IS IT BAD TIMES? OR A BAD GOVERNMENT? OR BOTH?—The last *Official Gazette* contains an Abstract of the Gross Revenue of the Province, in the Years and Quarters ended 5th July, 1847, and 5th of July, 1848, showing the Increase and Decrease thereof. By this authorised statement it appears that the only increase for the last Quarter has been in the Light-House and Tonnage Duty of £4 1s. 10d., and in the Miscellaneous of £443 0s. 1d. While the Deficiency has been as follows:—In the Customs, £38,672 11s. 10d.; in the Excise, £1,204 1s. 8d.; In the Public Works, £6,981 12s. 8d.; in the Territorial Revenue, £1,142 17s. 8d.; in the Bank Imposts, £1,288 17s. 3d.; and in the Fines and Forfeitures, £136 17s. 6d.—making a total deficiency on the Quarter of £49,426 18s. 7d. This is really alarming, and ought to call for the deep attention of every good man.—*Brockville Statesman.*

THRASHING MACHINES.—These useful machines are now in general use throughout the English settlements in this portion of the Province.—Those of the farmers who are unable to erect stationary ones, have recourse to such as are moveable. The latter description are everywhere to be found, and have generally attached to them a machine for cutting cordwood into short lengths, for the stoves, so that by hiring them for two or three days, which can be done for about twice as many dollars, a small farmer, with an additional hand or two, and a pair of horses, can get work done in that short period, which would occupy the time of a couple of men during the whole winter. The additional works required for cutting wood can be attached to stationary Thrashing Machines for a mere trifle. The cost of the necessary castings and other iron works, including the saw, would be a little over fifteen pounds.—*Montreal Courier.*

THE BEAUTIES OF EDITORIAL QUARRELLING.—An apt illustration of the fable of the Lawyer, the Clients, and the Oyster, was afforded at the Court of Assize, just ended at Kingston. The publishers of two newspapers in this city quarrelled; they called each other nasty names, and brought cross actions against each other for libel. The two juries awarded each plaintiff one shilling damages, leaving the costs of the actions, probably not less than one hundred pounds, to be enjoyed by the Lawyers on both sides.—*Kingston Whig.*

RAILROAD ACCIDENTS.—On Monday evening the express train from Boston, on the Maine Railroad, ran over a pair of oxen in Reading, killing one and injuring the other. Soon afterwards, another train came up, when the wounded ox, which was lying beside the track, suddenly tossed his head upon the rail in front of one of the wheels of a passenger car, in consequence of which two cars were thrown from the track and considerably damaged. No person was seriously injured, although some of the passengers were bruised.—The train was detained two or three hours.—[B. Atlas.

KILLED BY A CRAVAT.—Henry Baldee, a colored porter at Brewster's Building, New Haven was found dead in his bed on Saturday morning last, having been strangled by his cravat, which he wore to bed.

We learn that the receipts of the American Tract Society for six months, ending October 1st, were $106,097, and the issues from the general depository during this time amounted to $110,000. More than 200 colporteurs have been commissioned during the half year, including a large number of theological students for their vacations. The number of colporteurs in the regular service, exclusive of students, exceeds 230, many of whom are labouring among the Germans, French, and Norwegian populations. The Society is still indebted for printing paper nearly $20,000, and it needs liberal and prompt aid to carry out its extended operations.—[N. Y. Recorder.

☞ABUNDANCE OF WIVES.—A reliable correspondent sends us the following statement:

"There is a village in the land of steady habits and wooden nutmegs called "*Christians' Hollow*," where may be found eight very respectable, enterprising men, mostly farmers, who have been married to twenty women. One is now living with his fourth wife, two with their third, and five with their second wives; and it is a singular fact these families comprise almost the whole of the population of the neighborhood."

This is certainly a rare instance of unequal distribution.

Dr. W. P. Evan's Pain Killer.

No medicine has been discovered that is so happily adopted to the internally as drops to be taken—and yet perform such wonder when applied externally, as a wash, bath, or by friction.

"THIS PAIN KILLER" may be used with a success that will astonish the beholder in such cases as the following:—Distressing Dysentry, Pain in the side and stomach, Corns, Cuts and Bruises Cholera, Infantum, Bronchites, Healing sores on man or beast.

Children Teething, Raising Blood, Hoarseness, Quinsey in a few hours, Chilblains and frosted feet, Spasms, prevent a Blister from Burns, broken Breasts, Measles, Cramps, hurts, scratches or torn Flesh, bites or stings.

In very foul stomachs it may cause vomiting.—So much the better, the stomach will be cleansed and the next dose will settle the sickness.

CERTIFICATES to fill a volume might be published, showing the wonderful effects of the "Pain Killer" but they are too common, and used for articles of no merit. We insert but a few but they are to be depended upon:—

This will certify that I have used the "Pain Killer in my family for headache, toothache, rheumatism, dysentry, &c. and believe it to be a first rate medicine. JOHN P. SMITH.
Manchester, N. H

I have used the "Pain Killer" for burns, and found it applying it immediately, to prevent even a blister. I would recommend it to the confidence of the public. H. A. REEBE.
Editor of the Westfield Standard, Westfield.

