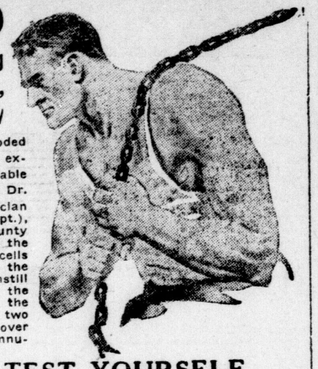
NUXATED IRON

---MASTER STRENGTH BUILDER OF THE BLOOD

The Power Behind the Strong Sturdy Men and Healthy, Beautiful Women of Today



"To make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as organic Iron—Nuxated Iron," says Dr. Jas. Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York and the Westchester County Hospital. Nuxated Iron by enriching the blood and creating new blood cells strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and endurance into the whole system. It often increases the strength of weak, delicate people in two weeks' time. It is estimated that over 3,000,000 people use Nuxated Iron annually as a tonic, and blood-builder.

MAKE THIS TEST YOURSELF

And Find Out Where Your Blood Stands

See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, rundown people who were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form.

Manufacturers' Note — Nuxated Iron recommended and prescribed by physicians is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Cairncross & Lawrence, Standard Drug Company, Taylor Drug Company, and all other druggists.

CO-OPERATIVE COUNCIL OF GIRLS' WORK PLANNED BY Y. W. C. A. OF THIS CITY

A large co-operative council of girls' work in the city is being planned by the Y. W. C. A. A meeting for the purpose of making plans in this connection was held last evening at the home of Mrs. F. W. Hughes, the president of the association. Those present were members of the industrial and girls' work committees, who met for the first time officially the new girls' work secretary, Miss Helen d'Avignon, of the Montreal Y. W. C. A.

Miss d'Avignon comes fresh from a year's experience in Montreal, and everyone is looking anxiously to her for help in the organization of girls' work in the Sunday schools of the city. Not only has she had experience in Y. W. C. A. work, but has been for many years closely connected with the girl guide movement in the country, as well as having a wide experience in executive work at the Toronto Unuiversity.

Aims at Co-operation.

It is the aim of the Y. W. C. A. to co-operate with all the Sunday schools in the city, by helping them to organize their classes along the line of the Canadian girls in training program, that is, the organized Sunday school class will be supplemented by a mid-week activity along the lines of this program. Where girl guides are already organized in the churches, or where they are desired, their meetings may be arranged to take the place of the mid-week activity of the organized class. Or any other form of activity may be substituted which will meet the approval of the church and organizers. Miss d'Avignon, the girls' work secretary, will be at the disposal of the different churches to help them in forming their clubs.

The chief difficulty in organizing classes has been the lack of good leaders. For this reason, the Y. W. C. A. proposes to start a class for leaders, which will help to overcome this difficulty.

Providing Opportunity.

The Y. W. C. A., in introducing this work in the city, is in nowise attempting to take the work of the churches out of their hands, but is merely placing an efficient secretary at their disposal, thus making it possible for them to organize along the best known lines and perhaps preventing the necessity of reorganizing again and again until the right method has been found. Many of the churches already are splendidly organized, and it merely is expected that they will co-operate in this work, thus making it possible for the less fortunate churches to have the benefit of organization, too.

The Canadian girls in training program to be introduced in this connection is largely along the lines of the Y. M. C. A. boys' efficiency program, which has now for some time proved most successful.

SAFE REGULATOR FOR WEAK KIDNEYS

It is useless, dangerous and unnecessary to be tortured with the digging, twisting pains of backache or to suffer disagreeable kidney and bladder disorders if a safe, simple and harmless kidney regulator like Solvax can so promptly and surely relieve such troubles, as many users says it does.

People who suffer back weakness, rheumatic pains, puffy swellings under eyes, or in ankles and feet, or are bothered with urinary disorders, ought to try taking a little Solvax for a few days and note results.

