any part of the British North American Provinces and the mother country be reduced to one shilling. —*Mercury.*

We learn that it is but too true that our excellent Governor General has received intimation that his services are to be dispensed with, and that his successor is expected to arrive in a frigate at Quebec within a fortnight or three weeks. We are sure that Sir John Colborne will carry with him the good opinion and esteem of every loyalist in the two provinces, and that his name will long be remembered by all who fear God and honor the Queen. He has discharged the arduous duties of a most trying and painful situation in a manner which reflects the highest credit on his military and civil character, and has, with but few exceptions, won universal respect as a Governor, a Soldier, a Christian and a Man. Of his successor we know nothing, but his acts will soon speak for themselves, and we can only hope they may harmonise more with those of Sir John than we are warranted in expecting they will considering the polluted source from which his appointment has sprung. Can any good thing come from such a political Nazareth as a Whig Ministry? There was one, Sir Francis Bond Head, and perhaps a similar mistake may be made again! *Nous verrons.*—*Montreal Herald Abstract.*

"RESPONSIBLE GOVERNMENT."

General Nathaniel Smith, of Tennessee, late Indian emigrating agent, is said to be a defaulter to the general government for $100,000. He has sold his property, and fled to Texas.

The Postmaster at Norfolk, (Va.) is a defaulter for $10 000.

Jacob J. Werner, attached to the Street Commissioner's Office in the city of New York, is a defaulter to the tune of $7,000.

The Philadelphia Savings Institution has failed, its "responsibility" being more than it could bear.

HALIFAX, August 24.

A meeting of the Shareholders to the Fund for the purchase of Plate to be presented to the Honorable Samuel Cunard as a mark of the high estimation in which the enterprising spirit, in the establishment of Steam communication between Great Britain and this Province is held by them, took place this day. The Hon. T. N. Jeffery in the chair, when it was

Resolved, That the Hon. H. H. Cogswell, Hon. J. W. Johnston, Hon. J. B. Uniacke, M. B. Almon, Esq. and J. Leander Starr, Esq. be appointed a committee to carry into effect the objects of the Subscribers.

T. N. JEFFERY, *Chairman.*

Mr. Cunard expressed his gratification at this mark of the esteem of his fellow townsmen, and of the pride and pleasure which he should receive their liberal present. We understand the committee above named will at an early day procure from London a piece of plate worthy the acceptance of Mr. Cunard, and to be then presented to him in due form.

We understand that Mr. Cunard has agreed to accept a Public Dinner to be given to him at McNab's Island on Wednesday next, which is to be gotten up on a large scale and in Coblentz's best style—tickets to be had at the Book Store of Mr. John Munro, and persons wishing to procure them had better apply as early as possible, in order that the Committee may complete their arrangements.

We regret to record the death of Cornet J. B. E. W. B. Leigh, of the 1st Dragoons, eldest son of —— Leigh, Esq. of Stoneleigh, near Rugby in Warwickshire, which took place at the Military Hospital, Stoke, on Monday last, under peculiarly melancholy circumstances. He had embarked on board the *Earl of Durham*, Transport, at Gravesend on Thursday last, for Canada; the vessel sailed on Friday morning; he shortly afterwards became excessively seasick, and continued so till twelve o'clock on Monday. The *Earl of Durham* had then arrived off the Mewstone, and she made signals to the *Prospero* Steamer to come alongside, as there was an officer on board dying. Mr. Leigh was then landed and taken to the Military Hospital, where every attention was paid to him, but he expired about half past ten the same night.—*Devenport Telegraph.*

MAMMOTH SCHEME.

THE following detail of a scheme of a LOTTERY to be drawn in December next, warrants us in declaring it to be unparralleled in the History of Lotteries. Prizes to the amount have never before been offered to the public. It is true, there are many blanks, but on the other hand, the extremely low charge of $20 per Ticket—the value and number of the Capitals, and the revival of the good old custom of warranting that every Prize shall be drawn and sold, will, we are sure, give universal satisfaction, and especially to the six hundred Prize Holders.

To those disposed to adventure, we recommend early application being made to us for tickets—when the Prizes are all sold, blanks only remain—the first buyers have the best chance.—We therefore, emphatically say—delay not! but at once remit and transmit to us your orders, which shall always receive our immediate attention. Letters to be addressed, and application made to
