DRAINAGE DEMONSTRATION.

The Ontario Agricultural College is emphasizing the value of drainage again this summer, for which purpose drainage demonstrations are being held in many parts of the province. The following demonstrations are announced for Middlesex: At the Farmers' Advocate farm, concession 2, lot 34, London Township, on Wednesday, May 10, at the hour of 2 o'clock. At Messrs. E. and G. Moore's, concession 14, lot 15, Metcalfe Township, on Saturday, May 13, at the hour of 2 p.m.

These meetings should be of special interest, as some difficult places to drain are involved. Besides the discussion of the particular problems of these farmers, there will be a demonstration of methods of finding the fall over a ditch, determining the grade, digging through to grade, etc. Those of our readers interested in drainage should not miss this meeting.

Anyone wishing information about the drainage work should write Professor W. H. Day, O. A. C., Guelph.

LONDON AND DISTRICT

A Fernhill Meeting.

The annual meeting of the Beechwood Women's Institute will be held at Mrs. Dougal Campbell's, Argyle street, Fernhill, on Friday, May 5.

A Brief Runaway.

A delivery wagon of a local laundry had a small smash-up this morning, when the horse attached suddenly bolted on Talbot street and dashed too close to a telephone post. The only damage was a broken wheel, the horse being taken in charge before going very far.

Real Estate Sold.

The London and Western Trusts Company yesterday afternoon disposed of the property at auction on Oxford and Maitland streets, forming part of the Clancy estate. Mr. R. M. Berry purchased the house and lot at 426 Oxford street, for $990, and Mr. J. L. Whitehead the house and lot at 803 Maitland street, for $1,060.

Building Permits.

Building permits are not moving very rapidly this month so far. Monday, the following were issued: R. G. Kirkpatrick, one-story brick-veneer house on Grosvenor street, to cost $2,200; B. H. Kershaw, story-and-a-half veneer house on Charles street, costing $1,000, and the Huron and Erie Loan Company repairs to premises at 4 and 6 Market Lane, to cost $1,200.

Mayor in Toronto.

Mayor Beattie was in Toronto yesterday attending the celebration to commemorate the turning on of Niagara power in the Queen City. Hon. Adam Beck was the guest of honor. Chairman Pocock, of the water commissioners, and others, received invitations, but were unable to attend. Ald. Wilson is acting mayor yesterday. Other than sign a few checks, he had nothing to do.

A Busy Inspector.

Inspector McCallum has no less than 28 cases in the police court at the present time. Of these 17 are for non-payment of statute labor taxes, and three against bakers for violation of the bread act. The rest are for various other offences. "I want to get these cleared off the slate before I start any more," the inspector stated today.

Epworth League Officers.

The regular meeting of the Kensington Epworth League was held on Monday evening, at the close of which the annual election of officers was held. Rev. Mr. Anderson, the pastor, presided. The officers were as follows: President, Mr. C. R. Smith; first vice, Miss Wade; second vice, Mrs. Stevens; third vice, Mrs. Smeltzer; fourth vice, Mr. Smeltzer; secretary, Miss Smeltzer; treasurer, Miss Clugston; missionary treasurer, Miss Kelly; organist, Miss G. Newton; assistant organist, Miss M. Littlejohn; local union representative, Miss Kewell.

Keep Lanes Clean.

A number of citizens who have been dumping ashes in various lane-ways, in the vicinity of their homes, will shortly appear in the police court, as a result of summonses that have been issued by the board of health. One man is alleged to have been very abusive to one of the members who went to see him and expostulate with him about the nuisance the citizen was creating by dumping stuff in the lane. "We intend to prosecute all citizens whom we find breaking the law in this way," said an official to The Advertiser. "It is a very dirty practice. Next week our inspection of the city yards will be made."

SCHOOL PICNIC DATE IS SET FOR JUNE 1ST

If the Weather Is Wet, Outing Will Take Place the Following Day.

The annual school picnic will be held on Thursday, June 1.

If the weather is bad on that date it will be held on June 2.

At the meeting of the board of education held yesterday afternoon, Trustee W. T. Strong brought the matter up, and advocated holding the picnic. He thought them a good thing for the children.

