THE MONTREAL COURIER.

MORNING EDITION—FRIDAY, OCTOBER 17, 1851. [VOL. XVII.—NEW SERIES, No. 467.

PRICE TWO-PENCE.]

R. & A. MILLER'S
NEW AND SUPERIOR EDITIONS
OF THE
NATIONAL SCHOOL BOOKS,

Re-Printed and Published by special sanction of the COMMISSIONERS of NATIONAL EDUCATION IN IRELAND, and authorized by the COUNCIL of PUBLIC INSTRUCTION for UPPER CANADA.

THE Subscribers have just issued, under the above-mentioned authority, large Editions of the following BOOKS, which they offer for Sale, Wholesale and Retail, at as low prices, and on as liberal terms, as any House in Canada:—

FIRST BOOK OF LESSONS,
SECOND BOOK OF LESSONS,
THIRD BOOK OF LESSONS,
FOURTH BOOK OF LESSONS,
FIFTH BOOK OF LESSONS,
FIRST BOOK OF ARITHMETIC,

To be followed by several others of this excellent Series of SCHOOL BOOKS.

These Books are printed with new Type, on superior Paper, and strongly bound in Linen.

THE FIFTH BOOK OF LESSONS.

The attention of School Teachers and Merchants is particularly requested to this the first Lower Canada Edition of the "Fifth Book of Lessons," which, for clearness of type and quality of paper, exceeds any previous Colonial Editions.

—CONSTANTLY ON HAND—

The other NATIONAL SCHOOL BOOKS generally used in the Province, viz.:—Sequel to the Second Book; English Grammar, Key to Ditto, Key to First Book of Arithmetic, Book-Keeping, Key to Ditto, Introduction to Geography and History, Elements of Geometry, Mensuration, Appendix to Ditto, &c.

—ALSO,—

Primers, of various kinds;
Mavor's, Carpenter's, and Webster's Spelling Books;
Murray's, Lennie's, Kirkham's, and Reid's Grammars,
Walker's Dictionary,
Walkingame's, Ingram's, Melrose's, Thomson's, and other Arithmetics,
Jackson's and Morrison's Book-Keeping,
Nugent's and Boyer's French and English Dictionaries,
Ewing's, Mitchell's, Morse's, Olney's, Reid's and Stewart's Geographies and Atlasses,
Sullivan's Spelling-Book Superseded,
Butter's Etymological Spelling Book,
McCulloch's Series of Lessons and Course of Reading,

And all such other School Books as are generally used in the Province.

R. & A. MILLER.
S, St. François Xavier Street.

Montreal, March 21, 1851. 309

THE AGRICULTURAL JOURNAL AND TRANSACTIONS OF THE LOWER CANADA AGRICULTURAL SOCIETY will hereafter be PUBLISHED by the Subscriber, to whom all communications must be made, which relate to the Subscriptions, Advertisements, and all business matters which refer either to the past or forthcoming Volumes of the Journal.

The Journal will be vastly improved both in quality of paper and typography. The Work will also be increased in value and interest, by the introduction of Diagrams, approved Patterns, and Implements of Husbandry, together with Plans of Modern Farm Buildings, Illustrations of the best varieties of Fruit, Profiles of Domestic Animals, &c., &c.

Agents and Subscribers are required to remit immediately to the Publisher the amount due the Society.

Any one who will obtain new Subscribers, and remit $5, will receive 6 copies of the Journal for One Year, or 10 copies will be sent for $8.

The Subscriber also publishes the SNOW DROP, (a Juvenile Magazine,) at $1 per annum.

The same Commission will be allowed to those who obtain six or more Subscribers.

The Subscriber is AGENT for all of the important AMERICAN MAGAZINES and REPRINTS, embracing the higher departments of Literature, Science and Art; which he delivers in the principal Towns of Canada East at New York prices.

RESPONSIBLE AGENTS WANTED, to canvass for the SNOW DROP, AGRICULTURAL JOURNAL, and other WORKS, to whom a liberal Commission will be allowed.

ROBERT W. LAY.

ROYAL MAIL LINE
BETWEEN
Montreal and Kingston.

THE Public are informed, that the arrangements of the LINE are now completed. The Steamers leave the CANAL BASIN, MONTREAL DAILY, at SIX o'clock, A. M., and LACHINE, on the arrival of the Cars, with the Mail and Passengers, calling at all the INTERMEDIATE PORTS, and arriving at *Kingston the following day about Noon*, in ample time for the *Steamers leaving Kingston* for LAKE ONTARIO.

The MAIL LINE is composed of new and commodious Steamers, *fitted up with Upper and Lower Cabins and State Rooms*, elegantly furnished with every comfort and convenience, and, *leaving MONTREAL HALF-PAST TEN o'clock, A. M., and on WEEK DAYS at TWELVE o'clock, Noon.*

For Freight or Passage, apply at the Office, No. 40, McGill Street, or to the Captains on board.

ALEX. MILLOY, Agent.

Upper Canada Stage and Steamboat Office,
No. 40, McGill Street, Montreal. 326

April 30.

1851.

Ottawa Mail Steamers.

Bytown to Quebec in 24 hours

The well-known and elegant Steamers LADY SIMPSON, Capt. Shepherd, and PHŒNIX Capt. Patterson,—The former between Lachine and Carillon, and the latter between Grenville and Bytown.

DURING the Season of NAVIGATION, 1851, it is intended that a Train will leave the Railway Station at Montreal, at EIGHT o'clock, A. M., DAILY, (Sundays excepted,) with the Passengers and Mails for Bytown, arriving the same evening; and the Steamer *Phœnix* will leave Bytown at SIX o'clock, A. M., DAILY, (Sundays excepted,) the Passengers and Mails reaching Montreal in time to proceed by the Quebec Steamer the same evening.

P.S.—FREIGHT intended for the *Lady Simpson* must be sent to the Railway Depot, in Montreal, before SIX o'clock the previous evening, to ensure its being forwarded.

Quebec, March 27, 1851. 315

CANTON HOUSE.

FAMILY TEA, COFFEE AND SUGAR WAREHOUSE,
No. 109, Notre Dame Street.

SAMUEL COCHRAN invites the attention of Customers to his stock of TEAS and COFFEES, which have been selected with the greatest care, and on such terms as allow him to offer them at unusually low prices.

The MACHINERY on the Premises, worked by a four Horse Power Steam Engine, for Roasting and Grinding Coffee, is on the most approved plan, the Coffee being closely confined in *polished metal spheres*, which are constantly revolving and ventilating in *heated air chambers*, is prevented imbibing taint from Smoke, danger of partial carbonization of the Bean and loss of Aroma, so important to Consumers, which is further ensured by attention to Grinding at the shortest time prior to Sale. To this elaborate process SAMUEL COCHRAN owes the high reputation his Coffee has obtained through a large portion of the Province.

CRYSTALIZED SUGAR (much admired for Coffee); REFINED SUGAR in small loaves, and WEST INDIA SUGARS, of the best qualities, always on Hand.

A few of the choicest selections of TEAS may be had at the CANTON HOUSE, in Native Chest Packages, untravelled in flavor and perfume, at moderate terms.

Families residing distant from Montreal will have their orders scrupulously attended to, and forwarded with immediate despatch.

109, Notre Dame Street.
Montreal, May 24. 342

BRITISH AMERICA
FIRE, LIFE, AND INLAND MARINE
ASSURANCE COMPANY.
Incorporated 1833.

CAPITAL STOCK—£100,000.

THE Public are most respectfully informed, that the Office of this Institution is REMOVED to No. 33, Great St. James Street, this city, (late TEFF'S Hotel.)

ASSURANCE against Accidents by FIRE; or, the Dangers of INLAND NAVIGATION, will be granted at the *lowest possible rates of Premium*, compatible with security to the PUBLIC, and the credit and safety of the INSTITUTION.

The numerous body of *influential* men, who are interested as STOCKHOLDERS, and the large amount of *paid-up Capital*, invested at interest in this Province, guarantee the liberal adjustment, and the speedy settlement of all equitable claims which may be made upon the Company.

May 15.

BRITANNIA
LIFE ASSURANCE COMPANY,
No. 1, Princess Street, Bank, London.

CAPITAL—ONE MILLION STERLING.

Empowered by Special Act of Parliament, 4 Vict., Chap. 9.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at *much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.*

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

ERASMUS R. FOSTER,
Resident Director.

London, January 1, 1847.

Detailed Prospectuses, and every necessary information as to the mode of effecting Assurances, may be obtained upon application to

MESSRS. GLYN, HALLIFAX, MILLS & CO.

THIS COMPANY, which has been established 30 years, commenced with a subscribed Capital of $3,000,000, and was the first, 20 years ago, to offer to the Public two Scales of Premium—the lower, to insure only a fixed amount; the higher, entitling the Insurers to a participation in the profits.

Advantages offered to Insurers.

Very low Rates of Premiums on Young Lives.

The security of a large realised and invested Capital.

Large Bonuses on Policies effected on the high Scale.

Prompt settlement of Losses.

The full value given for Policies when discontinued.

On Insurances for the Whole of Life: one-half of the Premiums, if desired, permitted to remain unpaid for the first seven years, as a Loan at interest, and then to be paid, or to remain as a permanent Loan, at the option of the Insurer.

