A LIVELY WEEK IN TRADE

BUSINESS IMPROVING IN ALL LINES.

Great Demand for Bankrupt Stocks—Activity in the Sugar Market—The Hardware Trade Featureless—Review of the Week's Business—General Produce Markets.

SATURDAY EVENING, March 8.

All branches of business last week showed manifest improvement, sales in several lines having been the largest of any week during the present year. Wholesale milliners report sales to have been larger than last year. The trade sales inaugurated during the week were remarkably successful. In view of the fact that they were held in the midst of genuine winter weather and for the most part summer goods were offered, the result was extremely gratifying and did not bear out the croakings indulged in by some of the quietness in trade. Buyers were present from Moncton, N.B., and from Portage la Prairie as well as from all other sections of the Dominion. The active enquiry for bankrupt stocks is another feature worthy of comment. Not in years has there been such an enquiry. "In fact," said an extensive auctioneer to-day to The World, "people seem to be going wild over them." The bidding is brisk and prices realized have been higher than for years. It has frequently been the case that no matter how low the figure at which stocks were offered no person cared to buy them. Now, it is wonderful the scramble manifested to secure them, and the competition has benefited creditors amazingly.

GROCERIES.

Sugars are very much stronger, an advance of ¼c having taken place since our last resume. Wholesalers have advised their travelers to offer nothing in yellows under 5¾c, while higher grades sell as high as 6¼c. Consignments are difficult to secure as refiners have no surplus in store. A further advance of ⅛c is confidently expected to be made by refiners in a day or two. Compared with March 11, 1889, yellows are dearer, as they were then quoted at 5⅝c to 6c, compared with 5¾c to 6¼c to-day, with a probability of an advance to 5⅞c to 6⅜c Saturday. Granulated sugars remain about same; 15-barrel lots are sold at 7¼c with 7¼c for smaller forwardings. Prces are, however, firm. Granulated sold a year ago at from ⅛c to ¼c higher than the present quotations. Valencia raisins are steady with light stocks; an advance is not anticipated in the meantime. Bosnia prunes have not yet been advanced here although foreign markets show an increase from 10s 3d to 10s for the lowest grades in casks of both Austrian and Turkish importations, with proportionate increase in other grades which is equivalent to ½c per pound on the spot. Stocks on hand are still being sold and

the anticipated rise is not likely to go into effect until the delivery of this season's orders from abroad have arrived, when the increased cost will advance old prices to a proper basis. Coffees are firm and active. Green Rios are being sold here to-day as cheap as in New York, bringing only 22½c to 23c. Wholesalers ought to receive increased rates, as present profits, dealers say, do not pay for the handling. All green coffees are now being sold on the sixty-day basis. Roasted coffees are firm and active. Javas are quoted at 31c to 36c, Mochas 32c to 36c and Rios 24c to 27c. Teas continue active. Low grade Hyson and Japans in good demand, with light stocks and hard to duplicate past purchases at same values. The recent advance of 12 pence in the English markets has imparted a firmer tone to cheese, which is strong at 10½c to 11c. Packers of canned goods are firm in their prices and stocks are small. There is an advance all round in canned meats, but the effect upon dealers cannot be cited until next review.

DRY GOODS.

There was a decidedly improved trade in the dry goods line during the week. Not only were travelers' bills larger, but the influx of country merchants owing to the openings was heavy and the week's business contrasts very favorably with that of a year ago. Early in the season country dealers, discouraged with the weather and the business of the winter months, showed a disinclination to load their shelves with spring and summer goods, but a change has come over the spirit of their resolves and they are now buying liberally. The magnificent assortments secured by wholesalers this year may in part account for the change in views of the traders, but whatever the reason the fact is apparent that this year's spring trade will rival in amount that of any previous year during the past decade.

PRODUCE AND PROVISIONS.

