NEEDS OF TORONTO FIREMEN

Present Aerial Ladders Not Up to Patterns Exhibited at New York Convention.

LIFE NETS, TOO, ARE ANTIQUATED

Nevertheless Equipment of Brigade is Fairly Satisfactory—Chief Thompson Home.

"With 180 of the largest cities on the continent represented, I find that Toronto's fire department compares favorably," observed Fire Chief Thompson Sunday evening. He has just returned from a week's stay in New York city, where the annual convention of the International Association of Fire Engineers was in session. This is the first time Toronto has ever been represented at these gatherings. This is considered a bit singular, in view of the fact that the best fire fighters of the new world are supposed to be members of this organization, meeting once a year to compare notes and investigate new inventions, looking to the safety of property and lives. While Toronto has kept abreast of the times with the fire department, the chief of the department has never been sent to attend these conventions in the past. After examining all the new fire fighting apparatus, Chief Thompson declares that Toronto's equipment is up-to-date, and that for the present there is but slight improvement to be made in the machinery, and this only in some small extension ladders which are lighter and more durable than those the force is now equipped with.

Equipment Up-to-Date.

"Toronto's department I find up-to-date in every way," he said. "In point of numbers, in cities of the same population, this city is a little behind, but in no other respect. We were splendidly treated, and I believe that in future Toronto should see to it that the chief of the fire department should attend these annual meetings. I examined personally all the recent inventions in fire fighting machinery. Everything, from a colossal engine to a thumb screw, was on exhibition, and I saw some marvelous exhibitions by the firemen of New York. That is the greatest fire fighting force in the world, without a doubt.

Aerial Ladders Needed.

"The improvement in which Toronto's force is most interested is the great aerial ladder trucks. Now, we are equipped with two of these trucks, and they are valuable things, but I saw these big trucks in New York that are raised by great springs and compressed air, and so regulated that a child can raise the gigantic machinery. In fact, I saw a new boy, with the pressure of his thumb, raising an aerial ladder that would require, with our machinery, several men to hoist. Then, too, the time saved with the new devices is a considerable item. They go up with a rush, carrying a man with them. Where it takes our force several minutes to get an aerial ladder in working order, these new time-savers rush up like a flash. I can't say that I shall recommend an investment, however, in one of these ladders, as they have not been thoroly tested yet by any department.

Improvements in Life Nets.

"Life nets, too, are a big improvement over the ones in use in Toronto. For instance, here the net is held by firemen and the person jumps into it, receiving a terrible shock and giving a shock to the men holding the net. In these new nets spiral springs take up the shock and relieve both the jumper and the firemen. I saw them tested and they worked well. I would like to possess several of these, but, of course, their cost is ten times what our present nets cost us, and I could not think of recommending their purchase. I don't think I will make a report to the board this week at their meeting of the result of my trip, but I probably will a little later, when I will probably also ask the purchase of several new extension ladders.

Toronto Well Up in List.

"Our force is slightly under the American cities of similar population, but not very much. On the whole I think Toronto is very well off. She is well up in the list of cities in the association. The pension system of the other cities, however, is ahead of Toronto's. Some of the departments get a regular per centage of license money and are able to keep their disabled and aged employes in fine shape.

"There were a great many papers on fire apparatus read at the meeting, and the subject of self-propelling fire engines engaged some time. This is a proposition that is attracting a great deal of attention just now, but it is principally in cities where the water pressure is not as good as in Toronto. I think the time is very remote when we will dispense with horses for our fire apparatus, but in Boston and some other cities the fire engines are altogether self-propellers."

A Wonderful Medicine.

Beecham's Pills

FOR ALL

Bilious and Nervous Disorders,

Sick Headache, Constipation, Wind and Pains in Stomach, Impaired Digestion, Disordered Liver and Female Ailments.

PREPARED ONLY BY THE PROPRIETOR,

Thomas Beecham, St. Helens, Eng.,

Sold by all Druggists in Canada and U. S. America. In boxes, 25 cents.

RATE WAR FOR SHIP TRUST.

Fierce Competition Expected When Morgan Gets to Work.

London, Sept. 21.—With the approach of the assembling of parliament the shipping problem comes in for much speculation. The announcement by the premier, Mr. A. J. Balfour, of the government's attitude toward the Atlantic shipping combination and the proposed fast Canadian service is awaited with much interest, since the whole question hinges on the direction to which the government will lend its support.

