THE GRANITES WIN AND LOSE

Badenach's Mutual Admiration Team Have a Cake Talk Wtih Bigger's Toronto's.

RENNIE RINK DEFEATED GOODERHAM

Lord Minto Offers the Governor-General's Medal for Ontario Clubs.

The Granites will keep the Walker Vase for another year. In the final game last night, on their own ice, Badenach's rink walked away from the Toronto quartet. The score was 27 to 7, the losers only getting seven ends. A large crowd watched the game, although it was an uninteresting one, as the Toronto players never had a look-in, while their opponents steadily piled up the score, increasing it almost every end, to the eighteenth, when Biggar saw there was no chance and threw up the sponge, 20 shots behind. There were no big ends, three being the largest, Badenach's players getting four of them. After the match was concluded supper was served to the two rinks and an enjoyable time was spent. The following is the score by ends:

The match for third place was also played on Granite ice last night, between Gooderham and the Rennies, the Caledonians winning by 8 shots. Last season's champions were never in the lead, although they scored four four ends. The ends:

Ontario Association Contests.

His Excellency the Governor-General has intimated to the O.C.A. his intention to give a cup for competition amongst the stone-playing curlers of the Dominion, in the manner followed by his predecessors, and the announcement will be gladly hailed by all the brothers of the besom and the stanes.

The primary contests for the Ontario Tankard are nearly all completed, and must be closed and reported to the general secretary by Feb. 4, and the finals will most probably be commenced on Tuesday, Feb. 7, at 2 p.m.

As the primary competition has been limited to eight groups this year, with an average of eight first-class clubs in each, the winners will have had many trying contests before they have reached the honor of being in the finals, and we may be assured that none of them will be absent, but every one will be on hand prepared to engage in what will be, more than ever before, a war of giants.

The Ontario curlers' competition for the Governor-General's prize will begin at 9 a.m. the day after the opening of the Tankard finals, and as it has been made open this year to all the clubs in the association, except the winner and the runner-up in the Tankard contests, a large field and interesting matches are expected. The Granites, Torontos and Queen City clubs have, as hitherto, generously granted the use of their rinks for these two great curling events.

Oshawa Beat Whitby.

Oshawa, Jan. 31.—The third home game of the Midland Hockey League was played here to-night between Whitby and Oshawa, resulting in a score of 6 to 1 in favor of Oshawa. The game was very fast and devoid of roughness. Oshawa now ties Port Hope in the league for first place.

MONTREAL'S BASEBALL TEAM.

Charley Dooley Writes—Champions Will Lose High-Priced Players.

Montreal, Jan. 31.—President O'Neill yesterday received a letter from Charley Dooley, in which the latter again accepted the position offered him as manager for the season, and he will resume his place as the head of the team. The trouble with Rochester has been thoroughly discussed, and the Montreal people are positive that they have the best end of the argument, and will fight the Rochester people to the end.

For various causes, there will be a number of new faces on the Montreal team this season. The reduction of salary has caused a number of players all over the country to drop out of the game, or else refuse contracts at the new figures. At the same time several of the favorites will surely remain with the champions, and Barry, Abbey and Jacklitz will fill their former positions.

The Bannons will probably be out of the game. Dooley will, doubtless, experience some difficulty in getting another team together to equal that of last season, but he can be relied on to do his best, and everything is left in his hands.

Undefeated at Indoor Baseball.

B Co. Queen's Own Rifles of Canada defeated the 48th Highlanders' Regimental team in a game of indoor baseball at the Armouries on Monday evening by a score of 30 to 27. B. Co. have not yet suffered defeat. Score by innings:

B. Co. Q.O.R..... 3 2 2 4 0 3 5 8 3—30
48th Highlanders .... 1 5 4 5 2 1 2 5 2—27

Baseball Brevities.

Bill Dahlen, captain of last year's Chicago team, has been traded to Baltimore for Eugene Demonreville. The critics say that Baltimore got the better of the deal.