The market is still over-supplied with medium and low grades of butter and trade in these varieties continues very quiet. There is little if any change to be noted. Fresh dairy tub is in good enquiry with some firmer and choice grades are worth 16c to 18c, and good to choice commands 15c to 17c. The better qualities are slowly but steadily increasing in supply, though as yet only a small proportion can be called strictly fine. There is a large accumulation of poor to medium grades which are very dull and urged for sale at every opportunity at easy prices. Dealers here refuse to accept any more at any price. Large rolls of finer quality are steadily held at 14 to 16c. Eggs have been pretty well cleared out at 15c and there is a good steady demand. Limed are dull and difficult to sell in view of sufficient arrivals of fresh to supply enquirers. An advance of 12 pence in the Liverpool market during the past two days, with the New York market reported strong and cheerful, and a worth 8½c to 9½c in quantities. Potato dealers have large stocks in store and as the demand for car lots is slow the market is dull. Car lots are quoted at 52c to 54c and smaller lots at 55c to 65c. The apple market is steady, with fair demand in view of increased values in Liverpool. The choicest Greenings and Kings bring $2.75 to $3.25 and common $2. There is a moderate enquiry for hay and straw.

HIDES AND SKINS.

There have been no variations in quotations. No. 1 green 4c, inferior 3c to 3c, cured 4½c to 49½c. Green calfskins bring 6c. There is a better demand for sheepskins, which are scarce at $1.30 to $1.60. Wool is worth 22c to 23c.

There is no change to record in the leather market. Shipments continue to be made in England at fairly remunerative prices. The local enquiry is slightly more active, but prices are unchanged.

GRAIN AND FLOUR.

The dullness manifested in flour of late was relieved by a slightly increased demand on Monday and Tuesday, and as a result the tone of the market is improved and in some instances firm. At the same time sales are not frequent and an attempt to hold flour at set prices would be suicidal and disastrous. Quotations for straight rollers are $3.50 to $3.85, the first named representing the prices accepted by dealers anxious to clear if they only saved themselves or nearly so. A few sales of Manitobas are recorded at $4.40 to $4.50, while Ontario patents bring $3.90 to $4. The firmness in the wheat market during the week has resulted in a fractional increase. No export trade is reported, but as most of the mills are running nearly full time the demand is active. No. 2 fall is worth 81c to 81c on the cars, and spring 80c; Manitoba is quoted at $1.02 to $1.03. With increased offerings and fair demand oats have remained about stationary at 30c to 31c on track for white and 29c to 30c for mixed. Local prices are 30c to 31c. Barley has dragged somewhat and the market is sluggish, what little was offered here brought 39c to 45c for choice. The scarcity of peas has resulted in maintenance of firmer prices of 54c to 55c. There is nothing doing in rye and corn. With continued active demand bran remains firm at $13.50 to $14, with $15 paid for small lots.

HARDWARE.

The demand for shelf goods has improved somewhat during the week, orders sent in by travelers showing a marked advance. Heavy hardware is inactive, with few changes in prices to note, slight concessions in tin plates, ingot tin and lead being merely made to accommodate buyers and a return to old or increased prices may be confidently looked for any day. The decline in England in the lead market, however, appears to be well sustained and quotations of bar at 5c to 5¼c, pig 4c to 4¼c and sheet $4.75 to $5.25 per roll may remain stationary for some time. Ingot copper is quoted at 15c to 15c and sheet at 19c to 21c, prices being practically unchanged, but the market favors buyers rather than sellers. The iron market is steady. Pig is worth $26 to $26.50, the latter for Nova Scotia, and sheet $3.50 to $4. Notwithstanding the improvement in the tone of the English market for zinc, the reduction of a month ago is still maintained here. A drop in quotations of antimony is anticipated at an early date. The week has witnessed slight improvement in payments and business generally appears to be on a decidedly improved basis from what existed a month or six weeks ago.

FRUIT.

There is a fair enquiry for fruit at unchanged figures; a reduction may be looked for in Florida oranges. While the winter in northern latitudes has been an extremely variable one, the weather in the southern portion of the continent has been fine and pleasant. Reports from Florida during the winter state an extremely pleasant season and the orange crop a good one. Rapid railway communication has brought the land of oranges and alligators within easy communication of Canada, and consignments have lately been received which a week previously were growing on the trees.

TO-DAY'S MARKETS.

Oswego barley market was quiet and unchanged.

The transactions on the local stock exchange were confined principally to London & Canada, the market being quiet.

Montreal stocks were unchanged.

THE STREET MARKET.

There was little grain marketed to-day and prices were unchanged. White 87c, red winter 82c to 84c, spring 81c, goose 65c. Barley 37c to 41c, oats 30c to 31½c, peas 54c to 56c. There is a fair delivery of dressed hogs at $8.25 to $8. Hay in liberal supply at previous quotations.