In the meantime the Canadian Pacific Railroad, which recently seemed to control the situation regarding the suggested new Canadian service, is being bitterly fought in the Allan line-Elder Dempster line interests. It is said that the Cunard line is keeping out of all combinations in the hope of an important increase in the subsidy when parliament reassembles.

Whatever course the government adopts in fostering British shipping experts profess to expect a fierce Atlantic rate war in 1903, when the Morgan shipping combination gets to work, and it is pointed out that Mr. J. R. Ellerman, chairman of the Leyland line, who is a shrewd business man, gave practical evidence of his desire to get out of the line of fire when he handed over the remnants of his Antwerp-Montreal business to Mr. J. Pierpont Morgan early last week.

BERNIER AND NORTH POLE.

Subscriptions From Toronto People for Canadian Polar Expedition.

Capt. Bernier is making progress in raising funds for his polar expedition. He begs to acknowledge with thanks the receipt of contributions from the following Toronto people: A. E. Ames & Co., J. W. Flavelle, the Astronomical Society of Toronto, the Mason & Risch Co., Mayor Howland, D. D. Mann, Independent Oil Company, the Queen City Oil Company, W. E. Sanford & Co., Canada Furniture Manufacturing Company, H. W. Bickell, F. W. Lyonde, Mrs. Leigh, Holt & Renfrew, and the Pease Furnace Company.

The Bank of Montreal and other banks are authorized to receive subscriptions for Capt. Bernier's Canadian North Pole expedition, and contributions of all kinds of supplies needed for outfitting the expedition will be accepted as well as money.

CHARGES SON WITH ARSON.

Fred Beamer and His Wife in Jail at Woodstock.

Woodstock, Sept. 21.—Mr. and Mrs. Frederick Beamer of Blenheim Township, who were arrested near Drumbo on Friday, charged with having set fire to a barn on the farm occupied by Beamer's mother, and owned by himself, will be given a preliminary hearing before the police magistrate on Tuesday. The charge of arson is made by the male prisoner's mother and sister. The barn was consumed by fire on Thursday morning. It is further alleged that on Aug. 30 last Mr. and Mrs. Frederick Beamer attempted to fire the home of the former's mother. It was found that portions of the house had been saturated with coal oil. The barn was insured for $2000 and the house for $1000.

English View of Combine.

New York, Sept. 20.—Capt. S. G. Cohen, formerly Lord Mayor of Liverpool, who arrived to-day on the Cunard Line steamer Lucania, in speaking of the Morgan ship combine, said that it meant that the government would have to spend a great deal more money in subsidies than ever before, and that there was a feeling in Liverpool that the combine would soon replace the English officers and sailors of British shipping with Americans.

On a challenge three expert tobacconists have failed to distinguish between Grandas and the best imported cigars—at one-half the price this is certainly a tribute to the Grandas.

Dog-matic People

Are often capable of doing injury to less positive people, the very emphasis of their affirmation making up for lack of argument and want of evidence. And the worst of all dogmatists are those doctors who, harking back to some old dogma of the schools, insist that certain patients are beyond all medical help, because, forsooth, their diseases are beyond the limited medical knowledge of the dogmatist.

"When the physicians had given me up I was cured by the use of Dr. Pierce's Golden Medical Discovery." That statement, varied sometimes in form but identical in fact, is one of the common expressions found in the letters of those cured by "Golden Medical Discovery." Sometimes the statement runs; "I was given up by four doctors," showing a desperate effort to find relief in local practitioners. But however the story begins, it almost invariably ends with the statement, "I am perfectly cured by Dr. Pierce's Golden Medical Discovery."

Persons suffering from "weak" lungs, hemorrhages, deep-seated cough, emaciation and weakness, have been restored to perfect health by the "Discovery."

The philosophy of the cures effected by this marvelous medicine is not hard to understand. Life is sustained by food, digested and assimilated. The basis of health is a good appetite and a sound digestion. In almost all cases of disease loss of appetite is an early symptom, and this is promptly followed by a wasting of the flesh. For some cause the food eaten is not being converted into nutrition and the body and its organs, being starved, must grow weak. There is only one way to get strength and that is by food. Dr. Pierce's Golden Medical Discovery heals diseases of the stomach and allied organs of digestion and nutrition, so enabling the body to assimilate the needed nourishment. Thus various forms of "weakness," so-called, are cured by the "Discovery"—"weak" lungs, "weak" heart, "weak" nerves, "weak" or sluggish liver, etc., because the organs are made strong by food, which is perfectly digested and assimilated after the "Discovery" has healed the diseases of the stomach and associated organs of digestion and nutrition.