Loans upon Policies for the Whole of Life, after payment of three Premiums, in proportion to the value of same.

The acceptance of Naval, Military, Climate, and Special Risks of all kinds, on payment of a commensurate Premium. Age admitted on the Policy when issued, if desired, on proof of date of birth.

Permission for the Lives assured to reside in any part of Europe, without extra premium or special license, and to, at and from California, at a small extra premium.

Insurances, if required immediately, may be effected any day between the hours of 10 and 4.

The Pamphlets published by this Company fully set forth the merits of Life Insurance; and copies thereof may be had *gratis*, on application to the Agent, who is also prepared to furnish every information that intending Insurers may require.

CALEDONIA SPRINGS.

THE "CANADA HOUSE,"
AT THE ABOVE
CELEBRATED AND FASHIONABLE
WATERING PLACE,
IS NOW OPEN FOR THE
RECEPTION OF GUESTS.

VISITORS may rest assured the arrangements will be such as to insure every satisfaction—and that INVALIDS will be particularly attended to.

PRICES OF BOARD FOR THE SEASON OF 1851:—FIVE SHILLINGS PER DAY, or FIVE POUNDS PER MONTH.

Caledonia Springs, 2nd June, 1851.

[Extract of a letter from P. J. Lacroix, Esq., of Montreal.]

DEAR SIR,—I went to the Springs for the purpose of testing their efficacy in a case of the most violent Rheumatism, under which I had been suffering for several years previous. After remaining at the Springs for about three weeks, and making free use of the Waters, my limbs were entirely relieved from all pain, and my health perfectly restored. Several of my friends, to whom I have recommended the Springs, assure me that they have experienced immediate relief from their use. I consider the Waters of the Caledonia Springs the most efficacious in cases of Rheumatism.

To the proprietor of the Caledonia Springs.

MONTREAL, 4th June, 1850.

DEAR SIR,—In compliance with your request, I have much pleasure in giving my opinion of the extraordinary efficacy of the Waters of the Caledonia Springs, so long and highly appreciated by the Public, founded upon the observations of some twenty-five years' experience, and tested as they have been by a great many patients of mine and others, labouring under Rheumatic affections of the different forms of disease to which the human frame is liable. I consider them invaluable. Few persons, exempted from this dreadful malady, can fully appreciate their wonderful salutary effects. I have often seen persons suffering with this disease, (myself for one during ten years,) which baffled all medical skill, but on their return from the Springs, restored to the Calendonian Springs walking or exercising, and others that could not walk at all, worn out by protracted sufferings, and their general health greatly broken down by continued pain and want of exercise, return to their homes free from pain, leaving behind (with unspeakable joy) their crutches, and with health, strength, appetite, and activity perfectly restored. Bathing as such results are, the curative action of these Waters, the intermittent and sulphur Springs in particular, have been almost as efficacious in other diseases, such as Lupus, generally called *Salt Rheum*, and other affections of the skin; in a variety of Dyspeptic Complaints, Chronic Affections of the Liver and Kidneys; and I am sure that a great number of these cases that leave the Springs greatly benefitted, but not completely restored, would have been cured by a more extensive use of the spa. That these Waters have acted in many diseases as a specific, seems to be generally admitted, and so much respectable testimony to this effect has already been laid before the Public, that to say more would be superfluous.

HY. MUNN,
Member of Royal College of Surgeons, London.

To John L. Wilkinson, Esq.,
Proprietor of the Caledonia Springs.

MONTREAL 12th December, 1842.

DEAR SIR,—I have to state that I consider the use of the Caledonia Waters a very valuable curative agent in the treatment of many forms of disease. Circumstances enable me to grant you a favorable Certificate with more than usual pleasure, from my own Patients tested the efficacy, and derived great benefit from the use of the Waters. Of all diseases that have come under my notice, in which a preservering use of the Baths and Waters promises the most beneficial results, Chronic Rheumatism ranks the first. Many of the cures in that disease have been truly astonishing. I met with a case last summer, where the introduction, a delicate female, had been suffering severely for more than nine months; she had completely lost the use of her hands, and could only walk a few steps with great pain and difficulty. After a residence of six weeks at the Springs, she returned free from pain, and strong enough to walk a considerable distance without fatigue. I have also found the Waters useful in Dyspeptic and Urinary Complaints, in Chronic Secondary Syphilis, and some of the forms of Cutaneous Disease.

In conclusion, allow me to add, from a personal visit to your Establishment, that (independently of the acknowledged virtues of the Waters) the great comfort you have been put to in the improvement of the place, and the unwearied care and attention which you bestow to the comfort and convenience of your boarders, justly entitled you to a large share of public patronage and support.

I remain, dear Sir, yours very truly,

GEORGE W. CAMERON, A.M., M.D.,
Lecturer on Surgery, McGill College.

To the Proprietor of the Caledonia Springs.

☞ A FRESH SUPPLY of the above WATERS has been received at the Depot, which can be had at the Counter, or sent to order to any address in town or country. Price of the Water very moderate.

363

M. R. YOUNG, *SURGEON*, &c., from the Royal College of Surgeons, London, Member of the Royal College of Surgeons, London, Alexander Street, Montreal.

JUDSON'S
CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT,
FOR THE CURE OF
Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and
CONSUMPTION.

THE most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated, and the case so utterly hopeless, as to have been pronounced by Physicians and friends to be past all possibility of recovery, and at times thought to be dying, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medicinals which are peculiarly adapted to, and essentially necessary for the cure of

COUGHS AND CONSUMPTION.

Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough, and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this after the prescriptions of the very best medical men, and the inventions of kind and sorrowing friends and nurses, have failed to give the smallest relief to the *Confirmed Sufferer.*

THOUSANDS OF CONSUMPTIVE

persons have been deceived repeatedly in buying medicines which were said to be *infallible cures*, but which have proved only palliatives; but this medicine is not only a palliative, but a *cure for ulcerated lungs.* It combines no deleterious drugs, and one trial will prove its astonishing efficacy better than any assertions or certificates in curing Consumption and all diseases of the lungs, such as *spitting of blood, coughs, pain in the side and chest, night sweats*, &c., &c.

About 1000 certificates of almost miraculous cures, performed by this medicine, from some of the first Doctors, Clergymen, and Merchants, have been sent to Messrs. Comstock & Brother, Proprietors of them looks too much like a Quackery, (with these there can be no question,) and it speaks for itself and at our office.) They medicine will speak for itself and enough in its own favor wherever it is tried.

Caution.—This medicine is put up in a large bottle, and you must find the name of Comstock & Brother, Proprietors, New York, on the splendid wrapper around the bottle. All orders must be addressed to Comstock & Brother, No. 9, John Street, New York.

TO OWNERS OF AND DEALERS IN HORSES.

CARLTON'S FOUNDER OINTMENT

For the cure of Founder, Split Hoof, Hoof-bound Horses, and Contracted and Feverish Feet. Wounds, Bruises in the Flesh, Galled Backs, Cracked Heels, Scratches, Cuts, Kicks, &c., on Horses.

CARLTON'S RING-BONE CURE.

For the cure of Ring-Bone, Blood Spavin, Bone Spavin, Windgalls, and Splint—a certain remedy.

CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.

The changes of weather and season, with the change of use and feed, have a very great effect upon the blood and sinuous fluids of horses. It is at these changes they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in Fever, Farcy, Water, Hetves, Worms, Botts, &c. All of which will be prevented by giving one of these powders, and will, at any time, cure when not symptomatic of disease appear, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, cleanse the stomach and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the secretive glands, and therefore have the same effect upon the Horse, the Ox, the Ass, and all Herbivorous animals—all diseases arising from a prolonged state of the blood, are speedily cured by them. Remember and ask for CARLTON'S CONDITION POWDERS, and take no other.

CARLTON'S NERVE AND BONE LINIMENT FOR HORSES,

and for the cure of all diseases of man or beast that require *external* application, and for *contracted cords and muscles, strengthen weak limbs*, and is also used for *sprains, bruises, saddle galls, swelled legs*, sores of all kinds on Horses.

CARLTON'S articles for Horses and Cattle are prepared from the recipe of a very celebrated English Farrier, and will cure many hard-to-kill cases out of one hundred, any of the above complaints. They have been used by Farmers, Livery-stable Keepers, Stage Proprietors, and others, with the most marked and decided success.

CAUTION.—Note can be genuine unless you find the name of J. Carlton Comstock on the wrapper of each article.

FOR FEMALE AND MALE.

DR. LARZETTE'S JUNO CORDIAL, or Procreative Elixir, prescribed as an Oriental restorative in cases of Debility, Impotency, or Barrenness, and all irregularities of nature. It is all that it professes to be, viz: Nature's Great Restorative, and remedy for those in the married state

☞ THE EVENING COURIER (bi-weekly) is published on Monday and Thursday evenings, in time for the Mails, at the low price of three dollars ($3) per annum, payable in advance.

☞ ALL LETTERS must be post-paid, or else the postage will be deducted from the amount sent.

☞ VOLUNTARY CORRESPONDENCE solicited from all parts of the Continent of America, if made use of, the person transmitting the information will be liberally remunerated.

