SECOND WEEK GIVEN A ROUSING START

Big Attendance at Noon Meetings Today

Special Services to be Started—Able Addresses Heard in Many Churches Last Evening.

The interest in the mid-day meetings continues. At both the Nickel and the Unique today the addresses were delivered to crowded houses. It is noticeable that the half curious expression generally seen in an audience has given place to one of interest and seriousness. The impression is conveyed that those present realize that they are there for a purpose. More young men are seen among the audience than formerly.

The cheer-meeting at the Nickel today was led to by Dr. Smith, the singing being conducted by Mr. Peters, of the Fairville group. Those on the platform were Dr. Heine, Revs. Wentworth, McLeod, Appel, Camp, Milberry and Greenwood.

The first half hour was given over to song, the ministers singing one part of the hymn and the audience the other. Solos were sung by Messrs. Peters and Greenwood. Dr. Smith in opening the meeting called for all those in the audience who believed that the spirit of God was at work in St. John to hold up their hands. Hands went up all over the audience. He then said: "If so, what makes you think so?" Whereupon numbers got up and testified to cases which had come under their notice. Rev. Mr. Hutchinson said that last week a gentleman had come to him and asked that he pray especially for his daughter. Yesterday the first card looked at at the women's meeting in Portland Street contained the name of that daughter. Many got up and reported that numbers had taken a stand in the Sunday schools. Mr. Appel reported that 236 had signed cards yesterday signifying their intention to live Christian lives.

Rev. Mr. Milberry, of the Tabernacle Church, said that after the service the other evening a man who is a noted drunkard came to him and threw his arms around his neck, begging to pray for him. Mr. Milberry told him he would, but to go home and also pray for himself. Next morning he met the man who said he never felt better before. He is now taking an active interest in the meetings.

The address was delivered by Rev. Mr. Greenwood, of the Fairville group. He took as his text, "The Mirage," in 35th chapter of Isaiah. "The glowing sands will become a pool of water." He went on to show the deceit of the mirage. He drew illustrations to show what the mirage really is. Today, what is on your sky-line? Perhaps you had great possibilities in your Christian life, but today you realize that your knees are feeble. It is the "mirage." The worst kind of knowledge is to know that you are weak. Get in right relation with God and the "mirage" will become a reality. "The glowing sand will become a pool of water."

AT THE UNIQUE

There was a good attendance at the noon-meeting for men in the Unique theatre. Chas.F. Allen led the singing and it was remarkable for its heartiness. Frank M. Lamb in a very sympathic voice sang a solo. The address was delivered by W. A. Cameron. He is no novice at the business as he addressed 500 Massey-Harris employes every week in Toronto. Basing his remarks on the text "If Any Man Be In Christ He Is A New Creature."

Human hearts unappeasingly cry out after change. We all need something new. The gospel of Christ meets this need of the soul. It's the singular pretension of the Christian religion that it alters human character by altering human nature. The change brought to the man who experimenced it, a new view of God, a new view of Christ and of human life.

HEARD EVIDENCE IN THE CANDY CO. CASE

In Supreme Court Chambers this morning before His Honor Mr. Justice McLeod, in the matter of the winding up of the Phillips and White Candy Co., Limited, Mr. J. Fraser Gregory, president of the company; Mr. Thomas J. Durick, a director, and Mr. John A. Sinclair, a mortgagee of the company, were examined as to their relations with the concern.

Mr. Sinclair holds a bill of sale of $2,000. He swore that he advanced that sum purely as an investment.

Mr. Gregory and Mr. Durick corroborated Mr. Sinclair, and claimed that at the time the bill of sale was given the company sorely needed money.

