"THE BLOOD IS THE LIFE."

D.r. HALSEY'S FOREST WINE.

Dr. Halsey—A few months since, one bottle and a half of your Forest Wine cured my wife of Dyspepsia, Nervous Debility, Costiveness, &c. Her recovery was so rapid, so decidedly beneficial, that I feel it a duty to make the fact known. Yours, &c. JOHN BUNKER, Hackey Plain, N. J.

HAMPSTEAD, Dec. 1, 1847.

Dr. Halsey—A few months since, I purchased of Mr. James Carr, (your agent for this place,) his one dozen wonderful bottles of your Forest Wine, and have been in a state of health for more than a year, filled with the active energy, and possessing the strength, general stability, and feelings of a young man. I became thus, from a state of nervous debility, and had been unable to leave my room for more than two months; my friends told me I had the Consumption, and I was fast hastening to the last stage of it. Your Forest Wine and Pills are, in my opinion, the most efficacious medicines for the cure of Nervous Debility, and all diseases of a nervous character, that I have taken, or my physician, would you have me publish my name? The Forest Wine and Pills are powerful, but mild in their operation, and I believe, from my own feelings, that they will cure any person who will use them according to your directions. Yours, respectfully, MARTIN CALDWELL.

The following Certificate, voluntarily given by Mr. E. G. Massey, a resident of New York, is one of the most remarkable cures on record, and is one of the most remarkable cures which the Forest Wine and Pills have effected in the city of New York, and we have published it in preference to any other, as the most decisive evidence we can offer to the public of the efficacy of the Forest Wine and Pills in GENERAL DEBILITY, NEURALGIA, AFFECTIONS OF THE SPINE AND KIDNEYS.

This is to certify, that I have used Dr. Halsey's Forest Wine in my family with the most entire success. My wife was badly afflicted with Neuralgia, affections of the Spine and Kidneys, and general Debility. She found speedy relief, and has regained her health, by the use of the Forest Wine.

From my own knowledge of this excellent medicine, I considered it my duty to recommend it for the good of others who may be suffering with similar complaints. It is the best medicine with which I am acquainted, and those who are afflicted with the above, or any similar disease, may safely rely on its virtues. E. G. MASSEY.

More Testimony from Cohoes.

Dr. G. W. Halsey—Dear Sir,—My wife last autumn was reduced to a low state of Debility. Her family Physician advised her to take your Forest Wine. Accordingly I went to Mr. Tarrytop, your agent for this town, and procured a bottle of it, which restored her in a very short time to perfect health. HENRY DONALDSON.

Cohoes, April 19, 1850.

The testimony of upwards of three hundred individuals, some of whom had been afflicted with dreadful disorders, and declared incurable, may be seen at the Forest Wine and Pill Office. The following are some of the cures effected by the Forest Wine and Pills:

Mr. Asa S. Smith, 167, Prince Street, Office in Wall Street, was long severely afflicted with a disease of his Kidneys and Bladder. The best physical skill attended to no purpose. He tried the Forest Wine, and in less than a month, by the use of one bottle and a half of the Forest Wine and a box of the Forest Pills.

Mr. Jacob Bell, Merchant, in Pearl Street, was for four years a martyr to severe Rheumatic Pains, and could find no relief until he used the Forest Wine and Pills, and recovered by taking six bottles and less than a box of the Pills.

The remarkable efficacy of the Forest Wine is very striking in the case of the Rev. G. L. Stone, of Virginia, who was carried to a state of Debility, and a severe attack of Bilious Diarrhea and general prostration of bodily energy. On the arrival of this gentleman in New York in March, he was so weak and nervous, from the effects of his illness, that he could not write, and required assistance to carry him to walk to his apartment. The Wine was sent for, and he recovered the use of his hand after taking the first dose of the Wine.

The Other Wine and Pills are mentioned as a efficient and certain cure in all the following complaints:

Dyspepsia, Habitual Costiveness, Liver Complaint, Jaundice, Piles, Gastric Disorders, Bilious Disorders, Fevers, Headache, and Nervous Fever, Sallowness of the Skin, Nervous Complaints incident only to Women, Erysipelas, Dropsical Weakness, Night Sweats, Female Complaints, Weakness, Nervous Diseases, General ill Health and in Nervous Debility of the Constitution.

Although these Works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and it is for this they stand confessedly far above all other journals of their class. Blackwood still holds the undisputed pre-eminence which he acquired in the palmy days of Christopher North, maintaining the highest reputation, as at this time, unusually attractive, from the superior quality of the Serial Stories and literary notices, written for that Magazine, and first appearing in its columns, such as the Lighthouse, Miriam Coulter, Ben Cruachan, Sir Gilbert Glossin, and the Tales of the Colonies, and a New Novel, "Ion," (both by Mrs. Oliphant, author of "Merkland," "The Quiet Heart," &c.) and Professor Aytoun's Poem of "Ballads of Scotland," and "The Ballad of Ivry." Subscribers can commence with any of the Reviews or Magazines they may wish, and will receive all the numbers they may call for, until their subscriptions are ordered to be discontinued, and pay only for those they receive.
