The Committee appointed by Resolution at the Town Meeting on Tuesday, waited upon the Lieutenant Governor on the following day and presented the following petition —

His Excellency Major General Sir JOHN HARVEY, K. C. B. and K. C. H. Lieutenant Governor and Commander-in-Chief, &c. &c. &c.

May it please Your Excellency—

At a public meeting of the Inhabitants of this City held on Tuesday, the 20th instant, by His Worship the Mayor, on the requisition of a number of the citizens, the following Resolution was passed, viz.:—

Resolved unanimously, That His Excellency the Lieutenant Governor be respectfully requested to call the Legislature together with as little delay as possible, for the purpose of their taking into consideration the calamitous consequence resulting from the late awful conflagration in this City, and for adopting such measures for the prevention of the like calamity in future, as in their wisdom may be deemed expedient.

And We, the Subscribers, having been nominated as a Committee to wait on Your Excellency, therewith beg now humbly to present the same to Your Excellency, praying that Your Excellency will be pleased to take the same into favourable consideration, and grant the request of the said Resolution.

HIS EXCELLENCY'S ANSWER.

Gentlemen,—I have hastened to come amongst you for the purpose, as well of expressing and evincing the deep sympathy which I feel in the great calamity by which this City has again been visited, as of having it in my power by being on the spot, to make my personal advice, assistance, and good offices available for the relief of the sufferers on this melancholy occasion, in any way which may depend upon me as the Representative of my Gracious Sovereign in this Province.

I will lose no time in consulting Her Majesty's Executive Council upon the expediency of now calling the Legislature together, for the purpose of considering the remedies proper to be applied to the existing state of things in this City, and I will willingly give my concurrence and assent to Legislative relief—(whether by way of loan, subject to such arrangements for ultimate repayment as may be deemed proper, or otherwise), being afforded to such of the sufferers where circumstances may require it,—but above all, for prescribing such conditions as shall effectually secure the re-construction of those buildings, and the future construction of all others in this city, upon a principle of greater security. This I cannot but regard as a measure of deep importance to the best interests of this Commercial City, and I accordingly do not doubt that it will be readily acquiesced in by all classes of the Community.

J. HARVEY,
Lieutenant Governor.

St. John, August 21.

The One Thousand Dollars, lately subscribed in this place and sent to Eastport for the relief of sufferers at that place, have been unexpectedly returned, this week.—The following highly creditable letter accompanied the donation:

EASTPORT, *August* 19, 1839.

Gentlemen,—We have this moment heard of the Fire that has desolated a large part of your city.—From recent sufferings in the same way, we are taught how to commiserate you.

Your prompt and generous aid, at the moment of our misfortunes, is gratefully remembered: under our present circumstances, to give would be rather ostentation than true charity; yet, we will do what we can.

The amount you sent us has been but in a small part expended, and some of our citizens have contributed to replace it. We beg you respectfully to allow us to return it to you; our sufferings are so much less than yours, that to do otherwise would be alike unjust to ourselves and to you.

It is our sincere wish that good deeds and kind feelings may be perpetually reciprocated between us. Truly and respectfully your friends,

J. R. CHADBOURNE,
JOSEPH C. NOYES,
LORENZO SABINE.

To L. Donaldson, R. W. Crookshank, and A. W. Whipple, Esquires.

REPLY:

SAINT JOHN, 22d August, 1839.

Gentlemen,—The Committee, appointed to take measures for relief of the sufferers by the late Fire in this city, beg leave to acknowledge the receipt of your letter addressed to L. Donaldson, R. W. Crookshank, and A. W. Whipple, Esquires, enclosing a draft for $1000, being the amount contributed by a number of citizens of Saint John, for relief of persons suffering by the fire at Eastport, and now returned by you.

The Committee accept the amount with pleasure, considering the return of this contribution, under existing circumstances, as evidence of the most kindly feeling on the part of the citizens of Eastport towards the inhabitants of this city,—a feeling for which they feel deeply grateful, and which the Committee confidently hope the citizens of Saint John will at all times most cordially return.

W. JACK,
Secretary to the Committee.

To J. R. Chadbourne, Joseph C. Noyes, and Lorenzo Sabine, Esquires.

At a Common Council, holden at the Council Chamber, on Tuesday the 20th day of August, A. D. 1839:

Resolved unanimously,—That the highly exemplary conduct of Major Brookes, the Officers, Non-commissioned Officers, and Soldiers of the 69th Regiment, the Officers and Men of the Royal Artillery and Engineers, during the late awful conflagration on Saturday evening last, in arresting the progress of the flames and in rescuing and protecting property from destruction, deservedly entitle them to the thanks of the community, and that the Common Council, now for the first time assembled since that calamitous event, would be doing a great injustice to the feelings and opinions of the citizens whom they represent, if they did not on behalf of the whole people convey to Major Brookes, the deep sense so entertained of the obligations which they are under for the meritorious exertions of the Military, and request that he will communicate such their opinions to the Officers, Non-commissioned Officers and Men.

Saint John, N. B. 21st August, 1839.

