ANOTHER STRIP OF BELGIUM REGAINED

Germans Celebrate Kaiser's Birthday By Losing Some Important Ground.

SACRIFICE MANY TROOPS

Enemy Seems Determined To Capture One Special British Position.

[Canadian Press.]

New York, Jan. 28.—A London Daily Express dispatch, dated "On the Belgian frontier, Wednesday," to the New York Herald, says:

"The German army in Flanders thus far has celebrated the Kaiser's birthday by presenting to the Allies another strip of Belgian territory. The day, as the Emperor desired, was fraught with great significance, but not in the way he expected. As far as it is possible to ascertain on the northern frontier this afternoon, a series of strong preliminary attacks by the heavily-reinforced army of the Germans against several points on the Allies' line everywhere failed.

Want British Positions.

"The fighting, which continues today in even greater intensity, judging by the continuous cannonade heard in Belgian villages, shows the Germans still are determined to gain, by a desperate effort, at least one notable position occupied by the British, but if they continue to sacrifice troops in the same lavish manner as during the last two days in the region of Ypres and La Bassee, their losses will be very heavy and not commensurate with any possible advance.

Give and Take.

"Although strong artillery attacks during the last days of last week gave them possession of two ruined villages west of Roulers-Menin road, which had previously been occupied by the Allies' outposts for six weeks, there was a corresponding loss of ground nearer to the coast, due to exactly the same cause. They were driven from trenches near the Yser, a mile from Schaarbakke, on Monday night, by dashing infantry charges by the Belgians, which came as a climax to a long and accurate bombardment by the Allies' heavy guns, posted behind the Nieuport railway line. Their retreat was hampered by the mud and by pools of water remaining from the floods. Numbers of them were made prisoners, being unable to move quickly in their heavy coats."

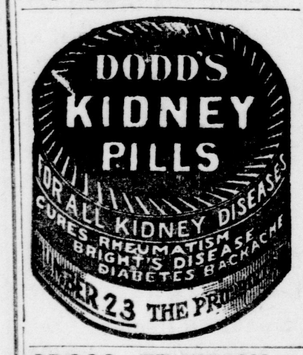
Amsterdam, via London, Jan. 28.—Several Belgian newspaper editors have been sentenced to one and two months' imprisonment at the latest session of the German military court in Antwerp. The charges against them are not stated.



CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If tongue is coated, give "California Syrup of Figs."

Every mother realizes after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic — remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

Ailsa Craig Man Named Warden of Middlesex County

John Morgan Elected at County Council Session Last Evening.

John Morgan, Ailsa Craig, is warden of the county of Middlesex for 1915.

This was decided at the third session of the county council in the county building, Wednesday night, after one of the closest and most stubborn fights in the history of the county. Although stubborn and close, the contest was barred of all bitterness.

Conservative Withdraws.

The council might have been voting yet had not Frank Boyes, Dorchester, the Conservative nominee for office, withdrawn from the contest, leaving John Morgan, Ailsa Craig, and John Stuart, Caradoc, to fight it out.

The Conservatives from the north stood behind Mr. Morgan, giving him eight out of twelve votes. This made it a tie, fifteen all. James Hodgins, representative of London Township, and who represented the largest number of votes, decided in favor of Mr. Morgan.

In the afternoon, the same deadlock that prevailed Tuesday was the order, so the council decided to wait until the evening to elect a warden.

How They Voted.

Following is the way the council voted:

John Morgan, Ailsa Craig—J. J. Poore, McGillivray; D. A. McIntyre, East Williams; R. J. Petch, Wardsville; Sam Oakes, Strathroy; J. Harris, Parkhill; John Morgan, Ailsa Craig; Frank Boyes, Dorchester; J. H. Hodgins, J. L. Robson and T. Clark, all of London Township; J. V. McVicar, Lucan; R. T. Reycraft, Biddulph; J. A. McIntyre, McGillivray, and Fred Barret, West Williams.

