Ayer's Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

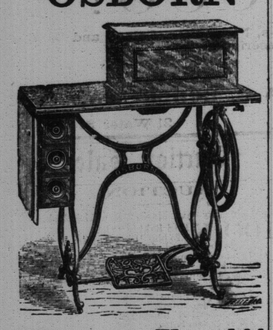
OSBORN



First, as Usual!!

THREE years in succession. The Osborn was awarded at the Great Central Exhibition Guelph, 1874, the first prize for Family Sewing Machine, and second prize as Manufacturing Machine. The new patent shuttle makes the Osborn unrivalled. In this Shuttle there is not the annoyance that is experienced in all other Shuttles; there are no holes in the Osborn Shuttle, and the thread can be put in its place in an instant. The Tension is self-regulating, which cannot be approached for smoothness.

THE PARLIAMENT OF CANADA.

(*Special to the Daily Tribune.*)

The Pacific Railway Bill.

OTTAWA, March 30.

After recess last night the discussion on the Pacific Railway was continued by Blake. He strongly opposed the passage of the Bill giving the Premier power to enter into contracts for the construction of branches of that railway without submitting those contracts to Parliament for approval or disapproval. Under the circumstances of the country, he doubted the wisdom of agreeing to expend $2,000,000 annually in British Columbia, and agreeing to a time limit for building the main line of the Pacific Railway, when the Georgian Bay branch and Vancouver's Island branch were to be put under construction. It was a question whether the Parliament was not running a risk in assenting to those terms and breaking up a policy which was laid down last session that the burden of this country should not be further increased in constructing this railroad.

Wallace's amendment for second reading of the bill in three months was defeated, on vote of 101 to 64, Blake and Mills voting against the Government. The bill then got a second reading.

On motion for a third reading of the bill, Dr. Tupper moved an amendment that contracts, before being awarded, should be submitted to Parliament.

The Premier appealed to the House to place the Government in a position to keep faith with British Columbia.

A vote was then taken and the amendment defeated on a division of 91 to 64. The bill was then read a third time.

Several local bills were passed, after which the House adjourned.

LEGISLATURE OF NEW BRUNSWICK.

(*Special Telegram to the Tribune.*)

HOUSE OF ASSEMBLY.

FREDERICTON, March 30.

Mr. Murchie committed a bill to repeal an act for the imposing of a wild land tax and to provide a fund for the opening of roads and building of bridges on wild lands. He said he claimed the repeal of the act on grounds of justice, equal rights, and fair play. Persons who pay the tax are, generally, non-residents, and instead of the money being expended for roads and bridges near lands where raised it is misappropriated. Besides this, non-residents are taxed on three times as much as residents. Lumber operations, and the effect of storms, have denuded the lands and rendered them comparatively valueless, while they are taxed. He showed a case in which a certain tract of land granted to a railway had paid over $14,000 previous to 1871 in tax altogether, while none of it was devoted to roads and bridges through or in the tract itself. The parties who impose this tax are residents, and, by robbing the non-residents in this way, escape taxation themselves. He was willing that every man should bear his just portion of taxation, but the manner in which the wild land tax is imposed is an iniquity that should be wiped out. He himself had to pay three poll taxes in one Parish in York. Mr. Murchie read a statement, comparing taxation on lands in Maine as compared with the Parish of Canterbury, showing that taxation in the latter place is ten times as much. Comparison with Quebec showed a much greater difference against the Province. He said the taxes were so oppressive that they must be evaded in some way if the law is not repealed. He showed that to pay the tax alone the owner would have to cut more lumber than it was possible to cut. If it was not repealed the mills would have to be allowed to rot down, as they could not be kept up.

Mr. Barker said wild lands are being locked up by private parties, and are becoming more valuable all the time while they are shut against settlement.

Mr. Smith thought Murchie had made out a good case.

Mr. Austin said there is entirely too much land in the Province locked up for speculation.

Hon. Mr. McQueen would favor improving the Act so as to secure the expenditure of the tax on the land where it is raised.

Mr. Murchie said the land was not held for speculative purposes, as he would be willing to give large tracts away to any person who would take it.

After a lengthy debate progress was reported with leave to sit again and the bill was referred to a select committee consisting of Messrs. Murchie, Cottrell, Davidson, Rogers, and Humphrey.

The assessment bill was made the order of the day for to-morrow.

Mr. Davidson, from the select committee, reported in favor of the Albert Railway bill with amendments. He also presented nine petitions, in favor of said bill.

The Meduxnekeag Stream Driving Co.'s bill having come up for a third reading, it was allowed to lie until further information could be received in reference to it.

Mr. Dow committed the Fredericton Water Supply Bill and it was amended so as to leave the Commissioners free in their choice of a Secretary. Agreed to.

