INCREASE GRANTED TO TEACHERS IN HAMPTON CONSOLIDATED SCHOOL

Annual meeting of Trustees yesterday—Compulsory Attendance Act not operative this year.

Special to The Standard.

Hampton, Kings County, July 13.—At the annual school meeting of the Hampton Consolidated School District held in the Exhibition Hall, of the school building, opening at ten o'clock this morning Mr. T. M. Sproul was elected chairman and Mr. Brewster acted as secretary. The reports of the trustees and auditor were read and approved.

The teaching staff is to be the same for 1914-15 as for the year just closed, except that Miss Jean Peacock has been granted two months leave of absence, and Miss Burgess taking her duties as teacher of domestic science for that period. All the salaries have been slightly advanced. The financial year closed with a substantial balance on hand. The total number of pupils in attendance was 218, with an average attendance of 172. Two pupils graduated from the High school.

Thomas E. Smith was re-elected trustee.

Allan W. Hicks was elected auditor for next year, and $10 voted for his services.

The trustees were asked to furnish fuller particulars in future reports as to the percentage of children of schoolable age resident in the district who are in actual attendance; also to show the numbers advanced in their grades in each year, and further information as to the progress made in methods and results. The chairman promised this should be done. He also promised to have bars put across a window on the platform, which a ratepayer regarded as dangerous when the platform was crowded with children.

The sum of $4,000 was orered to be assessed on the district for school purposes, the same as last year.

Paying pupils contributed $111 to the funds last year.

The estimates for next year were presented, showing anticipated receipts from government grants of $1,200.00; county fund $197.35; driving van $125; back taxes collected $130; taxes for 1915 $4,000, and cash on hand $763.57, making a total of $6,246.14.

This will be offset by expenditures for teachers' salaries, $2,215; janitor, $420; sinking fund $600; interest on debt $1,125; driving van $270; fuel $520; supplies $200; repairs and painting $750, and unforseen expenses $196.14.

It was decided by vote not to make the compulsory act operative this year.

The minutes were read and approved, and the meeting adjourned.

A SON OF THE DESERT

Charles Ackhurst, of Halifax, representative of the popular "Ben Bey" cigar, is in New Glasgow en troupe. He has with him a genuine son of the desert, dressed in native garb, mounted on his Arabian charger, and has emblazoned across him the mystic words "Ben Bey." If one is not a smoker, or has not been introduced to the most pleasing smoke on the market, an enquiry elicits the story that "Ben Bey" is the name of the cigar that most pleases the connoisseur.—Eastern Chronicle.

Another Daring Break.

On Sunday night a thief took from the store of J. J. Bradley, in Dock street, some bottles of liquor. This he succeeded in doing by using a diamond glass cutter with which he cut the plate glass window behind which the bottles were arranged. On Monday of last week a similar theft was committed at the premises of R. Sullivan & Co., opposite the Bradley store.

YARMOUTH COUNTY YOUTH MEETS WITH FATAL ACCIDENT

Collided with team while riding home on bicycle On dark road Friday night.

Special to The Standard.

Yarmouth, N. S., July 13.—Arthur Jefferson Saulnier, of Wellington, in this county, aged eighteen years and six months, is dead as a result of an accident which took place near the town on Friday evening.

Saulnier in company with another young fellow, was coming to town on a bicycle. His companion, who had a light, was in the lead. About half a mile from town on the Pond road he swung out with the intention of crossing to the other side. Not noticing a team coming in the opposite direction he struck the team and was thrown off with great force. He fell on his handle bars in such a way that he suffered severe internal injury resulting in his death.

YESTERDAY'S ACTIVITIES IN THE POLICE COURT.

In the police court, yesterday, Charles Myers, an aged man, who was arrested some time ago on suspicion of breaking a window in William Pierce's store in Simonds street, and afterwards tried to commit suicide by cutting his throat, appeared on both charges. The case was postponed owing to there being no witnesses present, but the prisoner was given the option of going to the home of his nephew. He said, however, that he preferred to remain in jail for a time.

Charged with assaulting his wife, Thomas Ferry was allowed to go until this morning.

Five prisoners were dealt with for drunkenness. Samuel Brookins, arrested on the charge of drunkenness and fighting with Officer Hamm, was fined $8 and remanded on the resisting charge and interdicted.

In the case of Frank McCann, who, it is alleged, kept a disorderly house in Chesley street, Officer Jones testified. Frank Nagle, charged with being an inmate said that he was in the house for a couple of hours before midnight to get drinks, on the invitation of McCann, and was arrested on the street the next morning. He was allowed to go until today. Carrie Rider, charged with being an inmate, was sent to the Home of the Good Shepherd for nine months.

STORSTAD'S FIRST OFFICER IS BEYOND CANADIAN LAWS

Holds Norwegian Certificate, Canadian authorities cannot cancel papers — Will not likely be prosecuted,

Ottawa, July 13.—Owing to the fact that First Officer Tuftenes holds a Norwegian certificate, the Canadian Marine Department is unable to inflict any punishment such as cancellation of papers upon the man held responsible for the Empress disaster.

The report, however, is being sent to the Norwegian authorities so that in future officers of foreign vessels engaged in the Canadian coasting trade must have Canadian certificates. It is improbable that Tuftenes will be prosecuted, as his mistake is considered more of an error of judgment than a case of criminal negligence. The recommendations for better protection of life at sea will be quickly be put into effect by the Canadian government in co-operation with the British Board of Trade. Lord Mersey is in Ottawa today, a guest of the Government House.

ALMOST FAINTED IN THE STREET

In Daily Fear of Death—Until "Fruit-a-tives" Brought Relief.

Chatham, Ont., April 3rd, 1913.

"Some two years ago, I was a great sufferer from Indigestion. One day my eye caught a billboard of "Fruit-a-tives" and I said to myself "if Fruit-a-tives will build me up like that, it is good enough for me." I bought some. After taking these wonderful tablets for only three weeks, I found myself wonderfully improved. In a short time longer, I cured myself entirely. My case was no light one, either, Gas would often form in my stomach and I was in daily fear that it would get around my heart and kill me. "Fruit-a-tives" is the only remedy for Indigestion."

MAKING REPAIRS TO THE STORSTAD.

Quebec, July 13.—Work of repairing the damaged collier Storstad, which rammed the Empress of Ireland, was started Saturday night last, about an hour after the vessel entered the Levis dock. George T. Davie, proprietor of the dock, is supervising the work and he had day and night shifts to rush the work along.

The whole of the ship's stem is already removed. It was ripped and torn as far down as the keel, so that the repairs are expected to cost about $50,000.

It is not expected the Storstad will be able to take to sea before a month or six weeks.