THE COURIER.

FRIDAY, OCTOBER 17, 1851.

Opening of the St. Lawrence and Atlantic Railroad to Richmond, which took place on Wednesday, the 15th instant.

At half-past eight o'clock, A. M., a large party of gentlemen assembled on the Jacques Cartier Wharf, and embarked on board the steamer *St. Helene*, which conveyed them in a few minutes to Longueuil, where the Railway train, consisting of five first-class passenger cars attached to a powerful locomotive, was in waiting

At a few minutes after 9 o'clock, the train started, and in less than three-quarters of an hour reached the Station at St. Hilaire, where it stopped to take up additional passengers, arriving at St. Hyacinthe about twenty minutes after ten o'clock.

The train again started at half-past ten o'clock, and in a few minutes it was going along at the rate of between thirty and forty miles an hour, the motion of the carriages being perfectly smooth, and without the slightest apparent feeling of obstruction or oscillation. Acton was soon reached, and the carriages came to Durham about noon.

This portion of the Road led through a dense forest, and as the ground is on every side marshy, and all but impervious, it reflects great credit upon the Engineers to have so successfully carried this important work over and through so many natural difficulties as have been here opposed to them in almost every yard of their progress—and this may be said for about thirty miles of the forty between St. Hyacinthe and Melbourne.

Though the Line throughout is comparatively level and well fitted for Railway operation, yet there are several deep cuttings and embankments which have been surmounted with great skill, and which would have been enough, under the superintendence of many Engineers, to have entailed serious expense upon the Company, but which have been overcome in the most effectual, substantial, and prompt manner by the several Contractors.

A few minutes before one, the train having reached the St. Francis, and having crossed the river at Melbourne, and running along its bank for two miles on the Shipton side, arrived at Richmond—thus accomplishing the whole distance of 70 miles, from Longueuil to Richmond, in three hours and three-quarters.

About half-past one, the doors of the Station-house were thrown open, and a very agreeable vista of eatables and drinkables were disclosed to the visitors, under the hospitable superintendence of Mr. Pageau, of St. Hyacinthe. Mr. Galt, of Sherbrooke, the President of the Company, was in the Chair, and filled it well. After many loyal and patriotic toasts, the Mayor proposed the health of the Chairman, which was responded to with much enthusiasm;

And upon Mr. Young hinting that a display of fire-works awaited them at Montreal, the Company rose, and in a few minutes were on their way back through the forest.

There are several minor circumstances connected with this agreeable trip, which we must leave till to-morrow for want of room. We are sorry also to add, that more than one accident occurred to mar the hilarity of the celebration.

There was a great concourse of spectators from considerable distances attracted to the spot, which shews the popular feeling and the high importance attached to Railroad movements in general.

Railroad Celebration in Montreal.

Yesterday afternoon, about 3 o'clock, the different fire companies, with their engines, began to assemble in Great St. James' Street, headed by their band, and accompanied also by the band of the XXth Regiment. These companies are composed of the most active and good-looking young men in Montreal. At this time the street exhibited a very animated appearance, crowded as it was by well-dressed people, and lined with the firemen in their gay and picturesque uniforms. Soon after they began a promenade through the principal streets, accompanied by so large and good-tempered a crowd as to shew plainly that these fire companies are great favourites in the city, and that their festive movements are responded to by the citizens as *warmly*, in another sense, as their work is sometimes, if not always, *warm* in defence and rescue of city property. To be a member of any of the fire companies is, as it ought always to be, a passport to respectable consideration throughout the whole Island of Montreal.

About eight o'clock the fire-works under the superintendence of Mr. Beals commenced. This gentleman's talent as a skilful practical pyrotechnist is very superior indeed. We have no hesitation in affirming that, for beauty of composition, brilliancy, and at the same time singular delicacy of colouring, we have seen nothing to surpass his display of last evening, though we have witnessed several similar exhibitions got up by some very celebrated artists of the Old Country. There was a voluminousness of explosion—if we may be allowed the expression—and a variety of design, joined with a delicate harmony of tints, even in his contrasts, which proves Mr. Beals to be a highly talented and tasteful pyrotechnist. We might instance the strength and *descending* beauty of his Rockets, which, both for height and brilliancy, we have never seen surpassed.

The fire-works were both introduced and concluded with a discharge of twelve guns by the artillery company, for which, we understand, the citizens were indebted to the kind application of Lieut.-Colonel Dynely, who used his influence with Major-General Rowan, the Commander of the Forces, to obtain this special and very acceptable favour to the citizens.

It would be very unjust to omit mentioning here, that though the crowd was very great on the Square, and the pressure towards the platform at times inconveniently strong, yet the people manifested the utmost good temper. We were in the very middle of the throng, and the only irascibility we heard was that of an unfortunate who complained bitterly of another *trampling upon his corns*.

After the fire-works, a Ball was given to Mr. Beals at the Hays' House, under the patronage of the Montreal firemen. The splendid Ball-room of this extensive Hotel was decorated for the occasion with many appropriate and well-chosen devices; and among others was an eagle, which occupied the centre of the front side of the room, which individual eagle decorated the seat on which the President of the United States and the Governor-General of Canada sat at the Boston celebration.

Dancing was kept up till a late, or or rather early hour, with all the energy and *fire* characteristic of the *firemen*, who with their fair partners seemed to enjoy themselves with a pleasure becoming the occasion.

During the evening a splendid and plentiful supper was served up, which having been presented by Mr. Pope, we need not further enlarge upon its excellencies. There is never any necessity for praising the dinners and suppers of the Hays' House; to know that Mr. Pope is the purveyor, satisfies every one, however anxious he may be for a luxury, or fastidious about the manner in which it is served.

The receipts of the Rutland and Burlington Railroad Company for the month of September, were..... $45,392 12
In same month last year..... 21,322 00

Gain this year..... $24,069 12

or more than 112½ per cent. This flattering result indicates for the Rutland Road a success equal to the warmest anticipations of its friends.

A subscription is making in New York for a piece of plate, valued at $5,000, to be presented to Mr. Boorman, late President of the Hudson River Railroad Co. The subscriptions are to be limited to $25.

We find the following in the *Buffalo Commercial*:—"The citizens of Detroit have subscribed $148,500 to the stock of the Great Western Railroad. The sum required of them was $200,000."

RED SNOW.—A correspondent of *The Rochester Democrat* thus remarks upon the red snow found in the Arctic regions by the *Rescue* and *Advance*:

"How many *new things* excite the wonder of this age. The red snow was known on the Alps more than 2000 years ago. Pliny mentions it in his history. Agassiz found it in abundance on the glaciers of the Alps a few years ago. He says that at the height of 7000 feet above the sea, there has long been, on the snow of the Alps, red snow a few inches deep and miles in circuit. It is on the surface of the common snow. It depends on a macroscopic plant, a lichen, with some animal infusoria. Agassiz states that at 9000 feet ten kinds of plants, infusoria and some crustaces, have been found, and that these give a deep red color to the snow. As this substance grows finely in such an elevated position, and in a temperature far below the freezing point, it is not strange that a temperature of 40 or 60 degrees should dissolve it, and the infusoria and crustacea, and tinge the water with deep red, or that such should be the composition, that it can be preserved for a considerable time. The substance may not easily take on chemical action."

The State *Journal* gives an account of a huge specimen of humanity in Ohio, a giant, which it avers is one of the greatest living curiosities extant. He stands about eight feet high, weighing four hundred pounds, with good proportion, and yet he is a beardless boy, and is still growing.

To know how bad you are, you must, says an exchange paper, become poor; to know how bad other people are, you must become rich. Many a man thinks it a virtue that keeps him from turning a rascal, when it is only a full stomach. Be careful and not mistake principles for potatoes.

Church Society.

CHURCH SOCIETY'S OFFICE
Montreal, 7th Oct., 1851.

At a meeting of the Central Board of the Church Society, held on this day, in accordance with the Constitution, there were present:—

The Lord Bishop, in the Chair.

Revds. Dr. Bethune, Dr. Leach, Dr. Adamson, C. Morice, E. J. Rogers, C. Bancroft, W. Bond, T. Machin, J. Irwin, J. Flanagan, J. Ellegood, J. Pyke, R. Lonsdell, G. M. Armstrong, A. D. Lockhart, J. Fulton, A. T. Young, A. D. Campbell, G. D. C. O'Grady, W. Brethour, C. Rollit, W. Anderson. Hon. Judge McCord, Hon. Geo. Moffatt, T. B. Anderson, Esq., Dr. Fraser, Dr. Sewell, Dr. Holmes, Col. Wilgress, S. C. Bagg, Esq., J. Lovell, Esqr., — Drake, Esqr., S. J. Roles, Esq.

After prayer, the Minutes of the last meeting were read and confirmed.

The Book and Tract Committee's Report was read, when it was moved by T. B. Anderson, Esquire, seconded by Rev. C. Bancroft, and Resolved—

That the Report now read, be received and considered, clause by clause.