Mr. W. Henry Harrison appeared for the liquidators, Messrs. W. S. Clawson and J. H. A. L. Fairweather, Mr. H. H. Pickett for Mr. Gregory and Mr. John A Barry for Mr Durick

The police report finding ahard hat on Rodney street; a lady's glove on Paradise Row; and a key on Sewell street. The articles can be obtained on application at Central police station

DEATHS

THOMPSON—At Chicago, Ill., on Feb. 9, Margaret E., eldest daughter of the late Alexander and Dorothy Thompson, formerly of Fairville, St. John.
Interment took place at Chicago on Feb. 12.

MANITOBA WILL FIGHT BEEF TRUST

New Event Added to Earl Grey Competition

Workman Dies From Injuries—Lively Sale of C. P. R. Lots at Calgary—Undertaker Commits Suicide.

TORONTO, Feb. 14.—Ralph Pigliosa, a young Italian laborer, died in the General Hospital last night as a result of being crushed beneath a falling mass of earth on the Canadian Northern Railway constuction north of here on Saturday. Joe Manse, a companion of Pigliosa, had a leg broken by the falling earth.

WATERTOWN, Ont., Feb. 14.—Fire broke out early yesterday morning in the large flour mills owned by Alex. E. Robertson and the mill and contents were totally destroyed. Origin of the fire is unknown. The loss is supposed to be partly covered by insurance.

TORONTO, Feb. 14.—The executive committee of the Earl Grey musical and dramatic trophy competition has added another event to the programme of competition, making five events in all. The new one is for a vocal quartette for amateurs under twenty-three years of age. The test piece will be "The Lovers," from Rheinberger. The award will be four silver medals.

WINNIPEG, Feb. 14.—The Manitoba government struck a hard blow at the beef trust Saturday when it announced that a municipal cattle market and abattoir would be soon established in Winnipeg, to compete directly with the trusts. This announcement is in response to the demands of farmers, who charge the beef trust with killing the live stock industry of Western Canada.

CALGARY, Alberta, Feb. 14.—What is probably Canada's record sale of lots took place here Saturday, when a hundred and fifty lots thrown on the market by the Canadian Pacific Railway were sold for prices ranging from five hundred to six hundred dollars. The lots were all disposed of within twenty minutes, the total realized being about seventy-five thousand.

TORONTO, Feb. 14.—Thomas W. Kay, formerly in business here as an undertaker, but latterly employed in a boathouse, cut his throat at a boarding house Saturday and died an hour later in St. Michael's Hospital. Kay was about 55 years old. He had been drinking heavily for some time past.

PICKED UP A DOG 100 MILES FROM LAND

National Council of Agriculture Organized—Ravings of a Conservative M. P.

VANCAUVER, B. C., Feb. 14.—The steamer Fred J. Wood, just arrived from the Pacific coast, reports picking up a large black Newfoundland dog one hundred miles from land. The animal was almost dead from exhaustion, but recovered and now seems no worse for its experience. It wore no collar and was apparently lost overboard from some passing ship.

PRINCE ALBERT, Sask., Feb. 14.—The Dominion Federation of farmers was organized here at a conference between representatives of the Dominion Grange and the Grain Growers' Association of the three prairie provinces. The organization will be known as the National Council of Agriculture of the Dominion. Officers elected are: President N. McCuaig, Portage La Prairie; secretary, E. C. Drury, Dominion Grange.

WESTON, Ont, Feb. 14.—The Conservatives of West York held their annual meeting here on Saturday, at which Captain T. C. Wallace, M. P., of Centre York, denounced the government's naval bill, declaring it was entirely useless to both this country and Britain and declared the Dominion owed it to the mother country to present her with two Dreadnoughts. Captain Wallace accused Sir Wilfrid Laurier of disloyalty, and said his idea was to haul down the British flag.

MRS. JOSEPH MOORE

The relatives and friends of Mrs. Joseph Moore, in St. John and Wickham, will be shocked to hear of her death, which took place in Brooklyn, N. Y., Jan. 18th.

