LONDON LOSES GOOD CITIZEN

Ex-Mayor John Campbell Passed Away at Noon Today.

Was Chief Magistrate in 1872 and Again in 1880-1—His Long and Active Life.

Mr. John Campbell, ex-mayor, died at noon today.

Mr. Campbell was born at Tarbet, Dumbartonshire, Scotland, on March 11, 1823. His father, also John Campbell, was a shoemaker, who, in 1848, brought his family to Canada. Mr. Campbell had been in this country only a short time before he settled in this city.

In Scotland he had learned his trade, that of blacksmith, and soon after coming here he began to work for the late Marcus Holmes, with whom he remained for some years. Subsequently he formed a partnership with a Mr. Lawery, but the connection lasted only a short time. Mr. Campbell then went into business for himself, and continued it successfully. By his business ability he built up a fine trade, and had had to enlarge his premises until they became of their present large proportions.

Mr. Campbell's municipal experience was a long and varied one. Always manifesting a hearty interest in the community in which he lived, he never spared himself any effort likely to benefit it. In 1865 he was elected an alderman, one of his colleagues being Mr. Samuel McBride. He was re-elected in 1866, '67, '68 and '69. About this time an effort was made by Ald. Egan and others to have the proposed new park located north of Great Market street (Central avenue), but failed. Ald. Campbell, however, succeeded in having a committee appointed to negotiate for the present site of Victoria Park. The soundness of his judgment is now apparent.

Ald. Campbell was elected mayor in 1872. In 1877 he became an alderman, a post he held until 1880, when he was again elected mayor, an office he retained during the succeeding term.

In 1851, Mr. Campbell married Miss Mary Agnes McNeil, of this city, who with two children, John and Sarah, survives him. His brothers, Robert, Daniel, Humphrey and Malcolm, of Lambton; Colin, of Manitoba, and his sisters, Mrs. McConnell and Mrs. Jas. Johnson, of Lambton county, also survive.

Mr. Campbell was long a member of St. Andrew's Church and of St. Andrew's Society—indeed all that was of the old country gained his sympathy and support. In St. Andrew's Society he was honored by election to office on more than one occasion, and was one of its most esteemed members. Though he had only the common education of the average humble Scotch lad, he had so improved his advantages by reading and reflection that he was truly a man of culture. He belonged to a school that is fast passing away—men born in lowly circumstances who forged thew way to the front by their natural ability and force of character. Mr. Campbell was a citizen who stood high in the esteem of all men, and his death will be deplored as removing from the scene of his life's activity, a man who had done his city much lasting good.

NON-JURY SITTINGS BROUGHT TO CLOSE.

Last Two Cases on Docket Heard by Mr. Justice Lount.

The case of Purdy, vs. Purdy, which occupied the attention of Mr. Justice Lount at yesterday afternoon's and this morning's session of the non-jury assizes was finished at noon today. The plaintiff was the eldest son of the late Emeline Purdy, and the defendants the executors of the will of the deceased. Plaintiff applied for an injunction, directed to the defendants, Philip Purdy, James William Sutherland and W. F. Brown, and the surrogate court of the county of Oxford, restraining the defendants and the court from granting probate of the last will, the plaintiff declaring that the alleged will was not the last will and testament of the said Emeline Purdy, and that the deceased died intestate, and for the administration of the property and costs of the action. The case was dismissed with costs.

The case of McGrath vs. Procunier, the last on the list, was then taken up. John McGrath, the plaintiff, is a tailor, residing at the village of Belmont, and the defendant, E. A. Procunier, a blacksmith, living at the same place. The plaintiff claimed possession of a certain property leased the defendant and $300 damages for retention of the same, and costs of the action.

THINKS WAR WILL SOON END

Chamberlain Says Struggle Is Nearing a Termination.

Oom Paul Kruger's Views—Arbitrate First, and If Worsted, Then Fight.

