Ed. the Forest in the best Medical School!

These Pills are prepared from the best Medical Tinctures, which contain the active principles of the Vegetable Kingdom, and are warranted to purge away disease from any part of the system, guided by Nature, they will find out the seat of the disease, purify the Blood, Bile, and Mucus, and restore the Stomach and Bowels.

DR. HALSEY'S
GUM-COATED
FOREST PILLS,

(A compound composition of vegetable and chemical)

These Pills are prepared from the best Medical Tinctures, which contain the active principles of the Vegetable Kingdom, combined with other Vegetable properties of the highest Medical virtue. They are warranted to purge away any Mercury or Mineral whatever. They purge without griping, nauseating, or weakening; and be what it may to cure, they make no mistake; from whatever cause of disease, or disease, they are sure to take effect. They are free from the danger of taking cold. They are free from the smell of mercury, and are free from more of it than in the case of disease from any Pills in use.

But a short time has elapsed since these great and Pills were first made known to the public, yet thousands have already experienced their effects, and have testified to their wonderful powers in restoring health from their use.

Inestimable pieces only by their Purchasers as testimonials have flowed in, and have tended to spread and extend their fame.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach sometimes more sickness and death in families than all other causes. In the latter part of Summer and Autumn, when the sickness prevails everywhere, is prevented from, sickness, arising from disorders, when a few doses of these vegetables, which families have taken down by Malignant Fever, Fever and Ague, and other dangerous diseases, will prevent. No parent a bilious and foul state of the stomach. No parent can be so ignorant as not to know the great danger arising from biliousness—no parent would be guilty of causing the

DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of a bad and foul stomach.

Superfluity of bile may always be known by some unfavorable symptoms, which is pressure, such as sick stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languishment, costiveness, or other symptoms of a similar nature. Almost every person at this season of the year is bilious, the neglect of which is sure to bring on some dangerous disorder, frequently terminating in death. A single 25 cent box of Dr. Halsey's Gum-coated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 3 to 4 for an adult, and from 5 to 6 for a grown person, carry off all bilious and morbid matter, and restore the stomach and bowels, curing and preventing all manner of bilious attacks and many other disorders.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. They do not, as all compound purgatives, pass off without lurching the bile, leaving the bowels costive and the stomach in as bad condition as before. Dr. Halsey's Forest Pills act on the gall ducts, and carry all morbid bilious matter from the stomach and bowels, leaving the system strong and vigorous, mind clear, producing permanent good health.

Dr. Halsey's Forest Pills differ from all others. They act specifically on those vital organs of the Stomach, Liver, Kidneys, &c., which secrete the fluids of the blood and separate the impurities from the water from the stomach and bowels they cleanse and remove the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They neither cause griping nor any inconvenience whatever, and the patient is better able to attend to business while under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

The great success that attends these Pills have done for the many afflicted have induced thousands to commend them to their friends and the public individuals of worth and integrity in almost every part of the country have offered to the world in favor of their great effects in curing disease.

Testimonial after testimonial showing their great powers of curing in almost every class of disease have been tendered to us by individuals of undoubted character and responsibility. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1848.

DR. G. W. HALSEY,—I feel very full, for several years back, I have had much sickness in my family, of Bilious Dysentery, and Ague and Fever. In the fall of 1846 I tried one box of your pills, and found time with Bilious Fever. In former seasons, when a case occurred in my family, I had always employed a Physician. But at this time having two cases of your Forest Pills in the house, I concluded to try them. I gave to each of them six pills, and four hours after I gave them three pills more. They soon operated, bringing away much black and green matter. On the following Sabbath my wife and three of them, and they have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy results.

NOTICE TO THE PUBLIC.

In 1845 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar-Coated Pills." Their excellent qualities soon gained for them a high reputation, and the annual sale of many thousand boxes, the great success excited the envious of competitors, who commenced the manufacture of counterfeits, which they tested with Satan, to give them the outward appearance of Dr. Halsey's, in order to sell them under the good-will Dr. Halsey's Pills had gained by merit thousands of dollars.

