PIANOS. PIANOS.
The Musical Opinion and Music Trade Review, published in London, Eng., April 1, 1887, under the heading CANADIAN MUSICAL EXHIBITS AT THE COLONIES EXHIBITION, has the following:
Referring to Piano Fortes of Messrs. Heintzman & Co., Dr. Stainer says as follows: "I much regret that, owing to the late period at which I was called upon to make a report, all the more important instruments exhibited by this firm HAD BEEN SOLD AND REMOVED. But those remaining fully justified their high reputation. An Upright Grand, which I examined was in every respect a fine instrument; the touch was sympathetic and had a good repetition; the tone was full and rich. I also tried a specimen style No. 8, which was equally deserving of unqualified praise."

FULL GOVERNMENT DEPOSIT FOR THE SECURITY OF POLICY-HOLDERS.
This Company offers to the insurer the choice of six classes, viz.: Ordinary Life, Endowment, Semi-Tontine Investment, Return Premium Investment, Reduced Endowment and Commercial Policies.
The SEMI-TONTINE PLAN combines in one policy the benefits of life insurance with that of an investment, should the insured live to the end of the term 10, 15, or 20 years, as he may select. He has the option of withdrawing the entire cash value at the end of such period. Cash surrender value or a paid up policy are given to all policy-holders who are unable to continue after three or more annual payments have been made.
The RETURN PREMIUM POLICY is a clear and definite contract, guaranteeing a return of all premiums paid, in addition to the full face of the policy in the event of death during the Investment Period. Should the insured live till the termination of the period selected by himself, the return will undoubtedly be a very satisfactory investment on the premiums paid. This exceedingly liberal and attractive form of insurance gives in one policy more advantages than any other offered to the public.
The COMMERCIAL PLAN affords protection at actual cost, being about one-half that of ordinary plans during the years that Life Insurance is specially needed. Men of considerable incomes who are paying large premiums on comparatively small investment policies, and require the largest amount of additional insurance for the least possible premium; business partners, whose valuable interests in the life of the individual members of the firm are not protected by adequ
