COULD BEAT HANDS SHUCKING HIS CORN

At Least J. A. White Would Bet So, After Being Relieved Of Dyspepsia By Tanlac.

"My wife and myself have had stomach trouble," says Mr. J. A. White, residing on the Leestown Pike, R.F.D. No. 6, near Lexington, Ky., "and have both been nervous and run down.

"We could not see anything without suffering afterwards and could not sleep at night. We were regular nervous dyspeptics. We tried many remedies without permanent benefit until we heard of Tanlac. I got this medicine and began using it. We noticed immediate results. We are both greatly improved by Tanlac. We give all credit for the change of health to Tanlac. It is a remarkable medicine.

"I personally feel so good that I told my hands a day or two ago that I could beat any of them shucking corn. I meant it and believe I could have beat 'em all.

Of all the medicines that afflict humanity chronic dyspepsia, such as Mr. and Mrs. White suffered from, is probably the most prevalent and hours might be consumed in describing the sufferings, mental and bodily, of the victims of chronic dyspepsia.

A morbid, unreal, whimsical and melancholy condition of the mind aside from the nervous physical suffering, is the usual state of the average dyspeptic and life seems scarcely worth the living.

Tanlac, the celebrated medicine, was designed especially for overcoming this distressing condition and millions of people have taken it with the most astonishing and gratifying results. It seems to go straight to the spot, toning up and invigorating every organ of the body.

BRIDGETOWN DEFEATS KENTVILLE

The ball game in Bridgetown Wednesday afternoon was largely attended when the home team defeated Kentville, the champions of the Eastern league by a score of 15--2. No runs were made until the 4th inning when Bridgetown scored six. In the fifth the visitors made their first run and the home team four. The only other run which the visitors scored was in the seventh inning which made a total of two for Kentville. The home team scored two in the sixth inning, and three in the seventh, making a total of 15.

The following is the official score:

Kentville	0	0	0	0	1	0	1	0	0
Bridgetown	0	0	0	6	4	2	3	0	

IN FAVOR OF SMOKE

(Los Angeles Times)

If this is to be a smokeless world, it will have to be accomplished without the aid and consent of the editors. A recent query on the subject was addressed to 13,000 publishers and newspapermen of the nation. Of the nearly 8,000 answers thus far received 7,393 were of the belief that an anti-tobacco crusade was futile and inadvisable. More than 90 per cent. were emphatic in the belief that the sentiment of their community discouraged any special war against tobacco. "If a man wants to smoke let him do it." That is the opinion of 96 per cent. of the editors of America, according to the returns thus far received. It would seem that that ought to settle it.

MAY FORM CANADIAN BRIGADE OF GUARDS

Ottawa, August 1st.—The Citizen, in its news columns this afternoon, says it is informed that representation has been made to representatives of the militia council for the authority whereby a Canadian brigade of guards may be formed. If this request is conceded it will mean the inauguration of a new and important military feature, important not only to the dominion as a whole, but more especially to this city, which it is understood will be the headquarters of the brigade.

The brigade would be composed of the four guards regiments that are at present in Canada and would be organized on the same lines as the famous guards brigade of England.

MONTREALER PLANS TO SWIM THE CHANNEL

Ottawa, August 1—Omer Perreault, of Montreal, who is shortly to try and swim the English Channel, will try a long distance swim from the Inter-provincial bridge Saturday to Rockland. Perreault and his manager are now in Ottawa endeavoring to raise funds to send Perreault to Europe.

It will be the longest swim ever attempted in these parts. Perreault is confident he can negotiate the channel. Twenty to thirty mile swims are his favorite. If he succeeds he will be the first man to do so since Captain Webb accomplished the feat.

OCEAN PASSENGER RATES TO BE CUT

Reduction Of Ten Per Cent. Of Fares To Europe Expected On August 31

Present plans of trans-Atlantic passenger lines call for a reduction of ten per cent. in minimum first and second class rates to Europe, beginning August 31, according to the Wall Street Journal. Westbound rates probably will not be reduced until October 31. Rates for the better accommodations on the liners will be lowered at the same time as the minimum rates, but the extent of these reductions may vary among the different lines.