Each clause having been assented to, it was

Moved by Rev. C. Morice, seconded by Hon. Judge McCord, and Resolved—

That the Report be adopted, viz.: That the Book and Tract Committee beg to recommend the following plan for the formation of Depots of Books in the districts of the Church Society:

1st.—That any District Association desirous of so doing, may receive, on account, from the Depot at Montreal, a supply of Bibles, Prayer Books, &c., to form a Depot for the use of the said District.

2nd.—That the proceeds of sale shall be forwarded to the Secretary of the Book and Tract Committee at such times as may be agreed on.

3rd.—That the books, &c. shall be sold, subject to the rules and regulations adopted from time to time by the Book and Tract Committee.

4th.—That the members of the District Associations shall make the local arrangements necessary to carry this plan into effect.

5th.—That it shall be the duty of the Secretaries of the District Associations to forward to the Secretary of the Book and Tract Committee, a statement of the books sold during the year, and of the books on hand, at least one month before the annual meeting of the Central Board.

The Committee beg also to recommend:—That in the first week in June and December, the District Depots be required to send to the Secretary of the Book and Tract Committee an account of the books remaining unsold, and also of the cash in hand: which shall be paid to the Treasurer of the Book and Tract Committee during the first week of July and January.

The Committee also deem it desirable that the accounts of the Book and Tract Committee of the Incorporated Church Society be closed before the commencement of another year; and beg to suggest that a resolution be passed by the Central Board requesting the Clergy who have not closed their accounts with Mrs. Walton, to forward a return to the Secretary of the Book and Tract Committee, stating the books remaining on hand, and the amount now due to Mrs. Walton for the books sold.

The Committee also recommend that no books shall be issued in future to any *individual* on credit, either from the Central or District Depots.

No Report from the Lay Committee.

The Rev. D. Lindsey's letter was read concerning the deeding of land. Referred to the Lay Committee for immediate action.

No Report from the Finance Committee, there being no application.

Moved by Rev. J. Flanagan, seconded by Hon Judge McCord, and Resolved—

That the Treasurer be authorised to pay to Mr. Roles the sum of £25 on account of the grant made by the Board in April.

No Report from the Education Committee.

No Report from the Convocation Committee.

The Bishop stated that the desirableness of arrangements being made in regard to Synods and Convocations was the first and leading subject of consideration with the Bishops lately assembled at Quebec. It had been thought right in the first place to send home a statement agreed to at this conference to be laid before the Archbishop of Canterbury, and that therefore for the present no public announcement would be made; and his Lordship further said that he proposed holding his general visitation in January, and in the mean time it appeared advisable that the Committee should suspend its meetings.

The Insurance Committee's report was read.

Moved by Hon. Judge McCord, seconded by Rev. Dr. Adamson and Resolved—

That the report be referred back to the Committee for reconsideration.

The Assistant Secretary's account passed.

The Secretary was ordered to prepare and transmit to the Clergy generally a "Circular" in accordance with a copy laid before the Board.

The Hon. George Moffatt resigned the office of Chairman of the Lay Committee.

Moved by Rev. J. Flanagan, seconded by Rev. C. Bancroft, and resolved—

That in receiving the resignation of the Hon. Geo. Moffatt, as Chairman of the Lay Committee, the thanks of this Board be tendered to that gentleman for his past services.

The Hon. Judge McCord was appointed Chairman of the Lay Committee, vice Hon. G. Moffatt resigned.

The meeting was then closed with prayer.

A CURIOUS CIRCUMSTANCE.—Capt. John Smith, of the Trinity steamer *Doris*, told us yesterday, that on one of his late trips below, he discovered a body floating at a distance from the steamer, to which he immediately dispatched a boat's crew, who found it to be the corpse of a sailor, who had apparently been drowned in attempting to escape from his ship. The circumstances in which the body was found, are somewhat singular. It appears, on dragging it into the boat, it was found that the individual had adopted the following novel plan for the purpose of buoying himself up in his perilous attempt:—A cork tender was fastened around his chest, to sustain him, and a piece of board was lashed transversely across his thighs, on which we suppose he intended to rest himself while in the water. Thus accoutred he had launched forth, and getting overbalanced was helplessly drowned. The body was taken ashore at the Quarantine Station and interred, it being the opinion of the medical authorities there that the man had been but a few hours in the water. Captain Smith told us of another body he found this season, floating in an upright position, with a bag of coals tied to the feet, but in such a state of decomposition that he was obliged to inter it on a small island in the St. Lawrence, without attempting to examine it.—*Quebec Gazette.*

A respectably-dressed man was found drowned yesterday morning, in the slip between Gillespies' and Hunt's wharf. We have been told he was a shoemaker, named McAllister, and a resident of St. Roch suburb. An inquest was held on the body, but we have not heard what the verdict of the jury was. He is said to have been a perfectly sober man. This is only one of the many similar accidents that occur about our wharves during the season of navigation, the greater part of which may be attributed to the want of lights on the wharves, and particularly those at which the steamers lay.—*Ib.*

The steamer *Hibernia*, consigned to Mr. John Anderson, arrived here last night, loaded with the luggage and a part of the Governor General's furniture; and we learn from Mr. Anderson that the steamer *Highlander* will leave Toronto on Saturday next, direct for Quebec, with the Governor General and suite, and is expected to arrive here next Monday.—*Quebec Gazette.*

COUNTY OF LEEDS.—It is said that Ogle R. Gowan, Esq., is pretty certain of sending Richards adrift in the County of Leeds. Mr. Gowan is a man well known to possess great abilities, and every good Conservative throughout the Province will anxiously turn his eyes to Leeds, to see that the fine and commanding talents of its Candidate, may hereafter be placed in a position to be serviceable to his Country and his party.—*Ottawa Advocate.*

MISS CATHERINE HAYES.—On Saturday evening Miss Catherine Hays gave her ninth concert at Tripler Hall. It was the last, for the present, in New York. This fact, and the announcement in the programme that Miss Hayes would sing some of her choicest pieces, caused an unusual assemblage in Tripler Hall, which was filled to overflowing. It is needless to describe how Miss Hayes sang and how the audience expressed their delight. Unquestionably, her last concert in New York has been her greatest triumph, and the fair and sweet cantatrice must carry away from our city vivid and grateful impressions of the homage our citizens have paid to her art and her genius. She has gained the respect and admiration of thousands, who wish her equal success in other cities of our Union. Never have we had a more pleasing and agreeable series of concerts in our city, and we cannot close our notice of them, without bearing testimony to the quiet and orderly manner in which all things connected with their management was conducted. Mr. Wardwell discharged his duties in an unostentatious and gentlemanly manner deserving of all praise. Miss Hayes sings in Boston, on Tuesday evening, and we doubt not but her welcome will be as warm as it was in New York.—*N. Y. Sun.*

DINNER TO THE OFFICERS OF THE ARCTIC EXPEDITION.—The members of St. George's Society, and other British residents, contemplate giving a public dinner to Henry Grinnell, Esq., and the officers of the *Advance* and *Rescue*, of the late Arctic expedition.—*Ib.*

DEPARTURE OF OCEAN STEAMERS.—The U. S. Mail Steamer *Baltic*, Capt. Comstock, sailed at noon on Saturday, for Liverpool, with 78 passengers. Among whom are Mr. Valentine Holmes, United States Consul to Belfast; and Mr. George C. Colburn, bearer of despatches to England.

The new iron steamer *Glasgow*, Capt. Stewart, also sailed Saturday noon, for Glasgow, Scotland, with twenty-three passengers.

The steamers *Empire City*, Capt. Tanner, for New Orleans; *Roanoke*, Capt. Parish, for Richmond; *Florida*, Capt. Lyon, for Savannah; *Southerner*, Capt. Dickinson, for Charleston; and the *City of Richmond*, Capt. Berry, for Richmond, Norfolk, and Petersburgh, sailed from this port between the hours of three and five o'clock Saturday afternoon, with a large number of passengers.—*Ib.*

RETURN OF THE STEAMSHIP WASHINGTON. The Steamer *Washington*, Capt. Floyd, which left this port on the 4th instant, for Southampton and Bremen, returned on Sunday morning to the city in a disabled condition, having broken one of her engines. The accident occured at ten o'clock on Tuesday night, the 7th instant, when about 800 miles from this port. The steamer had been in excellent order since leaving her berth, and was making great speed, when at the above time, all on board were startled with a most tremendous crash that shook the whole vessel. From some unknown cause or other, the piston of one of her engines suddenly broke into ten or fifteen pieces, the heavy fragments falling among other portions of the machinery causing great damage. The greatest consternation prevailed among the passengers, but owing to the calmness and self-possession of Capt. Floyd, the excitement was allayed and the extent of the accident made known. Fortunately, no one was injured. The steamer immediately put about and returned to this port. She was passed, coming into port, by the *Baltic* and *Glasgow*, both of which were abreast and appeared to be racing. The *Baltic* fired a salute of three guns. The *Washington*, after arriving here and discharging her passengers, proceeded forthwith to the Novelty Works, where she will be overhauled and the damage to her machinery immediately repaired. She will probably be ready for sea in ten or fifteen days.—*Ib.*

THE STEAMSHIP "WASHINGTON."—We are happy to learn that the steamship *Washington* will positively leave this port for Southampton and Bremen on Saturday next. The damage to her machinery, on examination, has proved trifling, but was of such a nature as could not be repaired on board. Her mails have been forwarded by the *Canada*, via Boston.—*N. Y. Courier and Enquirer.*

HAVANA CONSULSHIP.—We received the following dispatch from our Washington correspondent, yesterday:—

WASHINGTON, Oct. 13, 1851.