George W. Boyce, the Rochester baseball magnate, was in town yesterday. The object of his visit was to obtain Al Buckenberger's signature to a contract to act as manager of the Rochester team. This closed up a deal which has been practically assured for several weeks. While here Mr. Boyce held a consultation with George N. Kuntzsch, the result of which was the announcement that Catcher Shaw and Outfielder Lawrence of the Stars have been released to Rochester. It is probable that several other players now on the Syracuse list will go to Rochester before the season opens.—Syracuse Herald.

Around the Ring.

Gus Ruhlin and Joe Goddard have been matched for a six-round contest in Chicago on Feb. 13.

A syndicate of English sporting men has organized in Birmingham, England, for the purpose of establishing a boxing club similar to the National Sporting Club of London. Efforts will be made to induce American boxers to fight there.

A match between Kid Lavigne and Mysterious Billy Smith seems quite likely. Smith's manager has accepted the purse of $5000 offered by the Olympic A.C. of San Francisco. The club wants to have the meeting limited to 20 rounds.

A young man who is making rapid strides in the world of pugilism is Jack Waldron of Trenton, N.J. He is a protege of Austin Gibbons, the ex-lightweight. Waldron has disposed of several hard propositions in the second-rate class, and is now due to take on any of the big ones. He is as scientific as any of them, possessing a tantalizing left, ever jabbing, and areliable right, ever ready. He has exceedingly cool and a remarkably clever ring general; his defence is marvelous. Martin Judge meets Waldron at Trenton next Monday.

McCormick, who was knocked out Monday at Philadelphia, was Sharkey's exsparring partner, and was said to harbor a grudge against the Sailor. They shook hands and chatted pleasantly, however, on entering the ring. The McCormick party made Sharkey take off the bandages on both hands, and then the men went at it. Sharkey was the aggressor, but McCormick sent in three good lefts on the head and neck before Sharkey landed. No damage was done during the rest of the round, although Tom landed some stiff body punches. At the start of the second round McCormick put Sharkey's head back with a stiff right on the jaw. Sharkey went after his man and sent him to the floor for eight seconds with the right on the solar plexus. No sooner had they squared off again than a terrific right uppercut caught McCormick on the point of the jaw. It raised him off his feet and sent him out a full length, his head hitting the boards first. It was a clean-cut knock-out. McCormick was out for about 30 seconds.

The annual meeting of the Toronto District Council, C.W.A., will be held in the Athenaeum Club at 8 p.m. on Monday next, Feb. 6.

THERE WILL BE A HORSE SHOW.

A Mistaken Idea Goes Abroad, But the Show Goes on Just the Same.

The announcement in a contemporary that "The Horse Show is off this year," is entirely incorrect. The Horse Show will be held as usual, the only difference to last year being that no military tournament will be held. Last year was the first time that the military had joined forces with the Canadian Horse Breeders' Association, and the experiment will not be repeated this year, as a joint entertainment. But the Horse Show will be held after the same fashion and on the same scale as in years when the military were not partners. Last year there was a good deal of murmuring among breeders at the lateness of the date, they wanting their horses for other purposes. This year as a consequence the show will be held a bit earlier, and the object sought to be attained by the breeders will be better fulfilled. Both the Horse Breeders' Association and the Hunt Club have profited by every show so far held, and the affair has come to be almost as much a function as the Exhibition or the races. It would therefore be a great pity if it were not to take place.

Gossip of the Turf.

It is reported that Mr. Joseph Duggan has purchased the three horses of Mr. J. R. Walker-Bromo, Dr. Stewart and Beguile.

The best looking 3-year-old at the Oakland course, according to good judges, is a filly by imported Foul Shot, from Rosette (dam of Acclaim—Royal Flush, Francescal), by Wheatley.

Up to Saturday at New Orleans, Burns and O'Connor had 48 wins each to their credit. Then followed: Frost 24, Troxler 19, Combs 13, Hothersall 13, Southard 13, Lines 12, Holden 11, Songer 10.

One of the oldest and most respected trainers of thoroughbreds on this side of the Atlantic passed away when E. V. Snedeker succumbed to heart failure at the Morris Park race course at 7 p.m. on Sunday.