Solvax usually begins to work in a few hours to regulate the kidneys so they can drive out the excess uric acid and poisonous impurities that are clogging and stopping their free and healthy action. A difference can often be noticed in as little as 24 hours. All leading druggists who sell Solvax agree to return its full purchase price if in any case it does not give entire satisfaction. If your druggist cannot supply you, write, inclosing 50 cents, to Booth's Hyomei Company, Postoffice Box 388, London, Ont.

HOW THIN PEOPLE CAN INCREASE WEIGHT

With 10 to 30 Pounds of Solid, Healthy Flesh—A New Discovery.

Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction.

Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those a single Saltogyn tablet. In two weeks note the difference. Five to eight good, solid pounds of healthy, "stay there" fat should be the net result. Saltogyn charges your weak, stagnant blood with millions of fresh, new, red-blood corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Saltogyn, too, mixes with your food and prepares it for the blood in easily-assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Saltogyn and the new flesh stays put. Saltogyn tablets are a scientific combination of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and all druggists sell them subject to an absolute guarantee of weight increase or money back.—Advt.

LOCAL NEWS

EACH FINED $2.—H. Fishbein, Earl Robinson and W. Goldberg each were fined $2 and costs in police court this morning for breaches of bylaw.

MOTHERS' CLUB RESUMES.—The work of the Union Mothers' Club of this city begins again at 3:30 this afternoon, with a meeting of the executive at the Technical School.

GOT OFF WITH $1.85.—For failing to have a chauffeur's license, David Walton appeared in police court this morning, but was allowed to go after paying the costs of the case, amounting to $1.85. He understood that if he had a taxi license, it would not be necessary to get a chauffeur's certificate.

NAVY LEAGUE REORGANIZES.—A reorganization of the local Navy League will take place at 8 o'clock on Wednesday evening in the Chamber of Commerce rooms, Tecumseh House. The mayor will take the chair, and Mrs. Reynolds and Mr. Bird, from headquarters, Toronto, will be present to assist in the reorganization.

OFF TO BURWASH.—Bailiff Ryan visited the jail today and took away with him six prisoners who have been sentenced to terms ranging from three months to two years to Burwash. He had also nine men from Windsor. The local prisoners were: Joseph Rogers, Osborne Delaney, Albert Coffin, Charles Coffin, Frank Webster and William Simmonds.

LEAGUES TO MEET.—The annual meeting of all the Epworth leagues of London will be held next Monday at the Colborne Street Methodist Church. There will be an afternoon and evening session. The afternoon session will be devoted mainly to routine business, and in the evening Major (Rev.) C. A. Williams of the Timothy Eaton Memorial Church, Toronto, will address the leagues on "Prohibition."

TRACTOR DOES WELL.—The civic tractor is being utilized this week to draw a plow on Ridout street, north of Dundas street, where excavating is being done in preparation for a pavement. The tractor proceeding through the heavy mud is making good time, much better than could be done with a team of horses, and the driver is highly pleased with the performance of the new machine to date.

MEETING TONIGHT.—It is expected that a decision will be reached tonight by the local G. W. V. A. on the stand it is to take in regard to the agitation for a $2,000 gratuity for returned soldiers. A general meeting is being held in the Masonic Temple this evening, when this question will be debated, and other business will be discussed. The local branch of the association, up till now, has not supported officially either side of this issue, but after tonight a definite stand is expected to be taken.

HAD NO LICENSE.—George McConnell was fined $5 and costs in police court this morning for failing to have a chauffeur's license last week. He declared that he had a license in April, but that he went out of the business and lost his certificate. This month he drove an auto again and sent away for another license. He claims that at the time he was arrested he was waiting for the certificate to be sent to him. Chief Williams declared that McConnell did not have a license in April as it would be necessary for him to sign it, and he had no record of it.

DEATHS AND FUNERALS

DEATH OF J. S. LUNEY.

