Analysis of the Water of the Georgian Spring.

I have made a careful quantitative analysis of a quantity of this Water sent me by the Proprietor of the Spring, Captain Kains. It is a Saline Water, containing earthy Chlorids, with portions of Bromids and Iodids, thus resembling the Pantagenet Water, from which it differs chiefly in the presence of a portion of Sulphates, which are not often met with in Waters of the class in the Province. It has a specific gravity of 1008.78, and contains in one pound avoirdupois the subjoined quantities of the following substances:

	Grains.
Chlorid of Sodium	66.2203
Chlorid of Potassium	.72800
Chlorid of Calcium	.21003
Chlorid of Magnesium	3.45982
Bromid of Magnesium	.01016
Iodid of Magnesium	.01704
Sulphate of Lime	1.35314
Carbonate of Lime	2.08600
Carbonate of Magnesia	2.54016
Carbonate of Iron	Traces
Silica	.14350
	76.87015

T. S. HUNT,
Chemist to the Geological Commission.

Office of the Geological Survey,
Montreal, May 26, 1851.

Having compared T. S. Hunt's, Esq., analysis of the Mineral Water of the Georgian Spring with the analysis made by him of the Pantagenet Spring Water, I am satisfied that the Water of the Georgian Spring contains the ingredients found in the Pantagenet, with the addition of Sulphate of Lime, differing however in some respects as to quantity.

I have delayed giving my opinion of the efficacy of the Georgian Water, in order that an opportunity might be afforded me of speaking more confidently of the advantages to be derived from its employment. I have witnessed beneficial results from its use, as an aperient, antacid and diuretic, and also in allaying the distressing gastric derangement attendant upon the early months of pregnancy. I have no doubt that the Georgian Spring Water will be considerably beneficial in the cure of Rheumatism, Scrofula, and Dyspeptic Ailments, as any other Mineral Water met with in the vicinity of this city.

MR. W. E. BOWMAN:

SIR,—With pleasure I give you my opinion of the Georgian Spring Water, of which you are Agent. Being induced by its superior qualities, to adopt its use in the Analysis furnished me by T. S. Hunt, Esq., Chemist to the Geological Commission, I have found it to tend in many respects, both in my public and private practice, and I have never been disappointed in the results. I have found it one of the most valuable Mineral Waters I have ever prescribed. I consider it highly advantageous in most cases of Rheumatism, Dyspepsia and many other diseases requiring Tonics, Alteratives, or Laxatives. In Constipation of the Bowels, caused by Sedentary Habits of Old Age, it will be found extremely useful, and it judiciously administered, it is likewise a most valuable remedy for many diseases incident to women. I have also noticed happy effects from its employment in allaying the irritation in cases of Pleurisy, produced by Colds; it tends as a Tonic and Laxative action, and I have no doubt that it will be found equally useful in remaining and assuaging that extreme thirst in hot weather, which, by generally use of Spirituous drinks, so debilitates and harrasses people generally. Yours &c.

PRICES OF BOARD FOR THE SEASON OF 1851:—FIVE SHILLINGS PER DAY, or FIVE POUNDS PER MONTH.

Caledonia Springs, 2nd June, 1851.

Extract of a letter from P. J. Laemle, Esq., of Montreal,

I beg to state that in July, 1849, I went to the Springs for the purpose of testing their efficacy in the cure of my wife's Rheumatism, under which I had been suffering for several years previous, and, after remaining at the Springs for about three weeks, and making free use of the Waters, my limbs were entirely relieved from pain, and my health perfectly restored. Several of my friends to whom I have recommended the Springs, assure me that they have experienced equally satisfactory relief from their use. I consider the Waters of the Caledonia Springs to be most efficacious in Rheumatic complaints.

To the proprietor of the Caledonia Springs.

MONTREAL, 4th June, 1851.