While a greater cut than ten per cent. is not at present contemplated, it is not denied that the outlook for winter business, combined with lowered costs of operation, may lead to reductions as great as twenty per cent. Nothing has been definitely decided yet.

Due mainly to the fact that more passenger vessels are running this summer than last, the period when every ship sent out with cabin accommodations fully booked has ended somewhat sooner. Even the most popular ships are now leaving with room to spare.

Passenger agents are frank to say that 1921 summer rates will not be duplicated next year. The impossibility of maintaining rates 125 per cent. above those of 1914 is realized, especially in view of lowered operating costs. Immigration restriction has probably more than cancelled the advantage gained from lower costs, but the travelling public is not expected to take that into consideraion.

Contemplated reduction of 10 per cent. represents the lines' effort to spread the tourist trade more evenly over the year. It is pointed out that not only on the ocean, but everywhere in Europe, fall and winter rates are lower than summer, while congestion is avoided. Weather conditions in September and October are described by experienced travellers as "ideal."

WESTERN MAYOR RAPS EASTERNERS

Ottawa, July 27—To all interested in municipal government the sessions of the Union of Canadian Municipalities to-day in the city hall were of intense interest. The delegates evidently felt so, for, despite the great heat, there was an almost 100 per cent. attendance. That the convention is not one of these cut and dried affairs is shown by the fact that there were many sharp divergences of opinion amongst the members.

One of the members deplored the fact that the western municipalities were not taking the same interest in the union as were the cities and towns of the east.

Mayor W. D. L. Hardie of Lethbridge, sprang to his feet. "Do you know why that is?" he said. "We give up a week or ten days to come down here from the west and when we get here we find that you men are so damnably important in eastern cities that you must occupy all the time on the programme with your problems.'

The incident, however, passed off good-naturedly.

FIRE AT CHATHAM

Chatham, July 27—Fire broke out this afternoon at the J. B. Snowball Company's big saw mill here. The fire, which was of unknown origin, started in the planing mill and this building was soon destroyed. The boiler plant then caught and was almost totally destroyed. The firemen put up a good fight with a strong wind fanning the flames on the big mill itself and were able to save this.

Had the fire got beyond control the whole stock of sawn lumber would have been a total loss. The only manufactured lumber destroyed was a car of planed boards which was on the siding when the planing mill was burned. The loss to the company will be heavy. The planing mill of the company was the only portion under operation this season.

ANNAPOLIS JUNIORS ARE AFTER BRIDGETOWN TEAM

Sports Editor, Halifax Herald:—It was recently published in The Halifax Herald that the Bridgetown junior baseball team has not been defeated this season and I wish to inform you that the Annapolis Royal Juniors defeated Bridgetown 8 to 4 in an 11-inning game.

Their captain states that they are open to meet all comers, but we have tried to get them to play in our town several times, without success.

Lawrence Patterson, Captain Annapolis Royal Junior Baseball Team.

Four Nova Scotia tern schooners, bound to provincial ports with hard coal, passed City Island on Saturday, the Leo LeBlanc, Hiram D. MacLean, Ada A. McIntyre and Northcliffe.

Schooners Grace Lee, from Westport, and Regina C., from Meteghan via North Head, arrived at St. John on Monday. The former cleared for Fredericton.

WOMAN HAD THRILLING EXPERIENCE

Mrs. W. E. Stone Rescued After Eight Days on Ledge of Rock, With Body of Her Husband Far Below

Banff, Alta., July 30—Rescued after eight terrible days on a rock ledge at the base of Mount Eon, with the dead body of her husband far below, where it had fallen, Mrs. W. E. Stone, of Lafayette, Ind., to-day was being carried nine miles on a stretcher to a camp at Marble Creek where she is expected to arrive Thursday morning. There, under the care of a party of game guardians, she will be brought down the Spray River to Banff. The body of Dr. Stone, who was President of Purdue University, has not yet been recovered. Mrs. Stone is reported to be gaining in strength. When search parties found her she was almost dead from exposure and lack of food.