About four months ago she came to New Brunswick and visited all her brothers and sisters and seemed to be in the best of health. After she returned to her home in Brooklyn, she was afflicted with rheumatism; later pericardites set in, and in her weakened condition death came to end her suffering. She was fifty-two years of age. Mrs. Moore was a woman of a genial disposition and very considerate with friends in her home. She was baptised by the late Rev. J. T. Parsons and united with the F. B. church a number of years ago. She was the daughter of the late Alfred G. Vanwart, of Wickham, who died about a year ago. Three brothers and five sisters survive her. Besides her husband she leaaves three children, Percy of N.Y., Mrs. Doremus of White Plains N. Y., and Ida at home. She requested to be buried in Cedar Grove cemetry beside her son Israel, whose death she deeply lamented about four years ago.

A number of Bank of New Brunswick clerks are engaged today in counting the receipts from Tag Day on Saturday. It is now thought that the amount realized will surpass that of last year.

A NARROW ESCAPE IN GLACE BAY PIT

Cage With Eighteen Men Dropped Down

Five Were Hurt, Some Severely, But They Consider Themselves Lucky in Escaping Death.

GLACE BAY, N. S., Feb. 14.—What came near being one of the most serious accidents that has occurred at the collieries for some time took place about seven o'clock this morning at Dominion No. 2, Phalen seam, as the men were going down to work. It is learned that the man cage left the surface with a party of eighteen men, and when about twenty feet from the bottom, a pin which had become loose blew out of the link where the engine is reversed and the cage with its eighteen men dropped rapidly to the bottom. The engineer, who is one of the oldest and most experienced in the employ at the colliery, immediately reversed his engine, but though the speed of the cage was arrested it was not sufficient to avoid accident, which fortunately was but very slight considering the gravity of the situation. As the cage struck at the bottom the men were thrown down somewhat forcibly, with the result that those men who were down were injured by the others falling upon them, and in this manner five or six received injuries which, though not serious, are painful, and will render them unable to work for some time. Five of the men were removed to the hospital this morning, where they are now under treatment. The men are:

Herbert King, John Sutherland, Harry Warner, Thomas Hardt and Simon McVicar. Three of them sustained broken legs and the two others slight injuries about the head and body. One or two others in the cage received slight injuries and went home, while the other men in the cage were all uninjured. The man in charge of the engine in connection with this cage is an experienced engineer who has been on the same post for many years. He cannot assign any definite cause for the accident, which it is understood will be fully investigated by the management.

SOLICITING HELP FOR A DESERVING CASE

Albert Dunster Lost His Home and Three of Family in Fire—Wife and Two Children Still Suffering.

PERTH, N. B., Feb. 14—Mrs. Albert Dunster, her son and infant baby, who were so badly burned by the fire last Monday in which three of the family perished, are still suffering from their burns and the exposure.

Mrs. Dunster, whose life was despaired of for some time, is rallying slowly although the pain from the burns is still intense and the exposure to the snow and cold have deeply undermined her health. The son is said to suffer continually from the burns which cover his feet and lower limbs and also his hands and head. the hair from the latter being entirely burned off. The people of Victoria County have expressed their sympathy in every material manner, having already contributed over $700. But generous as the amount seems, it will do but little in covering the expenses incurred by the medical attendance of three physicians and of rebuilding a home, however humble. A committee has been formed, three of which are A. Dickinson, J. F. Tweeddale, and Rev. Hopkins. Any contributions to this cause may be forwarded to either of the above mentioned gentlemen. Mr. Dunster's loss should certainly appeal to the sympathies of the general public. He is an industrious, temperate man who came here from England several years ago and with hard labor had recently succeeded in gaining a home for his family, and unless Mr. Dunster's fellow men assist him he will find it difficult to build another, as he is already past middle life.

FORESTRY EXHIBIT FOR THE DOMINION FAIR

Secretary James Lawlor, of the Canadian Forestry Association, who delivered his interesting lecture in Keith's Assembly room Saturday evening is very much pleased with the suggestion that an exhibit of New Brunswick woods and gums be made at the Dominion Fair in September.

