MADE IN CANADA

Maple Leaf Tires

WORTHY OF THE NAME

MAPLE LEAF TIRES are sturdily built from selected materials, and are thoroughly reliable in all respects. Every detail of construction is RIGHT!

They are made in standard sizes.

Remember this most important and distinctive feature—You can buy Maple Leaf Non-Skids at the same price as Plain Treads!

Ask your dealer for Maple Leaf Tires.

MONTREAL.

The Cheapest Belt Power on Earth

Farms need cheap power. The farm with cheap, easily available power is a gold mine. And LAY Porta Power brings to farms the cheapest belt power on earth.

LAY Porta Power uses the motor in your automobile—and runs any kind of machinery around the farm. Saves the price of a gasoline engine. Is portable (weighs only 100 lbs. and will work anywhere you can take your car). Saves on gasoline. Pays for itself in a couple of months. Speeds up farm work and makes *bigger profits*. Makes a hired man of your car.

You just put LAY Porta Power on the running board. Drive to the job. Slip LAY Porta Power under the rear wheels of your car. Hitch a belt to the pump, feed grinder, saw—any piece of machinery—and start the engine of your car.

LAY Porta Power takes the power from the rear wheels of your car. Gives you up to 10-h.p. at any speed. And costs only a fraction of the price of a gasoline engine.

The full story of LAY Porta Power should be in every farmer's hands. Write to your nearest distributing point for literature. Or send $5.00 and LAY Porta Power will be shipped to you—balance on delivery.

LAY Porta Power

Price $60.00
