*Presenting the*

## *First Fashions of Spring*

*with all Apparel Sections Imitating Nature in Spring Lovliness.*

## *Beginning Saturday, April 8th*

When Nature dons her "Berry Apron" and begins trilling immortal spring song, no human woman can long resist the clothes-ward urge. And a more propitious time for the selection of one's spring outfit could be scarcely imagined.

Style indications have settled into definitely established models. Stocks that have been gathering from widely divergent points have reached the pinnacle of practically completeness. Prices have a most satisfying range.

The first whisperings of spring have gone throughout the store and in most every department there are buds and blossoms of fashion's, first creations of the New Season.

For Particulars and Prices See Page 8 of this Issue.

## THE C. S. E. T. AGAIN VICTORS

The second game of the Basket Ball league which was played by the C.S.E.T. vs Independents in the S.O.T. Hall on Thursday evening proved a thriller from the start to the finish of the game, being finally won by the C.S.E.T. team by the narrow margin of one point. For the fist two periods the Independents seemed to have the edge but as is usual with them the C.S.E.T. came back strong in the last period and clinched the game, the score of which was 22—21

All lovers of good sport should patronize these games and encourage those who are trying to keep sport alive in Newcastle. Basket Ball is a real scientific game, requiring great skill to play and cannot be beaten for developing a quick eye and good judgment.

Rev. Fr. Brideau referred and had the game well in hand all the time.

The line-up was as follows:—

| C.S.E.T. | Independents |
|---|---|
| **Forwards** | |
| Thompson | C. Murray |
| Sargeant | Melrose |
| **Centre** | |
| C. O'Donnell | R. O'Donnell |
| **Defense** | |
| F. McCormack | Jardine |
| W. McCormack | W. Murray |

## MANY COMEDY PHASES IN "THE BLUE BONNET"

Though tense, dramatic scenes abound in "The Blue Bonnet, Billie Rhodes new National Film Corporation of America production, the star has no end of opportunities to sustain her reputation as America's unrivaled screen ingenue comedienne, her role of the waif who becomes a Salvation Army worker giving her remarkable talents even wider scope than in any of her previous feature successes, "The Girl of My Dreams,' "Hoop-La,' "The Love Call and The Lamb and the Lion.

(The Blue Bonnet) a W.W. Hodkinson release, which comes to the Opera House Theatre, Friday and Saturday is a powerful drama with comedy phases. All of its scenes are laid in the United States. The Salvation Army,s participation does not make it a war picture in any respect, for the drama involving the army deals exclusively with the native or home phases of this remarkable organization, which has won its place in the permanent affections of the American People.

## Idle Forest Land Must Grow Timber

The exhaustion of our timber supply is coming about, not because we have used our forests freely, but because we have failed to use our timber-growing land. The problem in a nutshell is the enormous area of forest land which has been so logged and burned that it is producing little or nothing. This situation can not long continue without grave consequences. If we are to remain a nation of wood users we must become a nation of wood growers. By some means or other we must see to it that forest lands not needed for agriculture are not allowed to lie idle but are kept at work growing timber

## BENNIE SWIM CONFESSES TO FIRING SHOTS

**Prompted by Jealousy Kills Wife and Her Alleged Sweetheart.**

**THEN ATTEMPTED TO COMMIT SUICIDE**

**After Chase Through the Woods Was Captured by Sheriff Foster of Carleton County.**

Woodstock, March 28—Bennie Swim self confessed slayer of his wife, Olive, and her alleged affinity, Harvey Trenholm at Benton Ridge, is now in the County jail with a bullet lodged over his right eye as the result of an evident attempt at suicide after the double murder. Swim, it is said, will recover from the self inflicted wound.

The facts of the tragedy seem to be as follows: Mrs. Olive Swim, wife of Bennie Swm, left a short time ago to visit friends at Benton, and Swim, learning of certain allegedactions and relations his wife was having with another man, resolved to visit Benton and deal out justice as he saw it. Monday morning he purchased a revolver from a certain merchant at Rockland, his home, and going to Hartland took the train for Benton. It is reported that during the afternoon Swim found his wife and Harvey Trenholm, the other victim of the tragedy at the latter's home at which place, a few hours later, Mrs. Swim and Harvey Trenholm were discovered dead.

Sheriff Albion Foster was notified of the affair and, accompanied by Deputy Morris, immediately left here for the scene of the tradegy which was a few miles south of Debec. After securing data upon which to proceed, Sheriff Foster set out in search of "Bennie" who was at once suspected of responsibility for the double killing.

Followed Blood Trail

By a trail of blood over the snow Sheriff Foster and his deputy were able to trace the fleeing man, who was evidently heading for the Maine side of the border. This, morning, about 7.30 o'clock, Swim was found at the house of James Dougherty, Parish of Richmond, about 1½ miles from the border and seven miles from Benton.

Accused quietly submitted to arrest and told the officers he had done the shooting, saying he was prompted to do so because of jealously. Retracing their course through the woods, the prisoner indicated a spot in the bushes where he had hurled his revolver. Sheriff Foster searched at the spot indicated and was success ful in finding the weapon.

After arriving here the prisoner was taken before Magistrate Comben and remanded for hearing Monday afternoon.

## WALLIE R[illegible] RISKS LIFE

Have you ever thought of handsome nattily dressed Wallace Reid as a "stunt actor?" Seeing him dancing the latest jazz steps for a cabaret scene or making love to a pretty nurse as the hero of "Sick Abed,' you probably cannot imagine Wallie risking his life to provide thrills for the jaded film fan.

In 'The Valley of the Giants,' a caboose broke loose from a logging tram on which he was riding and threw him over a steep embankment. In "The Roaring Road" and 'Excuse My Dust,' he drove a racing auto over some of the most dangerous courses in Africa at record speed. But he saved the greatest and riskiest thrill for "What's Your Hurry?' his newest auto romance which will be shown at the Empress Theatre for two days commencing Friday and Saturday next.

According to the story, an irrigation dam is about to burst and endanger the lives of hundreds in the valley below. A storm is raging Wallie hears of the breach in the dam and, organizing a corps of motor trucks, drives at top speed to the scene of the threatened disaster. Straight over the steep sides of the dam he drives the lumbering truck, into the torrent of water, and plugs the widening hole.

COUNTY FORESTS

It is announced that already twelve counties have taken advantage of the Ontario Government's plan for assisting municipal forestry. These counties have acquired blocks of non-agricultural land which, in co-operation with the Provincial Forest Service, will be planted with pine spruce, and other trees. The blocks of land vary in size from 100 acres up to 1,000 acres. It is expected that several other counties will take up reforestation within the coming year.

## ANSWERS QUESTIONS ON INCOME TAX

**Financial House is Distributing Valuable Free Book.**

Who must file Dominion Income Tax Returns? What is classed as Income Tax Returns? What is classed as Income? Do you have to pay tax on income from investments? What is the rate of taxation? What is Surtax? Can one deduct from the amount of income premiums paid on life insurance, depreciation of assets such as automobile used for business purposes?

To answer all these questions in a simple, intelligible way a prominent Toronto financial house-Canadian Debentures Corporation Limited—have had a tax specialist prepare a treatise covering almost every conceivable problem which will face firms, individuals or estates in compiling their returns. As a service to the public, this firm is arranging to supply a copy of the booklet free to anyone on request. This is probably the first time a booklet on the Dominion Income Tax has been compiled in a form so easily understood, so complete and so authoritative.