James S. Luney, building contractor in this city since 1871, died at his residence on Grand avenue on Monday evening, in his 70th year. He had been ailing for over a year. Mr. Luney, who was born in Cornwall, England, was an alderman in this city for a number of years and a great worker in the Wellington Street Methodist Church.

He is survived by his wife and four sons, Dr. Fred Luney of this city, Oswald, electrical engineer at Niagara Falls, Russel and Wilfred of this city.

The funeral will be held on Thursday afternoon at 2:30 o'clock from his residence to Mount Pleasant Cemetery. Rev. W. J. Ashton will conduct the services.

BODY SHIPPED TO MONTREAL.

The remains of F. G. Gannon, who died in Victoria Hospital on Saturday morning, were shipped yesterday to Montreal. T. H. Heard of Victoria Hospital received a telegram from Daniel Gannon, brother of the dead man, of Montreal, asking that the body be shipped immediately.

The man was found in a dazed condition at the fair grounds about 6 o'clock on Saturday morning. He was taken to Victoria Hospital, where he died an hour later. Some addresses were found in his pocket, among them that of his brother, to whom word was sent immediately. Coroner Robert Ferguson pronounced his death due to alcoholic poisoning.

DEATH OF MRS. McCANN.

Mrs. Mary Shevenone McCann, widow of John McCann, died in St. Joseph's Hospital list night following a short illness. She was a resident of London for 35 years. She is survived by her daughter, Miss Catherine Shevenone.

The funeral will be held from her residence, 294 Central avenue, Thursday, at 8:30 a.m. Requiem high mass will be sung at St. Peter's Cathedral and interment will take place at St. Peter's Cemetery.

BAKERS FINED FOR PAINTING CAKES TO RESEMBLE CHOCOLATE

Toronto, Sept. 16.—Three wholesale bakers were each fined $25 and costs by the police magistrate for painting cakes with a preparation of oxide of iron to give them a resemblance to iced chocolate cake.

Middlesex Council Welcomes Gen. Sir Arthur Currie Home

Middlesex County Council is attending Strathroy fair today in a body to welcome General Sir Arthur Currie, G.C.M.G., K.C.B, and the opportunity is being taken to present the following address to the general, Clerk John Stuart read the document:

Upon motion made in open council in general session assembled, it was unanimously resolved:

That the council of the county of Middlesex present to General Sir Arthur Currie the sincere thanks and profound gratitude of this, his natal county, for the wise, far-reaching and puissant service, which, under the Providence of Almighty God, he, as commander of the Canadian army in the great war, has rendered to this country and empire, and to the civilized world;

That we assure him that we are keenly sensible of the grandeur of his world-compelling achievements, and that the world knows that he plucked the honors from the place where none but the masterpieces of the world are even contenders, and that he has borne them proud upon him to this the loving, waiting grateful soil of his native county;

That we say to him that our lively hope and ardent pr... some of the pride and joy which his presence among his home associates arouses in us, may be so reflected that it shall find its way into his own heroic soul, and that the proud outstretched love and affection of his mother country may be to him glorious, comforting and joyous;

That we tell him that we kept our anxious vigil with full confidence in his loving tenderness and stern resolution while his hammer blows at Amiens were ringing in our ears, that we watched with painful swelling pride and approval as he anxiously, relentlessly, splendidly pressed forward that spear-head made of our own Canadian flesh and blood, until it burst the portentous cloud that threatened the freedom of the world, crossed the foreboding valley and established itself in the light beyond, where it gloriously reared its rugged, valiant, self-forgetting, war-worn head, there to be and to become the blazing beacon light of achievement for the world to emulate;

That we express to him our great and just pride and gratulation that he, a native of this county, should be the first Canadian citizen to attain the full rank of general, and that his achievements have been in full accord with the splendid traditions of that army of armies.

