PARISHIONERS OBJECT TO APPOINTMENT OF FATHER LAURENDEAU

Meeting Held at Ford to Protest Against Bishop's Choice.

WINDSOR, Aug. 22.—When unofficial announcement was made today that Rev. Father Laurendeau of London, had been appointed parish priest to succeed Rev. Lucien Beaudoin, who died at Montreal, Sunday, a number of parishioners of Our Lady of the Lake Church at Ford held a protest meeting.

The meeting was held behind closed doors, but on a street corner several who took part voiced their objections to Bishop Fallon's selection. Their chief grievance seemed to be that Bishop Fallon had not selected a priest from Quebec.

The meeting followed memorial services in the church for Rev. Father Beaudoin. Rev. Father Dennis O'Connor, vicar-general of London Diocese, represented Bishop Fallon, while Rev. Father Chas. Laliberte preached the sermon.

USED CAR DEPARTMENT.

Diamonds

The other day a gentleman visited us, remarking that he was going to buy "her" a diamond, because a lady friend of his had remarked, "If you want to make a girl happy give her a diamond." That is exactly the way we feel regarding the giving of diamonds, whether it is a small stone or a large one. We pride ourselves upon the fact that our diamond stock is complete in every detail, and there is not a better stock of diamonds anywhere than we carry. Every one is guaranteed to be exactly as represented, whether you have merely $20 or several hundred dollars to pay for a diamond. Special values from $25, $35 to $500.

DIED OF WOUNDS

Pte. H. C. Burnett, whose death occurred on August 9th, received a letter of praise from his commanding officer, for his work during a raid. He was a member of a London battalion, and his wife and two children reside at Oxford Park, this city.

WARM WELCOME AT PARKHILL FOR MEN BACK FROM TRENCHES

Outing for Returned Soldiers Yesterday Was Greatly Enjoyed.

Practically every citizen in Parkhill assisted in welcoming to their town nearly 150 men from the Central Military Convalescent Hospital on Wednesday afternoon. Every residence and store in the central portion of the town was attractively decorated in honor of the visit. Huge evergreen arches bearing greetings to the party were erected, and through these passed the automobiles, after they had been met some distance from the town by a delegation.

Headed by the Parkhill band they made their way through the streets, thronged with people, to the extensive grounds of the high school. Col. Racey and Mayor J. C. Knapton were at the head of the party, followed by Reeve Harrison and Councillors McGregor, Jackson, Tudor, Sibley and McPhee. Parkhill's own returned men, Capt. Graham, Lieut. George B. Lawton, Pte. Danny Morrison, Pte. Ed Schomaker and Pte. Johnston, marched in the procession.

A Fine Program.

The program opened without delay. Baseball teams were picked from the ranks of the returned men and the citizens. Although they were only scrub teams, they were found to contain some excellent material and the game was keenly contested and ended in a tie. A program of races was dispensed with, owing to the lateness of the hour, but an interesting feature of the day was an impromptu exhibition of bomb-throwing. Many of the men were experts and could toss the deadly little missiles within a small inclosed space the width of an average trench and only six feet long.

The long automobile ride gave everybody an appetite and full justice was done to the excellent supper provided by the ladies of Parkhill. Three large tables set in the open were necessary to accommodate the men.

A brief entertainment was held after the refreshments had been served, Capt. Graham acting as chairman. The toast to the King was responded to by the singing of the National Anthem, followed by lusty cheering.

The toast to the returned soldiers was proposed by Rev. Dr. Dougall of London. He praised the cheery demeanor of the returned men, which they preserved in spite of their many trials. His statement that he ventured to say every returned man present was an ardent conscriptionist met with rounds of applause, which also greeted his further assertion that what the returned men wanted most was not something for their own comfort or advancement of their own ends, but conscription, that help might speedily be sent to their comrades in the trenches. They wanted also, he said, a national government, bent only on winning the war, and not a country given over to "partyism."

