No extra charge is made by this Company on the premiums on its Tontine or Semi-Tontine Policies, but the Premiums are the same as on its like ordinary policies.

Its last annual report shows that it has $242 of assets for each $100 of liabilities.

Its policies are printed in clear, large type, in plain, simple language, and are as liberal in their conditions as it is possible to have them consistent with safety and equity to the policy-holders generally. Observe the following points, viz :—

(*a*) The policies are indisputable after three years from date of issue.

(*b*) Travel without permit in any part of the world will not invalidate the Policy.

(*c*) Surrender values are allowed on ordinary and Semi-Tontine Policies after they have been in force three years, either by Paid-up Policies or in cash ; loans are made on ordinary Policies after they have been in force three years.

(*d*) The age of the insured will be admitted at any time by the Company on reasonable proof, but if not so admitted any error in the age will not invalidate the Policy.

Its commercial policy affords the protection of life insurance during the productive periods of life at about one-half the ordinary cost, and is specially suited to meet the wants of those of moderate means or limited incomes.

The regular cost, after admission, for a Commercial Policy, is only $3 a year per $1,000 for expenses, and at ages 31 to 35, $2.05 a quarter, payable on fixed quarter days named in the Policy, making the total cost $11.20 for a policy of $1,000, or $112 for a policy of $10,000.

The usual level premium for a $10,000 Policy at age 30 is $227, and at age 35 $263.80

During the years of life in which life insurance is specially needed, the cost on this plan will be only about one-half that of the ordinary plans, or for the same payment double the amount of insurance can be obtained on the Commercial Plan.

INTRODUCTORY.

THE Publishers take pleasure in presenting this, their second volume of the ONTARIO GAZETTEER AND BUSINESS DIRECTORY, to their patrons, and feel confident it will meet with the same appreciation as its former issue.

The information it contains has been obtained in all cases from original sources and great care has been taken to ensure accurate and comprehensive detail.

In the GAZETTEER part of the work will be found shipping directions, bank locations, railway connections, stage routes, etc.; in the classified portion, commencing at page 1233, will be found business firms classed under their respective headings, enabling the seeker to find a line of business at a glance.

It has been the aim of the publishers to make each division of the work as perfect as possible, and nothing has been left undone to attain this end.

Attention is directed to the advertisements, references to which have been made from the respective classified headings, purchasers seeking specific articles will thus be informed where such goods can be obtained.

For Index to contents of this book see pages 3 to 12. .

The work will be issued promptly every two years, and corrections will be made from direct information obtained.

As many itinerant directory publishers mislead the public by misrepresentations, parties desiring to subscribe for a complete Provincial Gazetteer and Directory of Ontario should see that our name is on all orders they sign.

Respectfully,

R. L. POLK & CO.,

COURTS OF REVISION.—The County Judges hold annually Courts of final revision of the Assessment Rolls of each municipality, being in the light of Courts of Appeal from the first Court of Revision held by the municipality; and also Courts for the Revision of the Voters' Lists, being equivalent to the Courts held by Revising Barristers in England.

INSOLVENT DEBTORS' COURTS.—These Courts, which had reference to traders only, were regulated by the Act known as the "Insolvent Act of 1875," which consolidated and assimilated the practice in Bankruptcy and Insolvency in the several Provinces of the Dominion. The County Judges in the several Counties presided, and official assignees were nominated by the Governor in Council, and were officers of the Court, having jurisdiction in the County or District for which they were appointed, and appeals lay to the Court of Appeal of Ontario. This Statute has now been repealed, and the Courts and Assignees are only continuing to wind up pending cases.

SURROGATE COURTS.—The jurisdiction of these Courts relates to all testamentary matters and causes, and to the granting and revoking of probate of wills, and letters of administration of the effects of deceased persons having estate or effect in Ontario, and all matters arising out of or connected with the grant or revocation of probate or administration, subject to an appeal to the Chancery Division. The County Judges are also Judges of the Surrogate Courts. *Chief Surrogate Clerk at Toronto*—Sir J. L. Robinson, Bart.; Fred. Robinson, Clerk.