There were large offerings on St. Lawrence market with no change in prices. Butter is worth 20c to 22c, for the rolls and eggs firm at 16c to 17c.

Business Embarrassments.

The large estate of J. D. Tait of "The Syndicate," St. Catharines, amounting to $50,181.88, will be sold on the 18th by Assignee Clarkson, arrangements for a settlement having fallen through.

David N. Hogg of Stratford, dry goods, who recently assigned, has decided to leave for the Western States, and his stock, invoiced at $15,028.37, is advertised to be sold.

The stock-in-trade of D. McCrimmon, Lancaster, dry goods, amounting to $5701, brought 62½c on the dollar and the debts, $1883, realized 31c on the dollar.

The wife and family of S. Davies, late of the firm of C. G. Davies & Co., Yonge-street, have arrived in Toronto. Davies himself is believed to be in Buffalo. The amount of the defaulter's embezzlement in Quebec will, it is thought, not exceed $150,000 and is equally divided between the banks and Bryant, Powers & Bryant and Simon & Mason of London, England. Messrs. Powers and Mason have arrived and are looking over the books. The contention of the English creditors appears to be that the banks are responsible for the large advances illegally made on the strength of a power of attorney which expired on the formation of the firm of C. G. Davies & Co., two years ago. Letters have been received from him by friends here, but they do not indicate his address. In these letters he expresses his readiness to make what amends he can for his defalcation without placing himself within the power of the law. He also states positively that all he took away with him was $100 and that the immediate cause of his flight was his inability to provide for a draft, the acceptance of which was refused by Simon & Mason.

J. H. Methol, trader, Dalhousie Mills, has assigned with liabilities of $1300.

further increase for desirable cheese, has inspired local dealers with a better feeling and this market is a shade firmer. Small lots have been sold as high as 11c per pound. There has been a quiet trade in bacon during the week: long clear selling at 7¾c to 7⅞c in case lots, with ¼c reduction for larger consignments. Rolls are worth 8c to 9c and bellies and backs 10½c to 11c. Smoked hams are unchanged at 10½c to 11c and pickled ⅛c to ⅛c lower. There are no changes to chronicle in mess pork. There has been a fair and increased enquiry for lard at 8½c for tub and 9c for pails (American and Canadian). There are practically no dressed hogs coming forward and the market is about over for the season: $5.90 was the highest price paid for lights during the week. Tallow is quoted at 3½c and rough at 1½c to 2c. The marketing of poultry during the week were less than for any similar period the past year. The principal fowl marketed were turkeys, which sell at 13c to 14c per lb. Receipts of ducks and geese are so limited that they bring high values, geese being

ALMOST A DAILY QUESTION with our friends: "Why do we stick to central property?" Our answer is: "Because it is a safer investment than anything miles away in the outskirts."

Central property is less speculative—often productive—and in the end more profitable—and further, because we don't want any investor to lose money by purchasing property through us. The supply of outside property is far beyond legitimate demand and is ahead of our practical requirements for the next three or four years.

SKINNER ESTATE
—FOR—
IMMEDIATE SALE
Consisting of about 16 acres in North Toronto, a short distance north of Deer Park, fronts on west side Yonge-street, now occupied by Mr. Colin Skinner, florist, etc., etc.
The land is very desirable for building purposes, has been divided into ten blocks or parcels, on one of which there are the comfortable dwelling, greenhouses, and other buildings, the purchaser of which may continue, an established business of 18 years' standing. The land is almost entirely covered with choice orchard trees and small fruit in full bearing.

The Belt Line Railway, as now proposed, will run immediately south of this property. The Upper Canada College is quite near, and on Yonge-street there are the Electric Railway and Electric Light, all of which will add greatly to its value.

