Safe Fat Reduction

Reduce, reduce, reduce, is the slogan of all fat people. Get thin, be slim, is the cry of society and fashion. The overfat wring their hands in mortification and helplessness; revolting at nauseating drugs, afraid of violent exercise, dreading the unwelcome and unsatisfying diet, until they hit upon the harmless Marmola Tablets which quickly and safely reduce weight at the rate of two, three or four pounds a week without any change in the mode of life. The ideal figure is soon obtained, with a smoother skin and a better appetite and health improved. Marmola Tablets contain all the ingredients which made the Marmola Prescription famous.

It behooves you to learn the satisfactory, beneficial effects of this great, safe fat reducer by giving to your druggist the reasonable price, one dollar, for a good size box or sending a like amount to the Marmola Co., 55 Garfield Building, Detroit, Mich., with a request that they mail to you a full box of Marmola Prescription Tablets.

WANT REDUCTION OF SPEED OF VEHICLES AT EVERY CROSSING

Committee On Traffic Bylaws To Recommend This To Council.

PARKING LIMIT WANTED

Lights and Licenses For Bicycles Urged by Police Chief Birrell.

Although Ald. W. A. Wilson left apparently in disgust when an amendment to the traffic bylaws, which he suggested, was not adopted, the special committee on traffic bylaws made considerable progress last night. They will recommend several important changes to the council.

Bylaws will be suggested to require vehicles to reduce speed to ten miles an hour at all street inter-sections, and to permit parking only on the north side of Queen's avenue from Richmond street to Waterloo street, and also on the driveways at the hospitals. Chief Birrell said that Queen's avenue was greatly congested at night by cars drawn up at the London Club, the Masonic Temple and the Winter Garden. He intimated that more stringent measures would be taken to enforce parking regulations on Dundas street between Wellington and Ridout streets and on Richmond between the G. T. R. tracks and Fullarton street.

There is no objection to cars being parked for a reasonable length of time in this area during the day time, the chief said, but cars parked at night while the owners are in theatres congest traffic unnecessarily. Enough police will be placed on duty to take the numbers of all cars parked for more than an hour in this area at night.

That Left Turn.

The advisability of prohibiting the left turn at Dundas and Richmond streets was discussed again. Most of the committtee thought that the traffic was not sufficient to warrant such a regulation.

The Provincial Government will be petitioned to pass a measure requiring a head and tail light on all vehicles. A bylaw of this kind for the city was suggested. Chief Birrell pointed out that it would be of little use, because of the number of vehicles coming here from the surrounding district which would not be subject to the law. A provincial legislation was the only one which would meet the situation. Ald. Cunningham said the Government had been petitioned for such a measure several times, but was apparently afraid that it would be unpopular with the rural vote.

The necessity of having lights on bicycles was urged by the chief.

Bicycle License.

He also contended that they should be licensed. Ald. Cunningham agreed with this, saying that the license fee need be only a small one so long as it gave some means of identifying bicycle riders.

He stated that Mayor Little had authorized the purchase of a "Stop and Go" signal for the main intersection. It is expected to be in place in a short time. Traffic officers will be needed permanently at the intersections of Clarence and Dundas streets and King and Richmond streets soon, the chief said.

The regulation for which Ald. W. A. Wilson argued, was one which would prevent the parking of cars within four feet of a driveway from a residence. He stated that on his street he was continually annoyed by a motorist who left his car close to the driveway on which the alderman drives to Hyman street. This prevents Alderman Wilson getting over to the right side of the road in the proper manner, he contended. Other members of the committee did not see the force of the argument. They thought he might solve the difficulty by a personal appeal to the troublesome motorist. Ald. Wilson said he did not want that bother and if the commitee would not help him he would not help them.

J. PARNELL MORRIS HEAD OF ORGANISTS

Plans For Winter Indicate Active Season Ahead For Club.

J. Parnell Morris was elected president of the Organists' Club of the Institute of Musical Art at a largely attended meeting on Wednesday night. Thomas Mitcheltree, the retiring president, gave his valedictory address, after which Mr. Morris gave his inaugural one.

