THIS COMPANY, which has been established 30 years, commenced with a subscribed Capital of $3,000,000, and was the first, 20 years ago, to offer to the Public two Scales of Premium—the lower, to insure only a fixed amount; the higher, entitling the Insurers to a participation in the profits.

Advantages offered to Insurers.

Very low Rates of Premiums on Young Lives.

The security of a large realised and invested Capital.

Large Bonuses on Policies effected on the high Scale.

Prompt settlement of Losses.

The full value given for Policies when discontinued.

On Insurances for the Whole of Life; one-half of the Premium, if desired, permitted to remain unpaid for the first seven years, as a Loan at interest, and then to be paid, or to remain as a permanent Loan, at the option of the Insurer.

Loans upon Policies for the Whole of Life, after payment of three Premiums, in proportion to the value of same.

The acceptance of Naval, Military, Climate, and Special Risks of all kinds, on payment of a commensurate Premium. Age admitted on the Policy when issued, if desired, on proof of date of birth.

Permission for the Lives assured to reside in any part of Europe, without extra premium or special license, and to, at and from California, at a small extra premium.

Insurances, if required immediately, may be effected any day between the hours of 10 and 4.

The Pamphlets published by this Company fully set forth the merits of Life Insurance; and copies thereof may be had, *gratis*, on application to the Agent, who is also prepared to furnish every information that intending Insurers may require.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at *much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.*

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most Liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their interest in their respective Policies.

Analysis of the Water of the Georgian Spring.

I have made a careful quantitative analysis of a quantity of this Water sent me by the Proprietor of the Spring, Captain Kaine. It is a Saline Water, containing earthy Chlorids, with portions of Bromids and Iodids, thus resembling the Plantagenet Water, from which it differs chiefly in the presence of a portion of Sulphates, which are not often met with in Waters of this class in the Province. It has a specific gravity of 1.008.28 and contains in one pound avoirdupois, the affixed quantities of the following substances:—

	Grains.
Chlorid of Sodium	65.22000
Chlorid of Potassium	.72800
Chlorid of Calcium	.31003
Chlorid of Magnesium	3.45982
Bromid of Magnesium	.02916
Iodid of Magnesium	.01904
Sulphate of Lime	1.35044
Carbonate of Lime	2.08600
Carbonate of Magnesia	2.54016
Carbonate of Iron	Traces
Silica	.14300

T. S. HUNT,
Chemist to the Geological Commission.

Office of the Geological Survey,
Montreal, May 26, 1851.

Having compared T. S. Hunt's, Esq., analysis of the Mineral Water of the Georgian Spring with the analysis made by him of the Plantagenet Spring Water, I may mention that the Water of the Georgian Spring contains all the ingredients found in the Plantagenet, with the addition of Sulphate of Lime, differing however in some respects as regards quantity.

I have delayed giving my opinion of the efficacy of the Georgian Water, in order that an opportunity might be afforded me of speaking more confidently of the advantages to be derived from its employment. I have witnessed beneficial results from its use, as an aperient, antacid and diuretic, and also in allaying the distressing gastric derangement attendant upon the early months of pregnancy. I have no doubt that the Georgian Spring Water will be found equally beneficial in the cure of Rheumatism, Scrofula, and Dyspepsia Affections, as any other Mineral Water met with in the vicinity of this city.

Montreal, August 15th, 1851. 443

Mr. W. E. BOWMAN:

SIR,—With pleasure I give you my opinion of the Georgian Spring Water, of which you are Agent. Being induced by its superior qualities, as shewn me in the Analysis furnished me by T. S. Hunt, Esq., Chemist to the Geological Commission, to give it a fair trial in many cases, both in my public and private practice, and I have not been disappointed in the result. I have found it one of the most valuable of Mineral Waters that I have ever prescribed. I consider it highly advantageous in most cases of Rheumatism, Dyspepsia, and many other diseases requiring Tonics, Alteratives, or Laxatives. In Constipation of the Bowels, caused by Sedentary Habits or Old Age, it will be found extremely useful, and if judiciously administered, it is likewise a most valuable remedy for many diseases incident to women. I have also noticed happy effects from its employment in allaying the irritation in so of Fevers, producing beneficial results from its Tonic and Laxative action, and I have no doubt that it will be found equally useful in removing and assuaging that extreme thirst in hot weather, which, by gratifying with ordinary drinks, so debilitates and exercisies people generally. Yours, &c.

