COMPOUND
CAMOMILE FLOWERS.
Patronized and Recommended by the most eminent Medical Practitioners in Canada.
London, C. W. June 18th, 1852.
MESSRS. REXFORD & CO.
Gentlemen—I have received the sample bottle of your "Compound Camomile Pills," and consider it a beautiful one as well as highly genteel preparation. The aromatic fragrance and pecuiiar intermixture in which form the active ingredients of Mother Chamomile, appears to be largely manised and well preserved, and as this vegetable tonic is highly beneficial in those forms of Dyspepsia depending on the Want of Water tone of the digestive organs, (the form most frequently met with on the continent) your cordial will, I doubt not, form an interminable addition to our Pharmacopoeia.
From the knowledge possessed by me of Mr. Rexford, and his very high reputation as a Pharmaceutical chemist, I cannot but feel pleasure in confidently recommending his Preparations of the Vegetable Tonic to my professional brethren and to the public, as a delightful and invigorating cordial.
I am, Gentlemen Yours &c.,
GEORGE HOLMES,