That we declare to him that the benediction of his native county will be with him and his for all time, and that our earnest prayer to Almighty God will ever be that he may be long spared to be the defence, preservation and salvation of our beloved and common country;

That we tenderly beseech him to join with us in keeping green and growing the immortal memory of each one of our sons who sleep in Flanders' fields, and of whom we proudly, gloriously and reverently proclaim, "Greater love hath no man than this, that he lay down his life for his friend";

And that this resolution be spread at large upon the minutes of this council, and that the members of this council in full session attend General Currie, and present this resolution to him, and at the same time request him to be pleased to accept as tangible evidence of our gratitude, admiration and affection, an engraved sterling silver service, tendered to him by this grateful county.

JOHN STUART, Clerk. THOMAS CLARK, Acting Warden.

DANCED HERE IN 1874 AND IS GIVING EXCELLENT PERFORMANCE AT GRAND NOW, AT AGE OF 65

Fred Hallen Once Was Bell Hop Here and Has Had a Successful Career—Cleanliness in His Acts He Says Is the Real Secret.

Dancing on the vaudeville stage here in the same manner that he danced in this city in 1874, Fred Hallen, aged 65, related interesting experiences to an Advertiser reporter today while in a reminiscent mood. Appearing with his wife, Mollie, aged 54 years, the act presented shames younger artists in their vain efforts for fame. "We have been married 30 years, and have been together since, Mollie and I," said Mr. Hallen, laughingly, "and I think the harmony between us is a record in our profession."

"I was born in Toronto," continued te artist, "and at the age of 11 years I ran away from home, coming to London in 1872, where I worked as a 'bell hop.' Two years previously the late George Primrose, world-famous minstrel, was employed on similar duties at the Tecumseh, and he was one of my warmest friends. After working here two months, my parents discovered my whereabouts, and took me home. Finally, after a sixth attempt at leaving home, they gave up in despair, and let me go, and I followed the stage since."

Cleanliness, the Secret.

"I danced in London in 1874 with the Cool Burgess Minstrel Show, a Toronto company, with whom I started, and I repeat my dance in my present act. My wife's brother, Col. Alfreda Fuller, on the governor's staff at Topeka, Kan., is the oldest soldier in the American army. Our secret of success in vaudeville is cleanliness, presenting a number which no mother or sister would blush to witness. That is the secret which built up a fortune for B. F. Keith before he died, and the same motto is employed by his successors, E. F. Albe and J. J. Murdock.

"Several times Mollie and I have announced our intentions of retiring, but the managers would not hear of it. It may sound egotistic, but we are loved by New York, Philadelphia and other audiences in the States. Over there the audiences have no sentiment. When we come on the stage they say 'Hallen and Fuller, we will give them a hand.' They then applaud us, and say, 'Now let us see what you can do.' If we do not deliver the goods they pan us, but we never have been panned yet. I have always found Canadian, and especially London, audiences very appreciative."

The Start.

When asked how he started dancing, Mr. Hallen said: "I guess I came by it naturally. After the great Chicago fire I was employed as a newsboy there on the day express. I originated the old newsie stunt of presenting every passenger on the train with a peanut, and was called 'Peanut Freddie.' Then I gave them a song and dance at one end of the coach, and invariably everyone bought a sack of peanuts from me to induce me to repeat my performance. I did a great business and incidentally got my start in dancing."

Mr. Hallen informed The Advertiser that he saw a great change in London, and predicted a great future for the Forest City, in the theatrical business particularly. "And don't forget," he concluded, "the secret of stage success is cleanliness."

THEATRE EMPLOYEES GET BIG INCREASE IN WAGES

Cost of Living Induces Management of Grand To Pay More.

The employees of the Grand Theatre were today granted an increase in wages from 20 to 25 per cent, according to an announcement made by Manager J. R. Minhinnick. Despite the fact that a wage schedule to run two years was included in a contract signed by the stage hands on September 2, 1918, they were included in the increase, and a new contract to run one year was signed with their local union today.

The musicians of the Grand were granted a similar increase recently, thus including all employees of the local vaudeville house in the new schedule. There was no expressed demand on the part of the employees for a rise in pay, the management blaming the high cost of living for the change.