Barney Schreiber's good filly, Miss Marion, by Himyar—Astrolat, has been declared out of both the Brooklyn and Suburban handicaps. The filly came out of her last race quite sick, and will not start again for some time.

A recent transaction at San Francisco was the sale by Garnett Ferguson of the bay colt Sam McKeever to Fred Foster for $5000. Ferguson bought McKeever for $500 in Montana last summer. The colt is by Sam Lucas, out of Etta McKeever, by Salvator.

The allotments for the Brooklyn, Suburban and Brighton handicaps are due from Secretary Fosburgh to-day. It is believed that the top weight for the Brooklyn will be 128 pounds and for the Suburban 130 pounds. In every speculation so far published, Ben Holladay, an excellent horse over a distance greater than that set for any of the handicaps, but certainly not of superlative merit otherwise, is honored with topweight.

The system used in New Orleans in regard to jockeys is a good one, as it prevents fraud to a great extent. All riders who have mounts must be in the jockeys' room at 1 o'clock. The valets are all in another room, and separated from their charges. Those not riding are not allowed in the paddock, and when an owner wishes to speak to a boy he does so only in the presence of one of the jockey club's employes.

At a weeding-out sale in New Orleans of O. G. Parke and J. J. McCafferty on Saturday, the following were sold: Trebor, $425; Celluloid, $225; Muey Chica, $400, and Bessie Mackin, $150, were bought by F. T. Wood. Free Hand, $240, to Sidney Bender; Yo Ne Se, $90, to T. Magee; Perdenunials, $50, to A. H. Smith; McLemore, $200, to P. Sutton; Barney's Last, $110, to N. J. Murphy; Hood's Brigade, $250, to James Arthur; Mount Washington, $150, to A. Willis; Francis Booker, $200, to J. C. Ferris; Gold Mine, $175, to P. Sutton, and Nigger Baby, $45, to J. McClusky.

The Amateur Boxing Championships

The committee in charge of the amateur tournament to be held on the 9th, 10th and 11th of March are endeavoring to arrange to have the American featherweight champion meet the winner of the Canadian championship on the final night of the tournament. The present champion, Mr. John L. Scholes, intended competing at the American tournament, which closed Monday night, but was prevented from doing so by an attack of the grip. If he can succeed in retaining the championship, this arrangement will give him a chance of measuring his skill against the best American amateur of his class. Mr. Scholes, sr., states that, if his son wins out on March 11, he intends to send him to England in April to compete at the English tournament. Although the entries for the Canadian tournament do not close until March 1, the secretary is already being flooded with applications for entry forms. These will be furnished upon applying to D. F. Maguire, 235 Yonge-street.

Association Football in the East.

Cornwall, Jan. 31.—An effort is being made to organize an Eastern Ontario Association Football League, taking in teams from Vankleek Hill, Alexandria, Lancaster, Williamstown, Chesterville, Iroquois, Morrisburg, Finch and Cornwall. The teams in the league could play home and home matches and the frequency of the games, as well as the local rivalry, would, no doubt, in a short time make the game as popular as lacrosse is. It is likely that a meeting will be held shortly to organize the league and arrange a schedule.

Canadian Intercollegiate Athletics.

The formation of an intercollegiate league of sports, which was proposed last autumn, is in a fair way to be accomplished. Two of the intercollegiate debaters, Mr. Russell and Mr. Henderson of Toronto University, visited McGill last week and consulted with the students there in regard to the matter. No difficulty was raised, and the two colleges have agreed to enter such a league if the other universities will do the same. At any rate, contests will take place next season between McGill and Toronto University.—Montreal Gazette.

Ice Boat Racing on the Bay.

There was an exciting iceboat race on the bay yesterday. Billy McKay's Let-Her-Go came in ahead, followed by Wesley Durnan's Island Mystery; Jake Oberness-er's Britannia was a good third. There are more than 15 boats skimming over the bay day by day, and another race comes off today.

The pedro match between the Queen City Bicycle Club and Argyle Club last night resulted in favor of the latter. Score, 20—14.

Now that the Athenaeum A team are out of the Bowling League, the players have taken up a new line, in playing cocked hat, which causes great amusement for the members of the club.
