218 Simcoe-street, Toronto, May 16, 1889.

MESSRS. BRYCE BROS.

GENTLEMEN,—The Asphalt Flooring laid by your firm last year in my stables and coach house has given me great satisfaction. It appears to be perfectly durable, does not absorb fluids, and is consequently always sweet and clean. Another good feature it possesses is that it never becomes slippery. I do not see how it is possible to have a more satisfactory flooring for stables. Yours very faithfully, FREDERICK W. STRANGE, M.D.

The following is one of numerous letters after having used Pulleys three years:

HAMILTON, May 10, 1889.

The Dodge Wood Split Pulley Co., Toronto:

Dear Sirs—In reply to yours of the 8th inst., would say that we have now in use a considerable number of your Split Pulleys, and perhaps the best index of our opinion of them lies in the fact that since we got the first three on trial we have purchased no iron pulleys. We find we can run with much slacker belts, which is an advantage, and the saving of time when it is necessary to change a pulley is a considerable item in their favor. For our work generally they have proven very satisfactory. Yours truly,

HAMILTON COTTON CO.