Charles E. Wheeler presented a report of the annual meeting of the Canadian College of Organists, held in Toronto in September.

Plans for the winter's work were made, and were indicative of the coming season being a very active one for the club.

NEIGHBORS CARS TAKEN ON CONSECUTIVE NIGHTS

Two neighbors, F. W. Moore and Norman Jackson, both of R. R. No. 1, Wilton Grove, had their autos stolen in the city on consecutive nights. On Tuesday night the former's car, a Ford, was stolen from the market square, and has not yet been recovered. Last night Mr. Jackson's car, an Overland, was stolen from in front of a local theatre between 9:15 o'clock and 11 o'clock. It had a black body and yellow wheels, and bore license number 55340.

Hood's Sarsaparilla

Makes Food Taste Good

Creates an appetite, aids digestion, purifies the blood, and thus relieves scrofula, catarrh, the pains and aches of rheumatism and gives strength to the whole system.

Nearly 50 years' phenomenal sales tell the story of the great merit and success of Hood's Sarsaparilla. It is just the medicine you need now. Hood's Pills help—fine cathartic.

Asthma

The terrible struggle to breathe, the choking from restricted throat muscles find wonderful help and permanent benefit.

Dr. J. D. Kellogg's Asthma Remedy — Two Sizes 25c. and $1.00.

TRADES COUNCIL TO BACK CIVIC PETITION FOR THREE M. P. P.'S

Will Send Deputation To Interview Government On Matter—Clerk's Request.

LECTURES PROMISED

Western Professors To Teach Labor—Carpenters Sorry For Hill's Action.

The Trades and Labor Council at its regular meeting last evening decided to send the necessary number of members on the deputation to interview the Government for the purpose of increasing London's provincial representation from one member to three. A letter asking the council to appoint the delegates was received from City Clerk Samuel Baker, but the number required was not stated. The cause of this movement was the fact that in the County of Middlesex, with the last census showing the population was 41,-184, there were three representatives, and in London with a larger population only one. A letter will also be sent to Dr. H. A. Stevenson, M.P.P., asking his support. It was pointed out that if two more members were elected to the Legislature from London it would mean that London's stand for rights would be much firmer.

A resolution was passed to the effect that the Trades and Labor Council would stand "pat" with the bookbinders in the city who are out on strike. This matter was only recognised until Organizer Sullivan of the Cigarmakers' Union of Toronto appealed to the council for the delegates to take a firmer stand in demanding that the bookbinders receive their rights.

Juvenile Court.

The juvenile court committee reported very good progress. It was intimated that the secretary of this court committee has sent several communications to other cities, asking them what progress they are making. F. B. Lavender suggested that there be three representatives from the Trades and Labor Council, the Independent Labor party and the Labor Representation committee to the local court committee.

On the request of the Central Veterans' Council, Delegate Cummings was made the representative for the Trades and Labor Council at the meeting of the Central Veterans' Council this evening to discuss plans for the celebration of Armistice Day here. A grant of $25 will be given to the C. V. C. for the purpose of carrying out the necessary plans.

The C. V. C. also asked that the T. and L. council indorse the motion of Comrade Reason of the C. V. C. to the effect that the Government be requested to set aside November 11 as the national Thanksgiving Day for the Dominion of Canada. This request was voted upon as being a very good suggestion, and met with the hearty approval of all delegates.

University Lectures.

The committee appointed at the last meeting to interview Professor Sherwood Fox, dean of the college of arts of Western University, to see if it was possible for the university to help the laboring class along certain lines of industrial training, reported that the request had been granted and that the committee had chosen six courses for the men to take. Four out of these six were chosen by the delegates last evening and the lectures will begin as soon as Professor Fox finds it convenient for him. It was suggested that the Labor Temple be used for these lectures, but what the outcome of this will be could not be learned. Following are the courses that will be taught the men wishing to take them: Electricity, industrial history, bacteriology and ancient Greek history. With the latter subject it was suggested that the subjects of architecture be emphasized strongly.

