An interesting song service was gone through and the members of the fife and drum band did their duty. Complimentary speeches were made. Those who received special prizes are: Elgie Brough, Willie Hawkey, Harry Neal, Willie Crine, Bertie Cobban, John Rennick, Fred Meehan, Fred Meech, Norman Hallett.

Park School Closing.

A large number of parents and friends attended the closing exercises of the Park School yesterday. Trustees Roden, Whiteside and Dr. Thomson delivered short addresses. The audience was much pleased with the showing made by the pupils, and complimented the principal and teachers on the efficiency and discipline shown.

Winchester School Leads the East.

The closing exercises of Winchester Public School yesterday were conducted by Principal Thomas Parker, who vacated the chair to one of his pupils, Master Fergie Acheson, who assumed the new duties and called out the program with credit to himself and the principal. Excellent addresses were given by Trustees Roden, McPherson and Dr. Thompson and by Revs. O. C. S. Wallace and Stuart Acheson. Mr. Doan, inspector of the eastern district, numbering 12 schools in all, stated in his address: "I speak advisedly when I say that Winchester School stands second to none in my district."

Mr. Thomas Parker and his able staff of teachers have a right to feel proud of the position acquired.

The closing exercises were well attended, and many had to leave for want of accommodation.

There were similar exercises at the other public schools.

Summering at Grimsby Park.

The following families have arrived and taken up summer residence at Grimsby Park during the past week: From Toronto, Mrs. Jarmin, Mrs. Millichamp and family, Mr. W. S. Lear; from Hamilton, Dr. and Mrs. Miller, Mrs. Baillie and family, Mr. W. L. Smith and family, Mrs. Lazier; from St. Catharines, Mrs. Seymour and the Misses Seymour, Mrs. Fitzsimmons, Mr. and Mrs. C. M. Gripton, Mr. Lee; from Virginia, Mr. D. W. Hopkins and family.

The park has on its loveliest appearance and everything looks towards a very pleasant season.

Dominion Day Concert.

The concert by the children of the Public schools should be one of the most popular of the Dominion Day celebrations. A chorus of 1800 white-robed choristers, assisted by the band of the Royal Grenadiers and speeches by the Hon. G. W. Ross, Minister of Education, and Rev. W. F. Maxwell of Elm-street Church will comprise the program. The Mutual-street Rink should be crowded at 2 o'clock on Saturday. There will be no charge for admission.

No family living in a bilious country should be without Parmelee's Vegetable Pills. A few doses taken now and then will keep the Liver active, cleanse the stomach and bowels from all bilious matter and prevent Ague. Mr. J. L. Price, Shoals, Martin Co., Ind., writes: "I have tried a box of Parmelee's Pills and find them the best medicine for Fever and Ague I have ever used."

Their New Bank.

Operations on the new Bank of Commerce building at the corner of King and Jarvis were resumed a couple of weeks ago and are progressing rapidly. It is expected the building will be opened for business in September. Work had been suspended on the building during Mr. S. W. Beard's illness, but upon his recovery Miss Beard's affairs were taken out of the hands of the Trusts Corporation and placed in his hands as formerly.

CLAIMS AGAINST THE CITY.

Defective Sidewalks and Accumulations of Ice Come Expensive.

At the Assize Court yesterday morning Charles Ritchie, Q.C., on behalf of Matthew C. Ellis, Walter Barr and Thomas H. Lee, applied to Judge MacMahon to dismiss the indictments pending for the last three months against them for alleged unlawful combination and conspiracy. The complainant was Frank S. Taggart. Mr. Riddell, representing the crown, stated that he had been instructed by the Attorney-General not to oppose the application, as Mr. Justice Falconbridge had quashed the statutory indictments in another branch of the same case. A verdict of not guilty was endorsed on the indictment by Judge MacMahon.

A Verdict for $300.

The jury in the case Organ v. Toronto returned a verdict in favor of the plaintiff for $300 damages. The judge will deliver judgment to-day concerning the responsibility for the icy pavement which was the cause of the accident whereby Miss Organ's wrist was dislocated.

The Nightwatchman Got $500.

In the case of McConachie against the City, a verdict of $500 was returned for the plaintiff. McConachie, who is a night patrolman, injured his ankle last March owing to a defective sidewalk in College-street near University-street.

