SIDE WALKS.—That no Horses, Carriages, Trucks, Sleds or Sleighs, Wheelbarrows or Hand Carts to be allowed to travel lengthway on the Side Walks in this County under a penalty of not less than $1.00 nor more than $8.00 for each and every offence; and that no obstruction of any kind be left on the Side Walks for a longer time than is necessary to remove them from any Cart, Truck, or other Carriages, under a penalty of $2.00. And whereas divers persons have been in the habit of assembling together on the Streets and Side Walks to the great inconvenience and frequently to the intimidation of the public, it is ordered that all persons so assembled shall be liable to a penalty of not less than $1.00 nor more than $8.00 to be recovered in the name of any person suing therefor. On view of any Justice of the Peace.

FIRING WOOD.—That no Marsh Lands, Woods or Underbrush be burnt within the first day of May and the first day of September next, under the penalty of $40.00.

SHEEP.—That no Sheep be allowed to run at large from Cowie's Tan-yard to the N. W. of the Township and throughout all the Northern District, and from Bristol to a line as follows: To commence at Gaspar Rynards, Jr., and extend to the Sea Shore on the Western side of Indian Harbor, under a penalty of 50cts. for the offence, and $1.00 for the second offence, per head, and that Hogs be not allowed to run at large in any part of the County from the first day of September to the first day of December next, under a penalty of the forfeiture of the same. These Regulations to extend to Port Medway District, Mill Village District, and from Broad River to James Carter's in the Western District.

GEESE.—That Geese be not allowed to run at large from Cowie's Tan-yard to Fort Point, in the Town of Liverpool, or from the Main street to Jerry Johnston's, or from Bristol to Pudding Pan, and throughout all Milton, and the Northern District, under a penalty of 20cts. for every goose found running at large.

HOGS.—That Hogs be not allowed to run at large in the Northern District, Milton, Mill Village, Port Medway, Brooklyn, the Town of Liverpool, and from Broad River to Black Point, in Liverpool harbor.

HORSES.—That Horses be not allowed to run at large in any part of this County, from the first day of May until the first day of November next, unless they are properly fettered, under a penalty of $2.00, with costs for each and every offence.

SEA MANURE.—That Sea Manure be not allowed to be collected, or taken away from, the sea coast from sun set in the evening until sunrise in the morning, on any day throughout the year, ending the first day of February 1864, under the penalty of not less than $1.00 nor more than $6.00, to be recovered by any one Justice of the Peace for Queen's County.

COASTING.—That Coasting be not allowed in any of the public streets of Liverpool, under a penalty, for each offence, of $1.00.

COWS.—That Cows be not allowed to run at large during the night after nine o'clock until sunrise on the following morning, from Cowie's Tan-yard in Liverpool to Fort Point and Water street, and from Henry Godfry's to Joseph H. Dexter's on the shore road through Brooklyn, under the penalty of $1.00 for each and every offence.

Ordered.—That the County Treasurer pay out no County funds from the first day of January in each year until the General Sessions have met, and that all accounts against the County be filed in the Office of the Clerk of the Peace on or before that date.

Ordered.—That the Commissioner of Streets be authorized to employ persons to clear the Side Walks in the Town of Liverpool, during the winter season, directly after a fall of snow.

Ordered.—That Collectors of County Rates hand in delinquents to a Magistrate and make a complete return on or before the 15th November in each year.

Ordered.—That the Overseers of the River Fishery, make a return to the Clerk of the Peace, on or before the first day of December of all dues recovered by them during the year term of office.

Ordered.—That the Prothonotary file in the Office of the Clerk of the Peace on or before the first day of January in each year, a report of the Jury fees, read at each Session of the Supreme Court, and also the fees read for writs as prescribed in the Jury law.

Ordered.—That all Buildings, Improvements, Repairs, &c., for County purposes, be done by Tender and Contract.

Ordered.—That the Clerk of the Peace be authorized to prescribe any County Officer appointed by the General Sessions, for refusing to be sworn into office or for a dereliction of duty while in office when notified to do so by any of Her Majesty's Justices of the Peace.

Ordered.—That all officers appointed at the General Sessions be sworn into office within Twenty days of the publication of the List of Officers, and, any person appointed to an office to which, from any cause unknown to the Court, he is ineligible or unable to perform the duty, shall immediately notify the Clerk of the Peace of such inability. The penalty for the neglect of these Orders shall be $2.00.

Ordered.—That all penalties recovered under the Regulation of the Sessions, shall be appropriated as follows:—One half of the amount of the penalties to be paid to the Overseers of the Poor for the District in which it is recovered, and the other half to the Informer or party prosecuting.

Ordered.—That Officers exercise their duty only within the District for which they are appointed, unless especially provided for in the Statute.

By order of the General Session.

January Term, 1863.

WILLIAM FORD,
Clerk of the Peace.

Illustrated Scientific American.

The best Mechanical Paper in the World.

EIGHTEENTH YEAR.

VOLUME VIII.—NEW SERIES.

A NEW VOLUME of this popular journal commences on the first of January. It is published weekly and every number contains sixteen pages of useful information, and from six hundred original engravings of new inventions, and discoveries, all of which are prepared for its columns.