PAIN ALL GONE.

"I have taken your medicine with the greatest satisfaction," writes Mrs. George Riehl, of Lockport Station, Westmoreland Co., Penn'a, and can honestly say Dr. Pierce's Golden Medical Discovery has cured me of a pain in my right lung that the best doctors could not help. My appetite and digestion have improved so that I can eat anything at all, and I feel better than I have for years. Your 'Favorite Prescription' has cured me of womb trouble that I suffered from for fifteen years, and painful monthly troubles. I can work a whole day and not get tired. My pain is all gone and I feel like a new person. I suffered with headache all the time, but have no headache now since taking your medicine. Your 'Golden Medical Discovery' and 'Favorite Prescription' do all that you claim for them, and more, too. I have been cured of troubles that I suffered from for fifteen years, and the best doctor in the State could not cure me. 'Golden Medical Discovery' cured me of neuralgia that I suffered from for five years, and if my letter can save one other poor sufferer, you can publish it."

"ALMOST A MIRACLE."

"I took a severe cold which settled in the bronchial tubes," writes Rev. Frank Hay, of Nortonville, Jefferson Co., Kansas. "After trying medicines labeled "Sure Cure," almost without number, I was led to try Dr. Pierce's Golden Medical Discovery. I took two bottles and was cured, and have stayed cured.

"When I think of the great pain I had to endure, and the terrible cough I had, it seems almost a miracle that I was so soon relieved."

Dr. Pierce's Pleasant Pellets cure constipation. They do not re-act upon the system and become a necessity, as do many other pills.

EAST TORONTO.

Take notice that, whereas it appears by the census returns, taken under Bylaw No. 322 of the Village of East Toronto, passed on the 11th day of August, 1902, that the said village contains over 2000 inhabitants—

It is the intention of the Council of the said Village, after three months from the date of this notice, to apply to His Honor the Lieutenant-Governor-in-Council for the erection of the said village into a town.

And further take notice that the limits intended to be included in the said town are as they now exist as a village, and are defined as follows: Commencing at the intersection of the northerly limit of the Kingston-road with the westerly limit of Lot No. 4, in the first concession from the Bay, of the Township of York, as established by arbitration; thence northerly along the westerly limit of Lot No. 4, as established by arbitration, to the northerly limit of said Lot 4; thence northerly in continuation of the line of said westerly limit of said Lot 4, across the Danforth-road, and to the point of intersection with a line drawn from the northwesterly corner of Lot 31, of Registered Plan No. 777, on a course "south 74 degrees west," parallel to the northerly limit of Isabella-street, as shown on said Plan Reg. No. 777 (said point of intersection being 825 feet, more or less, from the northerly limit of said Danforth-road); thence "north 74 degrees east" along said line drawn parallel to the northerly limit of said Isabella-street 2520 feet, be the same more or less, to the northwesterly corner of said Lot No. 31 of said Reg. Plan No. 777; thence "north 74 degrees east" along the line of the northerly limits of said Lots Nos. 22 to 31, inclusive, Reg. Plan 777, 562 feet 6 inches, more or less, to the northeasterly corner of said Lot No. 22; thence easterly in a direct line 780 feet, more or less, to the point of intersection of the southerly limit of Walnut-avenue with the line between Township Lots Nos. 1 and 2, in the 2nd concession from the Bay of said township; thence "south 16 degrees east" along the line between said Lots 1 and 2 830 feet, more or less, to the front of said 2nd concession; thence southerly across the concession road 66 feet; more or less, to the line between Lots 1 and 2, in the first concession from the Bay of said township; thence "south 16 degrees east" along said line between said Lots Nos. 1 and 2, in said first concession, 500 feet, more or less, to the line of northerly limit of the Village of East Toronto, as first incorporated, and being the northerly limit of the land of the Grand Trunk Railway Company; thence easterly in a straight line parallel to the Don and Danforth-road to the town line between the Townships of York and Scarboro; thence southerly along the westerly limit of said town line to the southerly limit of Lakeview-avenue or Gerrard-street; thence westerly along the southerly limit of said Lakeview-avenue to the westerly limit of said Lot No. 1; thence southerly along said westerly limit of said Lot No. 1, across the Kingston-road, to the northerly limit of Villa Lot 50, fronting on Birch-avenue, as shown on the plan of Balmy Beach, Reg. No. 406, being a subdivision of parts of Lots Nos. 1 and 2, in the first and broken-front concession from the Bay of said Township of York; thence westerly along the northerly limit of said Villa Lot No. 50, to the northeasterly angle of Villa Lot No. 56, fronting on Beech-avenue, of said plan; thence southerly along the line of the easterly limits of Lots Nos. 56 to 77, inclusive, Reg. Plan 406, fronting on Beech-avenue, and in continuation of said line, to the water's edge of Lake Ontario; thence westerly along the said water's edge to the easterly limit of the City of Toronto; thence northerly along the easterly limit of said City of Toronto, across Queen-street, and to the northerly limit of said city; thence to and along the westerly limit of Lot 2, in said first concession, as fixed by arbitration, to the southerly limit of Lot No. 32, Reg. Plan 451, fronting on Balsam-avenue and the Glen Park; thence westerly along the southerly limits of said Lot No. 32, and said park, to and along the southerly limit of Lot No. 33, Reg. Plan 451, fronting on the Glen Park and Walter-street, to the southerly end of Walter-street; thence westerly along the southerly end of Walter-street to the line of the westerly limit thereof; thence westerly, at right angles to the line of Walter-street three chains; thence northerly parallel to the westerly limit of Walter-street to a point distant eight chains, measured southerly from the Kingston-road; thence westerly parallel to and at the distance of eight chains from the southerly limit of the Kingston-road to the westerly limit of said Lot 4, as fixed by arbitration; thence northerly along said westerly limit of said Lot 4, to the place of beginning; and that the proposed name of the said town is "East Toronto."

