BAYFIELD CORRESPONDENCE.

Mr. McEwen, Contractor for the Bayfield Harbour, has been here this week looking out for timber and stone. This looks like work, and will doubtless be good news for the "sanguinal ones." Notwithstanding this however, there are many unbelievers in our community.

Ice fishing has commenced, but with poor success so far. A few nets have been lost by the ice going out with the Easterly winds.

A SUCCESSFUL HURONITE.—The following item we clip from an exchange. The gentleman mentioned is a son of Rev. H. Gibson, of Bayfield, and pursued his studies for a time in the Clinton High School:—"Prof. John Gibson, B. A., of Albert College, Belleville, has been appointed Fellow of the Geological Society of London, England, and a Fellow of the Botanical Society of Edinburgh. Prof. Gibson has published some valuable papers on the geology of Western Ontario, and is at present engaged in working up a memoir on the palæontology of the Devonian rocks of America. In conjunction with Prof. Macoun, formerly Botanist to the Pacific Railway Survey, he is preparing a work on the botany of Canada, a portion of which has already been published as an harvest of the task in hand."

CANADIAN NEWS.

Three heavy commercial failures are reported from Montreal, namely, M. G. & W. H. Edson, wine merchants; Chapman, Fraser & Tylee, grocers, and Duncan Bell, manufacturers' agent. The aggregate liabilities are estimated at $200,000.

On Friday morning the body of an unknown man was found beneath the freight shed of the Great Western Railway, at Chatham, frozen stiff, in a crouching position. It is supposed he took refuge there during the cold weather of two weeks ago, and so was frozen to death.

The Wesleyan body in London are dealing generously by the widow of the late Dr. Freeman, by giving her his salary in full to July next; also a sum of $76 as the nucleus of a memorial fund to which all friends in Canada are invited to contribute.

In Brantford, on Thursday night, an altercation arose between R. Gripton and a coloured manjhanel Nalls. As they were about stricking each other Mr. Fleming, blacksmith, stepped in to separate them, when Nalls drew a razor, and cutting through Mr. Fleming's clothes inflicted such a wound that his recovery is doubtful. Nalls made good his escape for a time, but was finally captured in a coloured man's house near Newport, and brought to Brantford, where he was tried this morning and remanded for one week.

During the absence of G. W. Bleecker of Marmora, and family his residence was entered by some person who proceeded to open and ride the contents of a dressing bureau in the bedroom of Mr. Bleecker. The noise made awakened the servant who, seeing a strange man, gave the alarm, when the burglar decamped through the back way having opened the doors to facilitate his escape, and succeeded in eluding pursuit. No property is missed, the burglar not having had time to secure any booty.

A few days ago, as the 5 o'clock mixed train on the W. G. & B. Railway was passing the first crossing above Harrington, the engine ran into a span of horses owned by William Roberts, which happened to be standing on the track, killing one instantly, and sending the other bear out of his harness some twenty feet into the ditch. Strange to say, it was not in the least injured, but got up, and with head and tail erect, started off in pursuit of the train at his best pace. The sleigh was broken, but Mr. Roberts escaped uninjured.

THE MARKETS.

Gold 1.12½. Salt, per bbl 90 to $1.00 retail; wholesale 75 to 80.

GODERICH, Jan. 8th, 1875.

We have this week to report a still further reduction in the price of grain. Judging from the state of the English markets, we can not expect a change for the better at present. From several places throughout the Province come the report that the worst has not yet been seen. Millers declare that there is no demand for flour such as there is generally at this season. Every other article of produce has fallen in price, with the exception of hay. There is considerable demand for wood, some of the rail companies laying in summer supplies and the Grand Trunk buying in good deal.

CARD OF THANKS.

TO THE ELECTORS OF THE WEST RIDING of the County of Huron.

GENT.—Having through your generous support and assistance been elected as your representative in the Provincial Parliament, I cannot, I am assured, repay that confidence which you have reposed in me in a more fitting manner, than by a straightforward, honest, and conscient discharge of the duties imposed upon me. Elected as a Reformer, the principles of a Reform party will be my guide in all matters of public policy, but in all matters of local interest, affecting the County of Huron, I shall act as the representative of the whole, and not as the representative of a party.