There will be no increase of prices for admission to the Grand as a result of the higher wages paid, the local manager having received permission from A. J. Small to better working conditions with the stipulation that admission fees remain unchanged.

W. E. Kelly Given Charge of District Under C. P. A.

C. A. Secretary Has No Extended Power.

W. E. Kelly, secretary of the Children's Aid Society, has been appointed an inspector for this district under the provisions of the children's protection act. Notice of the appointment was received from F. V. Johns, assistant provincial secretary, today.

In this position Mr. Kelly will have power to visit not only the wards of the Children's Aid Society in their foster homes, but all children placed with foster parents in this district by any society.

LOTS OF MEETINGS FOR WEDNESDAY AFTERNOON

Engineer To Present Report On Ridout Street Bridge.

Wednesday afternoon will be a busy one at the city hall. No less than three meetings will be held in the committee room of the council from 3:30 to 6 o'clock. A committee dealing with plans for the Prince of Wales' reception will meet at 3:30. Another committee, looking after civic insurance of soldiers, meets at 4 o'clock, and as soon as it has concluded No. 1 committee of the city council will hold its regular meeting.

The board of works meets tonight. A report on the Ridout street bridge will be presented by City Engineer H. A. Brazier, and tenders for the drainage of Knollwood Park will be presented.

MURINE FOR YOUR EYES Rests, Refreshes, Soothes, Heals—Keep your Eyes Strong and Healthy. If they Tire, Smart, Itch or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Safe for Infant or Adult. At all Druggists in Canada. Write for Free Eye Book. Murine Co., Chicago, U. S. A.

VATICAN CHOIR BOYS NOT PERMITTED TO LAND IN NEW YORK

Immigration Officers Order 18 of Them to Ellis Island.

New York, Sept. 16.—Eighteen boys, members of the Vatican choir of 70 voices, which arrived here today on the steamship Belvidere, were sent to Ellis Island by immigration officers and not allowed to land because they are under 18 years of age, and not accompanied by their parents. This action closely follows the detention of Urelio Bodini, an Italian tenor, who arrived last week and was ordered excluded from the country by a special board of inquiry on the ground of having been engaged as a member of the Metropolitan Opera Chorus at $15 a week. He was a contract laborer.

FULL INQUIRY WILL BE MADE INTO FAILURE OF STANDARD RELIANCE

Toronto, Sept. 16.—The court of inquiry into the failure of the Standard Reliance Loan Corporation opens at Osgoode Hall on September 25. George H. Kilmer, K.C., will be crown counsel before J. A. C. Cameron, the master, and J. R. L. Starr will represent Col. W. S. Dinnick, the chief witness. The attorney general promises the inquiry will be full and searching, and will go back to the founding of the corporation in 1900. George T. Clarkson, the liquidator, expects it will take some months, and many witnesses will be called.

A charter for the Standard Assets, Limited, the corporation which will handle and realize on the real estate and properties of the defunct Standard Reliance Loan Company, will be applied for at parliament building today or tomorrow.

MICHIGAN POLICE ARE AFTER ESCAPED CONVICT HEADED THIS DIRECTION

Believed to have headed this way, William C. Hayes, who escaped from the state prison at Ionia, Mich., is being sought by police on both sides of the border. While at work in a stone quarry on September 1 he made his getaway. This was an easy matter, as the man was a trusty.

His home is in Cleveland, Ohio, where he was engaged as a tailor and a musician.

Hayes was sentenced to an indeterminate period for larceny. On account of his good behavior he was looked upon as a trusty, even though he was engaged at hard labor in the quarry.

Five feet eight inches is his height. In his picture, which has been forwarded to the local police, he has the appearance of a foreigner.

For some reason the Michigan authorities seem to be very eager to get him.

OVER 1,500 VOTERS DISFRANCHISED FOR NOT APPEARING AT HEARING OF APPEAL

Many Unable To Do So in Work Hours.