Mr. Lawlor is confident this would not only be a most attractive feature but would tend to advertise the province extensively. At least one—if not several—local lumbering firms in this locality would co-operate in bringing about a display of this kind. Mr. Lawlor said he knew of no better way to make the public appreciate the worth of our forests than to make a demonstration of this kind.

Personally Mr. Lawlor assured the exhibition management he would lend his best effort in forwarding the interests of the big fair during the forestry convention in Fredericton next week.

The Donaldson Liner Cassandra sailed from Glasgow on Saturday, the 12th, with 57 cabin and 120 steerage passengers. The big steamer has just come from the docks where she was thoroughly overhauled and had, among other improvements, a wireless telegraphing system installed.

GIVING UP HOPE FOR MISSING NAVAL TUG

Officers Believe the Nina Has Foundered

Nineteen Survivors From the Wrecked Steamer Farallon Landed at Seattle.

BOSTON, Feb. 14—No news of the missing U. S. Naval Tug Nina, which left Norfolk for the Charlestown Naval Yards last Sunday, has yet come to relieve the anxiety as to her fate. The belief grows strongly hourly among seafaring men here that the little vessel has gone to the bottom, carrying to their death her crew of 32 men.

Wireless operators at the Charlestown Navy Yard and at the Newport Naval Station are keeping in touch with the battleships, gunboats and revenue cutters seeking over the waters of the North Atlantic, for the Nina, but the search so far has yielded no sign of the whereabouts of the missing vessel.

SEATTLE, Wn., Feb. 14—Bringing nineteen survivors of the steamer Farallon, wrecked near Iliamna Bay, Alaska, on January 5, the steamer Victoria arrived in port from Valdez, Alaska, yesterday. All the survivors were members of the Farallon's crew, the passengers having decided to wait at Valdez and take the next westbound steamer for their original destination. Many show the effects of their month's camp on the storm-bound coast. Capt. J. C. Hunter, commander of the Farallon, says the steamer is a solid mass of ice. He thinks that the boat's crew that left the camp January 7 is safe, as the men are familiar with the coast.

GRAND TRUNK WILL ENTER PROVIDENCE

Opposition of N. Y. N. H. & H. R. Will Not Prevent Canadian Road Carrying Out Plans.

MONTREAL, Feb. 14—Grand Trunk officials have announced that the New York, New Haven and Hartford's opposition would not stop the G. T. R. plans for extension into Rhode Island. Mr. Fitzhugh, first vice-president of the Grand Trunk, declared that the intention of his company was not to run from Palmer, Mass., to Providence, but from a point in Massachusetts to Providence. This would give shippers an alternate road and might even be used as a link between a fleet of G. T. R. steamers and inland when Providence became a seaport.

MISS KNOLLYS IS IN LONDON; DID NOT ELOPE

LONDON, Feb. 14—Miss Alexandra Louvina Knollys, daughter of Lord Knollys, King Edward's private secretary, who was recently reported as having eloped, is in London. On last Thursday she attended the dog show in company with Queen Alexandra. The identity of the eloping woman said to hhave been found at Palma, Island of Majorca, is not knewn here.

There was a pleasant gathering at the home of Mr. and Mrs. John Bickford at Hampton last Tuesday evening when a birthday party was given in honor of Miss Rebecca Bickford. Upwards of forty young people were present. Dancing and games were enjoyed. Musical numbers were given by Robert Yeomans and B. Smith. Refreshments were served at the close.

Miss Margaret Thompson, a former resident of Fairville passed away on Wednesday last at Chicago. The deceased had many friends in this city who will regret to learn of her death.

The infant daughter of Walter Giggey passed away on Saturday morning at her father's residence, Thorne avenue. The body was taken to White's Head for interment.. Rev. E. B. Hooper conducted the service.

FULL DECISION IN THE ISAACS CASE

Judge Mulvena's Deliverance at Sherbrooke

He Finds the Defendant Liable on Allegation of Fraud in Abduction Case—Wants Higher Court to Act.