There were no objections raised on the part of any of the members of the board. All favored it.

The question of a suitable date was discussed at some length. Some thought that owing to the number of holidays this year, it would be better to hold the picnic on one of these holidays, May 24th or King George's birthday, June 3rd.

However, it was found out that arrangements could not be made with the London street railway for accommodation on these dates, and it was decided, on the suggestion of Inspector Edwards, to hold the picnic on June 1.

Trustees Dr. A. J. Wyckoff, John M. Gunn and W. T. Strong were named a committee to make the necessary arrangements.

There are four languages in general use in Switzerland, but German is encountered to the greatest extent. French, Italian and Romansch follow in the order given.

CORRESPONDENCE

Pulpit and Pew.

To the Editor of The Advertiser:

I have followed with much interest the development of the trouble between the rector and a few of the unstable members of the congregation of the Church of St. John the Evangelist. The odds seem heavy against the reverend gentleman, who has led his flock into spiritual prosperity during the last 23 years. The trouble does not lie in Mr. Hill, but in the men who oppose him, and who passed a resolution a year ago at their vestry meeting, as follows: "And, lastly, but by no means least, your wardens desire to express their unstinted admiration and esteem for the beloved rector of this parish, who for so many years has been the faithful leader of his people, and a welcome visitor to every household, and return their earnest and sincere thanks for his kindly advice, and ever friendly greeting.

"It is our earnest prayer that the Great Father of All, who is ever generous in the distribution of his beneficence, may continue to preserve and protect him, that he may be spared for many years to minister to the spiritual wants of his parish, and discharge those duties which Divine Providence has assigned to him."

Surely, then, the crime (if such it can be called), of which Mr. Hill is accused, does not merit such insults as were heaped upon him at the recent Easter vestry meeting. If we take the above as evidence, Mr. Hill was much respected by those Christian men, who are now doing the exemplary and charitable act of depriving him of his salary, because he dismissed a man not required by the church, without consulting these pillars of the church.

Mr. Hill is only human. If he did err (which has yet to be proven), it was a slight error. Which of his enemies have not made greater mistakes every day, and still they draw their salary and are not being daily insulted? It is the old story of the pew wishing to dominate the pulpit, which cannot be.

I can only say that these dissenters will soon see their error in putting aside the tried for the untried, the loved and admired, for the stranger. Yours, etc.,

LOYAL TO THE OLD.

London, May 2.

Sunday Picnics.

To the Editor of The Advertiser:

A letter which appeared in your paper on Friday last re Sunday picnics concludes by saying, "The physical benefit derived is more than counterbalanced by the moral and religious loss incurred."

May I refer the writer to the Great Teacher who said, "Consider the lilies" and "Behold the fowls of the air?" May I ask him how much chance many a poor worker has to do these things on six days of the week? During this time he must consider, not the lilies, but how to eke out a living; and he must behold, not the fowls of the air, but the interior perhaps of some busy factory. If, on the first day of the week he and his family withdraw from the turmoil of the city to some quiet spot under God's great canopy where he can obey these two commands of Jesus, must he be censured therefor?

Let me remind our friend that there is not only a "physical benefit" by such communion with Nature, but there is also a great spiritual uplift, greater perhaps than may be felt inside the four walls of a church. Let those who wish go to church, and honor be to those who go with good intentions. But many, unlike our friend, must toil six days of the week where they cannot enjoy God's blessed sunlight. Surely they may be allowed to drink in its lifegiving strength on one day.

Then, too, let us not forget those whose Sabbath does not fall upon the first day of the week. I am neither a Jew nor a Seventh Day Adventist, but I say that if these people in obedience to their religion, abstain from work and pleasure on Saturday, why should we compel them to do it again on Sunday? Must they, of necessity, observe two Sabbaths every week? Have they not as much right to picnic on Sunday as our friend would have to picnic on Saturday?

Jesus said, "This people draweth nigh unto me with their mouth, and honoreth me with their lips, but their heart is far from me." This applies to many churchgoers today. But, on the other hand, do not let our friend imagine that all who are outside of a church during Sunday services are suffering a "moral and religious loss." Sincerely yours,

A CHILD OF NATURE.

