A QUESTION OF VERACITY

BETWEEN SIR HECTOR AND EX-CHIEF ARCHITECT SCOTT.

The Latter Denies that He Ever Reported in Favor of the Claims of Goodwin and Beemer—The Foresters Want Protection from So-Called Benevolent Societies—Beet Root Sugar.

OTTAWA, Aug 3.—Mr. T. S. Scott, who was chief architect of the Department of Public Works for ten years prior to the 9th of December, 1881, at which date he was superannuated, was asked to-day whether it was true as stated by Sir Hector Langevin in the House of Commons in 1884 that he, as chief architect, reported in favor of paying the claims of Messrs. Goodwin & Beemer for extras. "It is the very reverse of true," said Mr. Scott. "Instead of reporting in favor of those claims I reported against them, as the records in the department will show. Sir Hector stated in Parliament that I when chief architect reported in favor of paying Mr. Goodwin's claim, but he failed to produce any report from me when asked to do so, and he cannot produce any such report. I repeatedly refused to recommend the payment of the claim, though urged to do so, because there was no just reason for paying it. Some time after I left the department I was asked to give Mr. Fuller, my successor, some information to enable him to report upon the claim, and did so. Mr. Fuller asked me to attach my name to a recommendation that the claim be paid, but I refused to do it. They cannot find any report from me recommending the payment of the Goodwin claim. I reported against it, but it was paid after I left the department. Speaking of the Beemer claim, which was also paid after the presentation of the testimonial to Sir Hector Langevin, Mr. Scott said: "I also reported against that claim as unworthy of consideration, but like Goodwin's claim it was paid after I left the department. Some time after it was paid I met Mr. Beemer and he remarked, 'Well, Mr. Scott, you see you might as well have reported in favor of my claim and made a little for yourself. I said, "Yes, and sacrifice my reputation as an honest man." Mr. Scott was superannuated on Dec. 9, 1881, about 18 months after the Langevin testimonial scheme was started and after Mr. Goodwin had contributed his $1000 to the fund. The Beemer claim was paid in 1883 after the testimonial had been presented.

A petition was presented to-day by Mr. McKay from John B. Buckingham, past high chief ranger, on behalf of the members of the Ancient Order of Foresters for Hamilton. It states that different persons have traveled through the Dominion for the past few years organizing associations purporting to be provident, benevolent, charitable, etc., which, to say the least, are of a very questionable character. After a few years and sometimes in less than a year, these so-called organizers, or their agents, have left the country, or their officers have wound up the affairs of the association, or in some other way have defrauded the members by their beguiling language or high-sounding titles, thereby bringing respectable and solvent societies into contempt with the general public. Under the Benevolent Societies Act of Ontario the method to become a body corporate is so simple that the name of another society is not protected from these unscrupulous organizers, who can, with very little trouble and without any inquiry as to the stability or financial standing of these so-called benevolent societies, procure the necessary registration papers and have the word "incorporated" emblazoned conspicuously on their circulars, thus giving an air of responsibility to their schemes, to the delusion of the unwary. The petitioners are of opinion that the Dominion should prevent the possibility of such a state of affairs by the adoption of an act similar to the British one, that some action should be taken, and, if necessary, that a royal commission should be issued to take evidence as to the form and nature of all existing societies, and that if they are not found up to the financial standard they should be requested to bring themselves under the Government regulations.

Beet Root Sugar Bounties.

Mr. Foster has given notice that he will make a resolution to pay producers of any raw beet root sugars produced in Canada wholly from beets grown in Canada between July 1, 1891, and July 1, 1896, a bounty of $1 per hundred pounds and an additional 3½c. per hundred pounds for each degree over 70 shown by the polariscope.

Arnoldi's Great Big Threat.

OTTAWA, Aug. 3.—There were no committee meetings to-day, and the few members of Parliament who had not left for their homes were spending their time in the Commons Chamber in No. 16, or No. 6, or in the smoking-room, quietly discussing additional scandals. To-morrow, however, the committees will again be at work, and the prospects are that the half of the iniquity done in high places has not yet been exposed.

If report is true Mr. Haggart's department will show disclosures which will shock Canada. Then there is the Immigration Department. Mr. Arnoldi, who has been suspended from his duties as mechanical engineer in the Public Works Department, is vowing vengeance against the department and the Government generally, threatening to tear the whole fabric to pieces if he is not reinstated.