SHERBROOKE, Feb. 14—Following is the text of the judgment delivered by Judge Mulvena on Saturday in committing R. D. Isaacs of St. John for trial on the charge of abduction:

The complaint in this case is exactly in the words of Section B of Article 314 of the Criminal Code, charging the Defendant with having "fraudulently" allurred, taken away "and detained Lucienne Georgiana "Rheault, the daughter and a prospective co-heiress of Complainant, "a woman under the age of twenty-"one years, out of the possession and "against the will of her father, with "intent to carnally know her."

The evidence adduced shews that the Defendant did induce the Complainant's daughter, aged nineteen, to secretly elope with him against her father's will and without his knowledge, for the purpose mentioned in the complaint.

The Defendant did not offer any evidence at the preliminary hearing, but based his defence on the grounds that no offence in law had been committed by the accused.

The whole question of the argument turns apparently upon the meaning and application of the word "fraudulently" in Sub-section B. It was argued, upon behalf of the Complainant, that there was a fraud practised upon the girl, by inducing her to leave home upon the promise to be married before a Catholic Priest, which marriage, if it really took place, was not before a Catholic Priest, but before a Protestant Minister. I cannot hold that Subsection B contemplates a fraud practiced upon the woman who left willingly. It seems to me that it must be a fraud practised upon the Complainant, her father.

The Article is not very clear upon this point, and I cannot find any reference to it in our jurisprudence. I find in Taschereau's Criminal Code, in commenting upon this Article, the following: "The second part of this sec-"tion contemplates the case of a girl under twenty-one, whose co-operation "has been obtained by influence over "her mind, and who has been taken "out of the possession of her parent or "guardian by means of fraud practis-"ed UPON THEM and against their "will."

I am not of the opinion that the alleged fraud practised upon the girl with regard to the marriage, could be invoked under Section B.; and even if it were, the proof of it is not sufficiently strong; because the girl, in her evidence, after describing the ceremony which took place, and describing the celebrant as a "Catholic Priest," says that she learned later on that the celebrant was a Protestant Clergyman; this is merely hearsay and not direct legal proof of the fact.

(Contonued on Page 7.)

HAD HIS FEET FROZEN WALKING TO MONCTON

Joe Bailey, Who Tramped From Sussex, Had to Have His Boots Cut Off—Now in Hospital.

MONCTON, N. B., Feb. 14.—Arriving in Moncton at five o'clock this morning and seeking protection at the police station Joe Bailey showed signs of having passed a strenuous and severe time since yesterday morning. Leaving out on foot for Moncton and arrived out on foot for Moncton and arriving here it was found that his feet were badly frozen and it was necessary to cut away the leather of his boots. Medical aid was summoned and it was found the condition of the man was so serious that he was removed to the hospital.

HALIFAX CURLERS ARE PLAYING HERE TODAY

For the first time during the present season, an outside curling club will play in St. John today. The Mayflowers Club of Halifax, reached the city this morning and this afternoon and evening will engage in matches with the St. Andrews and Thistles. The visitors registered at the Royal Hotel.

The visitors are meeting the St. Andrews this afternoon in a three rink match, The Mayflowers are fresh from victory over the Antigonish curlers in the Johnson cup series. This evening a three rink match will be played with the Thistles. The personnel of the visiting team is as follows:—Harry C. DeWolfe, J. A. Rudland, A. Montgomery, F. P. Quinn, W. E. McGregor, Dr. Douglas, H. W. Hall, J. C. Harris, P. F. Martin, W. Doherty, W. J. Busch and J. Fanquahar.

James Connolly and Arthur Love, two coachmen had an altercation at the Union Depot on Saturday and Connoly complained at the police court that he was assaulted by Love. This morning Connolly asked to withdraw the case and then left the court. The complaintant and defendant have been notified to appear in court tomorrow morning.