London, Nov. 7.—Presiding yesterday at the presentation of a sword of honor, sent from Australia, to Major-General Baden-Powell, the defender of Mafeking, Mr. Chamberlain, the colonial secretary, said now that the long struggle in South Africa is approaching its termination, neither the country nor the government had any right to wish to make any settlement which would render futile the sacrifices which had been made.

MR. KRUGER INTERVIEWED.

A member of a Johannesburg financial house has just had a remarkable chat with Mr. Kruger about South African prospects. The ex-president's talk was all arbitration, which he declared to be the only satisfactory way of ending the war. Asked what he would do if arbitration went against the Boers, he replied that such a thing was impossible, it could not happen, but, assuming for a moment that it might, he added: "We would take up arms if arbitration went against us. We would never submit to the results of the arbitration if the results were unfavorable to us."

CABINET IN COUNCIL.

The meetings of the British Cabinet recently have been chiefly devoted to South Africa and to drawing up plans for more strenuous efforts to end the campaign. One of the immediate results will be the dispatch of four thousand cavalry from England to South Africa.

As Mr. Chamberlain, the colonial secretary, went yesterday afternoon directly from the cabinet meeting to the scene of the presentation to Major-General Baden-Powell, the defender of Mafeking, of the sword of honor, sent from Australia, the secretary's declaration on that occasion may be accepted as the decision reached by the cabinet, and as the government's reply to recent suggestions that the Boers should be offered terms.

HOOTED AT ROBERTS.

London, Nov. 7.—At Nottingham today, where Lord Roberts, the commander-in-chief, distributed a thousand war medals, he was repeatedly "boohed," and cheers were raised for General Buller. The recipients of the medals at the luncheon subsequently given in their honor repeatedly broke into cheers for Gen. Buller.

PARALYSIS AND COFFEE
Symptoms Disappear When Drug Is Abandoned.
"Tea and coffee were forbidden by my physician, for I had symptoms of paralysis and it was plain that the coffee was the cause of the trouble. I began using Postum Food Coffee, and am now a steady advertisement for Postum. The old symptoms of paralysis disappeared in a very brief time after I began the use of Postum and quit the use of coffee. Do not use my name publicly, if you please."
——Morrow, O. The above name can be given by the Postum Cereal Co., Ltd., Battle Creek, Mich.
Coffee is such a direct poison to the nerve centers of many highly organized people that it produces all sorts of disorders, from stomach and bowel troubles, palpitation of the heart, kidney troubles, etc., etc., up to more intricate nervous diseases, such as paralysis. The way to keep well is to leave off coffee or any nerve-destroyer of that sort, and use Postum Food Coffee, which is a direct rebuilder of the nerve centers. Sure and well defined improvement in health will follow this course, as can be proven by any person who will make the trial.

THEY ARE NOT VIOLENT IN ACTION.—Some persons when they wish to cleanse the stomach, resort to Epsom and other purgative salts. These are speedy in their action, but serve no permanent good. Their use produces incipient chills, and if persisted in they injure the stomach. Nor do they act upon the intestines in a beneficial way. Parmelee's Vegetable Pills answer all purposes in this respect, and have no superior.

While philosophy will not prevent a man from falling in love it is a well known fact that love interferes with a lot of philosophy.

AN END TO BILIOUS HEADACHE.—Biliousness, which is caused by excessive bile in the stomach, has a marked effect upon the nerves, and often manifests itself by severe headache. This is the most distressing headache one can have. There are headaches from cold, from fever, and from other causes, but the most excruciating of all is the bilious headache. Parmelee's Vegetable Pills will cure it—cure it almost immediately. It will disappear as soon as the Pills operate. There is nothing surer in the treatment of bilious headache.

So coal is a seasonable topic.
And "Walla Walla" coal is our particular topic. That's the best coal "as is." It's come from the Mammoth Vein region. It's screened three times. It is made as clean and kept as dry and delivered as carefully as can be. It's hard. But it lights easily. And it lasts a surprisingly long time. Its price is the same as any other coal.