DIVISION COURTS, for the summary disposal of cases by the presiding Judge, being the County Judge or his Deputy, or any Barrister appointed to hold the same; but a jury of five persons may be demanded in certain cases. Their jurisdiction extends to actions of debt or contract where the balance claimed is over $100 and under $200, when the amount is ascertained by the signature of the defendant, subject to an appeal to the Court of Appeal, and to $100 in other cases: but the sums of the account to be gone into cannot exceed $400; injuries or torts to personal chattels amounting to $60, and personal actions to that amount, if not excepted from their jurisdiction; but not to actions for gambling debts, liquors drunk in a tavern, or notes of hand given therefor, ejectment, title to land, etc., or any toll, custom or franchise, will or settlement, malicious prosecution, libel, slander, crim. con., seduction or breach of promise, or actions against a J. P. for anything done by him in the execution of his office, if he objects to it. Each Judicial District is divided into Court Divisions, and Courts are held once in two months in each Division, or oftener at the discretion of the Judge. The Divisions are established by the Courts of General Sessions, and in certain cases by the Judges.

COMMERCIAL LAWS OF ONTARIO.

ACKNOWLEDGMENTS.—See Deeds.

ACTIONS.—In the High Court of Justice and in the County Courts actions are commenced by writ of summons, which is returnable immediately after service. When the action is for a debt or liquidated demand in money, the writ is specially indorsed with particulars of the plaintiff's claim, and upon default of appearance in ten days after service, final judgment may be signed without further proof of claim. Execution may be issued on this judgment at the expiration of eight days from the last day for appearance. If the defendant appears the plaintiff delivers a statement of claim; the defendant within eight days delivers a statement of his defence, set-off or counter claim, and the plaintiff delivers his reply. If the defendant appears and has no defence to the action, the plaintiff may apply for final judgment on notice, after filing an affidavit made by himself, or by any other person who can swear positively to the debt or cause of action, verifying the cause of action and stating that in deponent's belief there is no defence to the action. The court on such an application has power to order immediate judgment.

In the Division Courts the plaintiff enters with the clerk a statement of his claim, and a summons is thereupon issued, and the case tried at the court held on the eleventh day after the service on the defendant, if he resides in the county in which the action is brought, in case none of the defendants reside in the county in which the action is brought, but one of them resides in an adjacent (*i.e.* bordering) county, the case is tried at the court held on the sixteenth day after service, and if none of the defendants reside in the county in which the action is brought, or in an adjoining county, the case is tried at the court held on the twenty-first day after service. If the claim be for any debt or money demand where the particulars of the claim with reasonable certainty and detail are endorsed on or attached to the summons, and it be not contested, judgment may be obtained at the expiration of eight days from the service on the defendant (where the service is required to be ten days before the return), or at the expiration of twelve days from such service (where the service is required to be fifteen or twenty days before the return), and execution may be issued forthwith.

Except in cases of judgments by default of appearance in the High Court and County Courts, execution may be issued forthwith after judgment.

Priorities of judgments are regulated by the time of placing execution in the hands of the sheriff, and not by the time of obtaining the judgments.

Every debt or chose in action arising out of contract is assignable in law by any form of writing, but subject to such conditions or restrictions with respect to the right of transfer as may be contained in the original contract, and the assignee shall sue thereon in his own name. The bonds and debentures of corporations made payable to bearer, may be transferred by delivery, and the transfer vests the property in the holder thereof, and enables him to maintain the action thereon in his own name.

In case of an assignment of a debt arising out of contract and not assignable by delivery, the defendant may avail himself of any defence or set-off arising before notice of the assignment which might have been made to a suit brought by the assignor.

This Act does not apply to bills of exchange or promissory notes. It is not necessary to bring separate suits against the several parties to a bill or note; they may all be included in one action.

AFFIDAVITS.—Within the Province affidavits may be made before any commissioner appointed by the Superior Courts of Law for taking affidavits and recognizance of bail. Voluntary and extra-judicial oaths are prohibited. A statutory declaration may be made attesting facts or accounts, etc. Affidavits to be made in the United States, for use in the courts of Ontario, may be made before a Notary Public, certified under his hand and official seal.

ALIENS.—By various statutory enactments the disabilities formerly imposed upon aliens have been removed, and they can now take, hold and sell real and personal property as if they were native born citizens. Aliens, although not residents in Ontario, may be sued in its courts if they are served with process. Any person resident in Ontario may be sued in its courts upon a cause of action arising in a foreign country. Any person not resident within the Province, who brings an action in its courts, is bound, upon application being made therefor, to give the opposite party security for the costs which may be incurred in the suit.

