"The Least Hair Casts a Shadow."

A single drop of poison blood will, unless checked in time, make the whole impure. Hood's Sarsaparilla is the great leader in blood purifiers.

It casts no shadow, but brings sunshine and health into every household.

Running Sore—"My mother was troubled with rheumatism in her knee for a number of years, and it broke out into a running sore. She took three bottles of Hood's Sarsaparilla and is now well. Hood's Olive Ointment helped to heal the eruption." MRS. JOHN FARR, Cloverlawns, Ancaster, Ont.

Rheumatism—"I was badly afflicted with sciatic rheumatism. Consulted doctors without relief. Was persuaded to try Hood's Sarsaparilla, and five bottles gave me relief and enabled me to go to work." WILLIAM K. ROACH, Margaretville, N. S.

A LIFE SAVED.—Mr. James Bryson, Cameron, states: "I was confined to my bed with inflammation of the lungs, and was given up by the physicians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on his advice, I procured the medicine, and less than a half bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me any good."

ROWDYISM AT LONDON JUNCTION

Where Are the County Constables and License Inspectors?—Rev. Geo. Gilmore's Strong Words on the Subject.

London Junction, formerly known by that most euphonious name, Pottersburg, has been looked upon for some time as a very pleasant place of residence. Its soil is most conducive to health, being of a light loamy nature; its height above the swampy fields around East London insures it against the assaults of those demons of disease that love low and boggy places, while its people have learned to love whatever makes for good citizenship and Christian nobility. But of late the peaceful suburb has been disturbed by gangs of colored aristocracy and the bulldog brigade from East and South London. They come out to drink on Saturdays after the saloons are closed in the city, and often continue the greater part of the night, to the disgust and annoyance of many. Sunday also is desecrated by their drinking habits. Not long ago more than a dozen boys, the majority of them under 15 years of age, came up the Grand Trunk track from the city, drank bad liquor until they were dead drunk, then lay down to sleep off the evil effects. During the past weeks the inhabitants have made many complaints, and they are determined that the nuisance must be stopped.

The pastor of St. George's Church, Rev. George Gilmore, in his remarks last night before the sermon, made some very strong comments on the state of things at present, and recommended that a petition be gotten up to bring to the attention of the chief authorities of the law that this community of peaceable people must be protected and law and order enforced. The district is progressing well, all good work being supported and the people are being aroused. Rev. Mr. Gilmore said last evening that while roads and streets are public, the people ought to insist that strangers coming in behave in a becoming manner.

The Orphans' Benefit

At all the masses on last Sunday, the priests of St. Peter's Cathedral, on behalf of Rev. Mother Ignatia and the Sisters of St. Joseph, thanked the ladies of the congregation and all who assisted in making "The Orphans' Benefit," held in the Princess rink, on the afternoon and evening of Sept. 28, such a grand success, and assured them that the prayers of the community and of their orphan and aged charges would ascend to the throne of heaven in their behalf. The substantial amount realized, a statement of which we give below, will facilitate the work of the good sisters, and enable them to further enlarge their sphere of usefulness. The following is the result of the work of the different committees: Refreshment (2) and supper tables, $423; fancy table, $401; Sodality of the Blessed Virgin Mary, $206 75.

Condolence.

At the last meeting of the West Bruce Mutual Fire Insurance Company held on Aug. 24, 1900, it was moved by Thomas Hardie, and seconded by Alexander Campbell, and resolved: "That, on this the first board meeting of the West Bruce Mutual Fire Insurance Company since the lamented death of out late worthy vice-president, Alexander Fraser, we place on record our high appreciation of his long and faithful service to this company. A man of more than ordinary intelligence, well posted on insurance matters, of undoubted honesty of purpose, open and free in his criticism of men and measures, his opinions were eagerly sought after and attentively listened to. He had a good vein of Scotch humor, and was one of the strongest men at the board, and to us as a board his loss will be sorely felt.

"But how much more in the home circle and by the fireside, where for years he had been the head of the household; and so to Mrs. Fraser and family we here offer our heartfelt sympathy in their great and sad bereavement. The thoughtful brain and active hands will be missed in and around the home. The familiar form and voice will be seen and heard no more. The pleasant chat after the day's work will be broken up; the interesting and instructive conversation on the various topics of the day will be a thing of the past; but the vacant seat and the empty chair will make us think of him who was there.

