YOUNG CONSERVATIVES.—A meeting of young men of the conservative party was held last evening in Gordon division hall, King street. Mr. J. D. Hazen acted as chairman and Mr. W. S. Barker as secretary. The meeting showed what a warm interest the young men of the city are taking in the conservative cause. To further the interests of the party it was unanimously resolved to form a Junior Liberal-Conservative club.

A committee was appointed to draft a constitution and by-laws to report at a meeting to be held in two weeks time.

SCHOOL TRUSTEES.—The board of school trustees met last evening. Ald. Nase took his seat as a member of the board. Supt. He reported considerable illness in certain portions of the city; also that classes of teachers in drawing had been formed under F. H. Miles as instructor. Miss Daly's resignation as teacher in St. Patrick's school was accepted and Miss Maggie McMillan appointed. THOMPSON'S SLIP.

It was Inspected Yesterday by the Board of Works and will Probably be Dredged Out.

Several times on former occasions the GAZETTE has called the attention of the council to the disgraceful condition of Thompson's slip at the foot of Simond's street, North end. Not long ago it was suggested that as the city was in possession of a dredge this public slip could be dredged out and be so improved, at a very small cost, that the city would derive a considerable income from it.

Yesterday afternoon the members of the Board of Public Works, with Director Smith, visited the slip and saw for themselves what is needed. All could see that from its central location, Thompson's slip is just where a public market slip for the North end of the city is most needed. It was also quite evident that a comparatively small outlay of money in dredging and improving the chances for teams to haul out of it would place this slip in such a condition that woodboats and schooners could discharge their cargoes there in the same manner as is done in Market slip and as was formerly done in Thompson's before it became filled up with mud. If it is decided to dredge the slip out and put it in proper working order, the large sewer which empties into the head of it will need to be lowered a few feet and to be extended probably to low water mark so that the run of water from it will not gully out the bottom of the slip as has been the case in the past. The consideration of the question of improving the slip and putting it in a position to earn something for the city will be taken up at the next meeting of the Board of Works. The old Rankin wharf on the east side of the slip could be made available for use in connection with the slip at a very moderate cost. With these improvements completed Market slip could be relieved of some of its surplus of vessels in busy times, and the North end people would have a chance to do their business in their own section of the city instead of having to clamber over the decks of 4 or 5 vessels lying abreast in the over crowded Market slip

MARRIAGE IN CENTENARY.

The Organist of Centenary Church and a Prominent Medical Man Wedded This Morning.

The marriage of Dr. J. W. Daniel, one of St. John's best known medical men to Miss Jessie P. Ennis, organist of Centenary church, was solemnized in Centenary church at 7.30 o'clock this morning. The ceremony was performed by Rev. H. Daniels, father of the groom, assisted by Rev. Dr. Sprague pastor of Centenary. The bride was attended by Miss Fannie Palmer and Recorder I. Allen Jack officiated as best man. The choir rendered some excellent music which had been specially prepared in honor of the occasion. After the interesting ceremonies were over Dr. Daniel and his bride were driven in a coach to the international steamer by which they left on a ten days tour, to take in Boston, New York etc.

The New Arrangement of Trains.

The C. P. R. train from Montreal arrived here on time to day, and the Boston train was 15 minutes late. Up to the present week the custom has been to have these trains wait for each other at McAdam junction from which place they were brought to St. John by one engine. As the two trains together made a very heavy load for one locomotive considerable time was lost often in coming from McAdam to St. John and this in addition to the time spent in waiting at McAdam has caused the train to be late nearly every day in arriving at St. John. Under the new arrangement the trains from Montreal and Boston come through to St. John independent of each other. Then if the Boston train is very late the through passengers by it stand a good chance of getting left, and having to wait till the 10.30 I.C. R. night train goes out.

PALACE RINK.—Last night's crowded house proved that a good attraction at popular prices could draw. This is the eighth night that every seat has been taken before eight o'clock. The "Big four" combination are good and held the large audience last night in a continued roar of laughter. Mr. McPartland in banjo specialties received three well deserved encores. The rest of the company were well received. Friday night will be amateur night when any one so desiring may appear on the stage and act. The amateur receiving the greatest applause or making the best hit, to receive a suitable present. As there have been several entries made, it has been decided not to give a gold watch, but instead distribute three monied prizes.