London, May 2.

MIDNIGHT MAY 31ST IS THE DECISIVE HOUR

All Those Who Die Previous to That Time Will Not Be Included in Census Returns.

Mr. J. C. McPherson, Ottawa, special census commissioner, who has been in the city for some days instructing the commissioners of this district in their duties, completed his work yesterday afternoon, leaving at night for Hamilton, where he will spend the next few days.

The commissioners receiving their instructions yesterday were: E. W. Scatcherd, London; Jared Vining, East Middlesex; John Bradley, North Middlesex; Charles M. McFie, West Middlesex; John Essery, South Huron; Henry Morris, West Huron; Hiram McLarty, East Kent; R. A. Harrington, West Kent; Thomas McGobrick, South Perth, and Robert Armstrong, North Perth.

The other commissioners previously instructed by Mr. McPherson were as follows: A. G. Bingham, Aylmer, commissioner for East Elgin; O. R. G. Stevenson, Rodney, for the west riding; E. Plant, Woodslee, North Essex; A. P. E. Plant, Windsor, North Essex; J. E. Coulter, Essex, for South Essex; J. A. Tremblay, Tilbury, for South Essex; E. A. Archer, Petrolea, East Lambton; John Dewar, Kertch, West Lambton; Dr. John Mearns, Woodstock, North Oxford; James E. Ferguson, Ingersoll, South Oxford, and W. E. Kelly, Simcoe, for Norfolk.

This completed the list of counties in Western Ontario. The enumerators will commence their duties on June 1. Midnight, May 31, is the decisive hour. All those who die prior to midnight on that date will not be counted in the census.

The Government expect that the returns will be compiled before the end of June.

FORMER LONDON DOCTOR DIED IN VANCOUVER

Dr. D. L. McAlpine Left the Forest City for the West in 1884.

The Vancouver Daily Province has the following to say of the death of Dr. D. L. McAlpine, a former resident of London:

In the death of Dr. D. L. McAlpine, who passed away peacefully late yesterday afternoon, Vancouver loses another of its rapidly diminishing number of pioneers. After a long and active life devoted to his profession in Ontario and British Columbia, Dugald Leitch McAlpine, M. B., died in his seventy-sixth year, probably partly from the results of injuries which he received in a street car accident on Hastings street, near the corner of Abbott street, over four years ago.

Not only was he a pioneer of Vancouver, but also of the lower British Columbia mainland, for he had come to this province in 1884, before Vancouver's municipal birth. In that year he was surgeon to the construction laborers on the C. P. R., which had then reached just west of Kamloops. Continuing in that capacity for some time, he later took up his residence in the infant Terminal City about the time that the railway reached it, and in this city had since resided. He took an active part in its early development. Of its Caledonian Society he was its first physician.

Born in Argyleshire, Scotland, he came to Canada at an early age. After a brilliant course at the University of Toronto he graduated in 1863, taking the degree of M. B. For eighteen years he practiced his profession in London, Ontario, and in 1884 determined to take up his residence in the great city that he then saw would crown the Pacific terminus of the great highway that was then under construction.

Deceased is survived by four sons, three of whom are physicians, and four daughters. Dr. J. A. L. McAlpine of this city; Dr. Kenneth K. McAlpine, of Seattle; Dr. Thomas K. McAlpine, of the medical staff of the General Hospital, St. Louis, Mo.; Mrs. Florence Donaghy, D. D. S., of this city; Mrs. Laura Krenkel, of Oakland, Cal.; Miss Olga McAlpine, of New York city; Mrs. James Leslie, of Cobalt, Ont.; and Harold McAlpine, of Vancouver. The late Mrs. McAlpine died in Vancouver in 1896.

The funeral took place on Thursday afternoon from the residence of Dr J. A. L. McAlpine, 1131 Barclay street, to the family plot in Mountain View Cemetery.

Dr. McAlpine was well known among the older medical practitioners in the city.

TAFT AT WORK ON PEACE TREATY

Several Tentative Drafts of Proposed Arbitration Plan.

