending. A local sport reached this city during the week with a large display of fishing tackle and a well loaded fish basket. He told "heavy" stories of the fish he had captured. It turns out that he had helped himself to a farmer's gaspereaux net and the big basket was loaded with gaspereaux.

HONEST ABOUT IT.—Our friend, the Reporter, which has always posed as a good little conservative journal, says in a recent editorial: "This part of the province has very little to thank the dominion government or the present policy for." The editor knew it along but was only waiting for positive proof. Will all our other conservative friends own up also and let us have a change. It is about time we were beginning to go ahead.

THE IMPORTATION.—The New Brunswick government imported last fall a lot of thoroughbred sheep of the Lincoln breed. Three of these were purchased by the Hardingville agricultural society. One now in possession of William Connor, of Barnesville, Kings county, when sheared recently. yielded a fleece weighing thirteen pounds, which when washed and dressed ready for carding, netted eleven pounds. Mr. Connor has some spring lambs sired by this sheep which he considers to be very fine stock.—Sun.

THE RIVER RAILWAY.

It Will be Commenced and Completed.

It appears to be the general opinion that this long delayed road has got to come. There has been a great deal of stock jobbing and other dealings in connection that have tended to retard the road, but there is assurance that it will now be built. The Grand Trunk have found it necessary that they have an outlet to the sea through Canadian territory, and some consideration has been paid to the wants of the people through the river countries. It is satisfactory to know that through the active endeavors of Mr. Blair and his government this road will not be hampered with the many restrictions that characterize most of the present railways to the detriment of the people. He has always worked to have it a people's road, and despite the kicks and sneers of those who wanted to make it a pocket road his endeavors will be rewarded. John McDonald, who appears very energetic in the interests of the railway, has been in England and reports satisfactory financial arrangements. The work of construction may begin at any time. This will be a thorough trunk line, on a solid basis, not a one horse affair as some tried to make it.

A meeting was held in St. John a few days since in connection with the building of the road between this city and Woodstock, generally known as the Prince William railway. At that meeting the proposition to begin the work of construction at once was considered. Messrs. Jas. Manchester and W. H. Thorne of St. John were here during the week and have made a tour of inspection of the country and that part of the road already built. They were accompanied by C. S. Ingraham and went through to Woodstock. The result of their tour will probably be known during the coming week. Rainsford Wetmore will have charge of the engineering. The road will likely be operated by the Grand Trunk as part of their system.

There is no difficulty in building, the few obstructions such as Poquoic canyon are almost as easily constructed as any other part of the road. It is thought that the road will follow the old route. This long delayed road will now be built and several industries on the river will be stimulated. The local government have been urgent in having the road built and have been careful that when finished it will not be out of the control of the people as so many of the roads are. The section through which it will pass is one of the best in the province being settled with industrious farmers and possessing many fine sites for mill and other manufacturing purposes. The road will be a benefit to this city bringing people and trade that would otherwise pass us by.

One Of Ours.

The Bangor News says: James Lowe, the new blacksmith at South Brewer, though he came there as a simple jobber, proves to be a perfect magician in the art of handling iron. Only a few weeks ago he made a reputation for himself by constructing a novel and most "catchy" bear trap, and now he comes to the front as the only man in town who can weld cast iron to steel and cast iron and make it hold. This latter feat he has performed several times of late on plough points to the great satisfaction of the farmers. He is also the strongest man in the city and can lift 200 pounds with his little finger any day.

Every one in this city and on the Nashwaak knows him.

Road Repairing.

Norman Hallet has completed the road work on the Keswick-Fredericton road and made a first class job of it. He has done service on eight miles and all who travel over it pronounce it satisfactory. This road is to be changed, the heavy hill near Currie's mountain is to be abandoned. A new road is to be cut round nearer the shore so that in the ten miles there will be no hill of any consequence. This has been a very dangerous place on account of the train and all will be pleased that their will be no further necessity for using it. Five bridges, most of them small, on this road will be sold on Monday. T. H. Colter, M. P. P., inspected the roads in Southampton during the week.