John Stuart, Caradoc—D. Gordon, Delaware; A. J. Blaikie, Westminster; L. L. McTaggart, Ekfrid; J. Stuart, Caradoc; T. G. Turnbull, Lobo; D. A. Graham, Caradoc; D. D. Graham, Lobo; John Currie, Adelaide; J. A. McLachlan, Glencoe; D. Smith, Dorchester; W. F. Hill, Strathroy; C. Henry, Metcalfe; Wm. Robinson, Lobo; R. Fitzgerald, Nissouri, and C. Rush, Newbury.

After the wardenship had been decided, it was finally decided that the striking committee for the year be as follows: James Hodgins, R. J. Petch, W. Reycraft, D. D. Graham, J. H. Mair, F. Barrett, R. Fitzgerald, S. Oakes, D. V. McVicar, J. J. Poore, and C. Henry.

Request for Grant.

A number of accounts were referred to the finance committee, among which was the request from the Children's Aid Society, for a grant, and police magistrate. C. W. Hawkshaw's account for $75, the expenses of running his office in Lucan.

The finance committee will also deal with the request of Lt.-Col. Robson, Twenty-Sixth Regiment, for the customary grant of 25 cents per day per man, while the men were in training. Lt.-Col. Robson declared that although a camp would hardly be held this year, yet the money could be used for recruiting purposes.

The agricultural committee will deal with the communication of Secretary A. M. Hunt, of the Western Fair board. He asked that the county send a representative to the deputation that will go to Ottawa, to ask for some assistance re building the grandstand at Queen's Park that was burnt shortly after Christmas.

The board of road directors will look into the case of C. K. Carmichael, Lucan, who alleges that one of his heifers broke its neck falling over a county culvert.

The finance committee will deal with the matter of giving a grant to the Salvation Army.

Patients Need Help.

Dr. Craig, of the Byron Sanatorium, notified the council that there were two patients in the institution that should receive help from the county.

The annual financial account of the West and East Middlesex Teachers' Institutes were referred to the education committee.

A letter from J. J. Kelso, superintendent of the Children's Aid Societies, praising the work of the society was received and referred to the finance committee as was Dr. Routledge's bill for $530 for attending smallpox patients in North Dorchester.

The education committee will deal with the resignations of J. R. McComb and D. B. McVicar, from the Lucan high school board.

The jail committee will consider the application of Turnkey McLeod of the county jail, for a $100 raise.

Grants to the Farmers' Institute and the request of Police Magistrate A. G. McKay, Ailsa Craig, for $75, office rent, were referred to the finance committee.

M. McGugan's resignation as inspector of the House of Refuge, was sent to the House of Refuge Committee.

The committees for the year will be struck at 9 o'clock this morning.

WOULD BLOCKADE N. GERMAN COAST

Suggestion of British Naval Correspondent To Wear Out Germany.

STOP ENTRY OF SUPPLIES

Commercial Blockade Would Prevent Ships Reaching Her Ports.

[Canadian Press.]

London, Jan. 28.—The Chronicle's naval correspondent, dealing with the question of international law raised by the Dacia and the Wilhelmina cases, discusses the possibility of Great Britain's declaring a commercial blockade of the North German Sea coast.

"One great object of our naval operations," says the Chronicle expert, "is to exercise compression on Germany with the hope of abridging the duration of the war. It is obvious, however, that if neutral ships should be permitted to carry great supplies of foodstuffs into German ports, as seems to be expected in some quarters, our purpose may be defeated or its accomplishment delayed.

Blockade Most Effective.

"A commercial blockade of an enemy's coast is undoubtedly the most effective way of exerting the compressive influence of sea power. We have precedent, if any were required, for blockading the German North Sea coast in our blockade of the coast from Brest to the Elbe in 1806, and we have acted in a similar manner at other times and in other localities.

"If the whole German coast on the North Sea was declared under blockade, the enterprise of the Wilhelmina, supposing her to be bound to Hamburg, would not be possible unless she were successful as a blockade runner. There is no longer any idea of a squadron lying off the enemy's ports, as in the old wars.

Difficulties Expected.

"Many difficult questions would no doubt be raised by declaring a blockade of the German coast, but they should not prove insuperable. Difficulties have often arisen from a blockade, and they were not absent when President Lincoln, in the American Civil War, announced his intention of blockading the whole Confederate coast.

"The United States would not be likely to raise serious objections if we declared and exercised an effective blockade. To interfere with the legitimate operations of a belligerent would be an unneutral procedure of which they would not likely be guilty."

