SPECIAL SUMMER COURSE AFTER THE WAR IS OVER

Ontario Government Rewards Pupils Who Enlist.

APPLIES TO FUTURE TEACHERS

When Home After War Will Be Qualified Free.

Toronto, Jan. 29, —Although the Ontario Government, in order to maintain the standard of teaching in the province, is unable to follow the lead of the university in giving certificates to students training as teachers who enlist for overseas service, enlistment is to be encouraged and facilitated by an entirely different arrangement.

The proposition which will be made known by the Acting Minister of Education, Hon. G. Howard Ferguson, in the form of a circular to the students, is, briefly this: Pupils now in attendance at High and Continuation schools in preparation for the next ensuing middle or upper school examinations, and who desire to enlist for overseas service in the present war, will be admitted on their return to a special summer course when necessary. At this course no fees will be charged, and the travelling expenses of those who attend will be paid by the department. Such candidates on having obtained the necessary entrance certificates, and teachers in training at the Normal schools or the Faculties of Education who also enlist for overseas service will, on application to their department on their return be admitted to one session of a Normal School or Faculty of Education the former at the beginning of the session, and the latter about the same date as that of their enlistment, with exemption from fees and with an allowance for travelling expenses and an allowance at the rate of $5 per week for board and lodging for one session.

The only condition attached is that both classes of applicants must agree to teach in the provincial schools of Ontario for at least three years after having obtained their professional certificates, or to reimburse the Department of Education at the rate of one-third of the total financial aid for each unexpired year.

The concessions, of course, are conditional upon the candidate's submitting with his application a certificate of honorable dscharge from the military authorities.

According to Hon. Mr. Ferguson requests have been received from a large number of students anxious to enlist without losing the time put in training as teachers.

"To have granted these young men their certificates, although they have not completed their courses, would have meant, in most cases, a lowering of the standard for such certificates and a resultant injury to our schools," said the Minister. "Recognizing, however, the patriotic zeal of these young men, and intending that the department shall 'do its bit,' we have decided upon this course."

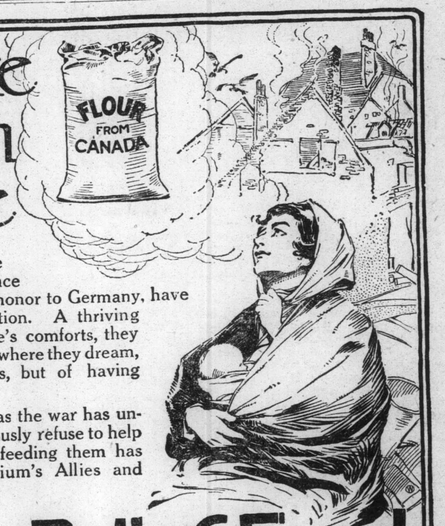
DUG TUNNEL WITH HANDS TO ESCAPE PRISON CAMP

LEFT to RIGHT — HANS NEU, WILLIAM SCHROEDER, GEORGE KLEINWORT and GUSTAV HARTWIG.

These four German reservists were prisoners of war in a British detention camp at Amherst, Nova Scotia, for eighteen months. Two or three hours each night they slowly dug a tunnel underground, taking out a handful of dirt at a time and hiding it. Then, their task completed, they made their dash for freedom in the United States. Twelve of them made the attempt on a wild, stormy night. Seven of them were captured and one is supposed to be in the woods in the State of Maine. The four shown in the picture are now free men at their old homes in New York.

Help to Make Her Dream Come True



SHE is one of some Three Million Belgians who, since they refused to sell their honor to Germany, have lived on the brink of starvation. A thriving industrial people, used to life's comforts, they have been reduced to a state where they dream, not of luxuries or pleasures, but of having enough to eat!.

True to their character as the war has unmasked it, the Germans callously refuse to help the starving. The task of feeding them has been undertaken by Belgium's Allies and Neutral Nations, through the

Belgian Relief Fund

provided by voluntary contributions and administered with wonderful economy and efficiency by a neutral Commission.

Absolutely none of the supplies go to Germans, and most of the food taken into the country is paid for by Belgians who have still a little money. But to feed those who cannot pay, nearly $2,500,000 a month is needed!

Surely no people ever deserved our sympathy and aid more than do these starving Belgians! They face a winter of necessity, while we are living in plenty. The Fund needs regular weekly or monthly contributions rather than larger but spasmodic gifts. Let us plan to deny ourselves, if necessary—share with our needy Allies—and help to save their lives.