Dated this 22nd day of August, 1902.

W. H. CLAY, Clerk and Treasurer. W. R. WALTERS, Reeve.

DUNCAN, GRANT, SKEANS & MILLER, Solicitors for Municipality.

DIVIDEND.

NOTICE.

THE SAO PAULO TRAMWAY, LIGHT & POWER CO., LIMITED.

DIVIDEND NO. 2.

Notice is hereby given that a Dividend of 1¼ per cent. for the quarter ending 30th day of September, 1902, being at the rate of 5 per cent. per annum, upon the Capital Stock of the Company, has been declared, payable on Wednesday, 1st day of October, 1902, at the Head Office of the Company, Toronto Railway Chambers, Toronto, to Shareholders whose names appear as such of record on the books of the Company, on Wednesday, the 24th day of September next.

J. M. SMITH Sec.-Treas.

Toronto, Sept. 16th, 1902.

THE CANADIAN SALT COMPANY, LIMITED.

A dividend of $2.00 per share for the quarter year ending 30th September, 1902, has been declared on the Capital Stock of this Company, and cheques for the same will be mailed on or about 1st of October, to Shareholders of record at the closing of the books in Toronto, at 3 p.m. on 24th September, 1902. The books will be reopened on Wednesday, 1st October, 1902.

By order of the Board.

C. E. ROBIN, Assistant Secretary.

Make Your Will.

A man who has accumulated property for the benefit of his family or others very often puts off making his will till too late.

We will send free for the asking **Will Forms** and **Little Books About Wills.**

New York, Sept. 21.—Dr. Patton has been induced to accept the principalship of Princeton Seminary. He will be so honored Oct. 14.

50,000 TONS OF RAILS ORDERED

London, Sept. 21.—The Westminster Gazette to-day says an order for 50,000 tons of steel rails has just been placed in Lanarkshire, and that it is presumed to be for America.

Piles To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it. See testimonials in the daily press and ask your neighbors what they think of it. You can use it and get your money back if not cured. 60c a box, at all dealers or EDMANSON, BATES & CO., Toronto.

Dr. Chase's Ointment

TREASURER'S SALE OF LANDS FOR ARREARS OF TAXES

In the Township of Scarboro, County of York, To Wit;

By virtue of a warrant issued by the Reeve of the Township of Scarboro, and bearing date the twenty-third day of June, 1902, and to me directed, commanding me to proceed with the collection of the arrears of taxes on the lands hereinafter set forth, together with fees and expenses. I therefore give notice that unless the said arrears of taxes and costs be sooner paid, I shall on Monday, the twenty-fourth day of November, 1902, at the hour of 1 o'clock in the afternoon, and upon the following days, until the sale is completed, at the Halfway Hotel, on the Kingston-road, Scarboro, proceed to sell the said lands, or so much thereof as may be sufficient to pay such arrears of taxes and all charges thereon.

All the following lands are patented.

Dated at West Hill, this 5th day of August, 1902.

