A HELLHOUND IN PITTSBURG

Fiendishly Assaults His Five-Year-Old Stepdaughter—Lynching Too Good For Him.

PITTSBURG, June 5.—Zen Krider abused his 5-year-old stepdaughter Zenie Snowden in a manner to excite the envy of a barbarian. During the temporary absence of the child's mother yesterday Krider beat Zenie over the back and shoulders with a poker, pulled two great bunches of hair from her head, raised her to the ceiling of the room by the feet, dropped her to the floor and then kicked the unconscious child in the pit of the stomach. When Mrs. Krider returned and attempted to care for her injured baby the brutal fiend threatened to kill her with a knife and drove her from the house. Krider made no resistance when arrested. Preparations were at once begun to lynch him. At the magistrate's office Krider entered a plea of guilty in order to be hurried to jail. There is an insurance of $300 on the little girl's life, and it is believed Krider was anxious to have her die in order to get the money.

CHOLERA IN EUROPE.

Falling Off in Galicia, But Dangerous on the Russian Frontier.

WASHINGTON, June 5.—Official reports just received by the Marine Hospital Service as to the general cholera situation in Europe are somewhat reassuring so far as regards those parts of Europe towards which the tide of American summer travel tends.

There is a decided falling off of the epidemic of cholera in Eastern Galicia, the last report showing only four cases and two deaths, the total to date being 39 cases and 17 deaths. As regards Skala and Sikleryzoce, the Galician towns, both near the Austro-Russian frontier, in which cholera now prevails, it should be stated that the drinking water used by the people comes from a polluted river There are no wells or springs. The situation along the Russian frontier may be regarded as dangerous owing to the number of centres of infection.

In Constantinople the condition of the epidemic varies greatly from week to week, but on the whole may be considered as greatly ameliorated. It is believed the dissemination of cholera in Turkey is chiefly due to transport ships conveying Turkish troops from point to point. The accounts of the epidemic at Lisbon are very conflicting.

Weddings Yesterday.

At the Church of Our Lady of Lourdes yesterday morning Mr. R. Amyot of the Toronto Postoffice was united in marriage to Miss Kathleen O'Neil of 17 Homewood-avenue. The ceremony was performed by Rev. Father James Walsh. The groom was attended by George Thompson. The bridesmaids were Miss Annie O'Neil, sister to the bride, and the Misses Hattie and Carrie Mason as maids of honor.

In St. Mary's Roman Catholic Church Mr. Daniel Fitzgerald, hotelkeeper, was married to Miss Minnie Donohue, president of St. Mary's Sodality. The bridesmaid was Miss Minnie Rush; the groom was attended by his brother, Mr. John Fitzgerald. Rev. Dr. Tracy, assisted by Rev. Father Cruise, performed the ceremony.

The Rosedale Drive.

A sub-committee of the Board of Works yesterday decided to offer the trustees of St. James' Cemetery $2500 for 1200 feet of their land 66 feet wide, needed for the proposed Rosedale drive. On Friday afternoon the other property-owners who have not arranged terms with the city will be waited on by the committee. There is now a prospect of the long-talked-of drive being carried out.

The Massey Hall Festival.

The plan for the Massey festival concerts will remain open at the hall to-day for the benefit of subscribers who have neglected to secure their seats. To-morrow the plan will be open to the public.

The resolution adopted by the City Council on Monday evening will be engrossed and presented to Mr. Massey at the opening concert of the festival on Thursday evening.

His Beagle Hound Killed.

Mr. John Fogg of Norway had a valuable beagle hound killed by being run over by a car of the Toronto and Scarboro Electric Railway. Mr. Fogg intends bringing action against the company for $50 damages, claiming that the motorman did not ring the bell, and states that the dog would surely have got out of the way if the motorman had done so, as the dog had a faculty for running away from everything except his meals.

If you are despondent, low spirited, irritable and peevish, and unpleasant sensations are felt invariably after eating, then get a bottle of Northrop & Lyman's Vegetable Discovery and it will give you relief. You have Dyspepsia. Mr. R. H. Dawson, St. Marys, writes: "Four bottles of Vegetable Discovery entirely cured me of Dyspepsia; mine was one of the worst cases; I now feel like a new man.

Loyal True Blues in Session.

The 20th annual session of the Grand Lodge of Loyal True Blues opened in Victoria Hall yesterday. William Fitzgerald is grand master and nearly 300 delegates have arrived from all parts of the province. The delegates attended service at the Church of the Ascension last night. Rev. H. C. Dixon preached the sermon.