Sir,—I have the honour to acknowledge the receipt of an Extract from the Minutes of the Common Council of the City of Saint John, holden at the Council Chamber on the 20th instant, transmitted through you, expressing on behalf of themselves, and the citizens in general, the sense entertained of the exertions of the Military on the occasion of the awful conflagration on Saturday night last.—In reply, I beg to assure you, that I have the greatest satisfaction in receiving this handsome testimony, which I shall not fail to communicate to the Officers, Non-commissioned Officers and Men of the Garrison under my command, to all of whom it must be highly gratifying to learn that the services they were enabled to render under the calamitous circumstances, were such as to call forth the approbation of the Corporate Body, and Community at large of this flourishing Commercial City.

I have the honour to be, Sir,
Your faithful and obedient humble servant,
ROBERT BROOKES,
Major, 69th Regiment, Commanding

To the Worshipful the Mayor of the City of Saint John.

Saint John, N. B. 21st August, 1839.

Sir,—I have the honour to acknowledge the receipt of a Resolution passed at a Public Meeting of the Inhabitants of the City of Saint John, held at the Court House on the 20th instant, and forwarded to me through you as Chairman, conveying the expression of their sentiments in reference to the services of the Troops at the late destructive fire, which it shall be my pleasing task to make known to the Officers, Non-commissioned Officers and Men under my command; but, highly as we must appreciate this public record of the feelings of the inhabitants, our gratification cannot be unmixed with a large portion of concern and sympathy for the heavy losses entailed upon numerous individuals, by the melancholy visitation which called for the services of the Military; and which I beg you to receive the assurance will be at all times, and under all circumstances, most cheerfully rendered in support of the interest and prosperity of the community amongst whom we are serving.

I have the honour to be, Sir,
Your faithful and obedient humble servant,
ROBERT BROOKES,
Major, 69th Regiment, Commanding.

To the Worshipful the Mayor of the City of Saint John.

Saint John, N. B. 21st August, 1839.

Sir,—I have been much gratified in receiving a Copy of the Resolution passed at the Public Meeting of which you were Chairman, conveying the opinion entertained of the services rendered by the Detachment of the Royal Artillery at the late fire, and shall have much pleasure in making the same known to them.

Believe me, my dear Sir, your obedient servant,
W. STOW,
Captain, Royal Artillery.

To R. F. HAZEN, Esq. &c. &c. &c.

From the City Gazette.

A NOBLE ACT.—Seasons of trial and difficulty frequently elicit deeds of praise-worthy liberality, the performance of which would not appear to be required in circumstances of prosperity. The subjoined letter needs to comment; the gentleman who did so write would be little gratified by praise:

Saint John, 20th August, 1839.

LAUCHLAN DONALDSON, Esq.
President of the St. John Water Company.

Dear Sir,—Being of opinion that the whole City was saved from destruction during the late fire, mainly through the instrumentality of the St. John Water Company, and feeling how vastly important it is that such an institution should be encouraged in a City like this, where the ravages of fire are so fearful, I beg to hand you the sum of Forty Pounds, as a donation in aid of the funds of the Company.

I am, dear Sir, your's most respectfully,
BARNABAS TILTON.

THE NEWS AND THE MARKET.—The news by the Liverpool has had more effect than has of late been customary. Money Stocks have fallen, except U. S. Bank, for which there were a good many orders, and the price went up 1 per cent. Cotton is selling at 1-4 a 1-2 ct. advance on the closing sales of last week. Flour has run up 25 cts. with large sales closing at $6 50 for Ohio—$6 56 a 62 for common Genesee, $6 50 a 62 for Georgetown. The sales of Flour were many of them for shipment.

The letters from London, of which we have seen a good many, put every thing upon the crops. They say that no change for the better can be expected in the money market until the sun shines and the gloom is dispelled. U. S. Bank shares very plenty in market at L.23, and some other American Stocks have been pushed off at low prices, but no general price current could be quoted. —*New York Journal of Commerce.*

The scarcity of Salt has been so great this Season as to occasion very general distress among the Fishermen; indeed their operations have been greatly retarded, and immense quantities of fish lost in consequence. This is a very deplorable occurrence, and means should be devised to prevent the like happening again. The failure of the fisheries is the cutting off of our right hand. It gives us pleasure to add, that several cargoes have arrived within a few days past.—*Halifax Recorder*

HALIFAX, August 20.—Arrived last evening, transport barque Valleyfield, Gobb, 34 days from Cork, with Ordnance Stores.—Passengers—Capt. G. B. M'Nally; Ensigns G. E. Atkinson, W. G. M. Clibbon, A. M. A. Bowles, and 123 men 37th Regt.—Captains Ashmore and Hiern; Ensign Abbott and 162 men 36th Regt.—Assistant Surgeon A. Brown and 1 man 234 Regt.—*Times.*

QUEBEC, August 14.—The Troop ship *Buffalo*, Commander Wood, which arrived last night, sailed on the 14th June from Plymouth, has on board detachments for the Grenadier and Coldstream Guards, 33 rank and file and 2 sergeants, and a detachment for the 83d Regiment. She has also two convict guards on board; it is supposed she will take from this port direct to New South Wales, about sixty convicts from Lower Canada, and seventy from Upper Canada.

QUEBEC, *Aug.* 16.—The bark *Stakesby*, from London, arrived at Grosse Isle this morning. She has on board officers and 218 men of the Royal Artillery.

The August Term of the Court of King's Bench of the District of Montreal, for the trial of criminal cases, opens on the 27th inst.