BERLIN IS GLAD KAISER IS ALIVE

City Decked In Honor of Birthday—Count Zeppelin On the Job.

GENEVA, via Paris, Jan. 27.—6 p.m.—The newest and fastest Zeppelin dirigible balloon yet constructed, fully equipped for war, and with, it is stated, Count Zeppelin aboard, left Friedrichshafen this morning in fine weather for the purpose of saluting Emperor William on his birthday. The dirigible subsequently will join the North Sea aerial fleet.

GAIETY IN BERLIN.

LONDON, Jan. 27.—7:25 p.m.—Emperor William's birthday was celebrated with enthusiasm in Berlin today, although with a degree of solemnity which would not have been expected in times of peace. A Reuter dispatch from Amsterdam transmits a telegram from Berlin describing the celebration. The city was decked with flags. Members of the diplomatic corps, court officials and representatives of the state and municipal governments attended a service at the cathedral. Crown Princess Cecile and Prince August William attended the service and were cheered enthusiastically. A reception was held later in the city hall.

LUDWIG VISITS TROOPS.

[Canadian Press.]

Amsterdam, via London, Jan. 28.—King Ludwig of Bavaria, accompanied by Gen. Baron Von Kressenstein, the Bavarian war minister, left today, according to Berlin newspapers, on a two-weeks' visit to the Bavarian troops on the western war front. The King will afterwards spend some time at the Krupp works at Essen.

MEXICAN PRESIDENT FLEES FROM CAPITAL

Will Establish New Seat At Cuernavaca—Banks and Stores Close.

MEXICO CITY, Mex., Jan. 27.—Provisional President Garza and his Cabinet left the Cabinet early today for Cuernavaca, where a new seat of Government will be established.

This afternoon the last contingents of the army of evacuation are hurrying through the streets. The army of occupation lingers on the outskirts of the city, but is expected to enter soon. All the commercial houses and banks, and even private dwellings are barred and shuttered, although no disorder has attended the fleeing of the forces of Zapata and Villa.

The national palace and the federal telegraph and postoffices and other Government establishments are closed. The incoming Carranza forces are commanded by Gen. Alvarado, former postmaster here. When they enter the city it is expected that some sort of government will be established.

The decision of the Government to quit the capital came after a heated discussion at a session of the convention held Tuesday night. It was decided that President Garza, his Government and the members of the convention should proceed after midnight to Cuernavaca. Col. Garza and Gen. Ernesto Santoscoy are reported to have departed on a special locomotive.

BRITISH DEFEAT TURKISH FORCE

Shell Camps Near Karna, Driving Enemy Back in Disorder.

WASHINGTON, D.C., Jan. 27.—Defeat of a Turkish force near Karna by the British army moving in Asiatic Turkey was reported today in a foreign office dispatch to the embassy here. Previous reports said the British offensive at this point had been repulsed with heavy losses.

The Foreign Office dispatch said:

"With regard to recent statement by general official news as coming from Constantinople to the effect that British offensive against Turkish troops near Karna has been repulsed with heavy losses, the true account of these operations is now received. Reconnaissance from Mozera discovered Turkish forces to the south of Ratta Canal. Turks were driven across the canal with severe loss and the British force shelled the camps, driving the enemy back in disorder. British casualties is about fifty."

Great military activity prevails at the Suez Canal. Troops and warships are being assembled and all civilians are leaving the vicinity of the canal. Important reconnaissances are being made.

BELGIANS IN NEED OF 76,000 TONS OF FOOD

Required in Three Months—Million and Half Are Destitute.

NEW YORK, Jan. 28.—A shortage of 76,000 tons of food for the relief of the Belgian refugees must be made up within the next three months by the commission for relief in Belgium, or many people will perish, Vice-Chairman Lindon W. Bates announced today to relief committees throughout the United States. The commission here was appraised of the inadequacy of the food supply by a cable message from London, which read:

"There are now 1,400,000 destitute, and the actual cost of administering and supplying the canteens for the destitute now is $2,800,000 per month. The number of the destitute daily increases."

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapepsin" ends all stomach distress in five minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt: if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.