J. H. RICHARDSON, Treasurer of the Township of Scarboro.

COPY OF WARRANT.

Township of Scarboro, County of York and Province of Ontario.

To wit:

To John H. Richardson, Esq., Treasurer of the Township of Scarboro:

You are hereby authorized and directed to levy upon the lands in the list hereunto annexed, for the arrears of taxes due thereon, and all costs and charges authorized by statute in that behalf, and to proceed in the sale of said lands for said arrears of taxes and costs, as the law directs.

As witness my hand and the Seal of the Corporation of the Township of Scarboro, this 23rd day of June, 1902.

[Seal.] ANDREW YOUNG, Reeve.

FOR SALE BY TENDER TO CLOSE AN ESTATE.

The undersigned will receive tenders till the 15th October next, for the purchase, subject to existing tenancy, of about 16 acres, part of the east half of lot number 7, concession 5, of the Township of Etobicoke (Maxwell estate).

The property is on Dundas-street, near Islington, convenient to schools, churches, postoffice and railway station, and about 10 miles from Toronto market.

There is a good apple and small fruits orchard on the property, also basement barn and brick cottage. It is well fenced and watered and in a high state of cultivation.

The present lease is at $75 half yearly, in advance, and expires 1st April, 1903.

The highest or any tender not necessarily accepted.

For further particulars apply to MONTGOMERY, FLEURY & MONTGOMERY, 6666 Canada Life Building, Toronto.

SHOWS LOW-GRADE ORE.

Bloemfontein, Orange River Colony, Sept. 21.—Further information in regard to the discovery of a new Rand by Mr. Rathbone, a former government expert on the Witwatersrand, rather discounts the first optimistic impressions. The reef shows only low grade ore, which will need economical working on a large scale of operations in order to show a profit.

MEXICAN LIGHT AND POWER CO

Public notice is hereby given that under The Companies Act, 1902, letters patent have been issued under the Seal of the Secretary of State of Canada, bearing date the 10th day of September, 1902, incorporating Benjamin F. Pearson, Esq., Robert E. Harris, Esq., Charles H. Cahan, Esq., Henry A. Lovett, Esq., G. Fred Pearson, Esq., for the following purposes, viz.:

1. To carry on the business of an electric light, heat and power company in all its branches, and generally to provide, purchase, lease or otherwise acquire and to construct, lay down, erect, establish, operate, maintain and carry out all necessary works, stations, engines, machinery, plant, cables, wires, works, lines, generators, accumulators, lamps, meters, transformers and apparatus connected with the generation, accumulation, distribution, transmission, supply, use and employment of electricity; and to generate, accumulate and distribute electricity for the supply of electric light, heat and motive power and for industrial or other purposes; and to undertake and enter into contracts and agreements for the lighting of cities, towns, streets, buildings and other places, and the supply of electric light, heat and motive power for any or all public or private purposes.

2. To sink wells and shafts and to make, build, construct, erect, lay down and maintain reservoirs, waterworks, cisterns, dams, culverts, main and other pipes and appliances; and to execute and do all other works and things necessary or convenient for obtaining, storing, selling, delivering, measuring and distributing water for the creation, maintenance or development of hydraulic, electrical or other mechanical power, or for any other purpose of the company.

3. To construct, alter, work, carry out or control, and to purchase, take on lease or otherwise acquire, and to sell, lease or otherwise dispose of any works, mains, lines, machinery or plant, of any kind or description, or any roads, ways, bridges or other things whatsoever which may seem capable of being used or operated with any part of the company's undertaking for the time being, or calculated directly or indirectly to benefit the company; and to acquire rights over or in connection with such works, mains, lines, machinery, plant, roads, bridges, ways or other things whatsoever; and to equip, maintain and operate by electricity, hydraulic or other mechanical power all works belonging to the company or in which the company may be interested, and to contribute to subsidies or otherwise assist or take part in the construction, improvement, maintenance, working, management, carrying out or control thereof.

4. From time to time to apply for purchase or acquire by assignment, transfer or otherwise and to exercise, carry out and enjoy any statute, ordinance, order, license, power, authority, franchise, concession, right or privilege which any government or authorities, supreme, municipal or local, or any corporation or other public body may be empowered to enact, make or grant, and to pay for, aid in and contribute towards carrying the same into effect; and to appropriate any of the company's stock, bonds and assets to defray the necessary costs, charges and expenses thereof.

5. To carry on any other business, whether manufacturing or otherwise, which may seem to the company capable of being conveniently carried on in connection with the business or objects of the company or calculated directly or indirectly to enhance the value or render profitable any of the company's property or rights.

