FROM
Yesterday's Edition.

THE LEGISLATURE.

[*Special Telegram to the Daily Tribune.*]

FREDERICTON, April 3.

Otty introduced a bill to relieve the several Counties from liabilities due on account of Bye Roads.

Beckwith submitted the report of Committee on Public Accounts.

They observe that whilst a larger sum than usual has been realized from Crown Lands during the year, some extensive sales have been made at the reduced rate of 40 cents per acre, which they think call for an explanation.

They call attention to the mode of collecting the export and auction duties, and recommend a change.

They think the services of the Attorney General might be called into action in certain cases of laxity in making returns on the part of the Road Commissioners and Supervisors.

They also recommend that the liabilities of the different Counties on account of bye-roads be discharged, under certain restrictions.

Bailey presented the report of the Mining Committee.

The House is now in Committee discussing the Government Crown Lands Bill, and Gough urged Government to pursue a vigorous and liberal policy of settling the country.

Wedderburn thinks the policy of the Dominion Government is too much to look after Manitoba, to the neglect of the other provinces.

Alwards wants a policy that will retain the present population, as well as immigrants coming in. He thinks to import two hundred persons and have one hundred leave us is rather unprofitable to the country.

The Carnival at the Rink last-night was considerable of a success for Fredericton.

Trustees Nowlin, Marshall and Frith, of the Sessions, lobbying Committee, arrived to-day.

Messrs. Allan McLean and J. G. Forbes, of the same party, were left at Fredericton Junction. They went into a grocery to see what time it was, and the train left them.

G. R. Pugsley, X. H. Vail, and Samuel Welch, came up to arrange about the petroleum magazine.

The St. John Liquor Dealers, with the exception of Jones and Furlong, leave for St. John this afternoon. They are confident the Bill will be shorn of many important features.

From Ottawa.

(*Special to the Tribune.*)

OTTAWA, April 3.

The Premier went West last night.

Mitchell is at Montreal. A public dinner will be given him at the St. Lawrence Hall to-day.

Col. Powell publishes this morning an explanation of a package of goods enclosed in a case of military clothing consigned to his address by Messrs. Tait, of London. He states that the matter has been greatly misrepresented; that the contraband goods consisted of some forty dollars worth of ladies wearing apparel, which was sent by mistake. He had no knowledge of the contents of the package until he received it. The duty lost would be some six dollars.

The Toronto printers strike continues, but the master printers having tided over the first difficulty will not yield. The report that Copp, Clarke & Co. had yielded to the demands of the Union is contradicted.

Robertson, of the *Telegraph*, having secured seven printers in the West, they were shortly after seduced to desert. He again went West securing eleven more, who are still at work.

Both the *Globe* and *Telegraph* are prosecuting those leaving employ without notice.

The *Express'* staff of girls are doing well.

The weekly papers have reduced their size.

LONDON April 2.

Crowds witnessed the military manœuvres at Brighton yesterday, which were unusually interesting by the rehearsal of the Battle of Dorking.

Disraeli went to Manchester yesterday; he was met by a large crowd of citizens, who received him with enthusiastic demonstrations of welcome and presented him an address.

While the races at Lurgan, Ireland, were in progress, a stand containing 200 persons fell and 30 were injured, including some who cannot recover.

The 300th anniversary of the revolt of the Netherlands was celebrated throughout Holland yesterday.

The French Assembly before adjourning appointed a committee to represent it during the recess.

Thiers addressed the committee; alluding to foreign affairs he said England was responsible for the restoration of the Russian fortifications in the Black Sea.

He declared it was for the interest of France to keep Amadeus on the Spanish Throne, because his overthrow would lead to the revival of the candidature of Montpensier or Hohenzollerns.

Trochu's libel suit against the *Figaro* ended with the sentence of one month's imprisonment and a fine of 3,000 francs of the Editors, Vislemessant and Vitu.

NEW YORK, April 3.

Professor Morse died 17 minutes before eight last night.

The Republican Government of Connecticut had 30 majority; full returns slow.

The tone of Granville's second note restores confidence in the Treaty of Washington.

Border Prodigies.

We seldom open that interesting local paper, the *St. Croix Courier*, without adding to our stock of information. The giant and rare products of Charlotte here find industrious and devoted chroniclers. The latest issue tells of the biggest pig and the smallest hen's egg ever seen:—

Mr. W. E. Slayton not only distinguishes himself by conducting a first class foundry, but also in agricultural pursuits. Those who are in the habit of attending our agricultural fairs know what tremendous, overgrown vegetables he places on exhibition, and those who watch his farming operations more narrowly know how scientifically and successfully he performs them. It is evident that he does not need the hero of Chappaqua to tell him "what he knows about farming." In this connection it will not be amiss to notice the fact that Mr. Slayton has just slain a full blood Chester pig, 21 months old, the whole weight of which, dressed, was 803 lbs., and the whole weight of the four quarters 762 lbs.!

The millers, who are supposed to have extra facilities for fattening hogs, must henceforth award the palm to the foundrymen.

And then concerning the Eggs, the *Courier* says:—

The *greatest* specimen of *small* hen's eggs yet, has been left at our office by Mr. W. Morrison. We have books published on "little women," "little men," etc. Who now will give us a book on little hens?