DEAR SIR,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, so long and highly appreciated by the Public, based upon the immediate suspension of my severe rheumatic sufferings, tested as they have been by a great many patients of mine and others, labouring under Rheumatic affections and the different forms of disease to which the human frame is liable. I consider them invaluable. Few persons, except those who have experienced from this formidable malady, can justly appreciate their wonderful sanatory effects, I have often seen persons afflicted with this disease, (myself for one during ten years,) which baffled all medical skill, both in England and on this Continent, reset to the Caledonia Springs walking on crutches; and others that could not walk at all, were carried by powerful sufferings, and their general health considerably shattered and broken down by confinement and want of exercise, return to their homes free from pain, invigorated in health, and (what is unspeakable joy) their crutches, and with health, strength, appetite, and activity perfectly restored. Striking as such results are, the curative action of these Waters, the International and Sulphur Springs is not confined to Rheumatism, but are efficient in other diseases, such as Lepra, generally called Salt Rheum, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and I am sure that a great number of those cases that have the Springs recently prescribed, but not completely restored, would have been cured by a more extended use of the Springs. That these Waters have acted in many diseases as a specific, seems to be generally admitted, and as most of my patients have tested the beneficial effect has already been laid before the Public, that to say more would be superfluous.

I have the honour to be, &c.

JAMES BOVEY, M.D.,
Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

MONTREAL, 12th December, 1842.

DEAR SIR,—I have to state that I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances enable me to grant you a favorable Certificate with regard to the efficacy of your Mineral Water, as I have seen tested the efficacy, and derived great benefit from the use, of the Waters, by all diseases that have come under my notice, in which a preserving use of the Baths and Waters promised the most beneficial results; Chronic Rheumatism ranks the first. Many of the cases in that disease have been truly astonishing. I met with a case but summer, where the patient was a delicate female, had been suffering severely for more than nine months; she had completely lost the use of her heels, and could only walk a few steps with great pain and difficulty. After a residence of six weeks at the Springs, she returned free from pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters useful in Dyspeptic and Urinary Complaints, in Chlorosis, Secondary Syphilis, and some of the forms of Cutaneous Disease.

In conclusion, allow me to add, from a personal visit to your Establishment, and from knowledge of the unknown helped virtues of the Waters, that great outlay you have been put to in the improvement of the place, and the unwearied care and attention which you bestow on the comfort and convenience of your guests, have entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly,

GEORGE ROBERT MILL, M.D.,
Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

FOR A FRESH SUPPLY of the above WATERS has been received at the Depot, which can be had at the Counter, or sent to order to any address in town or country. Price of the Water very moderate.

SCROFULOUS AFFECTIONS &c.

In all these distressing and prevalent cases, there is no question regarding the efficacy of this Medicine, on cases of 10 years standing, it will serve as follows:—

Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of all remedies in Scrofulous affections. One of my children, a daughter of 8 years, was much affected with a very inveterate and aggravated Scrofulous affection, which had continued in spasms nearly two years, various remedies were tried but without success. The disease exhibited itself in several deep-seated sores, the discharge from which was unbearable and very fetid. At this crisis, I commenced the treatment with Dr. Sherwood's Galvanic Embrocation—the only remedy used in conjunction with a decoction of Sarsaparilla, which soon conquered the disease and a complete cure was effected.

R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a medicine that would instantly stop the most severe pangs of pain, and speedily remove its cause.

We proceeded to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Remedy Relief for their investigations, and to illustrate its merits and miraculous power over pain upon the patients.

We claimed that it would allay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of the most direful disease, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vitality, and vigour.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhœa discharges, and impart a genial warmth to every organ and sensation of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous headache, in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop the most agonizing toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous, and Bilious complaints, and that the patient suffering in the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sayings of Medical Science shook their heads in doubt. The sick and afflicted hoped yet, cautiously, but timidly—nevertheless, it would cure quicker on paper than by practical experiments; thousands upon thousands flocked to our Establishment, and at most determined to try it; the consequence was, that from all parts of every village, city, state, and province of North and South America, we received the joyful tidings of the tremendous relief, the wonderful virtues of our Remedy, and are the earth had run in every course.

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York, and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and pronounced it a sure and speedy relief and a quick and sure cure for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of Radway's Ready Relief, and if you have not been a patient of the States mentioned above, we refer you to the Druggists, to Physicians, and the People. Take a bottle of it to any skilful Physician, let him test it, we will risk its reputation on his opinion.

One drop has frequently cured the most tantalizing Tooth-Ache.

Fifty drops, taken three times per day, will cure Sour Stomach.

Fifty drops, taken four times per day, will cure Weakness and Debility.

