## TALK OF EXPORTS STIRS WHEAT PIT

### Correction of Baltimore Figures Failed to Repress Optimism of Bulls.

CHICAGO, April 17.—Export talk again today furnished the basis of strength shown by the wheat market, tho there was some revision of yesterday's rather sensational figures. At the close prices exhibited a net gain of ⅛c to ¼c. Corn made a net rise of ⅜c to ½c, oats a net advance of a shade to ¼c, and provisions finished unchanged to 10c up.

Advices from Baltimore were that a wrong construction had been placed on a message from there yesterday saying that export business was the best in years. The business of one large firm yesterday was only 25,000 bushels, but the same firm claimed sales of 153,000 bushels the day before. The correction of the mistake which caused such a sharp upturn yesterday did not weaken prices today as the trade considers that a large amount of wheat will be needed by Europe within the next few weeks and they believe a big export demand is forthcoming. The result was that after a little weakness today on realizing sales the market rallied and for the rest of the day showed a rather strong tone, closing near the high point of the session.

Some help was given the upward tendency of the market by reports of large sales of wheat to domestic millers. Minneapolis wheat stocks have decreased 125,000 bushels this week. Firmness at Liverpool and Paris also helped this market.

Corn was dull most of the day. Such little show of strength as it made at intervals was in sympathy with the upturn in wheat. Oats followed the same general course as corn.

Provisions were helped by improvement in the cash trade. Some profit taking caused reactions near the close, but at the end the tone was rather strong, good buying being credited to one of the big packing houses.