Fagged Out—None but those who have become fagged out know what a depressed, miserable feeling it is. All strength is gone, and despondency has taken hold of the sufferers. They feel as though there is nothing to live for. There, however, is a cure—one box of Parmelee's Vegetable Pills will do wonders in restoring health and strength. Mandrake and Dandelion are two of the articles entering into the composition of Parmelee's Pills.

Chicago Saloon Wrecked By a Bomb.

CHICAGO, June 5.—Somebody threw a dynamite bomb into the saloon of Charles Noffz, 183 Eighteenth-street, last night, wrecking the entire front of the building and badly smashing things inside. Noffz and his bartender, Frank Heeler, were cut by flying pieces of wood and glass. Noffz thinks the bomb was thrown by an enemy of his family.

A STUDY OF HEADS.

The Tape Line in Use in San Francisco Public Schools.

In San Francisco calipers and tape lines play an important part in the curriculum of the public schools. One of the principals has evolved a system of measurements, which he considers important in determining the physical status of the child, for the purpose of developing what is deficient. He makes a good deal of head measurements, which he bases on the accepted theory that the intellectual powers reside in the front half, the vital and emotional in the rear; that a high head between the ears indicates activity, and breadth between the ears energy and combativeness.

When a child stands up to have his brain measured a tape line goes first around his head. Twenty-four children of 10 years of age have heads ranging in circumference from 19 to 21½ inches; the straight distances between foreheads and occipital bones range between 12 and 14 inches, and the distances over from ear to ear between 12 and 13½.

"All the world may be a stage," remarks the disgusted dramatic critic, "but Shakespeare was wrong when he said that all the men and women were players."—Philadelphia Record.

A LIST of reasons why you should insist upon having Dr. Pierce's Pleasant Pellets, and nothing else in their place:—

Because they're the *smallest*, and the *pleasantest* to take.

Because they're the *easiest* in their ways. No disturbance, no reaction afterward. Their effects *last*.

They absolutely and permanently *cure* Biliousness, Indigestion, Constipation, Sick Headache, and Sour Stomach. The most common cause of Piles is constipation. By removing the cause a cure is effected.

Montgomery, Orange Co., N. Y.

DR. PIERCE: *Dear Sir*—I suffered untold misery with bleeding piles. I could get no relief night or day, until I commenced using your "Pleasant Pellets," and now for two years or more, I have not been troubled with the piles; if my bowels get in a constipated condition, I take a dose of Dr. Pierce's Pleasant Pellets, and the trouble is all dispelled by next day.

"Take a hole and put some dough around it, then fry in lard." This simple recipe has brought thousands to grief, just because of the frying in lard, which as we all know hinders digestion. In all recipes where you have used lard, try

Cottolene

the new vegetable shortening and you will be surprised at the delightful and healthful results. It is without unpleasant odor, unpleasant flavor or unpleasant results. With COTTOLENE in your kitchen, the young, the delicate and the dyspeptic can all enjoy the regular family bill of fare.

Cottolene is sold in 3 and 5 pound pails, by all grocers.

"THE TRIUMPH OF LOVE

IS HAPPY FRUITFUL MARRIAGE."

Every Man Who Would Know the Grand Truths: the Plain Facts; the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manhood, and How to Attain It."

"Here at last is information from a high medical source that must *work wonders* with this generation of men."

The book fully describes a method by which to attain full vigor and manly power.

A method by which to end all unnatural drains on the system.

To cure nervousness, lack of self-control, despondency, etc.

To exchange a jaded and worn nature for one of brightness, buoyancy and power.

To cure forever effects of excesses, overwork, worry, etc.

To give full strength, development and tone to every portion and organ of the body.

Age no barrier. Failure impossible. 2000 references.

The book is *purely medical and scientific*, useless to curiosity seekers, invaluable to *men only who need it.*

A despairing man, who had applied to us, soon after wrote:

"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?"

And another thus:

"If you had dumped a cartload of gold at my feet it would not bring such gladness into my life as your method has done."

Write to the ERIE MEDICAL COMPANY, Buffalo, N.Y., and ask for the little book called "COMPLETE MANHOOD." Refer to this paper, and the company promises to send the book, in sealed envelope, without any marks, and entirely free, until it is well introduced.