"While no expression of sympathy can heal the sore or fill the void made by his sad death, yet the feeling of our common humanity rises within us and so we give in this resolution an expression of our sympathy. But this we can and do commit Mrs. Fraser and family to him who is a husband to the widow and a father to the fatherless, and who alone can soothe the aching heart."

INTERESTING IF TRUE.

You Can Try It for Yourself and Prove It.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of meat, eggs or other wholesome food, and this claim has been proven by actual experiment, which anyone can perform for himself in the following manner. Cut hard-boiled egg into very small pieces, as it would be if masticated, place the egg and two or three of the tablets in a bottle or jar containing warm water, heated to 98 degrees (the temperature of the body), and keep it at this temperature for three and a half hours, at the end of which time the egg will be as completely digested as it would have been in the healthy stomach of a hungry boy.

The point of this experiment is that what Stuart's Dyspepsia Tablets will do to the egg in the bottle it will do to the egg or meat in the stomach, and nothing else will rest and invigorate the stomach so effectually and safely. Even a little child can take Stuart's Tablets with safety and benefit if its digestion is weak, and the thousands of cures accomplished by their regular daily use are easily explained when it is understood that they are composed of vegetable essences, aseptic pepsin, diastase and Golden Seal, which mingles with the food and digest it thoroughly, giving the overworked stomach a chance to recuperate.

Dieting never cures dyspepsia, neither do pills and cathartic medicines, which simply irritate and inflame the intestines.

When enough food is eaten and promptly digested there will be no constipation, nor, in fact, will there be disease of any kind because good digestion means good health in every organ.

The merit and success of Stuart's Dyspepsia Tablets are world-wide and they are sold at the moderate price of 50 cents for full sized package, in every drug store in the United States and Canada, as well as Europe.

For the information of those interested a little book will be mailed free by addressing F. A. Stuart Co., Marshall, Mich., giving briefly the symptoms of the various forms of stomach weakness, causes and cure.

FOR GRAND LARCENY

Youngstown (Ohio) Junk Dealer Who Jumped His Bail Arrested Here Yesterday.

A Russian Hebrew named Isaac Shulman, from Youngstown, Ohio, was arrested here yesterday afternoon on a warrant charging him with grand larceny in that city. Detective Egelton executed the warrant in company with Officer George Moyer, who followed Shulman here from Youngstown. Shulman is a junk dealer, who had the privilege of removing waste paper from the cellars of a number of business houses, and it is alleged that while clearing out one place he stole a number of blankets and some drygoods. He was arrested and bailed, coming on to London three days ago. His son is in jail in Youngstown in connection with the stealing. Shulman's bondeman accompanied Officer Moyer to London and identified the prisoner. Shulman left for Youngstown with his captor this morning at 11;15.

OUT IN PIECES!

Terrible Fate of the G. T. R. Agent at Sebringville.

Run Down by a Train While He Was Riding on a Hand-Car.

[Special to Advertiser per G. N. W.]

Stratford, Ont., Sept. 24.—A terrible accident occurred near Sebringville late on Saturday night, whereby Thomas Vair, G. T. R. agent at that place lost his life.

Together with Wm. Gilchrist, section foreman, Mr. Vair was on the way home on a hand-car, from attending the Conservative meeting in Stratford, when the car was run into by a train coming from Goderich, to take up a special train after the meeting.

Gilchrist jumped just as the engine struck them, and escaped with a slight sprain, but Vair was terribly mangled, his head legs and arms being completely severed from the body.

Coroner Rankin, of Stratford, held an inquest, when a verdict of "accidental death" was returned.

Mr. Vair was 55 years of age, and had been agent at Sebringville for about three years, coming there from Durham.

THERE IS NOT a more dangerous class of disorders than those which affect the breathing organs. Nullify this danger with Dr. Thomas' Eclectric Oil—a pulmonic of acknowledged efficacy. It cures lameness and soreness when applied externally, as well as swelled neck and crick in the back; and, as an inward specific, possesses most substantial claims to public confidence.

The body of the man found hanged at Clearwater, Man, has been identified as that of August Johnston, a farmer residing near Grafton, North Dakota.

SOMETHING MORE THAN A PURGATIVE.—To purge is the only effect of many pills now on the market. Parmelee's Vegetable Pills are more than a purgative. They strengthen the stomach, where other pills weaken it. They cleanse the blood by regulating the liver and kidneys, and they stimulate where other pill compounds depress. Nothing of an injurious nature, used for merely purgative powers, enters into their compositions.