TO THE MECHANIC & MANUFACTURER.

No person engaged in any of the mechanical or manufacturing pursuits should think of "doing without *the Scientific American.* It costs but six cents per week; every number contains from six to ten engravings of new machines and inventions, which can not be found in any other publication.

TO THE INVENTOR.

The *Scientific American* is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an Official List of the Claims of all the Patents issued from the United States Patent Office during the week previous; thus giving a correct history of the progress of invention in this country. We are also receiving, every week, the best scientific journals of Great Britain, France, and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

A pamphlet of instruction as to the best mode of obtaining Letters Patent on new inventions, is furnished free on application.

Messrs. MUNN & Co. have acted as Patent Solicitors for more than seventeen years, in connection with the publication of the *Scientific American,* and they refer to 20,000 patentees for whom they have done business.

No charge is made for examining sketches and models of new inventions and for advising inventors as to their patentability.

CHEMISTS, ARCHITECTS, MILL-WRIGHTS AND FARMERS.

The *Scientific American* will be found a most useful journal to them. All the new discoveries in the science of chemistry are given in its columns, and the interests of the architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and mill owners will be found in the *Scientific American,* which information they cannot possibly obtain from any other source. Subjects in which farmers are interested will be found discussed in the *Scientific American;* most of the improvements in agricultural implements being illustrated in its columns.

TERMS.—To mail subscribers: Three dollars a year, or one dollar for four months. New volumes commence on the first of January and July. Specimen copies will be sent gratis to any part of the country.

Western and Canadian money or Post-office stamps taken at par for subscriptions. Canadian subscribers will please to remit twenty-five cents extra on each year's subscription to prepay postage.

The Soldier's True Friend! Always Ready.

Holloway's Ointment.

LONG marches, sore and stiff joints, blistered and indurated feet, all these the soldier mustandure, Mother remember this, when your sons are grasping their muskets to meet danger, think what relief a single pot of this all healing and soothing Salve will give to the one you love when far away from home and friends. It hardens and makes tough the feet so that they can endure great fatigue. It assuals and relieves the inflamed and stiffened joints, leaving them supple, strong and vigorous, while for

SABRE CUTS AND GUNSHOT WOUNDS

It stands unequalled, removing the wounds at night, often seized with most violent pains, cough and suffocating hoarseness first symptoms of quick Consumption, but if supplied with Holloway's Pills and Holloway's Ointment, all danger is averted. A few Pills taken night and morning, and the Ointment briskly rubbed twice a day over the throat and chest will remove the severest pains and stop the most distressing or dangerous cough. Therefore we say to the Army,

SOLDIERS ATTENTION.

See to your own health, do not trust to the Army supplies although most valuable. The Pills and Ointment have been thoroughly tested, they are the only remedies used in the European Camps and Barracks, for over forty years. Holloway has supplied all the Armies in Europe, and during the Crimean Campaign he established a depot at Balaclava, for the exclusive sale of these great Remedies, many a time his special Agent there has sold over a ton in weight of the Ointment in a single day. These terrible and fatal enemies of the Soldier, Dysentery, Diarrhœa, Dysentery, Scurvy, Sores and Scrofulous Eruptions, yield proper like a charm before these Pills and Ointment, and now while the cry rings throughout the land,

TO ARMS! TO ARMS!

Do not let these brave men perish by disease, place in their hands these Precious Remedies, they will enable them to resist the dangerous exposures, the Fevers, the Chills, and the wounds which they cannot avoid, and what is more, cannot frequently get succour in the moment of need, whereas if our brave men have only to put their hands into their Knapsacks and find there a sure remedy for all the casualties of the battle field. How many thousands of lives would thus be saved who would otherwise perish before relief could be obtained.

CAUTION!—None are genuine unless the words "HOLLOWAY, NEW YORK AND LONDON," are discernable as a water mark in every leaf of the book of directions, around each pot or box; the same may be plainly seen by *holding the leaf to the light.* A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

*** Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicines throughout the civilized world in pots, at 25c., 62c. and $1 each.

There is considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each pot.

Dr. LaMert on Self-Preservation.

Price, with engravings and cases, 25cts, by post, 25.

SELF-PRESERVATION: a popular Essay on the Nervous and Physical Weakness resulting from injurious habits contracted in youth, or excessive sexuality, which prematurely exhausting the functions of manhood, destroys the happiness of married life, or prevent the fulfilment of engagements it will constitute the most cherished objects of existence.

By Dr. LA MERT, 37 Bedford square, London. Licentiate and Member of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur at the period of puberty, during the period of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practicing upon the medical qualifications inflict most serious injuries, and resort judicious treatment frequently abortive.

The author is the only legally-qualified practitioner whose name stands on the "Medical Register" (the sole test of medical qualification), who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which owing to the great discoveries of modern science, are rendered subservient to a rational, safe and speedy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter.—37 Bedford square, London, England.

Patients residing in the colonies can be successfully treated by correspondence, and remedies can be forwarded in secrecy and safety to any address.

Self-Preservation may be had of the undermentioned agents, price 25 cts., free by post, 30 cts.—