I have been selling the Pain Killer for a few months past, and find that it gives as good satisfaction as recommended. I have used it in my own family also, and believe it to be one of the best family medicines now in use. J. H. COBB.
Littleton Mass.

This will certify that I have used the Pain Killer in my family for the last six months, and can safely say that it has proved the best family medicine I have ever used, especially for coughs, colds, burns, bruises. I take pleasure in recommending it to the public. JAMES WILLIAMS.

Chloroform Toothache Drops.

It is well known that "CHLOROFORM" has superseded (in a great measure,) the use of Ether as an allayer of pain and is now used by the best Surgeons and Dentists in preference. A Celebrated Chemist, (and one of the first manufacturers of Chloroform) has discovered that "Chloroform" with other simple preparations, will instantly cure the TOOTHACHE. After testing it in many cases has never failed to give instant relief; there is no possible danger in using it, as it will not injure the sound teeth a particle. All that is necessary in using these drops is to saturate well a bit of cotton or lint, and place it in the cavity of the tooth. Relief will be immediate.

None genuine without the signature of Ross & Tilley.

SYMPTOMS OF WORMS.

Alternate paleness and flushing of the countenance, a dull expression of the eyes, drowsiness, itching of the nose, a swelled upper lip, tongue whitely furred and thickly sperkled with red points, fœtod breath and enlarged belly, a partial or general swelling or puffiness of the skin, a starting in the sleep, and grinding of the teeth; a gradualwa gree of the flesh, a sensation as if something were boiling in the throat, sickness of the stomach, vomiting, a short dry cough, appetite sometimes voracious at other times feeble, an unnatural craving for chalk, dirt or clay, bowels sometimes too costive, fits, convulsion, and palsey. No mother who suspects her child has worms should ail to produce the Vermifuge. Sold only genuine, at 19, Tremont row, and by our agents, S. L. Tilley, late Peters & Tilley, W. O. Smith, & J. H. Chipman, st. John, N. B

OBSTRUCTIONS OF THE LIVER, BILIOUS COMPLAINTS, DR. HALSEY'S GOLD AND SILVER PILLS.—Out of the "thousand and one" disorders which are the means of hurrying mankind to their final doom, more than one half arise from obstructions in the liver. This important organ, when in a healthy condition, secretes the bile and blood, but, if unfit to perform its proper functions, excess of bilious matter accumulates—the worn out principle of the blood continues in the circulation, and like a slow but malignant poison, diffuses itself throughout the whole system, finally giving rise to some dreadful malady. It may break out in the form of some dangerous Fever or Liver Complaint, Jaundice, or Rheumatism, or Scrofula, or some prevailing epidemic; in fine, a morbid state of the liver stomach, and bowels, is the great cause which predisposes the system to every class of disease.

DR. HALSEY'S GOLD AND SILVER PILLS are known to be the most excellent remedy in the world to bring the liver to the performance of its proper functions, and to cleanse from the stomach and bowels all vscid and putrid matter. Were Dr. Halsey's Pills always resorted to when symptoms of sickness, or excess of bile are apprehended, a vast amount of suffering would be prevented, and many lives saved, who otherwise, from the use of bad medicines, would go prematurely to the grave.

As there are many bad pills in the market, the public should bear in mind that unless Dr. Halsey's signature is on the label of each box, they cannot be genuine, and that they are only for sale by H. G. Kinnear, 20, Dock street, and at Dr. Halsey's office No. 2, Courland street, New York. Price, only 25 cents for the box, containing both the Gold and Silver Pills.

☞A number of our small advertisements have unavoidably been left out this week, to make room for the large Advertisement and List of Prices by GARRETT & SKILLEN.—We are credibly informed that there has scarcely, if any, Ready Made Clothing been imported into the city since these parties have conducted their business upon the LOW CASH PRINCIPLE.—Such a mode of conducting business cannot fail of doing a vast amount of good in the city, by creating employment in their establishment to such a large number of workmen.

☞The Mail for England will be closed at the General Post Office, St. John, to-morrow, Saturday, at 3 o'clock.

TAILORING, WOOLLENDRAPERY, AND READY-MADE CLOTHING ESTABLISHMENT,
PRINCE WILLIAM STREET, SAINT JOHN, N. B.

GARRETT & SKILLEN, Proprietors.

WHEN we commenced the ready-made CLOTHING BUSINESS, (in addition to our CUSTOMER TRADE,) some months since, we determined to publish a list of our prices, founded on the very closest calculations, and which we shall always remodel with the change of the English and foreign Markets, so as to give our numerous Customers every advantage as soon as it offers; and by late advices from Manufacturing Districts in England, we find considerable reduction in prices in consequence of the change in the Corn Laws, and almost total repeal of duty on Foreign Manufactures, which, in Woollens, Cloths, Velvets, Silks, &c., has been very considerable. We are now enabled to offer a STOCK of GOODS at such prices, sterling quality and workmanship taken into consideration, as must continue to us that steady increased patronage, which we gratefully acknowledge, and are determined, by the most strenuous exertions on our part, to continue to merit.