Dairying.

The temperance hall at Kingsclear on Friday night, the 3rd instant, was well filled to listen to an address by Prof. Robertson on matters in connection with the creamery business. There were present Messrs. Charles, J. C. and Ran. Murray, C. E. Cliff, Isaac Kilburn, R. L. Estey, Rev. H. Montgomery, J. A. Campbell, Wm. Maunsell, W. G. Dykeman, P. C. Powys, W. E. Everett, Wm. Kilburn, J. W. Hartt and about seventy others, including many of the fair sex. W. G. Dykeman presided with W. W. Hubbard secretary. A full report of the professor's lecture will appear next week.

Coming and Going.

Prof. Osburn, of Sackville, is here visiting friends. J. B. Snowball is a guest of F. P. Thompson. Miss Alma Gibson has returned from Sackville. W. L. Johnston has gone to Moncton to engage in brick work. Civil engineer Beckwith has gone to Kent to inspect bridges. F. E. Winslow, of the bank of Montreal, Chatham, was in the city during the week. Capt. and Mrs. Akerley have gone to Philadelphia. C. S. Everett has gone to Montreal as delegate to the Presbyterian general assembly. Messrs. W. H. Thorne and James Manchester, of St. John, were at the Queen on Wednesday.

Reliable Druggist.

Wm. H. Carten has opened a new drug store on the corner of Queen and Carleton streets. Mr. Carten has had nine years experience as a dispensing chemist and has proved himself careful and reliable. This is much to be desired especially in a man who has the dealing out and compounding of medicines. His store has all the articles required in the drug business; all the old and standard patent medicines may be seen on his shelves. Give Mr. Carten a call and see the neat new store and you can rely on getting just what you ask for.

More Fun.

The directors of the driving park at a late meeting at the Queen have decided on holding an afternoon of sports on Dominion day, a full program of which will be shortly announced. Three horse races and three bicycle events are being planned. It is expected that the Farrell pacer and Harry M. will have to try conclusions, while Sporter and another speedy stallion may be sent for a half mile. The fine stallion Oliver Wilkes will give an exhibition. A big day is promised.

Recent Fires.

Elijah Estabrooks store house on Campbell street called out the firemen on Tuesday afternoon, there being a fire on the roof. Little damage was done.

Henry Weary's house at Douglas was burned on the 2d. The barns were saved. There was $500 insurance.

There was a slight fire on the highway bridge on Monday caused by sparks from a chimney. No damage was done.

TROTTING ON THE BRIDGE.—C. Estabrooks, of St. Marys, was before Mr. Marsh on Friday for trotting across the bridge on Thursday. It appears that he was endeavoring to get across in time to catch the train, his daughter, Mrs. Mullen, going to meet her husband at the junction. Mr. Miles had to do his duty however unpleasant. The case was settled.

LOOK FOR IT.—We call the attention of our readers to the advertisement of the Oak Hall clothing store, 276 Queen street. They can be depended on to do all they advertise. Childrens suits, boy's suits, youth's suits, men's suits, and, last but not least, big men's suits. The best of goods at a low price. Give them a call.

DEAF AND DUMB.

The Institution Closes for Vacation—Satisfactory Results.

The closing exercises of the above institution took place on Wednesday afternoon. They were of a pleasing character and the visitors, among whom were the rev. Canon Roberts, rev. Willard McDonald and rev. F. C. Hartley, members of the managing committee, manifested much interest in the proceedings. Supt. Woodbridge illustrated the methods of teaching, and put the pupils through a number of exercises by means of the blackboard.

The bright and cheerful appearance of the pupils and their readiness in answering the qestions put to them, were gratifying to every one.

Some of the pupils went through a number of pantomimic representations illustrative of animals and trades, which were very amusing.