Caledonia Springs, 2nd June, 1851.

[Extract of a letter from P. J. Lacroix, Esq., of Montreal.]

I beg to state that in July, 1840, I went to the Springs for the purpose of testing their efficacy in a case of the most violent Rheumatism, under which I had been suffering for several years previous. After remaining at the Springs for about three weeks, and making free use of the Waters, my limbs were entirely relieved from all pain, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced immediate relief from their use. I consider the Waters of the Caledonia Springs to be most efficacious in cases of Rheumatism.

To the proprietor of the Caledonia Springs.

MONTREAL, 6th June, 1851.

DEAR SIR,—In compliance with your request, I have much pleasure in giving you my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, as long and highly appreciated by the Public, based upon the observation of some twenty-five years' experience, and tested as they have been by a great many patients of mine and others, labouring under Rheumatic affections and the different forms of disease to which the human frame is liable, I consider them invaluable. Few persons, except those who have suffered from this dreadful malady, can justly appreciate their wonderful curative effects, I have often seen persons martyrs to this disease, (myself for one during ten years,) which baffled all medical skill, both in England and on this Continent, resort to the Caledonia Springs walking on crutches, and others that could not walk at all, worn down by protracted sufferings, and their general health disordered and broken down by confinement and want of exercise, return to their homes in their pain, leaving behind (with unspeakable joy) their crutches, and with health, strength, appetite, and activity perfectly restored. Striking as such results are, the curative action of these Waters, the Intermittent and Sulphur Springs in particular, have been almost as efficient in other diseases, such as Lepra, generally called *Salt Rheum*, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and I am sure that a great number of those cases that leave the Springs greatly benefited, but not completely restored, would have been cured by a more extended use of the spa. That these Waters have acted in many diseases as a specific, seems to be generally admitted, and so much respectable testimony to this effect has already been laid before the Public, that to say more would be superfluous.

HY. MOSSY,
Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

MONTREAL, 13th December, 1842.

DEAR SIR,—I have to assure thee I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances have enable me to grant you a favourable Certificate with more than usual propriety; many of my patients have tested the efficacy, and derived great benefit from the use, of the Waters. Of all diseases that have come under my notice, in which a preservative use of the Baths and Waters promises the most beneficial results, Chronic Rheumatism ranks the first. Many of the cures in this disease have been truly astonishing. I met with a case last summer, where the individual, a delicate female, had been suffering severely for more than nine months; she had completely lost the use of her hands, and could only walk a few steps with great pain and difficulty. After a residence of six weeks at the springs, she returned free from pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters useful in Dyspeptic and Urinary Complaints, in Chlorosis, Secondary Syphilis, and some of the forms of Cutaneous Disease.

In conclusion, allow me to add, from a personal visit to your Establishment, that (independently of the acknowledged virtues of the Waters) the great courtesy you have been pat me in the management of the place, and the unwearied care and attention which you bestow to the comfort and convenience of your Boarders, justly entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly,

GEORGE M. CAMPBELL, A.M., M.D.,
Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

☞ A FRESH SUPPLY of the above WATERS has been received at the Depot, which can be had at the Counter, or sent to order to any address in town or country. Price of the Water very moderate. 363

SCROFULOUS AFFECTIONS, &c.

