TURKISH GUNBOAT SUNK BY BRITISH

Transport Mosel Also Captured and Garrison at Amara Surrenders.

[Canadian Press.]

LONDON, June 9.—8:10 p.m.—The Turkish gunboat Marmaris has been sunk and the Turkish transport Mosul has been captured, according to an official statement given out this evening by the British Government. The action took place in the Persian Gulf region.

The text of the statement follows:

"Fuller reports of our advance up the Tigris River and the occupation of Amara show that as the result of an action on May 31 and June 1, the enemy's force, which had been threatening Kurnah for some time, became completely demoralized.

"No resistance appears to have been offered to the small party pursuing by river, the Turks trying to escape as fast as they coud in nahalas and steamers. The former surrendered on being overtaken, while the Turkish gunboat Marmaris was sunk and the transport Mosul captured.

Although the strength of the force which arrived at Amara in the Comet (British destroyer) and some small launches was quite insignificant, the entire garrison, which numbered over one thousand, surrendered, including the Turkish civil governor of Amara, Halim Bey, the commandant of the force recently opposing us at Kurnah, and Said Ullah, commandant of two fire brigade battalions.

"Shortly after our occupation of Amara the advanced guard troops of Daghastani's column, which had hastily retreated from the Kherka Valley, entered the town and were captured. The remainder of this force, estimated at about 2,000, fled, leaving a heavy gun in our possession.

"The remnants of the enemy, who so far have escaped capture, are retiring in a state of disorganization, many having discarded their arms."

The Turkish gunboat Marmaris displaced 492 tons and carried a complement of 66 men. She was 174 feet long and was armed with four 9-pounders and two 1-pounders. She also was equipped with one torpedo-tube. The Marmaris was built at Le-Creusot in 1897.

MONTREAL, June 9.—With Mr. Justice Pelletier in tears and pronouncing the sentence of death for murder in a choking voice, Luigi Romano stood calmly in the prisoner's dock in the court of King's bench this afternoon and heard his doom, while at the same time his wife was carried from the court house, screaming hysterically.

Romano was sentenced to be hanged on Friday, October 15, for the murder of Umberto Californo. It was his second trial.

3,000 KILLED IN HALF-HOUR FIGHT

French "Eyewitness" Tells of Two German Battalions Being Wiped Out.

TRACY-LE-MONT BATTLE

Whole Position Captured by Allies and Fortified to Withstand Assault.

[Canadian Press.]

PARIS, June 10.—12:30 a.m.—The French official "eyewitness" in an article on the fighting in the vicinity east of Tracy-Le-Mont gives the details of the capture by the French forces several days ago of the Quennevieres farm.

"Throughout June 5 there was a heavy bombardment of the entire German position, which was continued during the night by aerial torpedoes and musketry. Our fire was very effective, the two battalions which held the position suffering heavy losses, many of the men being buried beneath their bombproof cellars.

"We attacked with four battalions, composed of Zouaves, Tirailleurs, Moroccans and Bretons, who, without haversacks, carried three days' rations, 250 rounds of ammunition, hand grenades and a sack filled with earth to serve as a temporary shelter in the captured trench.

Rushed as One Man.

"When the command to charge was given the whole line, as one man, rushed across. Slight opposition was encountered. Only one quickfirer was used by the Germans, which occasioned small losses. The attack was begun at 10:15 o'clock, and half an hour later the first prisoners were brought to the officers' headquarters.

"The 'clean sweep' ordered had been rapid and complete. Two hundred and fifty prisoners were the sole survivors of the two battalions. The reinforcements which the Germans endeavored to bring up were mown down by our 'seventy-fives.' Two thousand of our adversaries were placed out of action.

Caught in Barbed Wire.

"The Zouaves continued on past the second line of trenches toward Toutvent ravine. All at once, the patrols which were ahead of the main body of troops were seen to sway and fall, although no shot had been fired. The Germans had placed a low-barbed wire entanglement in the high grain field to stop them. Our men soon severed the barbed wire and succeeded in capturing three German 77-cannon which had been effectively hidden beneath bomb proofs, a few yards farther on.

"The whole position was captured and quickly fortified to withstand counter-attacks, and communicating trenches with the main position were prepared. Our aviators reported that fresh reinforcements had been rushed up from Royal in auto busses. During the night the fresh troops attacked, but were repulsed each time. At dawn, the enemy again attacked desperately our two wings, but by rain of hand grenades his fire was effectively stopped.

3,000 Enemy Dead.

"We counted, on the ground where the counter-attacks took place, approximately 2,000 dead. The total estimate of the enemy's losses is 3,000 dead, not counting the wounded. We lost 250 men killed and 1,500 wounded. We captured 20 quick-firers and also a great quantity of trench materials."

Kidney Disease Cured Sworn Statement

Of Mr. Wesley Maxwell, Who Gratefully Gives All Credit to Dr. Chase's Kidney-Liver Pills.

It is one thing to make big claims for a medicine and quite another thing to produce irrefutable evidence that it actually cures in serious cases.

We prefer to let the cured ones speak for themselves, and that is why you find in almost every newspaper the report of someone who has been cured by the use of Dr. Chase's medicines. Today we present the sworn statement of Mr. Wesley Maxwell. When a man goes to this trouble in expressing his gratitude there can be no question of the benefit he has received. Mr. Wesley Maxwell, Orangeville, Ont., writes: "I have been using Dr. Chase's Kidney-Liver Pills, and I must tell you that before I started using them I could only make water with the greatest difficulty, and had very severe pains in the back. I am completely cured now by the use of these pills. Before that I used a lot of doctors' medicine without any benefit that I could see. I am thankful for being cured, and can recommend Dr. Chase's Kidney-Liver Pills very highly."

SWORN STATEMENT.

"This is to certify that I, Wesley Maxwell, of the Township of Caledon, was cured of kidney trouble by taking Dr. Chase's Kidney-Liver Pills.

"Wesley Maxwell."

(Sworn before me as correct the 6th day of January, 1915.—Wm. Hawkins, Sen. Justice of the Peace.)

This statement is also indorsed by the Rev. Geo. W. Robinson, who is Mr. Maxwell's pastor.

This cure will interest a great many people who are suffering as Mr. Maxwell was with kidney and urinary troubles. It will only cost you a quarter to buy a box of Dr. Chase's Kidney-Liver Pills and put this medicine to the test. We are sure that you will be thankful to the writer for describing his cure to you.