C. C. Langdon, of Mobile, has been appointed by the President as Consul at Havana, vice Owens removed.

INSPECTOR.

The appointment of Mr. Langdon will, we are persuaded, give universal satisfaction. He is an energetic Union Whig, and is not afraid to do his duty. We have no doubt he will be unanimously confirmed by the Senate.—*N. Y. Courier & Engr.*

KOSSUTH is the son of a lawyer and small land-owner in Zemplin, and was born in 1806. He is therefore now in his 45th year. He was married in 1841. Previous to the Hungarian revolt he was distinguished for his eloquent advocacy of liberal principles in the Hungarian Diet, but it was in the character of an Editor that his influence was most exerted and deeply felt. When he ceased to be the mere disseminator of discontent, and became the leader of a great revolt, it was not long in becoming apparent that he had taken upon himself duties which neither nature, education or experience had properly fitted him to perform with success. His escape into Asia Minor saved him from the hands of Haynau's headsman, and for an ovation at New York, and other American cities, such as have been received by no other Foreigner landed on our shores. In honoring Kossuth we rebuke the degraded despotisms of Europe—and so far it is well. But personal adulation should not be carried too far. In Kossuth there is an insufficiency of the material of which demi-gods are formed.—*Troy Daily Whig.*

THE DEAF AND DUMB.—Among the passengers from Hamilton, with 2,500 barrels of flour, to Messrs Jas Gibb & Co.

The Portuguese Schooner Santos Primo, before reported ashore on White Island, and subsequently drifted on to Red Island, has been condemned, and will be sold for the benefit of whom it may concern. Her cargo (Wine) has been saved, except a few casks, and is coming to Quebec, in a schoone: that was sent down to the wreck for that purpose.

BIRTHS.

In this city, on the 8th instant, Mrs. John Elliot, of a son.

On the 12th instant, Mrs. H. G. Thomson, of a son.

MARRIED.

On Tuesday, the 7th instant, by the Revd. Enoch Wood, President of the Wesleyan Conference, Canada, at the residence of the bride's father, William Aikins, Esq., M. D., Lecturer, Toronto School of Medicine, to Miss Louisa Adelia Piper, eldest daughter of Hiram Piper, Esquire.

DIED.

In this city, on the 14th instant, after a short illness, Elizabeth Maurice, daughter of the late Mr. Joel Maurice, and wife of Mr. Thomas Kent, Cabinet Maker, aged 29 years.

At Quebec, on the 14th instant, George Clermont, infant son of Captain Scott, 71st Highland Light Infantry.

On the 5th instant, at Fredericton, Mary Ann Elizabeth, wife of the Hon. Chief Justice Carter, in the 32nd year of her age, deservedly and deeply regretted by all her friends.

PORTE-MONNAIES.

THE Subscribers have received a large assortment of very superior-finished PORTMONNAIES, in Leather, Pearl and Enamel.
SAVAGE & LYMAN.

October 17. 467

Analysis of the Water of the Georgian Spring.

I have made a careful quantitative analysis of a quantity of this Water sent me by the Proprietor of the Spring, Captain Kains. It is a Saline Water, containing earthy Chlorids, with portions of Bromids and Iodids, thus resembling the Plantagenet Water, from which it differs chiefly in the presence of a portion of Sulphates, which are not often met with in Waters of this class in the Province. It has a specific gravity of 1008.78, and contains in one pound avoirdupois, the affixed quantities of the following substances:—

	Grains.
Chlorid of Sodium	66.22000
Chlorid of Potassium	.72800
Chlorid of Calcium	.31003
Chlorid of Magnesium	3.45982
Bromid of Magnesium	.02016
Iodid of Magnesium	.01904
Sulphate of Lime	1.36044
Carbonate of Lime	2.98600
Carbonate of Magnesia	2.54016
Carbonate of Iron	Traces
Silica	.14350
	76.87015

T. S. HUNT,
Chemist to the Geological Commission.
Office of the Geological Survey,
Montreal, May 26, 1851.

Having compared T. S. Hunt's, Esq., analysis of the Mineral Water of the Georgian Spring with the analysis made by him of the Plantagenet Spring Water, I may mention that the Water of the Georgian Spring contains all the ingredients found in the Plantagenet, with the addition of Sulphate of Lime, differing however in some respects as to quantity.
I have delayed giving my opinion of the efficacy of the Georgian Water, in order that an opportunity might be afforded me of speaking more confidently of the advantages to be derived from its employment. I have witnessed beneficial results from its use, as an aperient, antacid and diuretic, and also in allaying the distressing gastric derangement attendant upon the early months of pregnancy. I have no doubt that the Georgian Spring Water will be found equally beneficial in the cure of Rheumatism, Scrofula, and Dyspeptic Ailments, as any other Mineral Water met with in the vicinity of this city.
W. E. SCOTT, M. D.,
Attending Physician Montreal General Hospital, Lecturer on Forensic Medicine University of McGill Coll.
Montreal, August 12th, 1851. 442

MR. W. E. BOWMAN:
SIR,—With pleasure I give you my opinion of the Georgian Spring Water, of which you are Agent. Being induced by its superior qualities, as shewn me in the Analysis furnished me by T. S. Hunt, Esq., Chemist to the Geological Commission, to give it a fair trial in many cases, both in my public and private practice, and I have not been disappointed in the result. I have found it one of the most valuable of Mineral Waters that I have ever prescribed. I consider it highly advantageous in most cases of Rheumatism, Dyspepsia, and many other diseases requiring Tonics, Alteratives, or Laxatives. In Constipation of the Bowels, caused by Sedentary Habits or Old Age, it will be found extremely useful, and if judiciously administered, it is likewise a most valuable remedy for many diseases incident to women. I have also noticed happy effects from its employment in allaying the inordinate thirst of Fevers, producing beneficial results from its Tonic and Laxative action, and I have no doubt that it will be found equally useful in removing and assuaging that extreme thirst in hot weather, which, by gratifying with ordinary drinks, so debilitates and enervates people generally. Yours, &c., P. MUNRO, M. D.,
Chief Physician to the Hotel Dieu Hospital, Lecturer on Surgery, "School of Medicine and Surgery," Consulting Physician to the Lying-in Hospital, (St. Pelagie.)
Bleury Street, 12th October, 1851. 465

F. DELISLE,
AGENT.
September 13. 438

GOUT.—Every case of Gout, Rheumatic, hereditary or in what form soever it be, can be promptly relieved, and, if patience be exercised, permanently cured, by the use of Dr. Sherwood's Galvanic Embrocation. A gentleman, resident of Cincinnati, recently stated to the proprietor, that he had used everything to cure the gout, but in vain—protracted medical courses, a visit to the White Sulphur Springs, repeated drenchings and sweatings under the Hydropathic treatment, &c., were all in vain. About one year ago, he procured two bottles of Dr. Sherwood's Galvanic Embrocation and the remedy applied, and in a short time his former obstinate complaints were entirely removed.—*See Advertisement.* 464

October 15. 466

FARE REDUCED
FROM
MONTREAL TO BOSTON.
RUTLAND & BURLINGTON RAILWAY.
FALL ARRANGEMENT.
Shortest and most Expeditious Route from Montreal to Boston,
In connection with the Champlain and St. Lawrence Railroad and the Steamers on Lake Champlain, forming the Great SOUTHERN RAILWAY ROUTE between Montreal and Boston or New York, and being the shortest, quickest, cheapest, and most direct Route to those Cities, or to Brattleborough, Greenfield, Springfield, Hartford, New Haven, and the several Towns in the Valley of the Connecticut River, or Worcester, Lowell, and intermediate places.

PASSENGERS leaving Montreal at 11, A. M., arrive at Rouse's Point by Cars, take Champlain Steamboat, and arrive at Burlington at 6, P. M.; leave Burlington at 6.30, P. M., and arrive at Rutland at 9—lodge. Leave Rutland at 7.30, A. M., and arrive at Bellows Falls at 9—Breakfast to dine, and New York at 7, P. M.
Passengers leaving Montreal at 4, P. M., arrive at Rouse's Point by Cars—go on board of Steamboat *United States*, Captain Davis, which leaves on arrival of Cars, and arrive at Burlington same evening 10.30—lodge. Leave Burlington at 5.30, A. M., arrive at Bellows Falls 12.45, giving one hour for dinner and to view the great Falls on the Connecticut River, and reach Lowell, Worcester, and Boston, at 6.30, same evening, or New York at 11.30, same evening, passing down the Valley of the Connecticut, through Brattleborough, Springfield, Hartford, and New Haven.
Passengers for White Mountains will dine at Bellows Falls, and spend some three hours, take Sullivan Railroad, arrive at Wells River the same evening, and thence to White Mountains next morning by splendid Stage Coaches. The Scenery on this Route is too well known to need hand-bill puffing.
This is the only Route by which Passengers will pass on the splendid Lake Champlain Steamers, through the far-famed and beautiful scenery of Lake Champlain, have a good view of Cumberland Head, and all the scenery of great historic incident, associated with the battles, by land and water, at Plattsburgh.
☞ Passengers taking this Route at Montreal, avoid all night travel between Montreal and Boston.
For further information, with Tickets, apply to M. L. Cavazzi, Agent, Custom House Square, Montreal, opposite Montreal House.
JOHN S. DUNLOP,
Superintendent.
Montreal, 1851. 442

For details and references apply at the School.
New York, August 18. 418

THRASHING MACHINES.