Sixty drops, taken every twenty minutes, will cure Diarrhœa.

Fifty drops taken, in fifteen minutes, cured Cholera Morbus.

Thirty drops, in fifteen minutes, cured Cholera Morbus.

One application externally has stopped the most painful Rheumatic affliction, and cured Sprains, Strains, and Spasms.

Three applications has cured the Salt Rheum.

Three applications cured the Rash and Tetter.

Three applications has cured Pimples and Blotches.

Six applications has cured the Erysipelas.

Three applications has cured the most painful Swelling.

Six applications, in twenty-four hours, cured Curved Spine.

One application, in 15 minutes, cured the Lumbago.

SHE CAN TESTIFY TO THE TRUTH.

Reader, do not reject the statements on account of the above assertions, we state only what it has done, when we have tried it we do. Purchase of you either pain, give it a trial, and our word for it, you will become a firm friend of our remedy and family remedy.

Price of Radway's Ready Relief, 50 and 25 cents per bottle.

BEAUTY.

Complexion richly tinted with the bloom of health, With skin as pure and fair as pearls made—
Soft and warm as the fragrant one—
Fresh as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With drawing ringlets and glossy locks,
Luxurious tresses dancing gracefully over the swan-like neck.

No dark repulsive spots, to mar the pleasing picture, but to crown all, the Proprietor of the Radway's Matchless

RADWAY'S MEDICATED SOAP,

Composed of the most delicious, rare and fragrant gums, Of extracts, oils, and costly essences—
Of flowers, roots, trees, and vegetable plants,
Growing wonders in virtues over all medicines,
By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries, By which all impurities are thrown out,
And a healthy action to the skin restored,
To be fresh, it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive, and disfigured visage,—To clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts luxuriance to the hair—
Makes it strong, glossy, rich and luxurious,
Cleanses the scalp from dandruff—gives action to the bulbs—
Fastens the hair upon the scalp, and forces it to grow—
Like grass to a barren soil, it makes it rich and productive.—
To dress the hair, makes it smooth and glossy,—
Strong and beautiful, &c.

SWAIM'S
CELEBRATED PANACEA,
FOR THE CURE OF
INCIPIENT CONSUMPTION,
Scrofula, General Debility, White Swelling, Rheumatism, Diseases of the Liver and Skin, and all Diseases arising from Impurities of the Blood, and the Effects of Mercury.

SWAIM'S PANACEA has been for more than thirty years celebrated in this country and in Europe for its extraordinary cures—for the certificates of which reference is made to the Pamphlets, and books (which may be had gratis) accompanying the Panacea. Some of which give the particulars of cases too painful for general publication, where the patients had been almost eaten up with Scrofula, and were deemed incurable by Physicians. It has been used in hospitals and private practice, and has had the singular fortune of being recommended by some of the most eminent physicians and other eminent persons. Among others by—

W. Gibson, M.D., Prof. of Surgery, Pa. University;
Valentine Mott, M.D., Prof. of Surg., N.Y. University;
W. P. Dewees, M.D., Prof. of Mid., Pa. University;
N. Chapman, M.D., Prof. of Physic, Pa. University;
T. Parker, M.D., Prof. of Physic, Philadelphia;
Dr. Del Valle, Professor of Medicine, Havana;
Jose Eouravedo de Luz, Prof. of Surgery, Lisbon;
Thomas Wormald, Senior Royal College Surgeons, London;
G. W. Irving, late Mayor of New-York;
Sir Charles Napier, Commander-in-Chief British Army;
Gilbert Robertson, British Consul, &c., &c.

And also, the wonderful cures effected by Swaim's Panacea have for many years made it an invaluable remedy. The Panacea does not contain mercury in any form, and being an innocent preparation, it may be given to the most tender infant.

The retail price has been reduced to $1 25 per bottle, containing three full pints, or three bottles for $4.

BEWARE OF IMPOSITION.

Swaim's Panacea is in round bottles, fluted longitudinally, with the following inscription blown on the glass, viz.:—"SWAIMS—PANACEA—PHILADA."