The rev. Mr. McDonald then presented the prizes given for the highest number of marks obtained at the examination on the previous Monday. The following is a list of the prize winners:

First class—Frederick Jas T Boal, Sussex, 1st; Lillian Trenholm, Port Elgin, 2d.

Second class—Susie Ann Jones, St John, 1st; Laura B Bleakney, Kent Junction, 2d.

Third class—Douglas Trenholm, Port Elgin, 1st; Hattie May Northrup, Apohaqui, 2d.

Fourth class—Minnie Marsh, Bass River, 1st; Monty Trenholm, Port Elgin, 2d.

Prizes for good conduct—Lillie Whelpley, St. John, 1st; Maudie McLaughlin, St. Stephen, 2d.

The superintendent then conducted the visitors over the building, all its appointments meeting with their hearty approval.

Summer at the Seaside.

Arrangements have been made with the Canada Eastern railway company and the Miramichi steam navigation company, by which summer visitors to the different resorts on the Miramichi river, Miramichi Bay and the Straits of Northumberland may procure return tickets from Fredericton to any point on the route of the above steamship company, at the rate of $4 each.

These tickets will entitle the purchaser to return passage, by steamer from the seaside and the railroad from Chatham, to Fredericton at any time during the seaside season of 1892.

Board may be had at different points, such as Bay de Vin, Church Point, Neguac and Escuminac at from $3 to $5 per week for adults, with special rates for children.

Choice may be had of the localities where there is bathing, boating and fishing, the latter including both trout and coast fishing, such as mackeral, bass, codfish, halibut, etc.

Trips to the codfish banks by steamer, which will be made in two and a half days from the time of leaving Fredericton until returning thereto, may be arranged for by parties of ten or more at the rate of $7 each, which will include the return railway fare and the trip to the fishing grounds in Northumberland Straits, with from five to seven hours actual fishing, meals on the steamer, bait lines, etc., included. These trips have invariably yielded fares of from 200 to 400 codfish to Miramichi parties for several seasons past.

All information will be cheerfully furnished on application to A. W. Watters, superintendent; or to Canada Eastern railway station agents.

LAND SUIT.—The case of George A. Cronkite vs. Peter F. Cronkite was before the late sitting of the equity court. It was settled by the former accepting the offer of Peter F. Cronkite to purchase his equity of redemption in the mortgaged property, Geo. A. Cronkite paying the costs of both sides and being allowed to remain on the property till the first day of October next. Wilson & Wilson and J. A. Vanwart for plaintiff; Black, Jordan & Bliss for defendant.

THE FIRE LADDIES.—The firemen's social at Scully's grove on Wednesday evening was well attended and was very much enjoyed. The weather was delightful and the young folks were determined to help out the fire laddies all possible. The net proceeds amounted to something over one hundred dollars. Chas. Stevenson won the gentleman's ticket to Charlottetown, the ladies prize, a china tea sett, being captured by Miss Osgood.

BAPTIST UNION.—F. C. and Calvinist Baptist churches are considering the advisability of adopting the Basis of Union proposed as a platform for the union of these two denominations. The Basis was published in the year book of 1890. A vote will be taken in all the churches during the present month. So far reports are to the effect that the basis is satisfactory to all.

THE DRIVES.—Mallett and Nadeau have got out of Fish River, this clears that stream with the exception of Nixon's drive, over half of which is hung. The jam at Aroostook falls has not been broken and there is no prospect that it will be this season. There is 15,000,000 held by this jam.

CHRISTIAN ENDEAVOR.—At the young people's union of christian endeavor, a missionary program of great interest will be carried out by the Y. P. S. C. E. in the Baptist church, Sunday evening, at 6.30 o'clock, in the aid of the centennial memorial fund.

APPRECIATED.—B. C. Foster, principal of the Collegiate school was presented with a volume of poems by a class of the Normal school lady students, as a mark of their appreciation of his teaching. He has given them special lessons in philosophy for the past two months.

BARGAINS FOR ALL.—Look at our advertising columns and note the great auction sale of choice household and other articles to take place at the county market house, opposite the Queen Hotel, on June 17th at 10 o'clock. A bargain in every case.