Mr. Keans introduced the St. John Slaughter House Bill, Davidson in the chair. The mover explained and referred to the amendments agreed upon by the Select Committee protecting the rights of those who have already erected, and are now maintaining, slaughter houses with due regard to sanitary laws. Mr. Smith also explained that these amendments removed objections he had raised.

LEGISLATIVE COUNCIL.

FREDERICTON, March 30.

The bill to enable the Trustees of the Grammar School in the Parish of Harvey, Albert, to transfer lands, &c., passed.

The bill to incorporate the Eel River Log Driving Company was recommitted and passed with amendments, after a long discussion, in which Messrs. Hibbard, Hamilton, Seely, Bailey, Harrison and Lindsay took part.

Three Fires in Portland.

Three fires took place in Portland this morning, one of them being of a serious nature, and the other two causing but slight damage. The first alarm was given about 9 o'clock, and it was found that a spark from a chimney had ignited the roof of Mr. Thomas Boyd's house, on Main street, between Sheriff and Church streets. The flames were extinguished with little damage to the premises.

The second alarm was given about an hour later and was caused by fire breaking out in Mrs. Corbetts house, Main st., directly opposite the Boyd house. The firemen were quickly on hand, but despite their efforts the flames spread rapidly and in a short time the house was in flames, and ere long both it and a house belonging to Mr. John Cain were completely gutted. A house belonging to Dennis Murphy was also damaged to some extent. In Mr. Corbett's house, in addition to the owner, who kept a small shop, Charles Quinn Richard McGuire and John Beatty were tenants. The house was insured for $800 in the Liverpool, London & Globe. In Cain's house Thomas Foley kept a shop and lived in the rear. The other tenants were John Cain, Thomas Ramsey, Samuel McDonald and James Bogan. This house was also insured for $800 in the same office. It is thought both houses can be repaired.

The third alarm, about 11, was caused by a slight fire in the McManus house, Indiantown. The engines were not required.

Cable—Markets unchanged.

The Market in Matanzas, 19th inst.—Box shooks very quiet and dull, and are worth 8½ in gold; White Pine lumber, no demand, and market entirely nominal; Freights firm, at following rates: To Europe 55s to 60s per ton to Channel for orders; to the States, $7 for sugar per hhd., and 9½ for molasses.

In Havana—Large quantities of old shooks remain in store. Sales have been made of new at 9 reals. Some 14,000 boxes are in from New York, and are for planters' account, being thicker than usual, and of about 120 lbs. in weight, and we would not be surprised if some one paid the sugar price for a portion of wood, as a certain amount of tare is allowed for each box.

Sale of Revenues.

Alderman Lockhart had a good audience to-day as he mounted up on the City Building and proceeded to sell the Corporation revenues. The bidding was, in some cases, sharp, and in others comparatively little interest was manifested. The following is the result of the sale, and also the sums realized last year:

Anchorage duty, John Kirk, $3,001; last year $3,100. North and South Wharves, $4,900 last year, John Kirk $4,450; Union Street Slip, $180 last year, not sold; North Slip, $120 last year, Joseph Fairweather $190; Sydney Market Slip and Wharves, $430 last year, P. McGonagle paid the same this year. North Rodney Wharf, Carleton, $520 to John McCaffrey; South Rodney Wharf, Carleton, right of top wharfage reserved, $540—also to Mr. McCaffrey. Both wharves sold for $735 last year. Market Slip, Carleton, $26 last year, J. C. Littlehale, $11; Watson's Slip, $1.50 last year, S. Brittain, $1; Ship Slip, $15 last year, B. Driscoll, $10; Strang Slip, $150 last year, Philip Hayes, $1; King Street Slip $11, last year, W. Dunlavey $5; Ludlow Street Slip $10 last year, J. Brittain, $1; Protection Street Slip $7, last year, McLaughlin & Wilson, $4. Fees and tolls at New Hay Market $250 last year, John Wilkins, $250. Fees and tolls at North Slip, $95 last year, W. A. Spence, $91; Fees at Sydney Ward, $2 last year, H. Doherty $2; Fees and tolls at Carleton, James Beatty $1.

Point Lepreaux, March 30, 9 *a. m.*—Wind E., light, clear; three schooners outward.

Auction of Freehold.

A freehold lot 40x96 in St. James street occupied by Mrs. Ellmore, and belonging to the estate of the late Thomas Hanlon was sold by Mr. Hanford to-day. A two story dwelling house and barn were included in the sale, and the amount realized was $1000, Mr. Patrick Condon being the purchaser.

Club Rowdies at Work.

At noon to-day, as a number of the rebels were passing through Smyth st. on their way to dinner, they were attacked by a party of Club men who had been waiting for their approach, and a row at once took place between the crowds. The fighting continued for some moments and resulted in the rebels getting the worst of it, one man being seriously hurt by a kick in the breast. The Club men are evidently desirous of making trouble for themselves.