In all these distressing and prevalent cases, there is no question regarding the efficacy of this Medicine, its eminent Physician of this city, writes as follows:—

Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of all remedies in Scrofulous affections. One of my children, a daughter of 5 years old, was afflicted with a very inveterate and pronounced Scrofulous affection, which had continued its ravages nearly two years, various remedies were tried but without effect—The disease exhibited itself in several deep-seated ulcers the discharge from which was scrimonious and very fœtid. At this crisis, I commenced the treatment with Dr Sherwood's Galvanic Embrocation—the only remedy used in connection, was a decoction of Sarsaparilla, which soon conquered the disease and a complete cure was effected.

THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a remedy for use that would instantly stop the most severe pangs of pain, and speedily remove its cause.

We proposed to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their investigations, and to illustrate its merits and miraculous power over pain upon the patients.

We claimed that it would allay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vivacity, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhœa discharges, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous head-ache in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop the most tormenting toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous, and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sayings of Medical Scientes shook their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would cure quicker on paper than by practical experiments; thousands who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from all over village, town, city, within 500 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were conquered; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. Its fame spread from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as purest marble—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan-like neck,
No dark repulsive spots, to mar the pleasing picture,
Or to cast half shadows over beauty's master piece,

RADWAY'S MEDICATED SOAP,

Composed of the most delicious, rare and fragrant gums Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wonderous virtues over skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, free access to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth, it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive, and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CHILBLAIN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, soft and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs—
Fastens the hair upon the scalp, and forces it to grow—
Like gumm to a barren soil, it makes it rich and productive—
To dress the hair, makes it smooth and glossy,—
Strong and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

PRICE 50 CENTS PER BOTTLE.

SWAIM'S
CELEBRATED PANACEA,
FOR THE CURE OF
INCIPIENT CONSUMPTION, Scrofula, General Debility, White Swelling, Rheumatism, Diseases of the Liver and Skin, and all Diseases arising from Impurities of the Blood, and the Effects of Mercury.

SWAIM'S PANACEA has been for more than thirty years established in this country and in Europe for its extraordinary cures—for the certificates of which reference is made to the pamphlets and books (which may be had *gratis*) accompanying the Panacea. Some of which give the particulars of cases too frightful for general publication, where the patient had been almost eaten up with Scrofula, and were deemed incurable by Physicians.

It has been used in hospitals and private practice, and has had the singular fortune of being recommended by the most eminent physicians and other eminent persons. Among others by—

W. Gibson, M.D., Prof. of Surgery, Pa. University;
Valentine Mott, M.D., Prof. of Surgery, N. Y. University;
W. P. Dewees, M.D., Prof. of Med., Pa. University;
N. Chapman, M.D., Prof. of Physic, Pa. University;
T. Parke, M.D., Pres't. College of Physicians, Phila.;
Dr. Del Valle, Professor of Medicine, Havana;
Sir Benjamin Lara, Prof. of Surgery, Lisbon;
J. Chapman, Member Royal College Surgeons, London;
G. W. Irving, late Minister to Spain;
Sir Thomas Pearson, Major-General British Army;
Gilbert Robertson, British Consul, Havana, &c. &c.

And also, the wonderful cures effected by Swaim's Panacea have for many years made it an invaluable remedy. The Panacea does not contain mercury in any form, and being an innocent preparation, it may be given to the most tender infant.

The retail price has been reduced to $1 50 per bottle, (containing three half pints,) or three bottles for $4.

BEWARE OF IMPOSITION.

Swaim's Panacea is in round bottles, fluted longitudinally, with the following signatures blown on the glass—"SWAIM'S—PANACEA—PHILADA."

and having the name of JAMES SWAIM stamped on the sealing wax, and written on the label covering the cork, and a splendid engraving for the side of the bottle, composed of symmetric lathe work, comprising nine different dies, which have been turned for the exclusive use of the Proprietor, by Draper & Co., bank note engravers, of Philadelphia. In the centre is a portrait of the late Wm. Swaim, copyright secured.

ALSO, SWAIM'S VERMIFUGE.

A valuable Family Medicine, being a highly approved remedy for all diseases arising from obstruction of the digestive organs, such as Worms, Cholera Morbus, Dysentery, Fever and Ague,