Tenders will be received up to and including the 10th MARCH, 1890, addressed to the Executors of the Estate of the late Mrs. Skinner, at Deer Park P.O. Any parcel, or the whole property, or both may be tendered for. The highest or any tender not necessarily accepted.
Terms of Sale—25 per cent. cash; 25 per cent. in one or two years, as may be arranged; balance in five years, with 6 per cent. interest. Tenders on other terms will also be considered.
Copies of the plan and all information may be obtained at the property in North Toronto, or at the store of Mr. Peter Nesbit, Deer Park. 136

A DANGER SIGNAL
A Cold in the Head may be aptly termed a danger signal warning you that if neglected that dangerous and disagreeable disease, Catarrh, is sure to follow, perhaps leading to Consumption and the grave. At no season in the year is Cold in the Head more prevalent than during the Spring months, and at no other season do the people of this country suffer more generally from Catarrh, with all its disagreeable and annoying effects. Do not for an instant neglect either of these troubles, but apply NASAL BALM, the only remedy that will give instant relief and effect a thorough cure. The following testimonials from among thousands in our possession bear witness to its sterling merit.
T. D. Loyd, 8 Clarence-street, Toronto, says: I wish here to testify to the unequalled healing powers of your Nasal Balm. I have been troubled for three years by what the doctors call post nasal catarrh, and have tried everything in the city that could be obtained in the shape of powders and douches, but all to no effect, the only catarrh cures, and found no permanent relief from any of them, till a friend one day advised me to try your Nasal Balm and I find that even one bottle has done me more good than all the medicines put together that I have persecuted myself with before. I was very much troubled with spitting and hawking, especially in the morning, so much so that my throat was continually in a raw condition, but I am now beginning to know what it is to be able to speak freely. I shall not fail to recommend it to any of my friends suffering from the like disease.
Alex. Burns, Sudbury, Ont., says: I may state that I have been affected with Catarrh seven or eight years, and it was attended by consequent symptoms such as foul breath, constant dropping into the throat, hawking and spitting, partial deafness, ringing in the ears and sickening pains in the head directly over either eye. I have used powders and douches, but all to no effect, the only result arising from the use of such was temporary relief, followed by the usual symptoms in a more aggravated form. The results arising from the use of Nasal Balm: Sweet breath, stoppage of the droppings into the throat (consequently less hawking and spitting, clearness of hearing, and not once since I began its use have I had pain in the head. In fact, it is my opinion that a careful and persistent use of the Balm will effect a cure in the worst case of catarrh.

A. W. Mallory, Mallorytown, Ont., says: My daughter suffered for years from a most distressing and annoying catarrh. Her case was under the treatment of eminent physicians in the United States and Canada. Two months use of Nasal Balm had had more beneficial effects than all former treatments combined.
L. D. Dion, Dept. Railways and Canals, Ottawa, says: I am very glad to give you to-day the testimony that Nasal Balm has completely cured my catarrh, from which I suffered for nearly three years.
If Nasal Balm is not kept in stock by your dealer it will be sent post paid on receipt of price (50 cents for small and $1 for large size bottles) by addressing

ESTATE NOTICES.

Notice to Creditors

IN THE MATTER OF JAMES D. Tait and Edward Burch, both individually and as a firm trading in the City of Toronto in copartnership under the name, style and firm of Tait, Burch & Co., wholesale dry-goods merchants, insolvents.

The insolvents have made an assignment to me under R.S.O. 1887, Cap. 124.

The creditors of the said insolvent firm and the separate creditors of the said James D. Tait and Edward Burch are hereby required to file their claims with the undersigned on or before Tuesday the 25th day of March, 1890, after which date I will proceed to distribute the assets of the said firm, as well as the individual assets of the said James D. Tait and Edward Burch, having regard only to the claims of which I shall then have notice.

Dated this 29th day of January, 1890.

E. R.C. CLARKSON,
1 Assignee, 26 Welling-street east, Toronto.

Notice to Creditors

All persons holding claims against the estate of the late Thomas B. Walker, of Weston, in the county of York, who died on or about January 12, 1890, are required to send particulars of their claim and a statutory declaration verifying the same to W. G. Murdoch, 69 Adelaide-street east, executor of the said estate, on or before the third day of April, 1890, and notice is hereby given that from and after the said date the said executor will proceed to distribute the assets of the said Thomas B. Walker among the parties entitled thereto, having regard to the claims only of which he shall then have notice, and will not be liable for the assets so distributed or any part thereof to any person of whose claim the said executor shall not have had notice at the time of said distribution. This notice is given under section 36, chapter 110, R.S.O. Tenders will be received by the said executor until 3 o'clock p.m. March 10, for the purchase of lease, license, furniture, stock-in-trade and good will of said estate, being what is known as the Walker House at Weston.

Dated at Toronto this third day of March, 1890.
