The Daily Tribune.

VOL IV. SAINT JOHN, N. B., WEDNESDAY EVENING, APRIL 7, 1875. No. 90

MILLIONS

OF PEOPLE IN AGONY

Physicians Cornered!

I SUPPOSE there is not in the whole of a physician's experience, anything in human suffering which calls forth his sympathy, and pity, to such an extent, as to witness the excruciating pains of a poor mortal, suffering from that fearful disease.

RHEUMATISM!

Heretofore there has been a considerable diversity of opinion among medical men, as to the true character of this disease. Some locating it in the fibrous or muscular tissues of the system, and others viewing it as an acute nervous disease; but it is now generally admitted to be a disease arising from a poison circulating in the blood, and further it is admitted that Rheumatism can never be thoroughly cured without exterminating such poisonous matters from the blood, by a constitutional internal remedy. We feel confident that none will feel better satisfied, and rejoice more, than the conscientious physician, who has found out that a cure for this stubborn disease has been discovered. The following testimony from a gentleman of standing, and high respectability, and well known to the Canadian public, cannot fail to satisfy all that the

DIAMOND RHEUMATIC CURE!

is a wonderful medical discovery.

MR. ISAACSON'S ENDORSATION.

MONTREAL, 21st March, 1874.

Messrs. DEVINS & BOLTON,

Dear Sirs,—I, with pleasure, concede to the agent's wish that I give my endorsation to the immediate relief I experienced from a few doses of the Diamond Rheumatic Cure, having been a sufferer from the effects of Rheumatism, I am now, after taking two bottles of this medicine, entirely free from pain. You are at liberty to use this letter if you deem it advisable to do so. I am, sirs, Yours respectfully,

JOHN HELDER ISAACSON, N. P.

FURTHER PROOF.

I AM ANOTHER MAN!

ST. JOHN, N. B., Sept, 29, 1874

A. CHIPMAN SMITH,

Dear Sir,—I have suffered for fifteen months with Chronic Rheumatism, and could not find any relief, after trying every medicine that I saw advertised to cure it, until I was told about the Diamond Rheumatic Cure. I have used three bottles of this valuable remedy, and now can say that I am another man to what I was. I would advise anybody suffering with this terrible disease to try it, and see if it does not do the same for them that it did for me.

Yours,

JAMES L. ROGERS,
Indiantown.

BARNES' HOTEL,
ST. JOHN, N. B., Sept. 29, 1875

A. CHIPMAN SMITH,

Dear Sir,—I have great pleasure in stating that I put every confidence in your Diamond Rheumatic Cure. I have suffered for the past two years with Rheumatic Pains, during which time I have had the advice of some of the most prominent medical men in the Province, but experienced no relief, until I tried the Diamond Rheumatic Cure. I have now taken three bottles, and I feel greatly improved, and now am confident of a permanent cure.

Yours truly,

JAMES O'BRIEN.

There is no medicine which so promptly relieves the depressed vital action, restores the general and local circulation, allays the pain, dissipates the congestion, prevents inflammation, and restores the healthy action as the

DIAMOND RHEUMATIC CURE!!

This medicine is for sale at all the druggists through Canada. If it happens that your druggist has not got it in stock ask him to send for it to

NOTES AND NEWS.

GENERAL.

James Murray, a young Scotchman, committed suicide by cutting his throat at Toronto last Saturday. Melancholy, induced by the want of money, was the cause of the act.

Dr. Wherry, a well-known member of the medical profession of Quebec, died last week from the effects of an overdose of chloral, taken to relieve an attack of neuralgia from which he was suffering.

A sad case of marital infelicity is made public in Montreal. A man aged seventy-eight is attempting to separate from his wife, aged sixty-three, on the ground that she is unfaithful. The parties are very highly connected.

"Augustus, dear," said she, tenderly pushing him from her as the moonlight flooded the bay window where they were standing, "I think you had better try some other hair dye; your moustache tastes like turpentine."

Mr. H. G. Bohn, the well-known publisher of London, who is now about 80 years of age, has just disposed of his collections of old and rare china at auction. The sale lasted three days and produced altogether about £6,500, and some of the articles sold at ridiculously high prices.