A Claim of $1000.

In the afternoon the case of John Langstaff, a farmer of Thorahill, versus the City for injuries incurred on March 4 last by the plaintiff, who was thrown from his rig at Queen-George-streets, was heard. This accident was due, plaintiff claims, to the accumulation of ice and snow between the street car tracks and the kerb. He wants $1000. The case was not concluded.

The case of the General Electric Co. v. the Victoria Electric Light Co. was laid over till the next court.

THE WEAKEST SPOT in your whole system, perhaps, is the liver. If that doesn't do its work of purifying the blood, more troubles come from it than you can remember.

Dr. Pierce's Golden Medical Discovery acts upon this weak spot as nothing else can. It rouses it up to healthy, natural action. By thoroughly purifying the blood, it reaches, builds up, and invigorates every part of the system.

For all diseases that depend on the liver or the blood—Dyspepsia, Indigestion, Biliousness; every form of Scrofula, even Consumption (or lung-scrofula) in its earlier stages; and the most stubborn Skin and Scalp Diseases, the "Discovery" is the *only* remedy so unfailing and effective that it can be *guaranteed*.

If it doesn't benefit or cure, you have your money back.

On these terms, it's an insult to your intelligence to have something else offered as "just as good."

TUESDAY EVENING, June 28.

Local stocks were dull to-day and prices generally easy. The scarcity of call funds even at the present firm rates is curtailing speculation, and transactions are unusually small. To-day there were only a few small sales of lots of from 10 to 25 shares. There was no change of importance in prices. Quotations are:

TIPS FROM WALL-STREET.

Monroe, Miller & Co. of New York send the following despatch over their private wire to their Toronto office, No. 20 King-st. east:

NEW YORK, June 28.—It is interesting to note the different interviews and opinions regarding the action of India in establishing a gold standard. Wall-street is not lacking in financial topics, but the silver question takes precedence. While the country's executive is receiving a vast amount of gratis advice and counsel urging the necessity of repealing the Sherman Act, the cabinet wisely refrain from utterances which would in any manner intimate the course proposed. That the President and the Cabinet appreciate the situation is conceded. There was a notable depreciation in mining stocks of from 2 to 10 points with a feverish tendency. The man who can see any exceedingly bright spots in the market may be considered a phenomenon. We hear of the return flow of currency from the west, anticipation of July interest and other mythical causes for the better financial feeling and the consequent marking up of prices, but aside from the rush to cover by a certain class of greedy shorts we can see no appreciable advance for some time hence.

Stocks opened at declines or from ¼ to ¾. Gen. Elec. leading, closely followed by D.L. and W., Reading, Sugar, St. Paul, R.I., L.N., and Mo.P. London was strong and steady with very few orders. The advance in D.L. and W. does not seem warrantable, the advance in anthracite of 25 cents being considered unreasonable. The five point advance is thought to be merely a squeeze, which was in part testified by its action at the opening to-day. The market continued weak and dull during mid-day. Fair blocks of St. Paul, Mo.P., Sugar and Gas were sold by the traders. London was weak at ¼ to ½ lower at the close. Stocks closed decidedly weak and feverish; considerable liquidation was apparent during the last hour. Missouri, Pacific, St. Paul, G.E. and Lead were depressed. Boston sold W. U. and St. Paul. There was a steady effort to sell bonds without breaking the prices. Money closed 10 bid; highest 50, lowest 10, last 20; reported one loan made at 60 just before the close.

GOSSIP FROM CHICAGO.

R. Cochran received the following despatch from Kennett, Hopkins & Co. to-day:

CHICAGO, June 28.—Wheat—Manipulated bulges, like that of Monday, arrest the downward tendency temporarily, but the market is afterwards all the weaker when left to itself. Duluth is shipping out some wheat because its stock is on the bargain counter and the views of buyers are met. Chicago has been drawing wheat for months from every quarter, and it will be retained here indefinitely unless the banks refuse to join speculators in maintaining the inflated market that has so long existed. There is apparently no hope of a bull market while stocks are so oppressive and money so tight. It looks as if a disastrous liquidation would some day be forced. Corn and oats somewhat easier in sympathy with wheat but values have been fairly well maintained. Provisions steady and rather more active.
