COMPLIMENTARY ADDRESS TO THE REV. PIUS MACPHEE.

To the Rev. Pius McPhee, P. P.

Rev. Sir;

We, the Church Wardens, Trustees and other Parishoners of the Parish of St. Columba, beg leave most respectfully to approach you on the present occasion, for the purpose of giving expression to our sincere regret at hearing of your removal from this parish.

When we consider your zeal and assiduity in the discharge of your spiritual duties; your liberality and many sacrifices in the advancement of our religious and moral welfare, as well as your edifying example and charitable forbearance towards us on all occasions, we would be wanting either in a sense of gratitude or in the true appreciation of religious zeal, did we not endeavour to give expression, not only to our feelings, but also the sincere convictions of our hearts.

Gladly would we retain you amongst us, were it a matter that rested in our hands, but we must feel convinced that your indefatigable zeal and estimable qualities are now destined to promote the spiritual welfare of other missionaries; we cannot, therefore, as sincere and obedient parishioners, interpose between you and your lawful superior.

We sincerely hope that your future labours may be as productive of many fruits from your zeal and piety as your past labours have been, and that you may always find hearts among your new parishoners as warmly disposed towards you as those you leave behind.

Praying in the sincerity of our hearts, that the Dispeser of all good gifts may continue to bestow his choicest blessings upon you both here and hereafter, and that your days may be prolonged in his divine service,

We remain, Rev. Sir,
Your humble and obedient servants,

Signed on behalf of the Parishoners of St. Columba, by the Trustees and Church Wardens.

To the Church Wardens and other Parishoners of the Parish of St. Columba.

Gentlemen—

I acknowledge with great thankfulness the receipt of your very complimentary address, presented to me on the occasion of my removal from your Parish.

I fear that I must attribute, not so much to my own worthiness as to the ardent feelings of your generous hearts, the very flattering estimation which you have formed of the zeal and assiduity with which, you are induced to believe, my spiritual duties have been performed.

Christian forbearance in the daily intercourse of life, and zeal in the performance of the various duties allotted to each and all, are virtues essential to the Christian character; but are especially indispensible to the moral and religious standing of a servant of that beneficient God, whose precepts it is his duty and his privilege to inculcate. If my life, during the period of my sojourn amongst you, has been marked by these qualities, I believe that, next to my All-merciful Creator, the merit is due to the generous hearted people by whom I was surrounded, who, by the practice of every social and Christian virtue amongst themselves, can never fail to stimulate the highest qualities in their spiritual director.

Whilst cheerfully obeying the commands of my lawful spiritual Superior, who, in his wisdom, has seen fit to remove me to another field of missionary labour, the transfer, I trust, will not be saddened by the reflection, either on your side or on mine, that my humble efforts to promote your religious and moral welfare have been unproductive of good results.

In taking leave of you, I beg to assure you, that should I find the hearts of my new Parishoners as warmly disposed towards me as those I have left behind (of which, indeed, I do not despair,) I shall deem my lot in life a peculiarly happy one, inspiring me with strength and vigour for the high and important functions of my Mission. But whatever aspect my future career may assume, be assured that I will pray the Disposer of all good gifts to increase your store of happiness in this life, and crown you with eternal glory and felicity in the next.

I remain,
Gentlemen,
Your well wisher,
PIUS MACPHEE.

Will any one inform us why it is that School Visitors reports, dated February 1853 are published the last days of October 1853? And further, whether they are to be charged to the Government? And at what rate? And whether, they have not been printed in the appendix to the Journals of the House of Assembly of the last session? And charged for as such? Or how otherwise?

BELLS! BELLS! BELLS!

THE Subscribers manufacture and keep constantly on hand, all sizes of Church, Factory, Steamboat, Ferry, Locomotive, School House and Plantation Bells, with the best description of Hangings.

These Bells are made from the best stock, and the small sizes undergo the same process in manufacturing as Church Bells. An experience of thirty years, with a great many recent improvements, and an entirely new method of casting, enables us to obtain the most melodious tone, combining also, in extraordinary vibration.

Nearly 9,000 Bells have been cast and sold from this Foundry, which is the best evidence of their superiority. We have fifteen Gold and Silver medals at our office, which were awarded for the "best Bells for sonorousness and purity of tone." We pay particular attention to the getting up Peals or Chimes, and can refer to those furnished by us. Our establishment is contiguous to the Erie and Champlain Canals, and Railroads running in every direction, which brings us within four hours of New York. Cash paid for old Copper. Archibald Scott, Esq.

SIR,—As the Agent of various *Fire Insurance Companies*, I beg to bring under your notice my *PATENT ARTIFICIAL SLATE*. This composition has been upwards of, three years extensively used in New Brunswick, Newfoundland and Prince Edward Island, the Canadas and Nova Scotia, principally for covering shingled roofs, as you will perceive by the accompanying circulars of certificates. It has been severely tested, and proved most successfully its fire proof qualities under most extraordinary circumstances; so much so, that I am of opinion that Fire Insurance Companies should encourage its general application to all kinds of wood building (where the color would be no objection to its being used, such as the back walls of dwellings in the city, out houses, ware-houses, &c., as well as the roofs) by lowering the premium of insurance on such buildings as are covered.

I have the honor to be, sir,,
Your obedient servant,
J. W. ROSS,
Patentee and Manufacturer

Halifax 14th July, 1853.

Sir,—In answer to your note of the 12th inst. I consider the use of your "Artificial Slate Paint" on shingled Roofs, as greatly diminishing the risk against Fire—I have frequently reduced the premiums on Buildings in the Country, upon its application.

I am, sir, your ob't servant.,

Astonishing efficacy of the Oxygenated Bitters,

IN A CASE OF EIGHTEEN YEARS' STANDING.

From Fitzhenry Homer, Esq., of Boston, Mass.

Boston, September 28, 1848.

Dear Sir—It is now eighteen years since I was first troubled with the water-brash and derangement of the stomach. I have taken advice of the best Physicians in this city and New York, in London, Paris, Germany, and Italy, followed their prescriptions, and visited the several sulphur and other springs in this country, the watering places of Germany, and elsewhere in Europe, and had found no relief. Since taking the Bitters I have never had a return of the Water-brash, which daily troubled me of late years to a very great degree. My appetite has returned; the extreme flatulence, severe constipation of the bowels, general debility, and sleepless nights under which I suffered, have entirely left me. Having found so great relief from this most discouraging disorder. I have recommended a trial of your medicine to many of my friends, who are now using it to great advantage. And I cannot refrain from writing to you in its favour and praise, for the good you have bestowed upon the community; and trust that what little is in my scope to offer in extending the circulation of your "Oxygenated Bitters," will be done with grateful pleasure at all times.

Yours very respectfully,
FITZHENRY HOMER.