Fragmentary information received here makes it possible roughly to construct the tragedy. Dr. Stone and his wife, both competent mountaineers, left Banff on July 15th to attempt the ascent of Mount Eon. On the following day, at the foot of the mountain, they discarded their heavy clothing and camp equipment, etc., and started the climb.

Shortly afterwards, Mrs. Stone slipped into a crevice and fell on a ledge seventeen feet below the slope. Her husband was unable to raise her to the surface with a rope, and lowered himself to her level. Then, with his wife in his arms, he tried to climb back, but lost his footing and fell into a deeper crevice to his death. Mrs. Stone slipped back to the ledge where she had lodged originally, and, unable to get away, was found there by a rescue party eight days later. The body of Dr. Stone was jammed between two jagged rocks and he must have been instantly killed.

Mrs. Stone was given first aid at a temporary camp at the base of Mount Eon, and in the meantime better quarters at Marble Creek hurriedly were established. Owing to the extremely difficult country she has to be carried every foot of the nine miles on a stretcher. A route has been chosen which avoids all summit crossings, and it is thought that Mrs. Stone is strong enough to withstand the hardship of the journey.

GREENFIELD TO BE ALBERTA PREMIER

Calgary, July 27—Herbert Greenfield, of Westlock, is premier designate of Alberta, to succeed Hon. Chas. Stewart, whose government was defeated at the polls by the United Farmers of Alberta on July 18th. Mr. Greenfield, who is vice-president of the United Farmers' Association, was the choice to-day of Farmer members-elect and in due course he will form his cabinet and take over the administration.

HON. F. B. McCURDY IN SYDNEY

Sydney, July 27—No definite statement as to when work on Sydney terminals, for which $100,000 has been voted, could be obtained from Hon. F. B. McCurdy, Minister of Public Works, who arrived here this morning and spent the day looking over the site of the proposed new wharf and dry docks. With the Minister are members of his family and A. L. Davidson, M.P., Digby-Annapolis.

ACADIA UNIVERSITY
WOLFVILLE - - Nova Scotia.
Departments
Arts and Sciences. Applied Science. Theology.
Degrees
B.A., B.Sc., B.Th., M.A., and certificates admitting to the best technical schools. First two years in Agriculture given as electives in B.Sc. course. First year in Medicine, Law, and Theology given as electives in B.A. Course.
Equipment
Largest undergraduate faculty in the Maritime Provinces. Three new and splendidly equipped Science Buildings. Modern gymnasium and physical training.
Expenses
Expenses light, and over $2,000.00 given in prizes and scholarships yearly. Send for calendar to
Rev. GEORGE B. CUTTEN, Ph.D., D.D., LL.D., President
Next term begins October 5th. 1921.

ACADIA LADIES' SEMINARY
A Residential School.
WOLFVILLE - - Nova Scotia.
The Aim.—To prepare Girls and Young Women for complete living.
The Courses.—Twelve; including College Matriculation, General, Music, Art, Expression, Household Science, Business.
The Faculty.—Twenty-four Teachers of fine personality and Special Training.
The Equipment.—Modern and First Class in every respect.

Information.—Write for illustrated book to
Rev. H. T. DeWOLFE, D.D., Principal.
Next term begins September 7th, 1921.

Acadia Collegiate and Business Academy
A Residential School for Boys and Young Men.
Ninety-Third Year
Courses.—Collegiate, Manual Training, Business, Special Courses.
Features.—Modern Residence, Good Equipment, Ideal Location, Splendid Environment, Modern Gymnasium, Experienced Teaching Staff, Moderate Cost.
For illustrated Catalogue of information, apply to
Principal W. L. ARCHIBALD, Ph.D.,
WOLFVILLE - - Nova Scotia.
Next term opens September 7th, 1921.