A Brazil paper is responsible for a story, that one Manuel Jose Alfonso has just died in San Jose de Leonissa at the age of 150, and that he leaves a widow and son from a marriage consummated when he was almost 100 years old. To the day of his death he saw and walked well, and retained his faculties unimpaired. Another man recently died in the same vicinity, aged 120, leaving a progeny of about 300.

Newspaper readers should not place too much confidence in a paragraph now going the rounds, headed "A Laundry Secret." The "secret" is that gum arabic will give an appearance of newness to old shirts. If turning them to a discouraging yellow gives them an appearance of newness, this mystery is all that it pretends to be, but it should never be applied in cases where the entire happiness of the owner of the shirts depends upon a white and glistening front.

UNITED STATES.

The Rev. Geo K. Woolward of Brooklyn, who was accused of telling five frivolous lies, and threatened with discipline, preached his farewell sermon last Sunday night. He resigned his pastorate, and has consulted lawyers, intending to sue certain of his church members for the scandal.

Major Howell, of Nashville, Tenn., has accepted the challenge of the Evansville, Ind., school teachers for a spelling match by telegraph between representatives of the two cities. Each word will be inclosed in a sealed envelope when sent over the wires, there being objections to postal cards.

A newspaper item states that John Bimpson, a wealthy manufacturer, of Quincy, Ill., left for Europe with two daughters, supposed to have sailed on the United Kingdom, which was never heard from till now, when news is received that Bimpson and his daughters are alive and coming home. In the meantime Mrs. Bimpson had collected $5,000 life insurance on Mr. Bimpson's policy, got married and has a child by her second husband.

The Chicago *Tribune*, which has not been particularly friendly toward Messrs. Moody and Sankey, devotes an editorial paragraph acknowledging their freedom from mercenary motives. Their refusal to accept a cash donation of $10,000 from Lady Burdett-Coutts is alluded to, the denial that Mr. Sankey has been making commissions on selling organs is given, and in conclusion it is stated that in Chicago the reputation of Messrs. Moody and Sankey for integrity needs no vindication.

It is alleged that the convicts in the State prison in Jackson, Michigan, are treated with such inhumanity as to render the institution a disgrace to civilization. The Adrian *Press* charges that the most horrible and outrageous punishments are common there; that the lash is used on the slightest provocation; that one prisoner was hung by the thumbs to a cross and left there for twenty four hours, in consequence of which his right arm became withered and permanently disabled; and that an old man over sixty years of age was tied to the whipping post, where he received twenty-five lashes on his bare back for telling a keeper to stand off when the latter threatened to knock him down for failing to perform a task beyond his strength.

A Witch Widow.

Fools are not all dead yet. In Newton, Ga., some of the people so firmly believe that a certain old widow is a witch, and in league with the devil, that they refuse to allow her to visit or borrow anything from their houses. They say she has made witch balls from hair gathered from the tail of a tricky cow, which, if rubbed against any article, will charm any one who touches it. These people place horse shoes over their beds and under their door steps to kill the influence of the old woman's charms. They verily believe that she intends to witch the whole neighborhood, and bring some plague upon its inhabitants. Silver bullets have been moulded with which to shoot her in case she intrudes upon the families at night by creeping through the keyholes or coming down the chimney. Silver dimes have been nailed in the bottom of the churn and well bucket to prevent the witch from taking an underhand advantage of her neighbors.

An Elephant's End.

From the Times.

At Hamburg, the keepers of the Zoo thought that it would be more economical to give the elephant a stone floor, as the wooden one had to be replaced too often. One was laid, but the elephant would not lie down upon it to sleep. Something told him that if he did he could not get up again. Hence he slept standing, or leaning against the wall. But the other night his feet slipped when dozing, and he came down. He could not get up, in fact, and twenty men with ropes, pulleys, and ingenious contrivances worked all day trying to get him up. He was finally raised until his feet were four inches above the floor, when the hinder ropes broke, leaving the poor beast hanging by the neck. He gave one piteous roar and was dead.