To my supporters in the contest, I am under a deep debt of gratitude for their noble, generous, and energetic assistance, which I can deeply guarded. Those who have conferred the favor will I trust, now that the contest is over, look upon me as their representative also, and I can assure them, that I shall be at all times happy to give them any aid and assistance in my matter in which I can be of use to them, not inconsistent with my public duty.

Again thanking my friends for their generous confidence and support, and thanking also many of my opponents for many expressions of personal good will.

I am Gentlemen,
Your very obdt. Servant,
A. M. ROSS.

ADDRESS

TO THE FREE AND INDEPENDENT ELECTORS OF The Intelligent and Wealthy County of Huron,

GENTLEMEN,

Take notice that the recent Municipal Elections having been declared void on account of bribery and corruption, it is decided that the Elections will take place in Goderich, at the place hereinafter mentioned. The polling place will be opened on Thursday the 14th inst. at 8 o'clock A. M., and close at 5 P. M., and continue to open and close every succeeding day, Sundays excepted, until all votes are polled. This arrangement has been adopted in order to give the working man an opportunity to record his vote without loss of time. This address is from a working man and the working man's candidate.

The ordinary assessment roll qualification is not necessary in this election. The Ballot law being now in force, ballot papers will be provided by each voter similar to Bank of Montreal or Commerce Bills, stamped and numbered accordingly. Each elector on presenting his ballot paper, according to the number thereof, will be entitled to receive from the Returning officer a first class Overcoat. Fine dress suit, Tweed suit, Pea Jacket, Pants, Vest, Hat, Cap, Shirt, Drawers, Stockings, Collars, Necktie, and in fact anything he wishes in wearing gear above his understanding.

Some claim to sell at cost, others under, we will sell at prices that will make you stare and wonder.

Mr. J. McIntosh having been appointed Returning Officer and Scrutineer, you will always find him agreeable, and willing at all times to attend to your wants, examine your ballot papers and record your votes.

Having been recently defeated in the Deputy Reeveship by the straight Forty Rod ticket, I am determined not to be defeated in disposing of and clearing out my immense stock of cloths and clothing, and have adopted this means of accomplishing that end so as to give the electors a fair opportunity and a full benefit.

Remember the polling will be at

A. SMITH & CO'S. CLOTHING STORE,

East side of the Market Square, next door to John Bland, Draggist.

Who by the way will give you a pill to cure any ill—a bottle of Pulmonic Syrup to quiet your disturbed spirit, or a bottle of his Bitters to regulate your Stomach and Liver. When relieved of distress you will remember and say it was the address to the electors that led you that way.

SHIRTS READY MADE OR MADE TO ORDER,

AT wholesale or retail rates. Fancy and plain machine and hand sewing to order.

MRS. LEFLER,
Hamilton St.

Next door to G. McKenzie.

What words half are entering, "It's a

Or, "Man, you for a tipper, but look it's

"A great shot, sir! great shot, sir!"
man over the pond,
"You play like a book, sir!" the echoes

An' to dee it, what pleasure, a kingdom

ODDS AND ENDS.

Charles Lamb said of one of his critics:—"The more I think of him, the less I think of him."

Men who travel barefooted around a newly-carpeted bedroom often find themselves on the wrong tack.

"A school boy spelled "sob," and then defined it thus:—"It means when a fellow don't want to cry, and it bursts out itself."

The merchant tailor never presented a magnificent cover at the king.

"Why did you [illegible] without looking at me?" said a beautiful woman to Talleyrand. "Because, madam, if I had looked, I could not have passed."

"Molly, I think you'll never get the river on fire," said a lady to her servant. "—Indeed, ma'am, I'd never be after doing anything so wicked—I'd be burning up the little fellur," replied Molly.

They do funny things on the River Seine, as the following from a French newspaper shows: "A young man of agreeable presence and desirous of getting married would like to make the acquaintance of an aged and experienced gentleman who could dissuade him from taking the fatal step."