And having the name of JAMES SWAIM stamped on the wax and seal, and written on the label covering the cork, and a splendid engraving for the side of the bottle, combining a representation of a Temple, supporting a female figure, which have been issued for the exclusive use of the Proprietor, by Draper & Co., Bank Note Engravers, of Philadelphia. In the centre is a portrait of the late Wm. Swaim, copyright secured.

ALSO, SWAIM'S VERMIFUGE.

A valuable Family Medicine, being a highly approved remedy for all disorders arising from debility of the digestive organs, such as Worms, Cholera Morbus, Dysentery, Fever and Ague, Bloody Flux, Sick Headache, &c. See the Pamphlet (which may be had gratis, accompanying the Vermifuge.

Prepared only at SWAIM'S LABORATORY, *the Old Stand*, Seventh Street, below Chestnut, Philadelphia, and sold by all the respectable Druggists in the United States.

CAUTION TO THE PUBLIC.

Persons wishing to secure the genuine SWAIM'S PANACEA and SWAIM'S VERMIFUGE, should be careful to observe that the signature

SWAIM

is spelled correctly on the bottles and labels, or they may be imposed on by medicines put up in imitation of them. It is a proof bearing a forged name will similar name, well calculated to deceive.

CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN For the Cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stiffness in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly surprising cures in cases of the foregoing complaints. And we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine designed for that class of complaints, possessing more than a tythe of the power to relieve and cure as this.

We solicit particular attention to the fact that it does not contain a particle of Opium in any form. Neither does it contain Camphor.

It is free from any deleterious article, and cannot, in any supposable case, injure the patient.

It does not deaden the *Life Faculties*, nor produce the benumbing, paralyzing sensations, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, producing Costiveness and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

LOCAL PAINS, &c., it has proved *our, risingly successful*, early failing to cure, even in the most desperate and long standing cases, (See Certificates,) in most cases the affected shoulder should be freely bathed, and then rubbed tightly, but briskly—not hard enough to hurt the patient, yet to irritate or inflame the surface, and in severe cases the patient should take half a teaspoonful on sugar every hour.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC.

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA.

Are speedily and easily cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA.

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case; where it has been early and faithfully applied. In Boston, where it proved singularly fatal, it was found in yield to this remedy, and CASTOR & PERKINS'S *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the first, the surest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises*, &c., it is without a rival. As also in cases of *Burns, Scalds, Frozen Limbs*, &c.—relieving the pain and healing without scar.

FOR TOOTHACHE

It is nine times out of ten, a CURE. We believe it will *never fail*, unless the tooth is decayed. If the tooth is hollow, saturate a little cotton wool in it, and put into it some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained free of any agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Buckman, Esq., of Diamond, Me.—

DIXMONT, July 11, 1848.

Messrs. Curtis & Perkins,—For twenty years I have been entirely prostrated with the Rheumatism; both of my knees were swelled to twice their original size—large as those of an ox; on my breast bone, appearing like a part of the bone thrown out. Another bone was thrown out on my wrists. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical advice from the country adjacent, and tried a great variety of medicines and prescriptions without the least benefit or alleviation, which I had the good fortune to procure of Isaiah Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles. I took much larger quantities than was recommended.—The swelling has all gone down both in my breast and wrists, I am entirely relieved from pain. I have been able to do a good day's work at my time for the last three months, for a time of my age. No description of my case can convey the vast amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism, I have also used it for colic and pain in the stomach, and always found immediate relief.

D. SHERWOOD'S
GALVANIC
EMBROCATION,
NEW YORK.

THIS GALVANIC EMBROCATION is an unparalleled remedy for the Cure of Rheumatism, Acute or Chronic, seated in the Head, Joints or Limbs. The Dimness and Gout, in its worst forms, Palsy, Fits, Scrofula or King's Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Neuralgia, Chilblains, Fever Sores, Sun Blisters, Ring Worms, White Swellings, Diseases of the Skin, Eruptions, Goitre or Thick Neck. It is likewise highly recommended in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that the operations of your called Galvanism or Magnetism is in fact the principle of Vitality or Life, and that disease in many of its most painful forms is entirely owing to the absence of this Galvanic or Magnetic powers in the healthy proportions. If, then, we can readily supply this wonderful power, when it is thus deficient, we can successfully combat disease; and this has been fully and perfectly answered by this most wonderful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily appreciate the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which makes its appearance, without the statement of various cases, showing some new effects of these wonderful agents, or corroborating previous experience of their beneficial use. The inventor of the *Galvanic Embrocation* has great pleasure in being able to state, that a majority of the most distinguished Physicians of New York continually recommend this Embrocation in their practice, and from many of these he has received the kindest testimonials of approval and commendation.