DIFFICULTIES DISAPPEAR

No Agreement Yet as to How Arbitral Court Will Be Formed.

Washington, May 3.—Several tentative drafts of the proposed arbitration treaty between the United States and Great Britain were discussed by President Taft and his cabinet on Tuesday. Following the cabinet session, Secretary Knox and officials of the state department continued the discussion of the details and phraseology, but last night the President told callers that no draft had been accepted as final and that it might be weeks before the treaty could be submitted to the Senate or to Great Britain for ratification.

Some difficulties in framing the treaty have disappeared, according to the White House view. The criticism of English newspapers that the United States Senate must be consulted before disputes could be arbitrated was hardly a valid objection, the President thought.

The treaty probably will be general in character. It will provide, according to the present idea, that when disputes arise between the United States and Great Britain, they be submitted to an arbitral court for settlement. In the opinion of the President and his advisers it is perfectly natural that the Senate here, and Parliament or the British foreign office should be concerned in arranging the details for the settlement of each dispute.

So far no agreement has been reached among the framers of the treaty here as to how the proposed arbitral court shall be constituted. One proposal is that the questions at issue be submitted as they arise to The Hague tribunal. Another is that as each question comes up a court be constituted by the agreement of both governments to settle that question alone.

The President is of the opinion that Great Britain will not frame a separate proposal, but that it will await the submission of the one drawn up here. The President told his visitors that he did not know how long the treaty would run.

BETTER RATES WANTED BY LONDON OLD BOYS

Notice Has Been Received That Certificate Rates Will Be as Far West as Winnipeg.

The railway committee of the Old Boys' Association held their inaugural meeting last night in the city hall, with Ald. B. W. Bennett in the chair.

There was a good representation of the members of the committee present, and they immediately got down to work. Mr. J. O. Weldon, general secretary of the association, was named secretary of this committee.

The first business brought to the attention of the committee was the announcement made by the Eastern Passenger Association that certificate rates would be granted as far west as Winnipeg, the limit of their jurisdiction. This was very favorably received, but the association will be communicated with to see if better rates cannot be secured from places close to London. For instance, Detroit Old Boys want an excursion rate, and other cities are asking for the same privilege. Ald. Bennett will take this mater up with the Passenger Association at once. He will also get in touch with the various Old Boys' organizations in order to form an estimate of how many will come to the city during the week.

Western Rates.

The rates for the Western Old Boys have always caused trouble. It will be remembered that low rates could not be secured three years ago, and as a result, a large number of them were prevented from taking the trip home. However, the railway committee are of the opinion that arrangements can be made with the Western Passenger Association for a cheap rate. It is proposed to run a special from Winnipeg to Port Arthur, charter a special boat to Sarnia, and convey the party to London from that city. In this way it is thought probable that a reasonable rate can be obtained. Secretary Weldon was instructed to take this matter up at once with the Winnipeg Old Boys and the Western Passenger Association.

"We are very hopeful that we can make the proper arrangements," declared Ald. Bennett.

Rates in United States.

The rates over the American roads were not dealt with to any extent. Secretary Weldon reported that he is endeavoring to get in touch with the various Old Boys' Associations, in order to form an estimate of the probable number who will attend the reunion, in order to present a definite estimate to the railway committee. Then it will be easy to obtain better rates from the railways.

Another meeting of the committee will be held very soon. The chairman and secretary will have much correspondence to submit to the members on that occasion, and it is expected that final arrangements with some of the associations will be made.

"Prospects are very bright," declared Chairman Bennett. "We expect good rates, and everything points to a successful reunion." Among those present were Ald. Bennett, R. E. Ruse, Thomas Evans, B. S. Murray, W. M. Guy, L. E. Tillson, A. W. White, J. O. Weldon and others.

The Monarch Typewriter

May Be Purchased On Easy Monthly Payments

Why do without a typewriter when you know that business practice and etiquette demand that business correspondence shall be typewritten?

Why put up with an inferior and inefficient typewriter when you can buy a MONARCH (the world's best writing machine) on terms that suit you—cash or easy monthly payments, with old machines taken as part payment?

Why not write for literature and easy monthly payment plan today?