BECAUSE WIFE ASKS

For a Gas Stove you will get her one. Then she asks for a Columbia Gas Stove, knowing what she wants. It's the best. "My wife pronounces the stove a perfect cooker," is what W. T. Hodgson, wholesale boot and shoes, Montreal, says. Another says: "For a large or small family a better stove cannot be found on the market to-day." A third: "The heating of the water for the bath and wash tub is an important improvement." Everyone tells the same story. Yes, wife is posted, and she's posted also on our way of doing business with everyone.

Tips From Wall-street.

Lead and Distillers are said to be purchases.

Earnings of Louisville and Nashville for fourth week of May decreased $73,648.

The Sugar schedule has passed the Senate by a vote of 40 to 31.

Henry A. King & Co.'s special wire from Hubbard, Price & Co., New York: The department of American securities in the London stock market this morning opened active and higher. Later in the day the market became dull, but prices were fairly well maintained and at 2 p.m. showed advances extending to 5 8 above parity. In New York to-day the trading has been almost entirely in Sugar, to the neglect of other stocks. At the opening the crowd at the Sugar post was a large one and orders seemed to be about evenly distributed to buy and sell. The result was the price held steady until the selling orders gave out, when with little stock offering the price advanced to above 106. In the afternoon news was received that the Sugar schedule, as prepared by Senator Gorman, had passed the Senate. The immediate effect was to cause a decline of over 1 per cent. in the stock, which seems to bear out the belief that the market was advanced to give insiders an opportunity to sell. Chicago Gas eased off slightly, but the clique were buyers on a scale down, and their faith in the property is apparently in nowise diminished. The talk with regard to the Grangers is that St. Paul has turned the corner of big decreases in earnings and that the western roads will from this time forward do relatively better than for the past two months.

Henry A. King & Co. special wire from Logan & Co., Chicago: Activity in market continues and prices have advanced under effects of cold weather again and the better cables and further unfavorable crop reports. The strength manifested in corn and oats had some effect also, the latter markets also being affected by weather conditions. Clearances of actual wheat from New York were 256,000 bushels and total seaboard clearances in wheat and flour were equal to 363,000 bushels wheat. Oats have ruled strong at a good trade in all the months, especially July and September. Buying of June by a commission house strengthened market and the market advanced with corn.

Provisions stronger on moderate run of hogs. Packers were on both sides of rib market. Lard was more active than for several days past. Hogs close quiet, 3000 were left over unsold and 26,000 expected for to-morrow.

Schwartz, Dupee & Co. wired Dixon: Lower temperatures and predictions of frost caused a higher opening on wheat and an advance from 56 1-8c to 56 5-8c. At the close the advance was entirely lost. The business to-day was largely local. The outside short interest seems practically liquidated. Crop news was about the same as we have had it for the past few days. Estimates from Kansas to-day range all the way from 12 to 35 million bushels. The export at the seaboard was light. Outside of weather there was really nothing new to say of market. Continued reports of drought in Kansas, Nebraska and Western Iowa in connection with the predicted frost for to-night caused a higher market for corn.

TENDERS.

PENITENTIARY SUPPLIES

SEALED TENDERS addressed to "The Inspector of Penitentiaries, Department of Justice, Ottawa," and endorsed "tenders for supplies, Kingston Penitentiary," will be received until Saturday, the 9th of June proximo, at 12 o'clock noon, from parties willing to enter into contract to supply the institution with such quantities of the following articles as may be required from the 1st of July, 1894, to the 30th of June, 1895, namely: Wood, Groceries, Fresh Beef, Mutton, Hardware, Drygoods, Lumber, Leather and Findings, Drugs and Medicines, Milk and Strong Baker's Flour. The Beef and Mutton to be equal in quality to the best sold in Kingston shops, in equal proportions of whole hind and fore-quarters to match, each quarter of Beef to weigh not less than 100 lbs. Samples of Groceries to be sent to the undersigned at the time of tendering.

A cheque payable to the order of the "Honorable the Minister of Justice," equal to five per cent. of the total amount of the tender and marked "good" by the bank on which it is drawn, must accompany each tender.

The cheque of the successful tenderer, should there be any such, may be retained until the first order has been delivered; it will then be returned to him, but payment of first month's supply of Beef and Mutton will be retained until the close of contract.

Cheques of unsuccessful tenderers will be returned to them immediately after the contract has been awarded, but any tenderer refusing when called upon to complete a contract at the price he names in his tender will forfeit his cheque.

The lowest or any tender not necessarily accepted. Forms of tender will be furnished on application to the undersigned.

Any tender received after 12 o'clock noon as above stated will be rejected.
