A QUIET MARKET TODAY LITTLE PRODUCE OFFERED

Dressed and Live Poultry Stationary in Price—The Quotations.

There was a quiet market today. A few loads of hay sold at $15 and $15 50 per ton. Old oats sold at from $1 25 to $1 28 per cwt. New oats are selling as high as $1 15 per cwt.

Old wheat sells for 81 cents per bushel. New wheat brings 79 cents per bushel.

Eggs are slightly more active in price, particularly in store lots, which are now quoted at 18 cents per dozen. Eggs still retail at from 20 to 22 cents per dozen.

Dairy produce and dressed poultry and live poultry remain stationary, or nearly so.

There was little or no fruit on the square today, but it is likely that fruit will be plentiful this week. Prices will in all probability be more active, as the better class of peaches and plums are now ready for the market.

No Use For Doctors.

Mrs. Thos. Murray, who was taken to the hospital last Thursday evening suffering from a broken jaw, which she claimed was given her by her husband when she tried to prevent him from setting fire to their London Junction home, would not submit to having her injuries attended to by the physicians at the hospital, and left that institution the next day. She is reported to be in a serious condition, but she is thought to be staying with friends in the city who are looking after her.

Rev. J. R. Johnston, of Preseton, occupied the pulpit of King Street Presbyterian Church Sunday in the absence of the pastor, and preached to fairly large congregations. "The Mystery of Christianity" was the subject of a very interesting sermon in the morning. In the evening the choir rendered a special song service, and Mr. Johnston preached on "The Transfiguration of Christ."

Pleasantly Surprised.

Mr. Roy B. Freeland, Lorne avenue, of the Grand Trunk offices here, having accepted a better position in Montreal, was agreeably surprised on Sunday by the members of the Adelaide Street Baptist Church choir, who presented him with a very handsome Bible and an address expressing appreciation of his work in the church and choir, and regret at his departure for Montreal.

STRIKE FEVER EPIDEMIC

Continued From Page One.

Liverpool, Aug. 13.—Serious rioting growing out of the strike which is in progress occurred this afternoon. One policeman was killed by being struck on the head by a brick, and many persons were injured.

An altercation between a policeman and strikers during a transport workers' demonstration at St. George's Hall started the trouble which culminated in a general melee. When, after this disorder had been put down, and the strikers scattered, they gathered again in the Islington quarter and resumed their attacks upon the minions of the law and with serious results.

One hundred thousand men were gathered in groups about the St. George's Hall, listening to speeches by labor leaders, and the scenes of violence following the attack upon a policeman necessitated the calling out of the police reserves. When they arrived one party of fifteen policemen was surrounded and disarmed, the rioters attacking them with their own batons. In the fight the commanding officer of the police was dangerously wounded.

So great was the disorder that the riot act was read, and troops were called out to assist the police. The mob fought desperately with sticks and stones, and, in fact, with any handy missiles. Gradually, however, by the combined efforts of the troops and police, the crowds which were surrounding seven speakers' platforms erected on the plateau fronting the hall, were cleared away. Many policemen and rioters were injured in the hand-to-hand fights. The rioters have threatened to attack the newspaper offices, which are closely guarded.

A Constable Killed.

After the fight St. George's Hall was converted into a temporary hospital, and the wounds of many persons were attended to by physicians.

Driven from the centre of the city the crowd sullenly repaired to the Islington Quarter, one of the lowest and roughest in Liverpool. Here the police were baffled in the narrow streets, for the desperate rioters barricaded themselves in the houses and volleyed down bricks, slates and chimney pots from the roofs upon their heads.

While the details as to casualties still are incomplete. Constable Cookson was killed by a blow on the head, and Superintendent of Police Bolton was taken to a hospital in a precarious condition, it is rumored that some houses were set on fire during the disturbances.

The outbreak, it is alleged, was largely due to the strikers' resentment of indiscreet conduct on the part of members of the police force brought here from Birmingham to assist in maintaining order. Tom Mann, who was one of the leaders of the demonstration, has lodged a formal protest with the chief constable against what he describes as a brutal attack by a Birmingham constable on one of the strikers.

Fierce Fighting.

Fierce fighting continued in the Islington quarter until nearly midnight. In Christian street the rioters erected barricades and started fires to impede the mounted police.

The riot act was read for a second time, and troops were called to deal with the situation. A military officer was injured and much property was wrecked. During the course of the day 20 policemen and 60 civilians were injured, many of them seriously.

Disorders at Glasgow.

London, Aug. 13.—While the strike troubles in London are ended, the situation in the provinces is rapidly growing worse. In addition to rioting today at Liverpool, there were serious disorders at Glasgow, where the street car service had to be completely closed down.

Thirty thousand workmen met on Glasgow Green and the strike leaders threatened drastic measures if the non-union men continued to take the place of strikers. Scuffles with the police led to wild scenes. The mob attacked the ambulance surgeons and the firemen who were called out to extinguish incendiary fires.

M'COIG ONCE MORE THE MAN FOR KENT

Liberals of West Riding Nominate Him for the Federal House.

Chatham, Aug. 13.—At an enthusiastic convention which crowded the Oddfellow's auditorium to the doors, A. B. McColg, M. P., already victor in two hard-fought political contests, was yesterday afternoon unanimously nominated as the Liberal candidate for West Kent.

The convention, which was thoroughly representative of all parts of the riding, was probably the largest in many years. Large numbers of farmers, some of them Conservatives, were on hand. Mr. McColg's name, which was the only one before the convention, was proposed by Dr. J. C. Bell, of Merlin, seconded by N. H. Stevens, president of the Canado Flour Mills Company, and strongly indorsed by Mr. John Piggott, a leading manufacturer, and was received with tumultuous applause.

Mr. McColg accepted the candidature in a stirring speech, declaring emphatically his adhesion to reciprocity, quoting words of approval of the pact, expressed at the time it was announced, by Manson Campbell and Archie Park, prominent Conservative manufacturers, as well as utterances in the previous Parliament along the same line by Mr. H. S. Clements, former Conservative M. P. for this riding.

Address by Pardee.

Fred F. Pardee, M. P. for West Lambton, delivered a rousing address, pointing out conclusively the many advantages offered by the reciprocity measure to the farming community, and quoting comparative prices on Toronto and Buff