FLAMES BREAK OUT ABOARD MAURETANIA

The Interior Of The Mammoth Liner Presents A Sorry Spectacle.

Southampton, July 28—After a battle lasting many hours the flames on board the Cunarder Mauretania, which broke out as she was lying at her dock here yesterday afternoon, were finally conquered by the firemen to-day, but not before the interior of the mammoth liner presented a sorry spectacle from fire and water.

The damage is not so extensive as was feared at first, but it is serious enough and considerable time will be required to put the big vessel into shape. Meanwhile the passengers booked to sail on the Mauretania will be transferred to other ships. No estimate of the damage in money is possible as yet.

The fire originated in a first class cabin on the starboard side of the E deck and fifty cabins on that deck, extending across the ship and forward of the engine room bulkhead for eighty feet were destroyed. The flooring of the main saloon on the D deck was badly burned and buckled. The priceless carved wood panelling in the saloon for which the Mauretania was famous, is untouched except for a few scorched places. The flouring of the upper saloon of the C deck was severely damaged, while the woodwork around the funnel casings between the A and E decks was completely burned.

Other parts of the ship were badly damaged by water, but not irreparably.

LOCAL DEATH ROLL

JAMES I. HALE

(Berwick Register)

After a lingering illness of six months' duration, Israel Hale passed away at his home on Brooklyn St., on July 19th, aged 61 years. The deceased had suffered from cancer for more than eighteen months, having passed through an operation which prolonged his life for a time. During all his illness he was tenderly cared for by his faithful wife and children.

He leaves to mourn their loss, his widow, three daughters, Sadie (Mrs. Ferguson), of Saskatchewan; Clara and May at home; two sons, Stanley, of Brooklyn Street, and Frank, of Granville, Annapolis County, also an aged mother, two sisters and three brothers. The funeral service was held at the home, conducted by Rev. N. A. Whitman, of Billtown. The favorite hymns of the deceased were sung. The interment was at Billtown, beside a daughter, Flora, who passed away some two years ago.

Among the floral offerings were a pillow from the family, wreath from brother Fred, sprays from Mr. and Mrs. George Hale and Raymond and Floyd Dunklee.

Our sympathy is extended to the widow and children, who have lost a kind husband and father.

FRED ROSS BOGART

Fred Ross Bogart, son of the late Capt. Eugene S. Bogart and Mrs. Elizabeth Bogart, of Lower Granville, died very suddenly in the Methodist Episcopal Hospital, New York City, Monday afternoon, July 25th. The first intimation of his illness was received by his mother at eleven o'clock Monday morning when Mrs. Bogart received a telegram stating that he had been stricken suddenly with spinal meninngitis and for her to come immediately. With her daughter, Miss Eugenia Bogart, she went to Annapolis Royal, caught the westbound D.A.R. Express and arrived in Yarmouth to connect with the steamer Prince Arthur for Boston the same evening. Just a few minutes before that ship sailed Mrs. Bogart received the depressing news that her son had died.

Mr. Bogart was a student of Acadia University in 1907, and as such will be well remembered by many persons. For the past fifteen years he has held a position as a mechanical engineer with Link Belt Co., of New York, and Philadelphia. He was 37 years of age, and besides his mother and sister mentioned, he leaves a widow and son, Eugene, in New York, another sister, Mrs. Charles R. Dyas, in Parrsboro, and a brother, John H. Bogart, in Tompkins, Sask. Dr. J. B. and A. S. Bogart, well known New York physicians, are uncles of the deceased.

R.N.W.M.P. FOUNDER IS DEAD IN ENGLAND

Winnipeg Man., August 2—Word was received here to-day of the death in England on July 6th, of Major General Sir George Arthur French, K.C.M.G., first commissioner and organizer of the R.N.W.M.P.

As founder of the force, he played a great work in the early history of Canada, and was decorated for his work in leading a party of mounted across the Rocky Mountains in 1874. He also served in the Fenian raid and the first Riel rebellion. Two sons and three daughters survive, one son, Major John A. French, being engaged in fruit farming in Sooke, B.C.