6. To apply for or purchase or otherwise acquire any patents, brevets d'invention, grants, licenses, leases, concessions and the like, conferring any exclusive or non-exclusive or limited right to use, or any secret or other information as to any invention which may seem capable of being used for any of the purposes of the company, or the acquisition of which may seem calculated directly or indirectly to benefit this company; and to use, exercise, develop or grant licenses in respect of, or otherwise turn to account, the property, rights, interests or information so acquired.

7. To use any of the funds of the company to purchase or otherwise acquire, and take and hold shares, bonds or other securities of or in any other company or corporation and to promote any company having objects altogether or in part similar to those of this company or carrying on any business capable of being carried on so as to directly or indirectly benefit this company, and, while holding the same, to exercise all the rights and powers of ownership thereof including the voting powers thereof, when sanctioned by a vote of not less than two-thirds in value of the capital stock represented at a general meeting of the company duly called for considering the subject of the bylaw.

8. To sell, lease or otherwise dispose of the property and undertaking of the company, or any part thereof for such consideration as the company may think fit, and in particular for shares, debentures, bonds or securities of any other company having objects altogether or in part similar to those of this company.

9. To procure the company to be registered and recognized in any foreign country and to designate persons therein, according to the laws of such foreign country, to represent this company and to accept service for and on behalf of this company of any process or suit.

10. To enter into any arrangement for sharing profits, union of interests, co-operation, joint adventure, reciprocal concession or otherwise, with any person or company carrying on or engaged in, or about to carry on or engage in, any business or transaction which this company is authorized to engage in or carry on, or any business or transaction capable of being conducted so as directly or indirectly to benefit this company, and to take or otherwise acquire shares and securities of any such company, and to sell, hold, reissue with or without guarantee or otherwise deal in the same.

11. To amalgamate with any other company having objects altogether or in part similar to those of this company.

12. To do all such other things as are incidental or conducive to the attainment of the above objects.

13. To do all or any of the above things in Canada or elsewhere and as principals, agents or attorneys.

14. The business or purpose of the company is from time to time to do any one or more of the acts and things herein set forth; and it may conduct its business in foreign countries, and may have one office or more than one office and keep the books of the company outside of the Dominion of Canada, except as otherwise may be provided by law.

15. To draw, make, accept, indorse, discount and execute promissory notes, bills of exchange, warrants and other negotiable or transferable instruments.

16. If authorized by bylaw, sanctioned by a vote of at least two-thirds in value of the subscribed stock of the company represented at a general meeting duly called for considering the bylaw, the directors may from time to time:

(a) borrow money upon the credit of the company;

(b) limit or increase the amount to be borrowed;

(c) issue bonds, debentures or other securities of the company and pledge or sell the same for such sums and at such prices as may be deemed expedient; but no such bonds, debentures or other securities shall be for a less sum than one hundred dollars each;

(d) hypothecate, mortgage, or pledge the real or personal property of the company, or both, to secure any such bonds, debentures or other securities and any money borrowed for the purposes of the company.

17. In general, to have and to exercise all the powers conferred by the bylaws of the Dominion of Canada upon companies formed under the Act hereinbefore referred to, the operations of the company to be carried on throughout the Dominion of Canada and elsewhere, by the name of "The Mexican Light and Power Company" (Limited), with a total capital stock of twelve million dollars divided into one hundred and twenty thousand shares of one hundred dollars.

Dated at the office of the Secretary of State of Canada, this 12th day of September, 1902.

R. W. SCOTT, Secretary of State.

Applications for shares will be received by the **NATIONAL TRUST COMPANY, Limited, at its Montreal and Toronto Offices**, where forms may be obtained.

The Subscription List will be closed on Thursday, the 25th September. The Directors reserve the right to decline any subscriptions and to allot to any applicant for shares a less number than applied for. In cases where allotment is not made the deposit will be returned.

THE FLOUR MILLING INDUSTRY.

This is one of the most important of Canadian industries, and the one in which the Dominion of Canada is establishing for itself a high reputation, not alone in Great Britain and the Continent of Europe, but in the Colonies, and particularly Africa and Australia, where a large and profitable export trade is being rapidly developed.

The source of supply of wheat, and high class wheat, in Canada is practically unlimited, and the quality is unsurpassed the world over.

It is estimated that the exportable surplus of Manitoba and the Northwest will this year amount to about 50,000,000 bushels, while less