LETTERS PATENT.

TIME AND LABOR SAVED IS MONEY EARNED.

THE subscribers having secured to themselves the exclusive right of manufacturing and vending to others to use within the territory of Upper and Lower Canada,
SEVERANCE'S CELEBRATED IMPROVED HORSE POWER & THRASHING MACHINE,
one of the most valuable time and labor saving Machines ever devised by human ingenuity, respectfully inform the public, that they have just completed a new and extensive Factory on Wellington Street, extending from Prince to George Street, which gives them more than double the accommodations they had in the old shop, which will hereafter, they trust, enable them to supply the whole farming community of the United Provinces with a machine that will thrash and clean more grain in a day, with less expense and with greater cleanliness, than any other known invention—only requiring two horses.
We beg leave to say to our customers and friends, that we are again prepared to furnish those in want of Thrashing Machines with an article superior even to those heretofore manufactured by us.
Our long experience in making, and the very liberal patronage we have enjoyed in the sale of our Machines, has, together with a constant determination to produce an article that will never fail to excel all others, caused us to watch carefully all the improvements that could be made from time to time, until now we feel confident in saying, that for durability, neatness of work, and amount of it they can do, our Thrashing Machines are unequalled by any in use. And while the grain is thrashed clean, and none of it broken or wasted, it is at the same time, perfectly cleaned, fit for the Mill or any Market.
All orders addressed to us, or our Agent, WM. JOHNSON, will be promptly attended to.
Machines shipped to any part in Canada, and every one warranted to be as good as recommended.
Liberal terms of payment allowed.
B. P. PAIGE & CO.
Whereas, Letters Patent were obtained, bearing date March 5, 1849, on said Machine, the public are cautioned against purchasing, using, or manufacturing any imitation article, as all infringements will be dealt with according to the law of the land.
All genuine Machines will be accompanied by a Deed signed by B. P. PAIGE, the owner of the right, giving the purchaser the right to use or transfer the same. Without such a Deed, no person will be safe in purchasing or using said Machines.
B. P. PAIGE.
Montreal, July 1, 1851. 374

EDUCATION.

THE central position of Three Rivers in Eastern Canada, its quietude and healthfulness, and its possession of the advantages of ready communication with other parts of the Province by means of Telegraph, Stage and Steamboat, seem to point it out as a place well suited for the establishment of Seminaries for the education of youth.
The undersigned, a Graduate of Corpus College, Cambridge, who enjoyed the happiness and advantage of being one of the pupils of that distinguished scholar, and very admirable teacher, the late Rev. James Tate, A. M., Master of the Grammar School of Richmond upon Swale, Yorkshire,—has been engaged for several years in the tuition of his own sons, and now proposes to undertake the instruction of a few additional pupils.
The charges, which are payable each Term in advance, are as follows:—

GEORGE ARMSTRONG,
CABINET-MAKER & UPHOLSTERER,
CORNER OF McGILL & CRAIG STREETS,
(Hay-Market Square,)
MONTREAL.

G. A. has REMOVED to the above Stand, and begs leave respectfully to tender his thanks to his Friends, and the Public generally, for the liberal patronage they have hitherto bestowed upon him, and hopes, by strict attention to Business, and punctuality in execution of Orders, to merit a continuance thereof.

N. B.—FUNERALS attended to.

August 29, 1850. 194

MONTREAL HIGH SCHOOL,
WITH WHICH IS INCORPORATED THE ROYAL GRAMMAR SCHOOL.

The Classes will be Re-opened on Monday, August 18th, at 11 o'clock, in presence of the Directors, when his Honor Judge McCORD will preside, and make an appropriate Address to the Pupils.—Parents and Guardians are invited to attend.

Directors:

Hon. J. Ferrier	Robert McKay, Esq
B. H. LeMoine, Esq	Hew Ramsay, Esq
Dr. Crawford	His Honor Judge M'Cord
J. J. Day, Esq	Dr. M'Culloch
D. Davidson, Esq	Wm. Lunn, Esq
Dr. Campbell	D. Torrance, Esq
John Young, Esq	C. Dunkin, Esq
Joseph Savage, Esquire.	

David Davidson, Esq., *Treasurer.*
Hew Ramsay, Esq., *Honorary Secretary.*

Rector—H. A. Howe, Esq., T. C. D.
Latin Master—T. A. Gibson, Esq., A. M.
Third Master—D. Rodger.
French—M. Monvieu, Lecturer McGill Coll.
Drawing—Rev. Jno. Hutchinson.
Preparatory Dep't—Rev. Jno. Hutchinson.
Fencing and Gymnastics—M. Rey.

THE SYSTEM of INSTRUCTION is modelled from that pursued in the great Public Schools of England and Scotland, but undue time and attention are not given to the Classics to the prejudice of other branches of Education equally essential.

The COURSE comprises Latin, Greek, English and French Literature, the general Truths of the Christian Religion, the Elements of various branches of Mathematics, Familiar Lectures on Natural Philosophy, Elocution, History, Geography, the use of the Globes, Writing, Arithmetic, and Book-Keeping.

Drawing is added, if required, but there is an extra charge for it.

The year is divided into four Terms.

The First Term commences.....August 20th.
The Second do do .....November 6th.
The Third do do .....February 1st.
The Fourth do do .....April 25th.

The FEES, which are payable in advance, are as follows:—

The First and Second Classes,	£2 10 0	per Term
The Third, Fourth and Fifth do	2 0 0	do
Preparatory School.....	1 5 0	do
and 2s. 6d. per Term for Stationery.		

In order to extend the advantages of this School to those who live at a distance, arrangements have been made to receive BOARDERS, to the formation of whose moral character, advancement in learning, and personal comfort, every care and attention will be given.

The Rector's Terms are £50 a Year; those of the First Master at from £35 to £45.

The French Master, also, is prepared to take Boarders on the same terms.

THE undersigned will sell, by Private Sale or Public Auction—

About 15,000 Acres of most valuable TOWNSHIP LAND: some of the lots are improved Farms, with good substantial Houses, Barns, &c., thereon erected. If by Public Auction, due notice of time and place will be given.

R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a medicine that would instantly stop the most severe pangs of pain, and speedily remove the cause.

We proposed to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their investigations, and to illustrate its merits and miraculous power over pain upon the patients.

We promised that it would allay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vitality, and vigor.

That in a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stop all painful and diarrhœa disturbances, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous headache in fifteen minutes and eventually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop the most tormenting toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a marvellous soothing and relieving influence over all pains originating from Rheumatic, Neuralgic, Nervous, and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its soothing influence in a few minutes.

The world was startled at the publication of our discovery. The wise sayous of Medical Science shook their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would cure quicker on paper than by practical experiments; thousands who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from almost every village, town, city, within 500 miles of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were mitigated; weak and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and distressing Acute complaints, were suddenly relieved from their tortures, and restored to health. Its fame spread from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and pronounced it a sheltered against disease, and a quick antidote for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of Radway's Ready Relief, and if you reside in either of the States mentioned above, we refer you to the Druggists, to Physicians, and the People. Take a bottle of it to any skilful Physician, let him test it, we will ask his reputation on his opinion.

One drop has frequently cured the most tantalizing Toothache.

Forty drops, taken three times per day, will cure Sour Stomach.

Sixty drops, taken four times per day, will cure Weakness and Debility.

Ten drops, taken every ten minutes, will cure Diarrhœa.

Thirty drops has, in fifteen minutes, stopped the Sick Headache.

Sixty drops, taken every twenty minutes, has cured Cramps, Spasms, &c.;

Thirty drops has, in fifteen minutes, cured Tic Doloreux.

Sixty drops has, in twenty minutes, stopped the pains of Neuralgia.

Thirty drops has, in fifteen minutes, cured Wind on the Bowels.

Thirty drops has, in fifteen minutes, cured Cholera Morbus.

One application externally has stopped the most painful Rheumatic affliction, and cured Sprains, Strains, and Bruises.

Three applications has cured the Salt Rheum.

Three applications has cured the Rash and Tetter.

Three applications has cured Pimples and Blotches.

Six applications has cured the Erysipelas.

Three applications has cured the most painful Swelling.

Six applications, in twenty-four hours, cured Curved Spine.

One application, in 15 minutes, cured the Lumbago.

SOLEMN TRUTH.

Reader, do not reject the statements on account of the above assertions, we state only what it has done, and what we know it will do. Therefore, if you suffer pain, give it a trial, and, our word for it, you will become a firm friend of our quick and ready remedy.