BASE BALL.—The bankers and lawyers tried conclusions at the bat on Saturday last, the former winning 21 to 8. The latter lost too much time cross-examining the unpire and of course lost the game. The bankers and Press are batting to-day.

BALLASTING.—Trackmaster Brown began ballasting the track between this city and the junction on Wednesday. Most of the gravel will be brought across the railway bridge, arrangements to that effect having been satisfactorily completed.

TO REBUILD.—Hale and Murchie have decided to rebuild on the site of the old mill, the work being already under way. The mill will be larger than the one destroyed, will contain gang and rotary, shingle and lath machines.

SUMMER TOURS.—The I. C. R. issue a neat pamphlet describing their summer tours and rates for the season of 1892. The book is well gotten up and the tours and prices should prove an attraction to all.

SHAD FISHING.—There have been some good catches of shad during the first nights of the week, several boats taking as high as seventy during an evening. The fish are the largest seen here for years.

ANNUITY ASSOCIATION.—The board of management of the Baptist annuity association of New Brunswick give notice of a meeting in this city on Saturday, June 25th at 2 p. m.

FINED.—John Goodhue was fined $100 or two months jail by police magistrate Marsh for giving liquor to two of the St. Marys Indians. He paid the fine.

FOR HEALTH'S SAKE.—John Sheldon of Keswick Ridge has gone on a trip to England for his health which has not been very good for some time.

NEW YACHT.—R. Blackmer, jeweller, has launched his new yacht. She was put in shape by Mr. McCluskey, of Gibson, and sails fast.

THEY HAVE GONE.

Those who will be Missed from the Homes.

On Monday last Samuel McNutt of Waasis station died after a long illness from consumption. Much regret is expressed at his death.

John S. Jordan, of St. John, a son-in-law of Elijah Clark, died at that city on Sunday last after a long illness. The funeral took place on Tuesday.

On Saturday last Charles Yeomans, a son of the late William Yeomans, of Mouth of Nashwaak, was taken to Chatham by his brother, there to be treated by Rev. Father Morrisy for consumption. He took a bad turn and was taken to a doctor's office where he expired in a few minutes. He was in his twelfth year and beloved by all.

James Murray, the youngest son of James Murray, clerk in Mr. Gibson's store, died on Friday, June 3rd, after an illness of three weeks from congestion of the lungs. The funeral took place on Sunday afternoon last and was attended by a very large concourse of people. Deceased leaves a widow and one child. Rev. Mr. Chapman officiated; Rev. Mr. Parsons also attended.

Suggestion for a Summer Trip.

If you wish to take the trip of a lifetime, purchase the low rate excursion tickets sold by all principal lines in the United States and Canada via the Northern Pacific railroad to Yellowstone National Park, Pacific coast and Alaska.

The trip is made with the highest degree of comfort in the elegant vestibuled trains of the Northern Pacific railroad, which carry dining cars and luxurious Pullman sleeping cars from Chicago, St. Paul and Minneapolis to Yellowstone Park.

The scenery en route is the most magnificent to be found in the seven states through which the road passes. Beautiful mountains, rivers, valleys, lakes and plains follow each other in rapid succession to delight the tourist, who will also find interest in the agricultural, mining, lumbering, industrial and other interests associated with the development of the great Northwest.

The crowning glory of the trip through the Northwest, however, is the visit to Yellowstone Park, the land of hot springs, geysers and gorgeous canons, and to Alaska with its endless ocean channels, snow-capped peaks, Indian villages and giant glaciers.

If you wish to investigate this suggestion, further send to Charles S. Fee, General Passenger Agent, N. P. R. R., St. Paul, Minn., for copies of the handsome illustrated "Wonderland" book, Yellowstone Park and Alaska folders.

Gibson and St. Marys.

Tax gatherers are out in force.

Mrs. William Butler has been very ill, but is recovering.