The Monarch Typewriter Company Limited

112 Masonic Temple, London.

Big Anglin Sale.

The coming to London on Thursday night of that celebrated Canadian actress, Miss Margaret Anglin, and a distinguished company in the new Liebler comedy, "Green Stockings," will be an event which will be received with enthusiasm by the playgoers of this city. Already the sale for this attraction is very heavy, and Miss Anglin, fresh from triumphs at Ottawa and Toronto, will be greeted by a large audience. Last season she appeared in a highly emotional role and during the summer at the Greek Theatre of the University of California she played the tragic role of Antigone in the Sophocles tragedy, and now she appears as a comedienne.

"House of a Thousand Candles."

The advance sale for "The House of a Thousand Candles," which will be presented at the Grand Opera House on Saturday, matinee and night, indicates that a large audience will witness the first production of that much-talked-of play here. The fact that it is a drama of unusual qualities is becoming well-known and the oddity of its story is receiving no end of comment.

LEGAL QUERIES

High School Books.

THAMESVILLE.—Being a subscriber to your paper, I will take the privilege of asking you if the same high school books are used in Vancouver, B. C., as are used in Ontario? Please answer at once. Yours sincerely, A. Reader.

Ans.—Some of the books used in Ontario may be included among those used in British Columbia, but there is no uniformity in this regard in the Canadian provinces.

A Legal Question.

RIDOUT.—Can I compel my neighbor by law to build his half of line fence? He is paying for his place monthly, but has no deed. If not, what means can I take to have a fence erected? The place is inside of city limit

Answer.—Owners of occupied adjoining lands must by law maintain a just proportion of the line fence. Your neighbor, who has an agreement to purchase by monthly payments, is in law the owner, but in any event in order to call on the fence viewers by notice to them you may notify the occupant of the land whose duty it is, if he is not the owner, to immediately notify the owner.

Lindley Bros., of Spokane, are the largest exporters of telephone poles in Canada. They have a contract to supply the Alberta Government with 45,000 poles.

Should Get Together.

"The parties interested should get together and arrange a settlement," declared Mayor Beattie, "I have been out of the city for a couple of days and do not know what has been done in my absence. However, I have been informed that matters are practically where they were before the council met."

Mr. T. H. Smallman and Mr. M. Fraser, on behalf of Smallman & Ingram, had an interview yesterday afternoon, and asked the manager of the bank what position matters were in, but Mr. Karn was unable to discuss the question until he had communicated with the head office in Montreal. A letter was sent to the general manager regarding the situation, and it is probable that a definite statement will be made within a short time.

The Probable Sale.

It was stated by a gentleman in close touch with the negotiations, that undoubtedly the bank would take the site at the price agreed upon, $8,000, although they will hold out for some time to get the strip at the rear. This parcel has considerable value, and the sale of it to the Smallman & Ingram Company would materially reduce the cost of the property. However, if it comes to a question of accepting merely the land on which the city hall stands, they will do so.

"We expect to hear shortly as to the intentions of the bank," said Ald. I. E. Smallman to The Advertiser. "Mr. T. H. Smallman and Mr. Fraser had a talk with Mr. Karn, the bank manager, on Wednesday, and he agreed to take the question up with the head office. We should hear a few days exactly what the bank will do. We do not think it fair to hold us up. We should be protected, and I think the council will give us that protection."

Suffered for Years From Constipation and Sick Headache.

Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. The most frequent of all are bilious or sick headaches, and are caused by some derangement of the stomach or bowels, or both.

Burdock Blood Bitters regulates the digestive and biliary organs, removes acidity of the stomach, improves digestion, regulates the constipated bowels, and promotes a perfect circulation of pure blood to all portions of the body.

Mrs. C. Meadows, Clarksburg, Ont., writes: "For years I was troubled with sick headache and dizziness, and was also constipated. I was advised to try Burdock Blood Bitters. I only took three bottles of the medicine, and now feel like a new person as I am completely cured. I can truthfully testify that B.B.B. is the best medicine I have ever used."

Burdock Blood Bitters, has, during the last 35 years, built up an unrivalled reputation as a cure for all troubles arising from a constipated condition of the bowels.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