APPEALS.—An appeal in certain cases lies from the Queen's Bench, Common Pleas and Chancery Divisions of the High Court to the Court of Appeal for Ontario. This is the court of last resort within the Province. From this tribunal an appeal in certain cases lies to the Supreme Court of Canada, which holds its sittings at Ottawa, the capital of the Dominion. An appeal also lies from the County Courts to the Court of Appeal.

ARREST.—A writ of *capias ad respondendum* is granted only when a party or plaintiff, being a creditor of, or having a cause of action against some person liable to arrest, satisfies a judge by affidavit that he has such a cause of action to the amount of one hundred dollars, and also shows that there is good and probable cause for believing that such person, unless he be forthwith apprehended, is about to quit Canada with intent to defraud his creditors generally or the plaintiff in particular.

A married woman is not liable to arrest, and as a general rule one foreigner cannot follow another into this country and arrest him for a debt contracted abroad, where the debtor intended to reside permanently in Canada or to return to the United States. But where the debtor's intention is to pass through Canada to Europe it is said that he may be followed and arrested here.

ASSIGNMENTS.—See Insolvency.

ATTACHMENT.—If any person, resident in Ontario, indebted to any other person, absconds from Ontario with intent to defraud the plaintiff, or to avoid arrest or service, and is at the time of

Provision is made for the winding up of joint-stock companies by statute 41 Vict., Ont. cap. 5.

COURTS, JURISDICTION OF.—The Supreme Court of Judicature for Ontario, established August 22nd, 1881, consists of two permanent divisions, viz.: The High Court of Justice and the Court of Appeal. The High Court of Justice is comprised of three divisions: The Queen's Bench Division. 2. The Chancery Division. 3. The Common Pleas Division. The High Court of Justice is a supreme court of record, and has the jurisdiction, which was formerly vested in or exercised by the Courts of Queen's Bench, Chancery, Common Pleas, Assize, Oyer and Terminer and Gaol Delivery. There is no distinction or difference in the jurisdiction or powers of practice in the several divisions.

By the Ontario Judicature Act, 1881, a fusion of law and equity has been accomplished.

There is a County Court in each county, which is a court of record, and which has jurisdiction, 1st. In all personal actions where the debt or damages claimed do not exceed the sum of two hundred dollars; 2nd. In all causes and suits relating to debt, covenant and contract, to the amount of four hundred dollars, where the amount is liquidated or ascertained by the signature of the defendant; 3rd. To any amount in bail bonds given to a Sheriff in any case in a County Court; and 4th. On recognizances of bail taken in a County Court, whatever may be the amount recovered or for which the bail may be liable. But these Courts have no cognizance of any action: 1st. Where the title to land is brought in question; 2nd. In which the validity of any devise, bequest or limitation under any will or settlement is disputed; 3rd. For any libel or slander; 4th. For criminal conversation or seduction; 5th. Any action against a Justice of the Peace for anything done by him in the execution of his office, if he objects thereto.

DIVISION COURTS.—These courts are presided over by the Judge of the County Court of each county. They hold jurisdiction (subject to certain exceptions): 1st. In all personal actions where the debt or damages claimed do not exceed sixty dollars; 2nd. In all claims and demands of debt, account or breach of contract, or covenant, or money demand, where the amount of balance claimed does not exceed one hundred dollars; and 3rd. In all claims for the recovery of a debt or money demand, the amount or balance of which does not exceed two hundred dollars, and the amount or the original amount of the claim is ascertained by the signature of the defendant, or of the person whom, as executor or administrator, the defendant represents.

DEEDS.—The common forms may be used. A short form is provided by statute. They must be under seal (*see mortgages*), and should be in duplicate for the purpose of registration. To convey the fee it is necessary to use the word "heirs." In conveying the estate of a married woman, it

is necessary that the husband should be a party to the deed, but no acknowledgement or separate examination of the wife is required.

Proof of deeds, mortgages, etc., for registration is to be made by affidavit on the instrument or securely attached to it, as follows: *Within the Province*, before any commissioner for taking affidavits, before the Registrar of Deeds or his Deputy, or before a Judge of any of the Superior Courts or a County Court. *In Great Britain*, before a Judge of the Superior Courts, or of a County Court, or the Mayor or the Chief Magistrate of any city, borough, or town corporate, certified under the common seal of such city, etc., or a commissioner appointed for taking affidavits in any of the Courts of Record in the Province. *In a British Colony or Possession (except India)*, before a Judge of a Court of Record, or the Mayor of any city, borough, or town corporate, certified under the common seal, or before any Notary Public certified under his official seal. *In India*, before any Magistrate or Collector certified to have been such under the hand of the Governor of the Possession. *In any Foreign Country*, before the Mayor of any city, borough, or town corporate, certified under the common seal, or before any British Consul or Vice-Consul resident in such country, or before a Judge of a Court of Record or a Notary Public, certified under his official seal.