"It's well enough for you to name your boy Elias," said Aunt Hannah, "but for goodness sake don't name him Alias, cause the Alises is always a cutin' up bad. There's Alias Jones, Alias Brown, Alias Thompson, Alias one-eyed Jake, all been took up for robbin' an' steelin'."

A Sacramento lawyer remarked to the Court: "It's my candid opinion Judge that you are an old fool." The Judge allowed his mildly beamer eye to fall upon the lawyer a brief moment, then, in a voice husky with suppressed emotion, said: "It's my candid opinion that you are fined $100."

An anti-tobacconist, in addressing a company of sailors, warned them against chewing and smoking and declared that every pipe one had, however moderately it was indulged in, "Avast there," exclaimed an old salt; "I know a pipe that never hurt anybody."—"What is it?" blandly asked the lecturer.—"A horn pipe!" yelled the old tar, and the lecture was extinguished in a flood of laughter.

"You've sowed the wind, and now you reap the whirlwind," said the school teacher, as he brought his cane down in a hurry on the back of a rebellious boy. "Yes, and it's a regular hurryanee, too," sobbed the youngster, between the whacks.

Only a [illegible] has not some [illegible] which [illegible] on thread from his best coat collar, and felt his heart beating quickly for it. Or gazed upon a lock hair away in some much and not felt the influence of tender memories! Only a woman's hair! And yet we do not like it in biscuit.

Tall and bulky people require more sleep than thin people. In a state of health, the amount of sleep required to restore nervous energy averages from six to eight hours. Sleep on the right side, and eat nothing heavy before retiring.

☞ Never be ashamed of confessing your ignorance, for the wisest man upon earth is ignorant of many things, inasmuch that what he knows is a mere nothing in comparison to what he does not know. But we apprehend very few are ignorant of the wonderful effect of the "Canadian Pain Destroyer," its a most sure and rapid cure for colds, rheumatism, pleurisy, colic, cholera morbus, and most common complaints. Sold by all medicine dealers.

SKIN DISEASES.—Of whatever nature are completely eradicated by the use of Fowle's Pile and Humor Cure; its effect is marvelous for Scrofula, Salt Rheum, Ring-Worm and even Leprosy, it has proved itself an almost never failing cure. (See special notice.)

☞ Consumption, so prevalent and so fatal, is dreaded as the great scourge of our race, and yet in the formative stages, all pulmonary complaints may be readily controlled by using "Bryan's Pulmonic Wafers." They will relieve the worst cough in a few minutes, and have a most beneficial influence on the bronchial and pulmonary organs—but they must be used in time. Public speakers and singers will also derive great benefit from them. Sold by all druggists and country dealers. Price 25cts per box.

LOSS OF APPETITE IN HORSES.—Horses lose their appetite from various causes, but most frequently by the approach of some disease. This circumstance ought not to be overlooked by those who own horses, but should be immediately attended to so by so doing the disease may be checked, and the life of the horse saved. To do which we are positive there is nothing equal to "Darley's Condition Powders and Arabian Heave Remedy;" it purifies the blood, corrects all derangements of the digestive organs and as a necessary consequence the appetite is restored, the skin, and the coat assumes a soft and shining appearance. Remember the name, and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

A German Camp comprising 100,000 soldiers is to assemble at Torgau in the spring under the Emperor William. The idea that the movement is aimed against Russia is ridiculed by many, who call to the mind that Russia will not allow the troops, based on her territory in the autumn, when they are all assembled, and consequently, [illegible] Though by no means as near France as any part of the old Prussian territory, and not offering any special advantages for military operations beyond this, as it is in a mountainous valley, surrounded by wooded hills, where the manœuvring of large bodies of troops cannot fail to do great damage. The French Army, it has long ago been ascertained, will, in the spring, be ready to take the offensive, as nearly like to actual war as is possible in a time of peace.

PEPPER CAKE.—One lb. flour, ½ lb. of butter, ½ lb. of sugar, ½ lb of flour, ½ lb. of currants; oz. of candied lemon-peel, ½ pint of milk, 1 teaspoonful baking powder. Put the flour into a basin with the sugar, currants, and sliced candied peel; heat the butter to a cream, and mix all the ingredients together with the milk. Beat the whole well, until everything is thoroughly mixed. Put the dough into a buttered tin, and bake the cake from 1½ to 2 hours.