THE LAST GRAND DISCOVERY!

ALAS for the poor PLANTAGENET WATER! It has not only to bear its own sins, but, as it has any, the sins of all other Springs, whether up the river or down the river, whether fresh or salt, sweet or bitter—no matter where,—they must all rise up from out the repository of the Plantagenet Water. The last discovery comes from Georgia Lake, near Montreal, or rather gets to Georgia by the route. It appears that, by the agency of a man of "learned mind," a wonderful "analysis" has been furnished of the Georgian Spring Waters, which are said to "contain all the ingredients found in the Plantagenet;" only with the addition of something else, and a marvelous disproportion of quantities. On this principle, we take it, it is a huge exercise of the imagination. Good it is a pure apple, with the addition, of course, of something else, and a slight disproportion of the parts. Certain it is that Georgian is not the Plantagenet, and was never yet claimed for it. If it had been so, it could never have begun to exist. It would have remained for twenty years in hopeless obscurity. In spite of all attempts to quell its claims, it would have lain in the shade. Now, if there was such an analysis, and it might be instructive to see it, how comes it that it was never published? Perhaps it was the wonderful discovery of iodine which led Mr. Knie to sell the mere *physical* attachment of Georgia to Mr. Tucker, Magnesia, Magnesian Chlorides, Sulphates, Iodine, and all! The rest is, that the new spring is only a creation of the new agency a good "How-much" likes to have two strings to his bow, and the famous Plantagenet Spring is a capital one.

We beg to call attention to the annexed certificate of the efficacy of the Plantagenet water in cramps and spasms—and to Capt. Ellis, barque *Rechab*, of Aberdeen:—

Quebec, 18th Oct., 1851.

MR. A. MANN: DEAR SIR,—For sake of humanity I cheerfully comply with your request to certify the benefit I derived from the use of your invaluable Plantagenet water. During last winter I suffered severely from Rheumatism, besides I was very subject to excruciating cramps in my legs, both times attacking me more or less once in a day, up to my obtaining from you, in June last, a goodly supply of your Plantagenet. Since I commenced its use, no pain of a rheumatic kind has touched bone, joint or muscle of my body. I cannot attribute this glorious change to any thing but the use of the Plantagenet, and I shall take care to deprive you of some of it before I leave Quebec. JAMES ELLIOT,

Capt. Barque *Rechab*, Aberdeen.

The PLANTAGENET WATER is Sold Wholesale and Retail, only in one place in Montreal, at the Depot, No. 4, Place d'Armes.

THIS COMPANY, which has been established 30 years, commenced with a subscribed Capital of $2,000,000, and was the first, 29 years ago, to offer to the Public two Scales of Premium—the lower, to insure only a fixed amount; the higher, entitling the Insurers to a participation in the profits.

Advantages offered to Insurers.

Very low Rates of Premium on Young Lives. The security of a large realised and invested Capital.

Large Bonuses on Policies effected on the high Scale.

Prompt settlement of Losses.

The full value given for Policies when discontinued.

On Insurances for the Whole of Life: one-half of the Premiums, if desired, permitted to remain unpaid for the first seven years, as a Loan at interest, and then to be paid, or to remain as a permanent Loan, at the option of the Insurer.

Loans upon Policies for the Whole of Life, after payment of three Premiums, in proportion to the value of same.

The acceptance of Naval, Military, Climate, and Special Risks of all kinds, on payment of a commensurate Premium. Age admitted on the Policy when issued, if desired, on proof of date of birth.

Permission for the Lives assured to reside in any part of Europe, without extra premium or special licence, and to, at and from California, at a small extra premium.

Insurances, if required immediately, may be effected any day between the hours of 10 and 4.

The Pamphlets published by this Company fully set forth the merits of Life Insurance; and copies thereof may be had, *gratis*, on application to the Agent, who is also prepared to furnish every information that intending Insurers may require.