DESCENT.—Real estate descends to: 1st. lineal descendants and those claiming by or under them *per Stirpes*; 2nd. father; 3rd. mother; and 4th. to collateral relatives, subject to certain rules and regulations prescribed in the Statute.

This law applies only to the estates of persons dying on or after the first day of January, 1852. As to all persons who died before that time, the rules of descent are substantially the same as in England at that date.

Distribution of Personal Estates of Intestates.—The surplus of intestates' estates is, after the expiration of one full year from the death of the intestate, to be distributed in the following manner: one-third shall go to the widow of the intestate, and the residue in equal proportions to his children, or, if dead, to their lineal descendants. If there are no children or legal representatives subsisting, then the widow takes a moiety, and the other moiety goes to the next of kindred in equal degree, and their representatives; if no widow, all to children; if neither widow nor children, all to the next of kin in equal degree, and their representatives. But no representation is admitted among collateral further than children of intestates' brothers and sisters. Estates of *femmes covert* dying intestate and without children are left as at common law, *i. e.*, the husband is entitled to the whole; but when she dies leaving husband and children, her separate personal property is distributed in the same proportion as the personal property of a husband is distributed between his wife and children. Degrees of kindred are reckoned according to the computation of the civil law.

EVIDENCE.—No person is disqualified as a witness by reason of interest, as a party or otherwise. The action for breach of promise of marriage seems to be excepted. Husbands and wives of parties are competent and compellable witnesses, except as to communications made during marriage and proceedings consequent on adultery. In suits by or against representatives of a deceased or by or against a lunatic, the evidence of the opposite party must be corroborated.

EXECUTIONS.—*See Judgments.* Writs of *fieri facias* against goods and chattels, and against lands, may be issued at any time, and bind the debtor's property (with few exceptions) from the time of their delivery to the sheriff. Concurrent writs may be issued in any county. The debtor's goods must be exhausted before resorting to the lands. A writ against lands is returnable in twelve months from its delivery to sheriff, and all sales under it must be advertised for three months in the Official Gazette and a local newspaper. Bank notes, money, and securities for money, shares in banks and incorporated companies, may be seized. The execution debtor may be examined as to his property, and any debts found to be due to him may be garnisheed, except wages and salaries of mechanics under the sum of twenty-five dollars. In the High Court and County Courts executions may issue forthwith on signing judgment, except in the case of judgment by default on a specially indorsed writ, which must be delayed eighteen days from the service of the writ. See *Actions*. In the Division Courts the judge may order immediate execution, or may direct the amount to be paid in such time, not exceeding fifty days, as he may see fit.

EXEMPTIONS.—Beds, bedding, and wearing apparel of the debtor and his family, and a certain quantity of household furniture, provisions, and farm stock and tools, and implements of trade, to the value of sixty dollars, are exempt from seizure under any writ of execution whatever, and the same goods are, after the death of the debtor, exempt from the claims of his creditors. Free Grants and homesteads to actual settlers in the districts of Algoma and Nipissing, and of certain lands between the river Ottawa and the Georgian Bay, are also exempt from seizure.

GARNISHMENTS.—See *Executions*.

INSOLVENCY.—By an Act of the Parliament of the Dominion of Canada, which came into force on the first of April, 1880, the Insolvent Acts previously in force were repealed, except as to cases where the estate of an insolvent was vested in an official assignee before the passing of the Act.

INTEREST.—Parties may agree to pay any rate of interest, but in the absence of agreement six per cent. only is recoverable. Banks cannot recover more than seven per cent. See *Mortgage*.

JUDGMENTS.—A judgment is a lien on land only from the time of the delivery to the sheriff of a writ of *fieri facias* against lands; such writ must, until actual seizure of the lands, be renewed every year. Where there are several writs they are to be satisfied in the order in which they are delivered to the sheriff.

Foreign Judgments.—A defendant sued in the courts of Ontario on a foreign judgment of a court to the jurisdiction of which he was subject, cannot set up as a defence thereto any defence which he set up or might have set up to the original action, if he was personally served with process in such original action, or appeared or pleaded therein.

