GRAND DIET OF WORMS!

DISSOLVED BY

Watson's Scholedion!

(WORM CANDY.)

WHICH is offered to the public as a perfectly safe, pleasant and efficacious EXPELLER OF WORMS from the human system.

As this preparation contains no mineral ingredient, the administration of it to young children is not followed by the dangerous, and, in many cases, fatal consequences resulting from the use of many of the Vermifuges at present before the public.

A compliance with the directions accompanying this, will prove that it deserves the character claimed for it above; while the promptness and painless character of its action render it the cheapest and safest remedy for Worms discovered.

"A Repository of Fashion, Pleasure, and Instruction."

Harper's Bazar.

A supplement containing numerous full-sized patterns of useful articles accompanies the paper every fortnight, and occasionally an elegant colored Fashion Plate.

HARPER'S BAZAR contains 16 folio pages of the size of "Harper's Weekly," printed on superfine calendered paper, and is published weekly.

Critical Notice of the Press.

HARPER'S BAZAR contains, besides pictures, patterns, etc., a variety of matter of especial use and interest, to the family; articles on health, dress, and housekeeping in all its branches; its editorial matter is specially adapted to the circle it is intended to interest and instruct; and, it has, besides, good stories and literary matter of merit. It is not surprising that the journal with such features, has achieved in a short time an immense success; for something of its kind was desired in thousands of families, and its publishers have fill'd the demand. The young lady who buys a single number of HARPER'S BAZAR is made a subscriber for life.—*New York Evening Post.*

The BAZAR is excellent. Like all the periodicals which the Harpers publish, it is almost ideally well edited, and the class of readers to whom it is intended—the mothers and daughters in average families—can not fail profitably to spend some good taste, which, we have no doubt, are to-day making very many homes happier than they may have been before the Woman began taking lessons in personal and household and social taste, and in the spirit of this good-natured monitor.—*The Nation.*

It has the merit of being sensible, of conveying instruction, of giving excellent patterns in every department, and of being well stocked with good reading matter.—*Hartford Press.*

SUBSCRIPTIONS, 1871.

Ayer's Sarsaparilla

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured under such great numbers, in almost every section of this country, that the public need to be reminded of its virtues or uses.

Scrofulous poison is one of the most destructive agents of mankind. Often, the disease are inflicted upon the organs or underminds the constitution, in the most fearful manner, without exhibiting a suspicion of its presence. Again, it comes to breed in the blood throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, it otherwise may be suddenly expected in the lungs or heart, causes located in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the overwhelming necessity of a bottle of this *Sarsaparilla* is apparent, when the active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA*: *St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears* and other eruptions or visible forms of *Scrofulous* disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and the various *Ulcerous* affections of the muscular and nervous systems.

Syphilis or Venereal and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhea or Whites, Uterine Ulcerations*, and *Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion* or *Inflammation* of the *Liver*, and *Jaundice*, when arising, as they often do, from the rankling poisons in the blood. This *SARSAPARILLA* is a great resource for the overtasked vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless*, and troubled with *Nervous Apprehensions* or *Fears*, or any of the affections consequent of *Broken-up* constitutions, will find invigorating evidence of its restorative power upon trial.