Miss Bradley is teaching one of the primary departments during the illness of Miss Miles.

Mrs. James R. Garden was at St. John during the week called by the death of her brother-in-law.

Several were confirmed at the church of England by the Rev. Mr. Parkinson on Sunday last.

William White has put up a fancy fence around his property. H. Brewer has painted and repaired one of his houses. E. Sewell is adding a dormer window and otherwise improving his residence.

The young girls of the missionary band in connection with the congregation of the Gibson Baptist church will hold a sale of aprons and fancy articles on the church lawn Tuesday afternoon beginning at 3.30. Ice cream and refreshments will be served.

Marysville Notes.

On Sunday last the Rev. Mr. Nobles, of Gibson, baptized two candidates here.

The Kickapoo medicine company are doing the town and are having good business.

Fred Murray has taken the position in Mr. Gibson's store made vacant by the death of his brother.

Messrs. S. Blair and Reed had a brush with their fast horses on Thursday evening, and the pacer got knocked out.

Work was begun on Monday on two new churches, also on the large shingle shed which is intended to contain one million shingles.

Mr. Gibson intends adding to the other attractions of Marysville a large hall capable of seating one thousand. It will contain a public library and reading room with sitting rooms for both sexes.

IN HYMEN'S FETTERS.

A Wave of Wedding Murmurs Pervading the Land.

One of the most popular weddings taking place in the county for some time, was that at Keswick Ridge on Wednesday evening, the 8th, when Miss Sarah M., daughter of William Coburn, was united in marriage with Amos A. Mitchell, one of the prosperous young farmers of Scotch settlement. One hundred and fifty invitations were issued and nearly all accepted so that Mr Coburn's large house was filled. The bride was a general favorite and the recipient of many wedding favors. Messrs. Sampson, Hatt, Torrens and Weddall were among the guests from the city. Mrs. Williams, of Marysville, was also present.

Archie Burden, C. P. R. express agent, was married on the evening of Wednesday last to Miss Jessie Clark, at her residence, King street. Rev. Mr. McDonald performed the ceremony. The C. P. R. staff, this city, presented Mr. Burden with a handsome chair.

At the residence of the officiating clergyman, Woodstock, on the 28th ult., Miss Fannie Clair and John H. Jones, both of Pokiok, Y. C. were married by the Rev. J. H. Coy.

More Protection.

Some of the clauses of the new criminal bill now before the dominion government are of a very dangerous character, as, for instance, the following:

Every peace officer who, on reasonable and probable grounds, believes that an offence for which the offender may be arrested without warrant, has been committed, whether it has been committed or not, and who, on reasonable and probable grounds, believes that any person has committed that offence, is justified in arresting such person without warrant, whether such person is guilty or not.

This clause places the liberty of reputable citizens at the mercy of constables or policemen who may be ignorant or brutal or both. If a peace officer arrests without a reasonable certainty that a crime has been committed it should be at his peril.—Telegraph.

C. P. R. Excursion Tickets.

A series of four round-trip excursions from all points in the Maritime Provinces to the Canadian Northwest has been arranged by the C. P. R. to take place on June 13th, 20th, 27th, and July 18th, next, when return tickets will be issued at the following rates: To Deloraine, Oxbow, Moosomin, Nesbitt and Binscarth, $28; to Moosejaw, Regina and Yorktown, $30; to Calgary and Prince Albert, $35; and to Edmonton, $40. The tickets are good to return within six weeks of the date of issue. Those taking the excursion of the 27th prox. can reach Edmonton in time for the C. P. R. land sale, which will be held there on July 5th, and those wanting to see the Winnipeg Industrial Exhibition, held from July 25th to 30th inclusive, will be in time by going on the 18th July.

TENNIS.—The fine afternoons of the week have revived the tennis players and some good games were played in the square. Miss Powys won the ladies prize in the progressive match on Thursday, Messrs. Street, Campbell and Sharpe were a tie for the gentlemen's prize. The result of the play off was a victory for Mr. Campbell.
