BY THIS MORNING'S MAIL.

FRIDAY MORNING, August 11.

NEWS BY STEAMER AMERICA.

IRELAND.—Dublin, Cork, Waterford, and other parts of Ireland, are under martial law. The people are arming throughout the country, and the Government is making energetic measures to suppress the expected outbreak, which now appears inevitable. Some arrests for felony have been made, and prisons have been broken open by the populace. Several of the state prisoners have been released.

FRANCE.—France remains tranquil.—Paris is still under martial law. The disaffected in Paris have been disarmed, and there are less fears of a recurrence of fierce hostility.

FURTHER PARTICULARS.

IRELAND.—Club organization is daily increasing and becoming more systematized, and there is great danger of a premature outbreak. The following places have been proclaimed under the Coercion Act: County and City of Dublin, County and City of Cork, County and City of Waterford, and town of Drogheda.

At Carrick-on-Suir several Clubbists were arrested, among whom was the Rev. Dr. Byrne, when they rose in masses with arms, consisting of rifles and pikes, repaired to the authorities, and demanded the release of the prisoners, who were delivered to them. They then rang the chapel bells, when 1,000 men congregated from the neighboring hills, armed to the death, who remained in Carrick all the night, lest an attempt should be made to arrest Father Byrne. The delivery of the prisoners and withdrawal of the troops were considered as a victory.

The clubs being charged with having been formed for the purpose of pillage and murder, the Dublin clubs held a meeting on Monday, when Smith O'Brien declared that the purposes and the end of the organization were to overthrow the British power in Ireland.

Twenty-three Catholic priests, in the deanery of Tuam, have protested against clubs, and a few priests in other places have also disowned them.

Devin Reilly continues to write and speak treason.

Absent officers, belonging to regiments in Ireland, have been ordered on duty.

The purchase and manufacture of arms are proceeding briskly among the people.

The rebels have prepared a map of the county of Dublin, sub-divided into districts, in each of which, points are indicated where the clubs are respectively to muster, and where barricades are to be thrown up.

Latest arrivals from Dublin state that it was now arranged that if upon the formation of the jury to try Duffy and his fellows, it shall appear probable that a conviction will be had, the clubs are to rise immediately, and prevent the trial by an anticipatory, and as they say successful outbreak.

☞ We acknowledge a letter from Dr. Russel of Montreal, this morning.
