"ITS ONLY A COUGH"

has brought many to untimely graves. What is a cough? The lungs, throat or bronchial tubes have been attacked by a cold; nature sounds an alarm-bell telling where the disease lies. Wisdom suggests "TRY Wistar's Balsam of Wild Cherry;" It has cured thousands of persons. As long as you cough there is danger, for the cough is a Danger Signal. Use "Wistar" and be cured. None genuine unless signed "I. BUTTS" on wrapper.

News Summary.

DOMINION.

— The potato bug is playing havoc in the potato fields in the vicinity about New Glasgow.

— The estimate is made that one million acres of land has been put under wheat this spring in Manitoba.

— It is reported that a company is soon to be formed in Hantsport, for the manufacture of boots and shoes.

— The People's Bank, Union Bank and Halifax Banking Co. have declared a half yearly dividend of 3 per cent.

— Copies of the Dominion tariff rules alleged to be official, but published by private parties, are doing great harm by their inaccuracies.

— Stellarton is to be the headquarters of the Short Line railway, from Oxford to Sydney, C. B. F. D. Laurie, the superintendent of the road, will reside there.

— Six more carrier pigeons have been added to the flock at the marine and fisheries wharf. The latest additions come from Count DeBury, St. John.—*Halifax Mail.*

— Ten thousand quintals of bounty fed French caught codfish were recently imported into Halifax, and the price of cod, which was over $5 six weeks ago, has fallen to $4.37.

— A Fredericton despatch says: Reports from various sections through the country are not very encouraging concerning the oat crop, which appears to have been badly struck with rust.

— Governor Daly has appointed Lieut. Col. Clarke his private secretary, and Major John Menger, of the 66th Princess Louise fusiliers, and Lieut. Harry Wylde, H. G. A., provincial aides-de-camp.

— Collectors of customs have been notified that all packages in which goods are commonly packed for home consumption are, whether containing free goods or not, dutiable at the actual value.

— Chezzettcook, a few miles from Halifax, is experiencing quite a gold excitement. Rich gold bearing quartz was discovered there a few days ago, and the mine office is overrun with applicants for areas.

— The returns of the Nova Scotia department of mines, for the month of June, show a yield of 1551 ounces of gold, valued at $48,487. There are several foreign prospectors at present searching for gold in Cape Breton.

— The I. C. R. coal and cattle sheds, Riviere du Loup, were burned on Thursday night. Loss will be several thousand dollars, including 1,200 tons coal, the loss of which is serious, now that the Springhill strike is not likely to be settled for some time.

— An interesting ceremony took place at Laprairie, Quebec, recently. It consisted of a solemn service to inaugurate a monument to Catherine Tegakonita, the first Indian maiden baptized into the Christian faith. The baptism was performed in 1676. About 60 prelates were present.

— The very fine dry weather for the last ten days has been very favorable for hay making. In some places the crop is turning out much better than last year; and on the whole the reports seem to indicate that the yield this year will be slightly in excess of the yield of last year.—*Wey. Free Press.*

— John Bingley, of Isaac's Harbor, recently netted a mackerel off St. Peter's Harbor, P. E. I., measuring two feet in length,—the largest ever known to be caught in these waters. The fish was too large to mesh in the net, but after breaking one of the meshes got caught in the space of both and got tangled by the tail.

— The exports of Canada for the twelve months reach the grand total of $94,377,000, an increase of $8,375,000 in the year. This is better than any year since 1883. The return of imports will not be known for several weeks. The value of goods entered for home consumption, exclusive of British Columbia, is $107,969,000, an increase of $2,500,000.

— The Canada Pacific Railway have formally taken over the New Brunswick Railway, which now becomes a part of the greater trans-continental railway system. Very little change will probably be made in the staff or in the general management of the road. Mr. Timmerman is the successor to Mr. Cram as General Superintendent of the N. B. division.

— William T. Standen, the well-known insurance expert, of New York, speaking of the system of the Dominion Safety Fund Life Association, St. John, N. B., says: "I do not think I ever saw so perfect a plan, adapted in every way to the wants of those who look for a cheap and reliable form of life insurance. I examined it with the intention of finding some fault with it, if possible; but I was unable to lay my hands upon any element of weakness."

— The new steamer Boston, contracted for by the Yarmouth S. S. Co., limited, to run between Yarmouth and Boston in conjunction with the steamer Yarmouth, has been completed and will sail from Glasgow for Yarmouth via Halifax, on or about Friday, August 1st. It is expected she will have considerable freight for Halifax, and will bring passengers at low rates. The steamer is first-class in every particular, thoroughly equipped with all the modern conveniences, has triple expansion engines, and a guaranteed speed of 17 knots. She will be placed on the route immediately on arrival.

— The opinion is pretty generally expressed among those conversant with the work that the missing link, so called, between Digby and Annapolis, cannot be finished during the present season. Though the distance is not great, the formation of the country along the line is of a character that calls for the construction of a number of very heavy works. When the line is opened it will have a strong attraction for summer tourists, to whom it will open up a number of interesting points that are now out of the way and difficult of access. At Clementsport and Bear River, where the narrow valleys are shut in by high hills, the scenery is almost Swisslike in its character.—*Echo.*

—"I have sold more of *Potter's Liniment* in the past four months than any other kind," so says T. D. Robertson, of St. John. It never fails to relieve pain. For Coughs and Colds a positive cure.

— Premature gray whiskers should be colored to prevent the appearance of age, and Buckingham's Dye is by far the best preparation to do it.

— United States Secretary Windom will in a few days make a report to the senate concerning the special privileges now granted the Canadian railroads by stationing United States customs officers on Canadian soil to bond goods which are brought into the United States free of duty. It is in the power of the administration to withdraw these officers. This would shut out the Canadian Pacific road from engaging in interstate traffic between the Pacific coast and the United States.

