Investigation Is To Be Secret One

Wreck of the Scottish Express to be Probed in Private.

[Canadian Press Despatch]

NEW YORK, Sept. 5.— A London cable this morning says:

Major Pringle decided yesterday to hold a board of trade inquiry into the disaster to the Scottish express at Aisgill, in secret. No one but an inspector, representatives of the Midland Railway and the drivers and guards in charge of the trains involved in the accident will be present.

Extraordinary allegations are being made by J. H. Thomas, M.P., of the railway's men union. He declares that the drivers and guards after asking that he should represent them, altered their minds after an interview with Mr. Paget, general superintendent of the company. Mr. Thomas expressed his desire to be present at the inquiry and to cross-examine the witnesses. He was informed that he could go as a listener, but that he would not be allowed to ask questions. Therefore he refused to be present at all.

Mr. Paget repudiates the suggestion that the men had been intimidated. Nevertheless the fact remains that an inquiry involving questions of immense importance to the safety of the public is being conducted in secrecy.

THREE MILLION LOSS FROM BIG STORM

North Carolina Coast Swept by a Terrific Gale — Much Damage.

[Canadian Press Despatch]

WASHINGTON, N. C., Sept. 5.— Property valued at more than $3,000,000 is reported to have been destroyed and rumors are current of a heavy loss of life as the result of the destructive storm which swept the north Carolina coast yesterday. Wire communication with the stricken district was meagre early this morning.

Efforts to verify by wireless reports of many casualties on Ocracoke Island in Pamlico Sound have been fruitless. All wireless stations in that vicinity are believed to have been wrecked by the storm.

The greatest damage to property occurred in Beaufort county and havoc was wrought among the fishing crafts in the Pamlico River. In Washington business houses and manufacturing plants along the water front were partially destroyed. The total damage in this county alone is estimated at $2,000,000.

The fury of the gale was centered upon the towns along Pamlico Sound among these being Morehead City, Beaufort, Newburn, Washington, Bayboro, Delhaven and a score of smaller places. A deluge of rain accompanied the wind and the tide in Pamlico Sound, and was many feet above the ordinary high water mark. In Washington the streets were flooded to a height of several feet.

All points along the coast reported damage to shipping. Off the coast of Hatteras the six masted schooner, George W. Wells, was driven ashore and pounded to pieces by the heavy surf. The crew was rescued only by desperate work. Several other ships were reported ashore in that vicinity.

At Beaufort, N.C., many small craft were capsized or smashed against the harbor breakwater, over which the seas were running. Mail boats from Core Sound reported that all wharves 25 miles along the shore had been destroyed, many houses blown down and hundreds of cattle and horses drowned. No loss of life was reported in that section.

It was reported at Norfolk, Va., that the wireless station at Beaufort and Cape Hatteras had been wrecked by the hurricane. The Hatteras wireless station is located near the scene of the reported Ocracoke disaster. It is reported that the Revenue Cutter Seminole, had been ordered to Ocracoke Island, where several hundred lives were reported lost. Efforts to verify this rumor at an early hour today were futile.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Extension and Repairs to Revetment Wall at Meaford, Ont.," will be received at this office until 4.00 P.M. on Monday, September 9, 1913, for the construction of an Extension and repairs to the Revetment Wall at Meaford, Grey County, Ont.

Plans, specifications and form of contract can be seen and forms of tender obtained at this Department and at the offices of J. G. Sing, Esq., District Engineer, Confederation Life Building, Toronto, Ont.; J. H. Armstrong, Esq., District Engineer, Midland, Ont., and on application to the Postmaster at Meaford, Ont.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the persons tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted, the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary.