Duty of Quebec.

Lieut. Williams, who responded to the toast, also met with storms of applause as he demanded that Quebec should send its full quota of men to the front and not be exempted because of the disturbances there.

"I don't know where Canadians would be if they had depended on those people," he said. "In the hearing of all you soldiers, who know conditions and understand the need, I say that we want conscription and we want it right away for every man that is able to bear arms.

"Politics has ruined military life in Canada today. We want a war party with but one aim, 'The successful conclusion of the war.'"

Other speakers were Capt. Morris, W. H. Bartram and E. R. Wilson. Lieut. George B. Lawton and Pte. Danny Morrison were presented with gold watches, as a mark of esteem in which they are held by the citizens. The address to Lieut. Lawton was read by Rev. Mr. Farney, and that to Danny Morrison by Reeve Harrison.

Musical Numbers.

A musical program, to which the returned men contributed generously, was a feature of the entertainment. Two especially pleasing numbers were solos by Miss Elliot and Miss Egleton. J. V. Wachter was the pianist and returned men who contributed numbers were Paddy Carreghan, Pte. White, Pte. E. Smith and Corp. Phillips.

Cars for the occasion were loaned by R. J. Webster, Alex Summers, J. E. McGuffin, Dr. Craig, L. A. Keenleyside, T. F. McCracken, J. C. Beemer, Isabel Hampton, I.O.D.E.; Fred Hunter, Frank Harley, William Curtis, J. W. Eddy, Arthur Nobbs, Mr. JaJrmain, E. H. Johnston, Dr. S. M. Kennedy, John G. Orchard, Mr. Travers, J. M. Moore, Kenneth Green, C. S. Gibson, Sir Adam Beck, A. D. McLean, Mrs. L. C. Johnston, George Perry, Mr. Hickey, R. P. Pearce, M. Bruce, F. D. Sharman, T. H. Baker, The Advertiser, Universal Motor Sales.

CORP. ERNEST FULLER IN HOSPITAL WITH TWO GUNSHOT WOUNDS

Percy St. Clair Aldridge of Chelsea Green has just heard from his daughter, Mrs. Ernest Fuller, now attached to No. 10 Western University Stationary Hospital at Eastbourne, England, particulars of the wounding of his son-in-law, Corp. Ernest Fuller. The corporal went overseas early last year. He was, writes his wife, wounded on June 23 with two gunshots in the thigh. He was taken to the military hospital at Bournemouth, and later transferred to the Western "U" Hospital, where his wife is in charge of the officers' and patients' cooks.

Mrs. Fuller is the fourth member of Mr. Aldridge's family serving overseas. Her husband is the fifth. Mrs. Fuller went to England last year with the imperial service, and was transferred to No. 10 Hospital this spring.

The Aldridge family came to London eight years ago from Eastbourne. Since the war there have been four reunions in the old home town. The first was when Percy Aldridge, who went overseas with the 33rd Battalion, got his first leave from France, and met his sister there. Corp. Charles Aldridge was wounded at Vimy Ridge, and sent to Lincoln, England. Later he, too, was transferred to Eastbourne. Corp. Fuller, who was employed in London with W. Heaman & Sons, comes from Eastbourne, too.

A letter from Corp Frank Aldridge, third brother to enlist, announces that he has been placed in charge of the bombing section of the 14th Montreal Battalion. He crossed to England with the 142nd Battalion.

SKIPPER WATT MAY TURN HIS FINE YAWL OVER TO GOVERNMENT

Veteran Londoner Is Home After Exciting Cruise on Lakes.