BRITISH AND FOREIGN.

— Advices from the city of Mexico state that the Salvadorians were defeated by the Guatemalians, and sustained a loss of 60 killed and 200 wounded.

UNITED STATES.

— It is estimated that the census just taken in the United States will show a population of sixty-four millions. The census of 1880 gave a population of 50,155,783. This increase is larger than was anticipated.

— President Harrison has accepted the invitation of the committee of Boston citizens to attend the National Encampment of the Grand Army of the Republic. He will review the big parade on Tuesday, Aug. 12, and will leave on the following day.

— The largest American sailing ship afloat is called the Rappahannock, and was launched from the yard of Arthur Sewell & Co., at Bath, Me., on the 6th January, 1890. The Rappahannock is 287 feet 2 inches in length, 48 feet 9 inches beam. She weighs 3,185 tons and cost $125,000.

— Be Wise To-day. 'Tis madness to neglect a cough or cold, however slight. Consumption may follow, and though Dr. Wistar's Balsam of Wild Cherry has frequently cured this much dreaded disease, it almost invariably cures the primary diseases of the throat, lungs and chest, where other remedies fail.

The Convention—Travelling Arrangements.

The Baptist Convention of the Maritime Provinces will meet at Yarmouth, N. S., August 23, at 10 o'clock, a. m. The following arrangements have been made to convey delegates to the Convention at reduced fares:

The New Brunswick railway will issue excursion tickets at all their stations on August 21 and 22, good to return up to 30th, at one fare, to and from St. John.

The following railway lines will convey delegates at one first-class fare, and return free on presentation of certificates of attendance, good to August 27; Intercolonial, Buctouche and Moncton, Salisbury and Harvey, Northern and Western, Elgin, Petitcodiac and Havelock, Shore Line, N. B. and P. E., and Cumberland.

On the N. S. Central and Windsor and Annapolis lines, delegates will pay full first-class fare going, and return for one-third first-class fare on presentation of certificate of attendance, good to August 27.

The P. E. Island railway will convey delegates at one full first-class fare, and return free on presentation of certificate of attendance, good to Sept. 10.

The Western Counties railway will return lay delegates at one-third fare and ministers free, full fare to be paid going.

Yarmouth Steamship Co. will return all delegates free on all their boats, and from Boston also. Steamers David Weston, Acadia and Soulanges, of the Union Line, and steamer Monticello, between St. John and Digby, will return delegates free on payment of full fare going.

THOS. L. HAY,
Chairman Committee Travelling Arrangements.

Delegates to the Convention, to be held with the Temple church at Yarmouth, will please send their names to the undersigned previous to the 15th day of August. The committee may not be able to provide free entertainment for all the delegates, but will endeavor to do their best for those who send in their names. Arrangements have been made with four good hotels for reduced rates, so that delegates can be entertained at the following prices: Mrs. Parker's (formerly American House), 90 cents per day; Yarmouth Hotel, $1.00 and $1.25 per day; Lorne and Queen hotels, $1.50 per day. These are all good, reliable houses. The committee will secure hotel accommodation at those rates for any who wish it. Delegates are requested to send their names promptly, and specify the church, society or institution they represent, and the kind of conveyance by which they will come. Any sending their names and afterwards deciding not to come, will kindly notify the committee immediately, so that others may have the benefit of places reserved for them. On behalf of the committee,

JOSHUA HUESTIS.

Deaths.

BROWN.—At Fredericton, July 26, Jennie, beloved child of Mrs. Arnold Brown, aged 4 years.

BOOKOUT.—At the residence of her father, Deacon Wm. Cooper, Fredericton, July 12, of cerebro spinal meningitis, Mrs. George Bookout, aged 32 years. Our sister united with the Fredericton Baptist church in 1876, and was a warm-hearted, earnest Christian. Her end was peace.

MCDAVID.—At Metapedia, P. Q., July 8, John McDavid, in the 103rd year of his age (as he asserted before his death). The aged brother was formerly of the Roman Catholic faith, but by reading the New Testament came to trust in Christ alone for his salvation; and though he never united with any evangelical church, he looked forward to a happy hereafter through Jesus Christ. All his family decline to Baptist principles. Some have united with the church at Campbellton and are earnest workers in it.

SCOTT.—At Marshfield, St. Peter's Road, June 29, Deacon Wm. Scott, aged 68 years. Bro. Scott was baptized by Rev. D. G. McDonald about thirteen years ago and joined the St. Peter's Road Baptist church. From that time till death he was a consistent member thereof. Possessed of a quiet and retiring disposition he did not take a prominent part in public worship; but all who knew him intimately were convinced of his earnest desire to serve the Master. When death drew near he was calm and happy, even as you would expect one to be who knew that the Lord was with him and who, on that account, feared no evil. May the Lord comfort and sustain the sorrowing widow and family is the prayer of the writer.

— Queer world! Queer people! Here are men and women by thousands suffering from all sorts of diseases, bearing all manners of pain, spending their all on physicians and "getting no better, but rather worse," when right at hand there's a remedy which says it can help them because it's helped thousands like them. "Another patent medicine advertisement," you say. Yes—but not of the ordinary sort. The medicine is Dr. Pierce's Golden Medical Discovery, and it's different from the ordinary nostrums in this:—

It does what it claims to do, *or it costs you nothing!*

The way is this: You pay your druggist $1.00 for a bottle. You read the directions, and you follow them. You get better, or you don't. If you do, you buy another bottle, and perhaps another. If you don't get better, you get your money back. And the queer thing is that so many people are willing to be sick when the remedy's so near at hand.