Price of Radway's Ready Relief, 50 and 25 cents per bottle.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as purest marble—
Breath sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan-like neck,
No dark regulative spots, to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAY'S MEDICATED SOAP,
Composed of the most delicious, rare and fragrant gums, Oil extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wonderous virtues over skin diseases,
TO THE COMPLEXION IT IMPARTS BEAUTY.
By cleansing the skin from all eruptive matter,
Makes clean the pores, gives smooth flexible cuticles,
By which the poisonous humors are ejected,
And a healthy action to the skin restored.
To the teeth, it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive, and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM,
Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the capillaries—
Fastens the hair upon the scalp, and forces it to grow—
Lake guano to a barren soil, it makes it rich and productive.—
To dress the hair, makes it smooth and glossy,—
Strong and beautiful.

Radway's Circassian Balm is the "ne plus ultra."

PRICE 25 CENTS PER BOTTLE.

RADWAY & CO. Practical Chemists.

For Sale in Montreal by Wm. Lyman & Co., A. Urquhart, R. W. Rexford, and P. E. Picault.

MOST IMPORTANT
To Farmers, Housekeepers, and others, having Store-Houses, &c., infested with Vermin or Insects.

SMITH'S EXTERMINATOR
FOR THE ENTIRE EXTIRPATION OF
Rats, Mice, Cockroaches, Beetles, Crickets, Ants, &c,
Without the use of Arsenic or other Mineral Poisons.

The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Pue.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the annoyance, without success. Having been strongly recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my place abounded, and that without the least inconvenience.

BENJAMIN HART.

Montreal, November 22, 1848.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting insects, which were before very numerous.

S. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1848.

From the Rev. B. Davis. D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my present dwelling over-run with Beetles; the nuisance had defiance to all efforts to abate it, until this preparation was applied. Since then I have suffered no extermination to insects almost entirely from the house. Similar cases of success have occurred in my neighborhood.

BENJ. DAVIS.

4 Sydenham Place, Montreal, Nov. 15, 1848.

This preparation is warranted in all cases; and Agents are instructed to *refund the money* to purchasers, should it not prove effectual.

Sold, Wholesale and Retail, at the principal Drug and Medicinal Warehouses throughout the Province.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.

BOSTON, Feb. 15, 1847.

MR. WM. BOGLE.—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and clears the skin of all impurities, without producing any disagreeable effects whatever, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This beautiful article is totally different, and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California. No article used by the natives of that country for washing and thus the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most wonderful effects on the skin, over heat and alkali irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable article. It is done up in a elegant style, embossed either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following is from Summer F. Barrett, Saratoga Street, East Boston.

EAST BOSTON, Feb. 8, 1847.

Mr. William Bogle,—Dear Sir: For several years past, my wife has been troubled with baldness on the top of her head, about six or seven inches in circumference.—After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion as a means for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; had she used it oftener and more regular, I am convinced that the growth of the hair would have been sooner. I am, Sir, yours respectfully, SUMNER F. BARRETT.

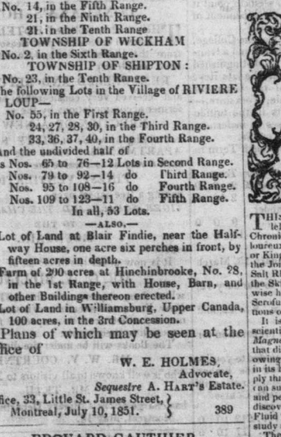
BOGLE'S HEBEAUNA,
FOR REFRESHING AND BEAUTIFYING THE COMPLEXION,

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the hot suns of summer, and freezing blasts of winter, and is the most fragrant and delicious article to be found at the toilet of fashion.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

WILLIAM BOGLE, Proprietor,
277, Washington St., Boston.

AGENTS FOR CANADA:—Wm. Lyman & Co., Montreal; J. B. Mussen, Quebec; R. Love, Toronto.



THIS GALVANIC EMBROCATION is an unparal leled remedy for the Cure of Rheumatism, Acute or Chronic, seated in the Head, Joints or Limbs, Tic Doloureux and Gout, in its worst forms, Palsy, Fits, Scrofula or King's Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Neuralgia, Chilblains, Fever Sores, Salt Rheum, Ring Worms, White Swellings, Diseases of the Skin, Scrapulas, Goitre or Thick Neck. It is likewise highly recommended in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that the mysterious power called *Galvanism* or *Magnetism* is in fact the principle of Vitality or Life, and that disease in many of its most painful forms is entirely owing to the absence of this Galvanic or Magnetic power in its healthy proportions. If, then, we can readily supply this wondrous power, when it is thus deficient, we can successfully combat disease; and this has been fully and perfectly attained by this most wonderful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which makes its appearance, without the statement of various cases, showing some new effects of these wonderful agents, or corroborating previous experience of their beneficial use. The inventor of the *Galvanic Embrocation* has great pleasure in being enabled to state, that a majority of the most distinguished Physicians of New York constantly recommend this Embrocation in their practice, and from many of them he has received the kindest testimonials of approval and commendation.

HUMAN HAIR.—HYPERION FLUID.—This is a composition admirably adapted to the diseases of the hair, and has the particular merit of being prepared purely from *vegetable ingredients*, so that its application is perfectly safe. How often do we perceive persons in the bloom of their nearly grey, or afflicted with baldness, all arising from inflammation of the skin of the head, caused by severe study, violent grief, and other mental affections. By a liberal use of the Hyperion, in a short time they will find, to their delight, a complete change will have taken place in the action of the skin, and a rich and luxuriant growth of hair, of its original color, will shortly follow. Baldness in cleansing the hair from scurf and dandruff are also truly wonderful. The Hyperion should be one of the principal appendages to every lady's and gentleman's toilet.—*See Advertisement.* 103

KEATING'S COUGH LOZENGES.

A CERTAIN REMEDY for disorders of the *Pulmonary Organs*—in Difficulty of Breathing—in Redundancy of Phlegm—in Incipient *Consumption*—(of which *Cough* is the most positive indication)—they are of unerring efficacy. In *Asthma*, and in *Winter Coughs*, they have never been known to fail.

KEATING'S COUGH LOZENGES are free from every deleterious ingredient; they may, therefore, be taken at all times by the *most delicate female and by the youngest child*; while the *Public Speaker* and the *Professional Singer* will find them invaluable in allaying the hoarseness and irritation incidental to vocal exertion, and consequently a powerful auxiliary in the production of *melodious enunciation*.

Prepared and Sold, in Boxes, 1s. 1½d., and Tins, 2s. 9d., 4s. 6d., and 10s. 6d. each, by THOMAS KEATING, Chemist, &c., No. 79, St. Paul's Church Yard, London.

Sold Retail by all Druggists and Patent Medicine Venders in the Kingdom.

N. B.—To prevent spurious imitations, please to observe that the words "*Keating's Cough Lozenges*" are engraved on the *Government Stamp* of each Box.

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Colonel Hawker," (the well-known Author on "Guns and Shooting.")

LONGPARISH HOUSE, NEAR WINCHURCH, Hants, October 21, 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that defied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your LOZENGES, which I find are the only ones that relieve the cough without damaging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

To Mr. Keating, 79, St. Paul's Church Yard.

WILLIAM STREET, EAST INDIA ROAD,
Poplar New Town, Nov. 3, 1849.

SIR,—I conceive that it is merely the manifestation of a proper sympathy for the afflicted, by informing you of the very decided and extraordinary relief which I have obtained from the use of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with a difficulty of breathing. Accidentally hearing of your Cough Lozenges, I purchased a 2s. 9d. tin of your Agent, Mr. Rennol, Medical Institution, Chrisp Street, Poplar New Town, by which I am now perfectly cured, and beg to return many thanks, and am,

Sir, your obedient servant,
CHARLES WOOD.

THOS. KEATING, Esq.

CHURCH STREET,
Folkstone, November 22, 1848.

SIR,—Having been troubled with a very bad cough for the last eight months, I applied to Mr. Hammon, Chemist of this town, for some relief; he recommended me your "COUGH LOZENGES," which, I am happy to say, effected a cure in a week. I beg most cordially to recommend them, and beg you will not hesitate to make this letter public; *such a valuable remedy cannot be too well recommended.* I have the honor to be,

Sir, your obedient humble servant,
JOHN HILL, Bart.

To Mr. KEATING.

MEDICAL WAREHOUSE,
Halifax, N. S., August 15, 1846.

SIR,—In mentioning the receipt of your letter, with second consignment of Lozenges, by the "Racer," we are gratified in being able to inform you that they have given very general satisfaction here, (having invariably relieved coughs in the most DISTRESSING KIND of COUGHS AND COLDS,) of which the increasing demand is a sufficient evidence. We shall probably, require for the Winter a further supply of FORTY DOZENS of the Lozenges, which you can forward at first convenience by one of the Cunard Steamers, via Liverpool, for

Your's respectfully,
MORTON & Co.

To the Proprietor of Keating's Cough Lozenges,

KINGSTON—Messrs. Kennedy & Co., Druggists.

N. B.—Directions in French, if required.

Montreal, November 13, 1850.

DR. HALSEY'S GUM-COATED FOREST PILLS.