"Commodore" P. J. Watt is in town today with his pockets as full of gold as was the well-known pirate's hold in the story book poem, if a story which appeared in Tuesday evening's Toronto Star is true. Eddie Pugh, of Hamilton, who was one of the crew of Mr. Watt's yawl, Barbara, during a recent cruise around Lake Ontario, says that while they had a stormy time off Grimsby and Newcastle, it was nothing compared to the stormy times that they had below decks every evening. The Star says: The big yawl Barbara of the R. C. Y. C. fleet is in Hamilton after a two-weeks' cruise around the lake, and her owner, "Skipper" Watt, of London, may turn her over to the Government for a patrol boat. The Barbara's crew on the cruise around Lake Ontario consisted of the owner, Mr. Watt, Gus Ellis, Eddie Pugh and Lou Martin, of the Queen City Yacht Club, Toronto, and Messrs. English, Robinson and Connell, of Hamilton. They had a large time. The fun included a couple of lively hours in squalls, one off Grimsby and the other off Newcastle. The Grimsby episode was decidedly strenuous. It hailed and blew so hard that the crew had to douse practically everything, and Eddie Pugh had a narrow escape from a trip overboard when the mezzen gybed. Pugh says that the battles they had on deck with the elements were only a patch to the battles they had between decks with the skipper each night. He says that the London man had all the crew's "wages" at the end of the trip, and took the "deck" home as a souvenir.

WARNING ISSUED TO CONSERVE FUEL AND PREVENT A FAMINE

Premier Hearst Urges Consumers to Practice Utmost Thrift.

A circular just issued by Premier Hearst states that war conditions have so affected the fuel situation in Ontario that it is imperative that every consumer practice the utmost thrift. The circular says:

Energetic measures are being adopted to prevent fuel shortage. This can only be attained by the fullest co-operation and assistance of every coal consumer.

Co-operation may be effected by the adoption of the following precautions, viz:

1. Refrain from using fuel of any kind, including gas, until it becomes absolutely necessary.
2. Practice rigid economy in the use of fuel.
3. Wherever possible use substitutes for coal to the fullest possible extent.
4. Guard constantly against waste of fuel when making or cleaning fires, and when using gas.
5. Thoroughly sift all coal ash, and burn the residue. The result will be surprising. One-tenth of the fuel originally fed to the fire has been recovered and utilized in this way.

The faithful observation of the foregoing by all consumers will have a marked effect in conserving the coal supply, and may avert a serious crisis.

STOP DANDRUFF! HAIR GETS THICK, WAVY, BEAUTIFUL

Girls! Draw a cloth through your hair and double its beauty.

Spend 25 cents! Dandruff vanishes and hairs stop coming out.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

RED CROSS OUTPUT DOUBLES IN YEAR

Reports for the past year from officers conveners and committees and presidents of auxiliaries, which were received yesterday afternoon at a meeting of the executive of the London Red Cross Society, revealed the fact that the output of work for the city and the many circles in Western Ontario which ship through Hyman Hall headquarters had practically doubled. These reports will be put in shape for presentation at the annual meeting, to be held in the city on September 13. This date has been chosen to enable delegates representing out-of-town circles to take advantage of the Western Fair rates.

The city alone has eight auxiliaries, which are rendering outstanding service—the north, south, east and west, the Catholic Women's Red Cross, London Junction, Smallman & Ingram's, and the Salvation Army Home League.

Names were brought up at the meeting of speakers who will be asked to deliver addresses along lines which will prove helpful and interesting to Red Cross and Canadian War Contingent workers.

LEGAL QUERIES

Question: In your issue of Friday, 17th inst., in regard to trouble with tiles draining into my property, you advised me to make inquiries of former owners as to how the drain was made. That I am unable to do, as former owners and builder is dead, but on my deed is written "Shall have quiet possession of such lands, free from all incumbrance," which I take to mean that no one has any privilege, and I can dig up or close in, as suits my convenience. Am I right?

Answer: I think it would be advisable for you to search in the registry office and see if there is nothing in the deeds prior to yours governing this matter. You might also see Mr. Weld, one of your neighbors, whose late father owned all the land over there, of which your lot forms a part.