The public are now most respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

GUM ARABIC,

An article which is every respect superior to Sugar, both on account of its healing virtue and its durability. The discovery of the improvement is the result of a succession of experiments during three years. For the invention of which Dr. Halsey has been awarded the only Patent granted on Pills by the Government of the United States of America.

The Gum-Coated Forest Pills present a beautiful transparent glossy appearance. The gum-coated wholesome qualities of pure Gum Arabic, with which they are coated, renders them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills will retain their virtues to an indefinite period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine. In order to avoid all imposition, these and to obtain Dr. Halsey's true and genuine Pills see that the label of each box bears the signature of G. W. HALSEY.

Reader!!! If you wish to be cure of a medicine which does not contain that baneful ingredient, Calomel or Mercury, procure *HALSEY'S GUM-COATED FOREST PILLS*, and avoid all others.

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, ask for HALSEY'S PILLS.

If you would have the most concentrated as well as the best improved Sarsaparilla Extract in the world for purifying the blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dyspepsia, or be subjected to a Physician's bill of 20 or 30 dollars, take a dose of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength instead of weakening the system, HALSEY'S PILLS, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of HALSEY'S PILLS in your house.

Ladies, Dr. HALSEY'S PILLS are mild and gently purgative, and will adapt to the most delicate of your constitutions. Persons intending Travellers and Merchants, before undertaking long journeys, should provide themselves with Dr. HALSEY'S PILLS, as a sure safeguard against sickness.

THE PROPHECY FULFILLED.

If the speech of Jesuit, Pope, we present to the world, and we will produce a medicine that shall be universally adopted, and shall cure more than any other medicine ever yet produced, and especially cure the most severe pain of pain, and especially

Rheumatism, Neuralgia, Gout, Lumbago, Sciatica, Tic Doloureux, Toothache, Earache, Sore Throat, Bruises, Burns, Scalds, Frozen Limbs, &c., &c.

THESE wonderful Medicines are the result many years' study and experience of the learned Professor Curtis, and have never been equalled by any other medicines, and have cured hundreds who have tried it will assert, when we say there is no Medicine designed for the relief of consumption, pending more than a tythe of the power to relieve and cure of

We solicit particular attention to the fact that it does not contain a particle of Opium in any form. Neither does it contain Calomel.

It is free from any deleterious article, and cannot, in any conceivable case, injure the patient.

A dose of it, in the form of a pill, or powder, or tincture, drying, parching, constipation, so much complained of in the use of other "Pain Killers."

It does not weaken the natural action of the bowels, producing diarrhoea and its attendant evils, but is a powerful tonic of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

Local Pains, &c., it has proved surprisingly successful, rarely failing to cure, in the most desperate and long standing cases. (See Certificates.) In these cases the dose recommended is pretty bold, but it is that most expedient, lightly, but briskly—not enough to hurt the patient, but all intimidation is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC,

We believe it will never fail to speedily cure. It should be a teaspoonful at a time, once in an hour or two, or oftener in proportion as the patient can take it bad, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not feel relief, repeat the dose.

DYSENTERY OR DIARRHŒA

Are speedily and easily cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in proportion as the patient can take it bad, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not feel relief, repeat the dose.

EVEN THE CHOLERA,

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case; the numerous testimonials, which we have seen, where it has been early and faithfully applied, in Hungary, where it proved singularly fatal, it was found to yield pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my premises abounded, and that without the least inconvenience.

BENJAMIN HART.

Montreal, November 22, 1848.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting insects, which were before very numerous.

S. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1848.

From the Rev. B. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my present dwelling over-run with Beetles; the nuisance did defiance to all efforts to stay it, until this preparation was applied. One Box has sufficed to exterminate the insects almost entirely from the house. Similar cases of success have occurred in my neighborhood. BENJ. DAVIS.