A loan of $100 was voted for "the Herald," a labor organ in the city. All delegates were instructed to impress upon the members of the union they represent the importance of subscribing to this paper, to uphold the rights of organized labor.

Public Meeting.

Delegate J. F. Thomson, secretary of the high cost of living committee, urged upon the council the importance of having a public meeting to hear the appeals of the people in the city, who were alleged to have become the victims of rent profiteering.

"We referred the having of a public meeting to the city council and they told us to go to No. 1 committee," said Delegate Thomson. "Dr. Wood and I went to the last meeting of No. 1 committee, and Ald. Cunningham did all in his power to try and tell us that a public meeting was the worst thing we could have. I am here this evening to ask the council to go on record as petitioning Mayor Little to call a public meeting, so as we can get a better view of things and right from the people themselves, before the landlords if they want to attend," concluded Delegate Thomson. This request was granted.

Carpenters Sorry.

A communication from the head of the carpenters' union of the G. T. R. carshops was received and read. It stated that Delegate Hill, from that union, acted on his own authority in asking the council to discontinue the singing of the National Anthem. It also stated that they were sorry the occurrence happened.

Organizer Sullivan of the Cigarmakers' Union of Toronto, attended, and addressed the council, alleging that all cigar manufacturers were trying to break the Cigarmakers' Union by hiring juvenile help.

SALVATIONIST BURIED

Funeral of George W. Roberts Held From Citadel.

The funeral of George William Roberts was held on Wednesday afternoon from the Salvation Army Citadel in London South, where a special service was held. Mrs. Brigadier Green of Toronto conducted the services, assisted by Adjutant Woolcott and Adjutant Wilson.

Mrs. Green in speaking of the noble life which Mr. Roberts had lived gave a little of his history from the time he became a member of the Salvation Army, more than thirty years. Mr. Roberts in ' 's early life was a bandsman with the Salvation Army in England. A host of friends and relatives attended the service in the citadel.

Interment was made in Woodland Cemetery. The pallbearers were Messrs. West, Carrothers, Gardiner, Young, Hughes and Pink.

PROMOTIONS AT THE HURON AND ERIE

Russell M. Winslow has been appointed Joint Estates Manager with H. B. Hunter. Mr. Winslow joined the Staff in March last. He possesses a thorough knowledge of estates business, and his promotion is a popular one.

George S. Jewell, Head Office Accountant, has been transferred to the Bond Department of the Canada Trust Company at Toronto Branch, and will be city representative of this important Department. Mr. Jewell has a large circle of friends in London. He was a member of the Hermitage Club and was well known to hockey fans in this city and district.

C. Niven Judd has also been transferred from Head Office to the Bond Department at Toronto Branch. A. V. D. Ball, Accountant at St. Thomas Office, has been appointed Manager of that Branch.

OLD STANDBY, FOR ACHES AND PAINS

Any man or woman who keeps Sloan's handy will tell you that same thing.

ESPECIALLY those frequently attacked by rheumatic twinges. A counter-irritant, Sloan's Liniment scatters the congestion and penetrates without rubbing to the afflicted part, soon relieving the ache and pain.

Kept handy and used everywhere for reducing and finally eliminating the pains and aches of lumbago, neuralgia, muscle strain, joint stiffness, sprains, bruises, and the results of exposure.

You just know from its stimulating, healthy odor that it will do you good! Sloan's Liniment is sold by all druggists—35c, 70c, $1.40. Made in Canada.

RELIGIOUS LEADERS NEEDED IN CHURCH OF TODAY, THOUGHT

Trained Ones To Keep in Touch With Young People Favored.

SOME BEING EDUCATED

Buildings Found Inadequate For Physical Work by Survey Commission.