THESE PILLS are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating, or weakening; can be taken at any time without hinderance from business, change of diet, or danger of taking cold. They neither have the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

Never has any remedy had more reliable and stronger proofs of its good qualities than Dr. Halsey's Forest Pills.

Testimonial after testimonial, showing their great powers of curing in almost every class of disease, have been tendered to us by individuals of the highest character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, Nov. 8, 1848.

Every fall, for several years back, I have had much sickness in my family of Bilious Disorders, and Ague and Fever. In the fall of 1848, two of my sons were taken at the same time with Bilious Fever. As in former seasons, when sickness occurred in my family, I had always employed a Physician. But at the time having received a supply of your Forest Pills in the house, I concluded to try them. I gave to each of them six Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Forest Pills at hand, and in all cases of sickness we have used them with the most happy results.

DR. G. W. HALSEY. ISA S. GOODRICH.

READER!!!—If you wish to be sure of a medicine which does not contain that lurking poison, Calomel or Mercury, purchase HALSEY'S GUM-COATED FOREST PILLS, and avoid all others.

They are universally a mild and gentle purgative, which neither nauseates nor gives rise to griping, seek for *Halsey's Pills.*

If you would have the most successful and as well as the best compound *Sarsaparilla Extract* in the world for purifying the blood, obtain *Dr. Halsey's Pills.*

If you do not wish to fall a victim to dangerous illness, and be subjected to a Physician's bill of 20 or 50 dollars, take a dose of *Dr. Halsey's Pills* as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength instead of weakness, procure *Halsey's Pills*, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of *Halsey's Pills* in your house.

Ladies, *Dr. Halsey's Pills* are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitutions. Procure them.

Travellers and Mariners, before undertaking long voyages, provide yourselves with *Dr. Halsey's Pills*, as a safeguard against sickness.

Almost every day new Certificates are received from persons of the highest respectability bearing testimony to the great cures made by

DR. HALSEY'S FOREST WINE AND PILLS!

Certificate of Mr. John Crawford, No. 546, Pearl Street, New York.

This is to certify, that on Thursday, June 16, I was attacked with violent spasmodic pains in the stomach, attended with high fever and great thirst. So violent was the pain that I could not sit up. I took a dose of Dr. Halsey's Pills and three half wine-glasses of the Forest Wine, which gave me immediate relief, and on the following day I was able to attend to my business, although I continued the use of the Wine. The good effects I experienced from the Wine and Pills, induced me to try them on my son, who had been wasting away with ill-health and bad cough for nearly a year, and fears were entertained that he was fast declining into Consumption. I am happy to say that he has recovered from the use of your excellent remedies. I gave him one Pill every night, and a little more than a tea spoonful of the Wine three times a day. My son is apparently well. I have heard others say who have been benefitted by your remedies, gives me the most entire confidence in recommending them to the public.

J. CRAWFORD, 546, Pearl-street, N. Y.

Hear the testimony of Dr. J. F. Dodge, a celebrated Physician, residing at 264, Hudson Street, New York:—

I have great pleasure in testifying to the virtues of Dr. Halsey's Forest Wine as a remedy against general decline of health, weakness, and consumptive habits. In a number of instances I have administered it with entire satisfaction, and have used it with great success in my family for various complaints. My daughter had been very feeble health for more than fifteen months—she was very weak, had a dry ugly cough, and was fast declining, so much so that I began to consider her in an almost hopeless condition; nothing gave her any relief until I procured for her Dr. Halsey's Forest Wine. She improved greatly by the use of the first bottle, and, on finishing the third bottle, she was restored to good health. She delighted with the Forest Wine, and appears to enjoy the most perfect form of health, every symptom of her complaint having disappeared. I am pleased to have an opportunity of recommending the Forest Wine, as I believe it to be a most valuable medicine, well deserving the attention of the Medical Faculty as well as the public at large in disease.

J. F. DODGE, M.D., 264, Hudson-st., N. Y.

Montreal, Oct. 13, 1851. 463

ST. LEON AND CAXTON SPRINGS.
MONTREAL, June 3, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, and have formed a favorable opinion of their efficiency as aperients in various derangements and diseases. I have found both Waters well adapted, in the generality of cases, for accomplishing all the purposes of the ordinary saline aperient draughts, over which their tonic and alterative ingredients give them, for continued use, a superiority.

THE BRITISH PERIODICALS
AND THE
FARMERS' GUIDE.

LEONARD SCOTT & Co.,
No 54, Gold Street, New York,

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine; in addition to which they have recently commenced the publication of a valuable Agricultural Work called

"THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

By HENRY STEPHENS, F. R. S., of Edinburgh, Author of the "Book of the Farm," &c., &c., assisted by JOHN P. NORTON, M. A., New Haven, Professor of Scientific Agriculture in Yale College, &c., &c.

This highly valuable Work will comprise two large royal octavo volumes, containing over 1400 pages, with 18 or 20 splendid Steel Engravings, and more than 600 Engravings on Wood, in the highest style of the Art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, haying, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the *pastoral* feature of the book is unique, and will render it of inestimable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $5 for the entire Work in Numbers, of which there will be at least 22.

The British Periodicals Re-Published are as follows, viz:—

The London Quarterly Review, (Conservative.)
The Edinburgh Review, (Whig.)
The North British Review, (Free-Church.)
The Westminster Review, (Liberal.)

AND

Blackwood's Edinburgh Magazine, (Tory.)

Although these Works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. *Blackwood*, still under the masterly guidance of *Christopher North*, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial Works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns but a few Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer,) "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, *after it has been issued by Messrs. Scott & Co.*, so that Subscribers to the Reprint of that Magazine may always rely on having the *entire* reading of these fascinating tales.

TERMS:	Per Annum.
For any one of the four Reviews.....	$ 3.00
For any two of the four Reviews.....	5.00
For any three of the four Reviews.....	7.00

Plantagenet Water.

Let all who wish sound health to get
Just try the famed Plantagenet;
Though others vainly try to pull
And gain a market for their stuff,
This only can make good its boast,
The friend of all who need it most.

AS this is the season of the year when the public are most disposed to seek the aid of mineral waters, it is necessary that parties should be strongly warned against the lure-laced attempts to give a spurious reputation to certain other Springs, by the unauthorized and unwarrantable use of the names of eminent Physicians. Nothing can extend less this practice than it carried, that one Physician of this city has been lately compelled publicly to deny that he ever gave a certificate testifying to the rare qualities of one of these Springs.

Such a practice had recourse to, by certain parties, is the publication of *old certificates granted to other Springs*, as if they had been given in favor of the present one. In fact, such is the spirit of jealousy excited at the overwhelming success of the far-famed Plantagenet Water, that it can hardly contain itself, and is now working the most unfair means to impose on the credulity of the public. Such attempts, however, cannot succeed; every day the fame of the Plantagenet Waters is extending wider and wider. Efforts, which have taken place in the Pharmacopœia as one of the most innocent and efficacious of aperients, its use as a pleasant summer beverage is almost unbounded. There never was a mineral water which combined so admirably the two qualities of *useful* and *agreeable*, and to talk of competition or comparison is simply absurd. Ask the medical man, ask the druggist, ask the patient—ask the mechanic—ask the farmer—ask the merchant what is his morning's drink, what is the beverage he prefers during his city, in short, on all occasions he left untried by these persons who wish to trade on the unparalleled reputation enjoyed by the Plantagenet Water. To guard against deception, therefore, the public are requested to supply themselves *direct from the Depot, Place D'Armes, Montreal.* Price per gallon, 1s; bottled, 3s the dozen, bottles returned and 1½d per glass. The demand for this Water, by *the glass*, averages 200 glasses every morning.

NEW CERTIFICATE.

The following from Dr. Munro, Chief Physician of the Hotel Dieu, adds one other to the overwhelming testimonies borne to the virtues of the Plantagenet Water by all our leading Physicians:—

To Mr. Lamontagne, Proprietor of Plantagenet Water, Place d'Armes.

SIR,—I have hitherto refrained from giving you my opinion of the Plantagenet Water; but the time has now arrived when it is just, both to the public and yourself, that I should do so. I state, then, frankly, that I have the highest opinion of the Plantagenet Water, which I consider superior—in fact, far beyond comparison with any other mineral water with which I am acquainted. I have used it extensively in my practice at the Hotel Dieu Hospital, and with the most remarkable success. As a gentle aperient, its use is most agreeable, and I have found it, in cases where other medicines could not be safely employed, I have found it most useful. I consider it a duty, both to the profession and the public, to state this much in its favor; and I strongly recommend all the friends of families to keep a supply of the water by them, being perfectly satisfied of its great utility.

I have the honor to be, Sir,

P. MUNRO, M.D.,
Chief Physician in the Hotel Dieu Hospital, and Lecturer of Surgery in the School of Medicine, of Montreal.

DeBlury Street, 6th August, 1851.

In conclusion, let it be borne in mind, that it is not simply on this account that these waters are recommended, but because they have an oily, fattening property, unknown to any waters besides. There is, in fact, but one Plantagenet Spring, and the more that is known, the higher its reputation, and the more all others sink into insignificance beside it.

It is enough to read the names given below, of parties who have used the Plantagenet Waters, to be satisfied of their superior excellency over all others:—

Doctors W.