4 Sydenham Place, Montreal, Nov. 16, 1848.

This preparation is warranted in all cases; and Agents are instructed to *refund the money* to purchasers, should it not prove effectual.

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in, and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Pte.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the nuisance, without success. Having been strongly recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my premises abounded, and that without the least inconvenience.

ELEGANT AND INVALUABLE
ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate from Dr. William Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the most scientific and learned, being one only of many similar cases.

BOSTON, Feb. 15, 1847.

MR. WM. BOGLE,—SIR,—The preparation prepared by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and clears the skin of all impurities, without producing any unpleasant or deleterious effects, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet introduced for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the natives of that country for washing, and thus the use of strong alkalies, so injurious to the skin, is avoided. Its vegetable and detergent properties have the pursuit and most nourishing effects on the skin,—it soothes and allays irritation, and has a fine, lasting perfume, which does not cling on the fingers. It is a decided luxury to the invalid with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the "enough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Spencer F. Barrett, Saratoga Street, East Boston:

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle,—Dear Sir! For several years past my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference. After repeated failures of other so-called remedies, and by the advice of friends, she was induced to try your Hyperion Fluid, and I am happy to say that its effect has been so decidedly beneficial, that the process of restoring her lost hair, and I am happy to say that its effect has been so much the hairs grew all over the part affected. She has used only two bottles, and feel perfectly satisfied that she will in a short time be more regular. I am convinced that the growth of the hair would have been accelerated, if, sir, yours respectfully, SUMNER F. BARRETT.

BOGLE'S HEBEAIONA,
FOR THE COMPLEXION,

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the effects of summer, and freeing it from the irritation of winter, and fragrant and delicate article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

SCROFULOUS AFFECTIONS, &c.

In all these distressing and prevalent complaints, there is no question but that the history of the Medicine, so universally used by Physicians of this city, writes as follows:—

Dr. Sherwood's Galvanic Embrocation.—I report on the most efficacious of all remedies, Sherwood's Galvanic. One of my children, a daughter, of 5 years old, was afflicted with a very inveterate and protracted inflammation, which had continued its ravages nearly two years, various remedies had been tried but without effect. The disease exhibited itself in several deep-seated sores, the discharge from which was certainly of a most fetid character. At his critic, I thought of the treatment with Dr. Sherwood's Galvanic Embrocation—the daily rubbing and in connection, was a decoction of Sarsaparilla which soon conquered the disease, and a complete cure was effected.

Society at large is indebted to William Bogle, 277 Washington Street, for a series of the most quintessential and valuable articles, the result of his inventive genius. His Hyperion Fluid is extensively used, and claims at the head of the list of compositions for strengthening and beautifying the hair; his Amole, for shaving, is decidedly the greatest assistant in combining ease with the troublesome task; and his Hebeaiona, for the complexion, is universally lauded for its beneficial effects. Sold by the inventor as above, and by all druggists.

STRONG RECOMMENDATIONS.

Regarding the effects of Dr. Sherwood's Galvanic Embrocation, from Mr. Stephen Allen, of New York, we extract as follows:—"The extraordinary rapidity with which this Galvanic Embrocation is completing the healing process and restoring the sound flesh, is a matter of astonishment to the Profession, and I feel it my duty to make it more generally known, that it will illustrate effect the cause of humanity." Dr. Sherwood seems to have been little thought of till lately by the profession; and it will be found the best Physician, and most efficacious remedy, and a most, in a great measure to the regular practitioner in practice, and to the public, on disbelief. Its effects are beneficial, and its use is a great saving of time, and a great saving of money, and its use is in many case, whatever, even to the most skillful practitioner, or under labor.

From the Baltimore Daily Clipper.

It is not too much to say that every Journal, Board, Society, and Institution, from the Atlantic to the Pacific, every Family and Person, nothing beside, and the use of Dr. Sherwood's Galvanic Embrocation, is the most valuable, and the most valuable, and the most valuable, and