She Was Willing to Give Up All.

When Queen Elizabeth of England found death approaching her she cried despairingly, "All my possessions for a moment of time!" There are wealthy ladies to-day, the world over, who would gladly exchange their riches for sound health. Many are made well and happy by Dr. Pierce's Favorite Prescription, a never-failing cure for diseases so common to women. As a corrective for all functional weaknesses it is of universal repute among the sex, and thousands of pale, worn-out, enfeebled victims have been changed into vigorous women and girls by its use. *Guaranteed* to give satisfaction or price refunded. Druggists have it.

Long Branch.

In addition to the first-class train service via G.T.R. and the regular excursion boat patrons of Long Branch have now placed at their disposal the staunch and rapid steam yacht Dan. The time of sailing will be found in our advertising columns and will doubtless be consulted by the many who have found the sail to Long Branch and return a very pleasant way to spend a day and 95 cents.

Quick Passage of the Parisian.

Nicolet Notes.

"I suffered continual pain from canker of the stomach and my face and body were almost covered with pimples. I tried Burdock Blood Bitters, the first dose occasioned slight pain, but I soon found relief, and after taking five bottles I became completely cured. I think B.B.B. the most powerful remedy known to science."—Stephen Edge, Nicolet, P.Q.

JUMBO HIRES A HALL.

Mr. Parent Describes His Life Work—Mr. Campbell Presides.

Jumbo Campbell's friends have evidently forsaken him. Last evening at his meeting in the Auditorium, which was addressed by the Rev. A. Parent of Oka Indian fame, scarcely more than a hundred persons were present.

Jumbo introduced the lecturer.

Mr. Parent, who speaks with a slightly foreign accent, gave a very interesting account of his conversion from Romanism and his long succession of years of missionary work in the Lower Province. He affirmed that a church which believed that those without its pale were fit fuel for the infernal regions was no church to tolerate in a liberal, enlightened and Christian land.

Much applause was elicited when the lecturer remarked that, when at confession in his youthful days, he was surprised to hear the questions which the priests asked—questions which the devil himself would be too much of a gentleman to express.

Out of one million and a quarter of French Roman Catholics in Quebec there are a quarter of a million whom Mr. Parent asserts would leave the pale of mother church if it were not for the influences surrounding them and if they only dared to do so.

Mr. Parent told a number of stories in connection with the confessional. The substance of one of them was as follows: A Frenchman was at confession, and after a great deal of interrogating he admitted that he had stolen a pig from a neighbor. "Well, you will have to return it," remarked the priest. "But I can't; I have eaten it," explained the poor penitent. "You will have to pay for it, then," said the priest. "How much do you suppose it would be worth?" "Well, it was only a small pig and would only bring about a dollar," explained the Frenchman. "Put the money in that box, then," said the priest. After depositing one dollar, the Frenchman threw in another, and when asked the reason remarked: "Pigs are cheap now, and I intend to get another."

Yesterday's Outings.

A large number of United States veterans passed through Toronto via the C.P.R. on their way to Detroit to attend the encampment of the Grand Army of the Republic.

Peter Ogden Colored Orange Lodge, No. 812, went on their annual excursion to Hamilton per steamer Macassa.

About 150 waifs from St. John's Ward were taken on a fresh air trip by the steamer Chicoutimi.

Three hundred and fifty excursionists from Youngstown, Ohio, came to Toronto by the Empress of India.

About 150 members of the Zion Methodist Church, Bracondale, picnicked at Wilson, N.Y., going by the Eurydice.

The employes of the Morrison Brass Works held their third annual picnic at Oakville, going by the steamer Steinhoff. Music and dancing shortened the time spent on the water. Many sports, for which prizes were offered, were participated in while on the picnic grounds. A pleasant afternoon was spent by all the excursionists.

On the Bounding Wire.

Mlle. Alberta, well christened Queen of the Bounding Wire, gave her first performance at Hanlan's Point last evening. An even fairly good performance, coming so soon after the famous Japs, would not have met with a very good reception, and it is enough to say that from the very large audience who witnessed her performance last night she received round after round of applause. The artist is of very pleasing appearance and makes a "hit" with the spectators even before her foot has touched the wire. The performances will be continued throughout the week at 4.15 in the afternoon and 9.15 in the evening.

Local Jottings.