ALMA PUDDING.—Half pound of fresh butter, ½ lb. of powdered sugar, ½ lb. of currants, 4 eggs. Beat the butter to a thick cream, stir in, by degrees, the sugar, and mix both these well together; then dredge the flour in gradually, add the currants, and moisten with the eggs, which should be well beaten. When all the ingredients are well stirred and mixed, butter a mold that will hold the mixture exactly, tie it down with a cloth, put the pudding into boiling water and boil for 3 hours; when turned out strew some powdered sugar over it and serve.

HOUSEHOLD MEASURES.—As all families are not provided with scales and weights referring to ingredients in general use by every housewife, the following informations may be useful:

Wheat flour, one quart is one pound.

Indian meal, one quart is one pound and two ounces.

Butter, when soft, one quart is one pound one ounce.

Loaf sugar, broken, one quart is one pound.

White sugar, powdered, one quart is one pound one ounce.

Best brown sugar, one quart is one pound two ounces.

Eggs, average size, ten eggs are one pound.

Sixteen large tablespoons are a half-pint, eight are a gill, four are a half-gill, etc.

A number of deaths in the snow are reported from Scotland. Chas. Grant, sixty years of age, perished on Dec. 26, while walking from Kirriemuir to Dundee. On Sunday, Dec. 27, some people going to church at Stathaven found a man lying dead in the snow; and at Auchterarder, on Saturday, James Rae, an cutler, died from the combined effects of drink and exposure. Mr. James Patterson, Priory place, Dorchester, was found frozen to death at the door of his cousin's house near Chorley. He was to have been married in a few days to a young lady staying in the house, and was expected there on a visit on Christmas.

The London, Eng., Times, in a recent article, says:—"In the gloom surrounding us one thing is perceptible. All men are arming. Germany is armed to the teeth, and surrounding nations, including the best part of the world, cannot do otherwise. Momentary dreams of peace have fled away. Germany recognizes the stern necessity that what she won by arms she can only hold by arms, and while arms are in her hands." The Times confesses that Germany cannot raise a third army. Her hopes are in her navy.

Recent Scotch statistics show that the "Land o' Cakes" is losing its agricultural character and becoming a commercial, mining and manufacturing country. The agricultural class diminished in number during the last decade from 372,947 to 270,098. The explanation is found largely in the fact that tillage has been abandoned in many sections for grazing, and that the moors return a greater rental as deer-forests than as sheep-walks. The commercial class increased 31,763. Glasgow has a population of over 40,000. Edinburgh has a population of 197,978.

PRESENCE OF MIND IN ACCIDENTS.—Professor Wilder gives these short rules for action in case of accident: For dust in the eyes, avoid rubbing, and dash water into them; remove cinders, etc., with the round end of a lead pencil. Remove insects from the ear by tepid water; never put a hard instrument into the ear. If an artery is cut, compress above the wound; if a vein is cut, compress below. If choked, get upon all fours and cough. For light burns, dip the part in cold water; if the skin is destroyed, cover with varnish. Smother a fire with carpets, etc.; water will often spread burning oil, and increase the danger. Before passing through smoke, take a full breath, and then stoop low; if arbon is suspected, then walk erect. Suck poisoned wounds, unless your mouth is sore. Enlarge the wound, or better, cut out the part without delay. Hold the wounded part as long as can be borne to a hot coal or end of a cigar. In case of poisoning, excite vomiting by tickling the throat, or by hot water or mustard. For acid poisons, give alkalis; in case of opium poisoning, give strong coffee and keep moving. If you fall into water, float on the back, with the nose and mouth projecting. For apoplexy, raise the head and body; for fainting, lay the person flat.

ELECTRICITY.

THOMAS' Eclectric Oil.

Worth Ten Times its Weight in Gold!

