The Great North Western Telegraph Company
OF CANADA.

Operating the Lines of the Montreal and Dominion Telegraph Companies.

MILES OF LINE, 34,000. NUMBER OF OFFICES, 2,000.

ERASTUS WIMAN,
President.

H. P. DWIGHT,
General Manager.

HEAD OFFICE, TORONTO, ONT.

This Company is now working the lines of the Montreal and Dominion Telegraph Companies of Canada. At its commencement the Company's property and operations were confined entirely to the Province of Manitoba, but during the past year its scope and influence have been vastly extended. The ample provisions of the charter of the Company were made available for the purpose of consolidating the conflicting telegraph interests of the Dominion, which, through ruinous competition, had been seriously impaired. The low rate for telegraph tolls which prevailed for the two years previously had so weakened the power of the telegraph companies to pay interest on the capital invested, and at the same time maintain the property in an efficient condition, that the prospects seemed most serious for all persons interested in this kind of investment. An arrangement was however effected, by which the rival companies were combined under one management, resulting in the introduction of large economies on the one hand, and the establishment of a uniform rate of 25 cents for telegraph tolls on the other. Investors in Telegraph property were thus assured of a fair return for their investment, and the public provided with a more efficient service.

This Company has a close alliance with the Western Union Company, and thus secures for its customers prompt and easy communication with every point on this continent, to which the vast network of wires amounting to 340,000 miles owned by the Western Union Company extends. The various important inventions, secured by patents in most cases, which the Western Union Company now control, have also been placed at the disposal of, and will hereafter be used by this Company.

A new departure, and one of which the public have already shown great appreciation, is the facility granted for sending Money Orders by telegraph between the principal offices in Canada, and also between this country and the whole of the Money Transfer Offices of the Western Union Telegraph Company.

Mr. H. P. Dwight, formerly Western Superintendent of the Montreal Telegraph Co. is the General Manager of the Company.

INTRODUCTORY.

The publishers, in presenting this issue of the TORONTO DIRECTORY, take pleasure in calling the attention of their patrons to the improvement that has taken place from year to year in the several features of the book.

The Directory has grown in importance as the City has progressed, and as showing the increase of population and consequent business prosperity in the last decade, we give the number of names as shown in each issue of the Directory during that period :—

Year.	Names.
1874	15,912
1875	18,210
1876	16,929
1877	18,979
1878	19,354
1879	20,226
1880	21,919
1881	23,166
1882	23,879

For **1883** we find by actual count **33,592** names, or an increase over 1882 of **9,713**. This can be accounted for by the fact that a careful and reliable canvass of the City has been made, and that no pains or expense have been spared, to give our subscribers as accurate a work as can be found of the kind. The information has been obtained by experienced men who are familiar with the business, which consequently must ensure greater completeness and correctness.

Among the several improvements which this work will be found to contain, may be mentioned that not only the residence, but also the place of employment of each individual is given. The first name in full is also invariably given of each person, and information generally more fully furnished than has been done in the past. The miscellaneous part of the book will be found arranged alphabetically, according to subjects, and each item placed under its appropriate heading.

The classified business directory will be found more than usually complete, and shows the various professions, manufactures and trades at a glance.

It is usual for directory compilers to estimate the population of a city by multiplying the number of names by 3½; this we think rather too large a proportion; we find 3 a more correct estimate, and with this multiple we find the population at the present time to be 100,776. This includes the people residing within one-half mile of City limits, but does *not* include the suburban villages, directories of which will be found immediately after the City portion. The census of **1881** gave Toronto a population of **86,415**; we have consequently gained in two years **14,361.**

The work has been a little delayed this year on account of the large increase of names, but this has enabled us to give the correct list of municipal officers for 1883 instead of showing those of last year, which were useless. It has also enabled us to give latest information in regard to incorporated companies, societies, etc., etc.

In conclusion, after thanking our patrons for their encouragement and courtesy, we desire to state that the Directory will be issued annually in January, and its reputation for excellence will be more than maintained.

Very respectfully,

R. L. POLK & CO.

NULLI · SECUNDUS

The liberal patronage accorded us by the public of Toronto since commencing business, particularly during the past year, will be but feebly acknowledged by our heartiest expression of thanks.

Having observed at an early stage of our career that Printing was fast drifting towards a monopoly, we concluded that success was attainable only by rigid personal application, strict economy, judicious enterprise, and unwavering attention to the wants of our customers. Acting on this observation, we soon found our business outgrowing our premises, and fortunately succeeded in purchasing the capacious property we now occupy.

Our plant now comprises **Ten of the most modern and approved Book and Job Printing Presses,** Stereotyping and other Machinery necessary for a first-class Office.

WAIT TILL THE CLOUDS ROLL BY.

SONG AND CHORUS.

WORDS BY J. T. WOOD. MUSIC BY H. J. FULMER.

Moderato con espress.

1. Jenny, my own true lov'd one, I'm go - ing far from thee,

Out on the bounding bil - lows, Out on the dark blue sea.

How I will miss you, my darling, There when the storm is raging high,....

rall.

Jen - ny, my own true lov'd one, Wait till the clouds roll by.....

CHORUS.

f *p*

Wait till the clouds roll by, Jen - ny, Wait till the clouds roll by;

f *rall.*

Jen - ny, my own true lov'd one, Wail till the clouds roll by.

Jenny, when far from thee, love,
I'm on the ocean deep,
Will you then dream of me, love?
Will you your promise keep?
And will I come to you, darling?
Take courage, dear, and never
Gladness will follow sorrow, [sigh,
Wait till the clouds roll by

Jenny, I'll keep your image
Within my heart, so true;
Each thought of mine for ever,
Still, love, shall be of you; [ling,
Dry then your teardrops, my dar-
Soon will the night of sorrow
Cheer up, and don't be lonely, [fly,
Wait till the clouds roll by.