UNNECESSARY TROUBLES

Great Inconvenience Caused by Present Method of Preparing Lists.

More than 1,500 London voters have been disfranchised because of their inability to appear before the court of revision which has been in session since September 2.

This fact has caused further indignation against the expensive and unsatisfactory way which the Government chose for compiling the voters' lists. Only by exercising the utmost vigilance was it possible to make sure that one was permitted to exercise his lawful rights. The list compiled by the enumerators could not be regarded as complete, but had to be examined by each voter to make certain that his name had been included.

Lots of Trouble.

If the name were not entered it was necessary for him to make an appeal. This was trouble enough in itself, but in order to insure his name being recorded he had to make a personal appearance before a court of revision or make arrangements for an attorney to appear for him.

According to the official figures relating to the sittings of the court, given out today, it was impossible for 794 voters in wards one and two; 719 voters in wards three and four, and 16 voters in the annex district, to make such an appearance, although they had appealed to have their names placed on the list.

Could Not Appear.

As the sessions of the court were held during the working hours of the day it is pointed out that it was impossible for many voters to get away from work to attend.

A total of 3,080 appeals was made in the four city wards and the annex district: annex, 63; wards one and two, 1,533; wards three and four, 1,484. Twenty-six appeals were allowed in the annex district; 21 were refused and 16 persons made no appearance.

In wards one and two 552 appeals were allowed, 187 refused and 794 left off because the person did not appear. In the remaining two wards 520 appeals were allowed, 245 refused and 719 omitted because the voters were unable to attend.

TETRAZZINI WILL KEEP SILENT FOR EIGHT-DAY PERIOD

Famous Opera Singer Forced To Adopt "Conversation Fast."

London, Sept. 15.—Tetrazzini, the famous singer, has a secret for which millions of men throughout the world would pay fortunes. It consists of the ability to make at least one woman cease talking for eight days.

Tetrazzini began an eight days' "conversation fast" this afternoon, during which she will not speak a word. She is here for a singing tour of several weeks and wishes to rest and freshen her voice, which was overworked during the war by charity singing.

How Miracle Is Achieved.

In response to a query as to how she manages not to talk, Tetrazzini replied:

"I just don't talk. It is nothing new. I have done it before. It is a case of preserving the voice, so when I feel tired I go into retreat. I eat one meal a day and drink no wine. When I feel like talking I lullaby, so—" and she burst forth in vocal melody.

"I but trill and hum," she continued. "It does not strain the vocal chords; it rests the voice completely."

"Teach It to Others? Impossible."

At the suggestion she might make a fortune by teaching some men's wives the secret of silence, Tetrazzini laughed and said:

"My singing brings me enough fortune. I would not undertake to teach women silence—an impossibility!"

Tetrazzini said that since leaving America she has lost forty pounds in weight.

"Do you believe German opera should be boycotted?" she was asked.

"Mon Dieu, I should say not! There is no discrimination in art. There is no division among artists as there is among governments."

Continued From Page One

LABOR PROBLEMS

tions commission report on employees, was unanimously concurred in, and was carried by the meeting.

The desire of the third group for representation on committee conference was also reported upon. It was pointed out that while the third group could not be given voting power it was suggested that two members from the third group be added to each of the nine joint committees that they might have a voice in the questions, although not voting. This will make committees of eight members instead of six, as was originally proposed by the agenda committee. The question of nominating committees was raised by Tom Moore, and R. A. Rigg of the labor delegation. They said that adjournment had been taken while the question of committees was before the meeting, and that should have been the first business this morning.

This move found several supporters among the employers delegations. Committees were appointed to consider the following subjects:

Labor features of the treaty of peace.

Unifying and co-ordinating the existing labor laws of the Dominion Parliament and Provincial Legislatures, and consideration of any new labor laws which are deemed necessary.

Committee's Recommendations.