Pain cannot stay when it is used. It is the cheapest Medicine ever made. One dose cures common Sore THROAT. One bottle has cured Pneumonia. Fifty cents worth has cured an STRAYERS COUGH. It positively cures Cholera Asthma and Croup. Fifty cents worth has cured Crick in the Back and the pain of Rheumatism of eight years standing. The following are extracts from a few of the many letters that have been received from different parts of Canada which, we think, should be sufficient to satisfy the most sceptical. "Oxford, of Sports, Ont., writes: "Send me 6 doz. Dr. Thomas' Eclectric Oil. Sold all I had from you and want more now; it is cures are truly wonderful." Wm. Lawrence, Franklin, writes, "I have sold all the agent left, it acts like a charm—it was sow at first but taken splendidly now." H. Cole, of Lona, writes, "Send forward 6 dozen Thomas' Eclectric Oil. I am pestered by out; nothing equals it. It is highly recommended by those who have used it." J. Bedford, Thamesville, writes—"Send at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and give such general satisfaction." J. Thompson, Bradford, writes—"Send me some more Eclectric Oil, I have sold entirely out. Nothing takes like it." Miller & Hood, Tiverton, P. O., write—"The Eclectric Oil is getting a great reputation here, and is daily called for. Send us a further supply without delay." Lemoyne, Gibb & Co., Buckhorn, P. O., write—"Send us one gross Eclectric Oil, we find it to take well."

Special Notices.

Holloway's Pills and Ointment are neither manufactured nor sold in any part of the United States, although they may be obtained in the B. N. American Provinces.

Each Pot and Box bears the *British Government Stamp*, with the words, "Holloway's Pills and Ointment, London," engraved thereon.

It has become necessary to make this announcement, because the New York Chemical Company (who pay nobody), finding at last that their name has been so exposed, have assumed the title of "Holloway and Co.;" but, even now, no one will buy their medicines direct from them, so that they have made arrangements to supply exclusively the firm of Messrs. Henry and Co., of New York, with their so-called "Holloway's Pills and Ointment."

It is presumed that, from the large connexion Messrs. Henry and Co. have in the British Provinces and elsewhere, the public is very likely to be imposed upon by unscrupulous vendors and others unless they exercise great caution to prevent their being misled, by finding these medicines bearing a stamp with the name of "Holloway and Co., New York," printed thereon.

Many respectable Firms in the British Provinces, who obtain my medicines direct from here, have very properly suggested that I should, for the benefit of themselves and the public, insert their names in the papers, that it may be known that my medicines can be had genuine from them.

The following is a list of the Firms alluded to; and I particularly recommend those who desire to get my medicines to apply to some of the Houses named:—

Messrs. Avery, Brown & Co., Halifax, N. S.
Messrs. Forsyth & Co., Halifax, N. S.
Messrs. T. B. Barker & Sons, St. John, N. B.
Mr. T. Dee Briney, Charlotte Town, P. E. I.
Messrs. Langley & Co., Victoria, B. C.
Messrs. Moore & Co., Victoria, B. C.
Dr. John Fallon, Chatham, N. B.
Messrs. Munro & Co., Montreal.
Messrs. J. Winer & Co., Hamilton, Ont.
Mr. B. J. Rose, Toronto.
Mr. A. Chipman Smith, St. John, N. B.
Mr. John Bond, Goderich, Ont.
Messrs. Elliot & Co., Toronto.
Mr. J. Chaloner, St. John, N. B.
Messrs. Hannington Bros., St. John, N. B.
Mr. R. S. Priddy, Windsor, Ont.
Mrs. Orpen, Morden, N. S.
Mr. George C. Hunt, Jun., Fredericton, N. B.
Mr. W. H. Thompson, Harbor Grace, N. F.
Mr. J. M. Wiley, Fredericton, N. B.
Messrs. W. & D. Walls, Montreal.

The medicines are sold at the lowest wholesale prices, in quantities of not less less than £20 worth—viz., 8s. 6d., 22s., and 34s per doz. and boxes of Pills or pots of Ointment, for which remittances must be sent in advance.

Chemists and other vendors of Holloway's genuine Pills and Ointment may have their names inserted in the local papers if they will please apply here—

THOMAS HOLLOWAY.
533, Oxford Street, W. C., London. March 31st, 1874.