ASHORE IN WEST BAY.—Schooner Lord Mayo is ashore at West Bay, N. S., and is in a bad condition; several holes have been punched through her bottom by the rocks. It is thought from the word received here that she went ashore Monday night. The Lord Mayo is 97 tons register and was built at Liverpool, N. S., in 1872. She was owned and commanded by Capt. James Card.

NOW IS THE TIME.—The wants of both landlords and tenants are being made known through the columns of the GAZETTE every day, and the easiest way out of the difficulty, if you require a house or flat, or have a house or flat to let and require a tenant, is to read the want and to let columns of the GAZETTE every evening.

THE GYPSUM KING.—The three masted schooner Gypsum King was launched at Parrsboro, N. S., Monday and towed to Windsor where she will load plaster for New York. She is about 700 tons register and is owned by V. C. & C. V. King, of New York, who have had her built especially for the plaster trade.

THE BOAT RACE.—The St. John fouroared crew left for Halifax, by the steamer "City of Monticello" this morning. They will at once go in to training. Considerable interest is taken in the race, and already, it is said, about $1000 has been put up on the result.

CHARTERED.—Hiawatha, 6500 quarters of grain, New York to Londonderry, owners account; James Stafford, 7000 bbls crude petroleum, Philadelphia to Dunkirk, 2s, 3d; burqt Merritt, general cargo, New York to Santos.

GOOD TRAVELLING.—The C. P. R. express, which arrived here yesterday from the west, made the run from McAdam Junction to St. John, a distance of 84 miles, in two hours.

AN OYSTER SUPPER was tendered Mr. W. C. Cross last evening by his fellow boarders at Mr. Currie's on the occasion of his leaving their circle to take up his abode elsewhere.

PEELE ISLAND Co.'s Grape Juice is invaluable for sickness and as a tonic is unequalled. It is recommended by Physicians, being pure, unadulterated juice of the grape. Our agent, E. G. Scovil, Tea importer, No. 13 North Wharf, can supply our Brands of Grape Juices by the case of one dozen.

RUNNING TRACK.

The members of the Y. M. C. A., who take an interest in the gymnasium, are working to get a running track put in there. The board of management of the association agreed a short time ago that they would put in the desired running track on condition that the present members secured fifty new members for the association. The gym. boys are doing well, having already secured over twenty of the required fifty, and it looks as if the running track must come. It will be an elevated track, probably about 9 feet above the floor, of 25 laps to the mile.

No More Polygamy.

BY TELEGRAPH TO THE GAZETTE.

NEW YORK, Oct. 15.—The Independent today publishes a telegram received from President Woodruff of the Mormon church and Governor Thomas of Utah, concerning the action of the Mormon conference forbidding polygamy. Woodruff says the action of the conference is conclusive. The church has no disposition to violate the laws or defy the government. Governor Thomas says polygamy has been buried, never to be resurrected. The country is to be congratulated on the triumph of the christian home in Utah.

Why English Consuls are Weak.

BY TELEGRAPH TO THE GAZETTE.

LONDON, Oct. 15.—The Standard commenting on the fluctuation in consols says it has not been equalled since the Crimean war and adds: "The argument that the market is unsound is plausible but shallow. Consols are weak for the same reason that colonial inscribed stocks are weak, because they are now among syndicate securities.

The Times in its financial article gives a similar reason.

The dock dispute has been settled by a compromise.

HIS GOLDEN JUBILEE.

An Occasion of Great Honor to Bishop Loughlin of New York.

NEW YORK, Oct. 13.—All the arrangements for the celebration of Bishop Loughlin's golden jubilee in Brooklyn have been completed. It will be begun with a reception to the bishop at the Clermont avenue rink on Friday night, and the presentation of an address and a purse. Cardinal Gibbons, Archbishop Corrigan and Archbishop Ryan will have part in the exercises.

On Saturday morning there will be an ecclesiastical celebration in old St. James Church on Jay street, and an ecclesiastical banquet in the assembly rooms of the Academy of Music in the evening.

The big parade in honor of the bishop will take place on Saturday night. Between 25,000 and 30,000 persons, representing all the churches and Catholic societies of the diocese, and visiting bodies from other cities, will participate. The parade of the Sunday school children will take place on Sunday afternoon. The celebration will be brought to a close on Monday night with the banquet in the assembly rooms.

What greater thing is there for two human souls than to feel that they are joined for life—to strengthen each other in all labor, to rest on each other in all sorrow, to minister to each other in all pain, to be one with each other in silent unspeakable memories at the moment of the last parting.