The Methodist commission continued in session in the First Methodist Church on Wednesday afternoon, discussing religious education. That trained religious leaders are needed in the churches of today was the opinion of several clerics attending the meeting. The commission was also in favor of trained leaders, either men or women, who could keep in touch with the young people between eighteen and twenty years of age, who have a tendency to leave the church. Through various reports given it was found that a great number of young people get out of the habit of going to church after they get over the Sunday school age. An effort will be made by the commission when other cities have been surveyed to find a solution to the problem of keeping young people within the church during this age. The commission announced that already the Methodist colleges were educating students for religious leaders. It is planned to pay the leaders a moderate salary. In churches where a religious leader cannot be supported, the commission suggested that perhaps two churches have the same religious leader and each contribute to the salary. This suggestion was well received by local ministers.

Not Up-To-Date.

In making a survey of the churches and Sunday schools this morning, members of the commission found that the buildings were not up-to-date in every way to meet the requirements for physical education of young people. It has been found that the basement in some instances has proved a very good place for a gymnasium, but the commission states that the basements in the local city churches have not been built with this in view and consequently are inadequate. At headquarters in Toronto the commission has architects working on plans to provide adequate room in the churches that will be built or that can be improved.

The commissioners urged for greater co-operation between the home and the church in the work of religious education. All were of the opinion that very little religion was taught in the homes of today, while in generations past family prayer and Bible readings were held in the home regularly. The commission advocated that the child from the earliest period of his Sunday school life be filled with the spirit of service and be encouraged in every way to give part of his talent, if not life service, to the work of furthering the church throughout the world.

This afternoon a meeting of women will be held in the First Methodist Church when matters of vital importance to church women will be discussed.

Rev. Peter Bryce, chairman of the survey commission in the city is in St. Thomas today.

To Cure a Cold in One Day.
Take GROVE'S L. B. Q. tablets (Laxative Bromo Quinine tablets). Ask for GROVE'S L. B. Q. tablets. Look for E. W. GROVE'S signature on box. 30c.

LONDON REPRESENTED AT HYDRO CONFERENCE

Commissioners and Aldermen Attending the Toronto Meeting.

To discuss means of relieving the power shortage for London, representatives are at a conference of hydro municipalities in Toronto today. Chairman T. W. McFarland and Commissioner F. G. Mitchell are representing the public utilities commission, while Ald. B. F. Brighton and W. A. Wilson are representing the city council.

Different solutions of the power problem will be discussed and some general policy for the whole hydro zone may be adopted.

Interest will centre chiefly on the export of power. Strong protest will be made to the Meighen Government to revoke its stand on this question. They will be asked to forbid the Niagara Power Development Company exporting power to the United States while they refuse to renew a contract with the hydro system. The Hydro-Electric Power Commission claims that this is one of the reasons for the situation being so acute. The commission had a contract which expired October 15. The company refused to renew it, but when other contracts with United States firms ended October 20 they renewed them. Appeal was made to the Federal Government, but it refused to remedy the situation. A more vigorous protest may be made today.

HEARTBURN LIVER TROUBLE

When the liver becomes torpid and inflamed, it cannot furnish sufficient bile to the bowels, thus causing them to become constipated.

The stomach is also affected. In the case of heartburn there is a gnawing and burning pain in the stomach, attended by disturbed appetite, caused by great acidity. Whenever too much food is taken, it is liable to ferment, and become extremely sour, vomiting often occurs; and what is thrown up, is sour and sometimes bitter.

Other liver trouble symptoms are pain under the right shoulder, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste in the morning, foul breath, water brash, jaundice, constipation, etc.

Keep your liver active by using Milburn's Laxa-Liver Pills and you will have no heartburn or other liver troubles. Being purely vegetable they do not gripe, weaken or sicken like the old-fashioned purgatives generally do.

Mrs. Mary Strome, Glasnevin, Sask., writes: "I have used Milburn's Laxa-Liver Pills, and they have cleared me of heartburn and liver trouble. I don't think they can be beaten by any other medicine, and I can highly recommend them."

Price 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

EGERTON ST. FUND IS STEADILY CLIMBING

Total of $761.27 Received During Month of October.