THE GREAT NUMBER OF CASES benefited and cured has established beyond a doubt the remarkable efficacy of Dr. Wheeler's Compound Elixir of Phosphates and Calisaya in the treatment of diseases of the lungs. Consumption, in the majority of cases, is unmistakably the result of depraved nutrition and poor blood. There is loss of appetite, feeble digestion, imperfect assimilation of food, and consequent failure of nerve power, to maintain the vital forces. The cough, raising of phlegm, night sweats and general debility arise from slow starvation, as it matters not how much nourishment is taken in if the stomach cannot prepare it for sustaining the constitution. The Elixir immediately supplies the waste of brain and nerve, invigorating the stomach liver and kidneys, and thereby arresting decline.

CANADIAN PAIN DESTROYER.

AS A FAMILY MEDICINE, IT IS well and favorably known, relieving thousands from pain in the *Side, Back and Head, Coughs, Colds, Sore Throat, Sprains, Bruises, Cramps in the Stomach, Cholera Morbus, Dysentery, Bowel Complaints, Burns, Scalds, Frost Bites, &c.*

The Canadian Pain Destroyer has now been before the public for a length of time, and wherever used is well liked, never failing in a single instance to give permanent relief when timely used, and we have never known a single dissatisfaction, when the directions have been properly followed, but on the contrary, all are delighted with its operations, and speak in the highest terms of its virtues and magical effects.

We speak from experience in the matter, having tested it thoroughly, and therefore those who are suffering from any of the complaints for which it is recommended, may depend upon it being a sovereign Remedy.

The astonishing efficacy of the Canadian Pain Destroyer in curing the diseases for which it is recommended, and its wonderful effects in subduing the tortures pains of Rheumatism, and in relieving Nervous Affections entitle it to high rank in the list of Remedies. Orders are coming in from Medicine Dealers in all parts of the country for further supplies, and each bottlying as to the universal satisfaction it gives.

The Canadian Pain Destroyer never fails to give immediate relief. All Medicine Dealers keep it as Physicians order and use it; and no family will be without it after trying it.

DOCTOR BALLOU

OFFICE

No. 10 King Street West,

Three doors from Yonge St., Toronto.

As an evidence of his ability we give below extracts of cures by gentlemen whom he was with as before, which is of our opinion, sufficient proof to keep him busy as long as he chooses to remain in the city, which will be until he cures every one he will take.

I desire that the citizens of Toronto and vicinity (to whom I am well known) should know of the wonderful cure that Dr. Ballou performed upon my son, William J. Spears, in this city, on January 16th, 1874. He had a very severe attack of Inflammatory Rheumatism, and was brought home from school at Cobourg in a helpless condition, and was confined to his bed, on which we carried him to the Albion Hotel, suffering from fearful torture, to be treated by Dr. Ballou, having little hope that he would ever be cured, after spending so many afflicted with it for a lifetime. But what glad surprise awaited us. After one single treatment his pain entirely left him, his swollen knees and ankles became as nate as ever, and in three days he was, and is to this day, as well as he ever was. In any other age such a cure would be considered almost a miracle. If there are any who desire further proof let them come and see.

ACHIBALD SPEARS,
No. 469 Queen Street West, Toronto.

I would cheerfully recommend Dr. Ballou to all my acquaintances, as his services to me were beyond all price, and I had tested the skill of the so-called best physicians

D. A. CAMPBELL,
175 Sherbourne street.

Dr. Ballou cured me of Lung and Throat Disease in three treatments, when I was so weak that I could scarcely walk to his office.

KATE ROBITTER,
251 Sherbourne street.

Dr. Ballou cured my daughter of Epileptic Fits which she had for eleven years, and she never had one after his first treatment, and before it she had them as often as eight to fifteen every week.

WM. P. McMULLIN,
Hamilton, Ont.

Many other cases of Rheumatism, Dyspepsia Dropsy, Liver and Lung Disease, Heart Disease &c., may be seen at his office.

The Doctor also cures Cancer, Paralysis, Spermatorrhœa, and is perfect master of all Sexual or Private diseases. Treatments strictly confidential, and all letters addressed to him at 10 King street, West, will be attended to. Box 2046. 1443 1y