William Crossman and William Brown of 19 Sackville-street were arrested in King-street yesterday by P. C. Armstrong for fighting.

Ben Talbot, 208 Richmond-street west, is arrested charged with stealing a bicycle from M. Mullhall at the same address.

Isaac J. Medcalf, the man who smashed windows in St. James'-square and Carlton-street Presbyterian churches, was yesterday remanded for medical examination.

William Wright of Wilton-avenue, charged with wounding Lawrence Connors, was yesterday remanded for another week.

On July 17 the Harbor Commission notified Mr. Edward Hanlan that if he does not have the remains of the old wharf immediately removed, steps will be taken to have it removed and the cost of so doing will be charged to Hanlan or his estate.

The moonlight excursion to Long Branch under the auspices of the Knights of St. John was largely attended. Although the moon was not very bright the excursionists enjoyed themselves none the less.

The schooner Keewatin, owned by M. A. Campbell of Colborne, arrived in port last night with 500 tons of coal from Oswego for the Ontario Coal Co.

About 7.30 last evening flames were seen issuing from the lofty shot tower of the Ontario Lead Works, 57 Richmond-street east. The brigade did prompt and good service. A. J. Somerville is the proprietor, and the damage is computed at $150.

About 500 Americans from Youngstown, Ohio, and other points arrived by the Empress of India yesterday. Another large party from Oil City and Pittsburg will arrive by Empress to-night.

Returns from the Western Cattle Market for last week show 1642 head of cattle, 1603 sheep and 804 hogs received. Stock weighed: Cattle 993, sheep 345 and hogs 1109. Weigh fees collected $35.35.

The Dominion Illustrated of last week contains a splendid portrait of the late Major James R. Foster which we are sure will be much appreciated by his numerous Toronto friends and in its accompanying notice also expresses much sympathy for the family of deceased.

John Kerr of Berkeley-street was yesterday fined $5 and costs or 30 days' imprisonment for malicious injury to city property. Inspector Stephen, Detective Black, Constable Price and Robert Steintzman gave evidence in support of the charge. Three companions testified on behalf of the accused. The Magistrate considered the charge proved.

Three lads, while playing in a vacant lot in Gladstone-avenue, yesterday picked up a fog signal and not knowing what it was commenced hammering it with a stone. The result was that it exploded with great force, fragments of it striking the hand of Willie Craig, son of Mr. Donald Craig who lives at 65 Gladstone-avenue, and tearing away the thumb and first two fingers of the hand.

Mr. John Blackwell of the Bank of Commerce, Toronto, writes: "Having suffered for over four years from dyspepsia and weak stomach, and having tried numerous remedies with but little effect, I was at last advised to give Northrop & Lyman's Vegetable Discovery a trial. I did so with a happy result, receiving great benefit from one bottle. I then tried a second and a third bottle, and now I find my appetite so much restored and stomach strengthened that I can partake of a hearty meal without any of the unpleasantness I formerly experienced."

Fifty Strong.

Fifty of the J. S. Knowlton Post No. 532, G.A.R., under Post Commander A. T. Johnston and Adjutant Knowlton, left for Detroit last night at 11 o'clock, via Grand Trunk Railway. That makes 55 of the post who have left here for the encampment. They will be joined at Hamilton by the post from that city.

Consult Your Neighbor.

Anyone may find out just what Burdock Blood Bitters is and does by asking a neighbor who has tried it. It rarely fails in making a complete cure of dyspepsia, constipation, sick headache, biliousness and diseases of the stomach, liver, bowels and blood.

WHAT MIGHT HAVE BEEN done in years gone by had certain property been purchased—is not so much the question as what will be purchased now. The old story repeated by some one almost every day about the grand chances of the past in Toronto property is only harmless gossip. It is much more to the point to take advantage of the present chances, because, in another 20 years, the advance will be still greater than in the past. Central property is our specialty.

Amongst these will be found "Wool Delaines" (beautiful designs), Cashmeres, Serges, etc., etc. Here's a grand opportunity to purchase cheap a nice and useful "Fall Robe," composed of elegant combinations, such as our "dressmakers" have been turning out all season.

☞ All during August we will book orders for the making up of "Robes" and "Mantles" in our usual high class style and character at sensation prices. Ladies who intend to avail themselves of this offer will do well to register orders early to prevent disappointment, as we're by no means slack.

☞ These prices will stand good for this month only.
