WHAT THE BROKERS THINK OF THE MARKET OUTLOOK

Watson & Co.—It is the concensus of best opinions that fundamental factors are so unusually strong it would be practically impossible, in the absence of something very seriously adverse occurring, for the market to turn to a downward direction. Higher prices are looked for, but gradually, as the result of careful consideration of the merchants of each purchase.

Chandler Brothers & Co.—The Morgan interests are believed to be the power back of the recent advance, and there is much mystery as to the attitude of the Standard Oil party. The advance in many of their favorites would indicate their sympathy with the movement, but their utterances are at variance with this.

Marshall, Spader & Co. — The price movement of the stock market since yesterday morning should possess no significance to operators. The recent advance has been mainly upon strong fundamentals, which have grown steadily better with the progress of events. The present dullness is the result of developments pending in special directions and perhaps also lack of concerted action by larger interests in the market.

A. O. Brown & Co.—Fundamental conditions are excellent and indications point to a rising market with only very light recessions.

Dick Brothers & Co.—We continue to favor the purchase of Norfolk & Western, Chesapeake & Ohio and stocks of a similar class, and believe that the general market will only have spasms of reactions, its ultimate course being upward.

John G. O'Keefe, of H. L. Horton & Co. —Market reflects profit taking by some of the large interests, but still it acts well. Banking people have the speculation well in hand, but they will find some difficulty in pushing prices up from this level. Material evidence of some of the promised big bull cards would help them.

Burnett & Co.—It as generally admitted that the market for the last two days has been largely professional, but well informed interests do not believe that it will remain so very long. They believe that the present movements still has the support of powerful banking interests, who, in turn, have important and comprehensive plans to carry out in connection with several of the large railroad systems. The traders, as usual, have been trying to follow the lead of these interests, but as they have been impatient for profits have not maintained a given position for any length of time. Because the large interests seem to be content to allow the market to rest for a brief period, close observers would not be surprised to see it react a little further, but they do not look for a big reaction.

REVENUE AND EXPENDITURE

More Favorable Showing for July than in Same Month Last Year.

OTTAWA, Ont., Aug. 11 (Special)—Canada's revenue on consolidated account for the month of July was $5,760,321, as against an expenditure of $2,848,237. The receipts show a gain of $785,000, and the expenditure a diminution of $132,000, compared with the same month of last year. The receipts from the several sources were:

	1905	1906.
Customs	$3,200,643	$3,563,382
Excise	892,532	1,052,300
Post office	370,000	420,000
Public works	461,574	600,890
Miscellaneous	50,328	123,148
Totals	$4,975,083	$5,760,321

A WAIL FROM BOSTON

(Boston Post).

There is grief at the decline of baseball in Boston. The season opened with anxiety but with courage; then followed early disappointment, then long depression, and now a dead level of hopelessness rapidly turning into indifference.

What is happening to the national game? There is clash and tumult at the games in New York. There is a row and rumpus on the grounds in Boston. Everything seems to be going to the bad. Our home teams have fastened a strong and constantly tightening grip upon the lowest place in the league category.

But what is to be done about it? Anything! Only it must be done quickly to show results this season.

The one consolatory thought is that the darkest hour is just before dawn. Ever-springing hope points to next year with new possibilities.

NEW YORK MARKET LETTER

New York, Aug. 10—Extreme dullness has prevailed today, the inactivity being beyond anything we have had for a long time. Southern Pacific was decidedly strong and there was marked firmness in Penna and Union Pacific. The government crop report was especially gratifying on corn and also the figures on winter wheat showed a very substantial increase of more than 60,000,000 bushels. Spring wheat showed a decline in condition as compared with last month and also a year ago, and oats was less favorable, but the general opinion was that taken as a whole it was satisfactory.

Stocks sold off after the publication, but it can hardly be said there was any connection between the two. The course of the market today seems to indicate that it has fallen into midsummer dullness so pronounced as to be almost unresponsive to any good influences and we do not see anything that is likely to move it for a considerable time. While general conditions continue as strongly favorable as ever, yet the fact is that the market does not seem to recognize and that in itself discourages those who desire to see any upward movement in the near future.

WHY BRONCHITIS IS SERIOUS

Because it becomes a chronic condition that verges closely on consumption. "Catarrhozone" is the most pleasant, simple and certain cure. Try Catarrhozone.

MONTREAL CLEARINGS

Montreal Clearing House returns for the week ending Aug. 9:

1906	$28,593,037
1905	23,167,961
1904	20,989,761

NEW YORK, Aug 9—Ram's Horn, by Bute—Aunt Tessa, winner of this year's $25,000 Brighton Handicap, and of last year's Crescent City Derby, at New Orleans, died yesterday in his stall at the Gravesend race-track, of inflamation of the bowels.

The woods on White's Mountain, near Sussex, are said to be ablaze, and forest fires have broken out at different points in Kings county. Fires are also reported in Westmorland county and much damage has been done along the line of the Moncton & Buctouche railway.

Old Coughs

New coughs are bad enough. Old coughs are worse, much worse. They always make one think of bronchitis, consumption. Ayer's Cherry Pectoral quickly cures new coughs. And it cures old ones, too. The next time you see your doctor, ask him why this medicine so promptly relieves coughs.

We have no secrets! We publish the formulas of all our medicines! J. C. Ayer Co., Lowell, Mass.