The treasurer of the Egerton Street Baptist Church acknowledges the following subscriptions contributed during October to the rebuilding fund, which now totals $4,946.70. William G. Murray, architect, has given his services voluntarily since building operations commenced, and Rev. A. C. Bingham announces that the church will be formally opened on December 5.

Mrs. E. Scandrett will furnish a new communion table for the church, and has advanced $75 for this purpose. The congregation also acknowledges the gift of 50 Bibles from Clifford Read. Other subscriptions received are:

Mr. Whitehead	$ 1 00
Mr. Murray	2 00
A friend	5 00
Clayton Depotie	5 00
Leslie Jolliffe	5 00
Rev. T. Charlesworth	5 00
Orville Lindsay	10 00
Thomas Sutherland	50 00
Rev. J. Moore, Waterford	5 00
Mrs. A. McLean, Toronto	5 00
A friend, Lakeview	5 00
James Baird, Plattsville	30 00
Total	$133 00
From the congregation	528 27
Grand total	$761 27

RECREATION CENTRE IS OPENED WITH CONCERT

Tuesday evening a concert and dance was enjoyed by 200 employees and friends of the Somerville Paper Box Company and the O-Pee-Chee Gum Company, being the opening of their new recreation centre. The firm has spared no expense in providing for the comforts of their employees, there being a lounging-room for the girls, which is artistically furnished in rattan, also a recreation room furnished for the use of the men. This department is under the supervision of Miss B. Friend, the firm's industrial nurse. The rooms are open during the noon hour, where the employees may gather to eat their lunch and enjoy a cup of tea or coffee. After lunch they spend their leisure moments reading, playing games or music, a new piano having been installed for their use.

NO WATER AND LIGHT YET AVAILABLE FOR PINE LAWN HOUSES

Housing Commission to Discuss Situation at Meeting Tonight.

Delay in obtaining water and electrical services at Pine Lawn will be discussed by the housing commission tonight. Three houses are finished and occupied at this site, and many others are nearing completion. No water or electric light has been installed in any of them.

Chairman E. R. Dennis said today that the utilities commission was not blamed for the situation, but that an appeal would be made to them to get the work done as quickly as possible.

General Manager E. V. Buchanan laid the responsibility for the condition on the persons who caused the defeat of the London bill. When this measure failed to pass the Legislature there were no funds available for any extensions. Appeal was made to the Ontario Railway and Municipal Board, but an order granting funds was not obtained from them until the middle of August. Material was ordered immmediately, Mr. Buchanan claims, but has not been obtained yet. As soon as it arrives work will be rushed to complete it before the end of the year.

No applications for light have been made, he claims. These will be dealt with as soon as they are received, as there is no cause for delay. There will be no difficulty in supplying power at night, so that the city's power situation will not be complicated by the addition.

A HARD JOB AHEAD OF CONSERVATIVES

Appoint Delegates Tonight to Vote on New Provincial Leader.

Seventy-two delegates to the Conservative convention in Toronto, December 2, will be chosen by local members of that party at a meeting tonight. The faithful declare that the coming event is to be "the biggest thing in the history of the province," and are hopeful that it will revive the party from the shock, which it received in the last election. Each subdivision in the province will be represented, London's quota being 72.

The Londoners will help in the formation of a provincial policy and in the difficult task of finding an outstanding leader. The Hon. Howard G. Ferguson is only the temporary head and his connection with the timber probe has somewhat spoiled his chances of holding it down permanently.

Enthusiasm is not exactly at a fever heat here, and it is not likely the local meeting will be a large one.

It washes the hardest things—easily

At Night — Soak the clothes in the rich, bubbly Rinso suds.

Morning—Rinse them out—that's all!

Do not get up early in the morning to heat the water for washday. Use Rinso and wash the clothes in cold water. You will save time and the cost of heating water. Your washing will be done sooner and your clothes will be more clean if you use Rinso—the pure soap granules—as harmless as pure water itself.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble, Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation, and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk)—is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advt.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre at Once.

Grey hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns grey and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay grey! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folk recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the grey hair disappears; after another application or two, its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.