Recommendations of the royal committee on industrial relations respecting hours of labor are:

Minimum wage law:

(a) Employees' rights to organize.

(b) Recognition of labor unions, and the right of employees to collective bargaining.

Recommendations of royal committee on industrial relations in favor of establishment of a bureau to promote the establishment and development of joint industrial councils.

Recommendation of the royal committee on industrial relations that the finding of committee be put into effect in all works controlled by the Government where the principles of democratic management can be applied.

Resolutions relating to any other features of the report of the royal committee on industrial relations.

Other proposals which may be introduced bearing on the relations of employers and employees.

Bruce's Attitude Approved.

Mr. Bruce in the course of his address on behalf of labor, strongly urged the co-ordination of federal and provincial laws affecting labor. The multiplicity of labor laws in Canada, he said, was a cause of discontent. He suggested the appointment of a committee to consider the matter.

Doubt as to the advisability of co-ordinating labor legislation was explained by J. R. Shaw of Woodstock, a representative of the employers' group. He declared that such a thing would be impossible for the conference to accomplish.

Mr. Thomas Moore and other labor representatives strongly supported the views expressed by Mr. Bruce.

HENRY FORD CALLS ON WAR SECRETARY

Invites Baker's Aid To Improve Rouge Navigation.

Washington, Sept. 16.—Henry Ford of Detroit was among the callers of Secretary Baker today. He came to Washington primarily to ask the war department's interest in the general dam bill, the secretary said after the interview.

The bill is pending in Congress, and its prospects of enactment are thought by the secretary to be good. Mr. Ford is urging the bill because he wants power from a proposed dam near Albany, which would be useful for one of his plants.

Incidentally he discussed the River Rouge project at Detroit, and invited the assistance of the secretary in the work of improving navigation facilities to his plants on that stream.

Alfred Lucking accompanied Mr. Ford on his visit to the capital.

CLASS RULE IS DOOMED TO DISAPPEAR, SAYS ARTHUR HENDERSON

Present Unrest Means Old Order Is Dying, Says Labor Leader.

London, Sept. 16.—"The present world unrest means that the old order of things is in its death throes, that a new era is about to come to its birth, and that age-long injustices and inequalities that burdened the lives of the common people are at last to be swept away," declared Arthur Henderson, secretary to the Labor party, before the International brotherhood congress here today. "Class rule in politics is doomed to disappear," he added.

WALL STREET.

New York, Sept. 16—Wall Street, 1:30 p.m.—Offerings of call money at 4 per cent. after opening at 5½, and moderate recovery in foreign exchange, prompted short covering at midday. Pronounced strength was shown by several specialties and equipments, notably American Tobacco, American Locomotive, New York Air Brake and Crucible Steel.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Parmint (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.—Advt.

What Women in Their "Forties" Need

BY A SPECIALIST.

Many women approach the critical changing period of their lives that come between the ages of forty and fifty, unmindful of its tremendous importance to their future health and happiness. No understanding the functional changes taking place in their bodies, they, worn beyond their strength, often break down, become nervous wrecks, their bodies suffering with fatigue and their weakened nerves trembling at every step. Often in their weakened condition capillary hemorrhage becomes excessive, this added drain compelling them to take to their beds from nervous exhaustion.

What these women need is something that will instantly relieve the pressure on the overworked nerve centres and give them the vitality to stand up under the gruelling strain. Wonderfully effective results are often given in such conditions by the simple use of Ferro-Peptine, a skillful combination of six of the best nerve vitalizing elements known to modern chemistry. These little tablets contain no dangerous habit-forming drugs, and are entirely harmless in their action.

Thousands of women can testify that Ferro-Peptine strengthens the jaded nerves, revives the tired brain and puts the energy and courage into the body that enables one to stand up under the unusual strain of the changing period. Ferro-Peptine has to do these things or it costs nothing, as the Standard Drug Company and other leading druggists sell it on a positive guarantee of relief or money back—Advt.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well and you have a quarter-pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of