LIENS.—See *Mechanics' Liens*, also *Judgments.*

LIMITATIONS.—Actions on contracts, notes, and instruments not under seal, and for arrears of rent, or for interest on money charged on land, must be commenced within six years from the time the cause of action accrues; actions of trespass, assault, battery, wounding and imprisonment, within four years next after the cause of action arose; actions of slander, within two years next after the words spoken. In case of a plaintiff being under the disabilities of infancy, coverture, or lunacy, the time runs from the removal of the disability. No greater time is allowed by reason of a plaintiff's absence from Ontario. In cases in which a married woman can maintain an action in her own name, no further time will be allowed.

Actions to recover money secured by mortgage, judgment, or lien, or otherwise charged upon, or payable out of any land or rent, or any legacy, must be brought within ten years next after a present right to receive the same shall have accrued to some person capable of giving a discharge for the same, unless in the meantime a part payment has been made, or written acknowledgment given, in which case the action must be brought within ten years from the time of the part payment or acknowledgment.

Actions to recover land must be brought within ten years after the right of action accrued to the claimant of the person whose estate he claims. As to lands granted by the Crown of which the grantee has not taken possession, and some other person not claiming under him has taken possession while the land is in a state of nature, the right to bring an action is deemed to accrue at the time when the owner first obtained knowledge of the land being in the actual possession of such other person; but no such action shall be brought after twenty years from the time that possession was taken.

Persons under the disability of infancy, lunacy, or coverture, and their representatives are allowed five years from the termination of their disability or death, notwithstanding the expiring of the period of ten years in which to bring the action; but no action, etc., shall be brought except within twenty years next after the right of action accrued. And as regards real estate, rent, etc., no further time is allowed to persons absent from the Province.

MARRIED WOMEN.—Every woman married since the fourth day of May, 1859, without any marriage settlement, holds all her property, real and personal, free from the debts and control of her husband. Property received by her from him during marriage is excepted. Women married before the 14th day of May, 1859, are similarly protected as to their real estate not then reduced into the husband's possession. Wife's separate property is liable for debts contracted by her before marriage, and husband's liability therefor is limited to the extent of the interest he may take in the wife's property under the marriage contract. All wages and personal earnings of a married woman, and all acquisitions therefrom, and all profits of any trade carried on separately from her husband, or derived from her literary, scientific, or artistic skill, are protected from her husband's debts, and are enjoyed by her and disposed of without his consent as fully as if she were a *femme sole.* She may insure her husband's life with his consent, or her own, and the insurance is free from claims of husband's creditors. She may hold stocks, make deposits in savings banks, etc., as if she was sole. She may sue in her own name alone for the recovery of her debts, or the protection of her property, and she may be sued separately from her husband in respect of her separate debts, contracts, or torts, as if she was unmarried. She may bequeath her property by will. She is not liable to arrest. She may convey her real property by deed in which her husband joins, and may appoint an attorney in same manner, and no separate examination is required. Judge may dispense with concurrence of husband when he is a lunatic, or residence not known, or if he is living apart from his wife by consent. A wife is entitled to dower out of all lands (with a few exceptions) of which her husband was seized at and after their marriage in which she did not bar her dower during his lifetime; but a husband can only be tenant by courtesy of such of his wife's lands as she died seized of.

MECHANICS' LIENS.—Every mechanic, machinist, builder, miner, contractor, or other persons doing work on, or furnishing material to be used in constructing any building, etc., at request of the owner, has a lien for the same upon the building, etc., and the land occupied thereby, and usually enjoyed therewith to the extent of the owner's interest. The lien must be registered in the County Registry Office during progress of work, or within one month after completion, and ceases to exist unless proceedings are taken to enforce it within ninety days from completion, in the County or Division Courts, or the Court of Chancery, according to the amount. Mechanics entitled to lien on a chattel for work done may sell the chattel if (after three months) payment is not made.

MORTGAGES must be under seal. A wafer or some other adhesive substance should be used. A mortgage is foreclosed by action in the High Court. Special provision is made for regulating the recovery of interest upon moneys secured by mortgage in certain cases. There is no redemption after the sale or foreclosure under the decree. A mortgage is discharged by the registration, in the Land Registry Office, of a certificate, under the hand of the mortgagee, or his assignee or representative entitled to the money, stating that the mortgage money has been paid. The execution of the certificate for registration is proved in the same manner as that of deeds and mortgages.

NOTES AND BILLS OF EXCHANGE.—The law as to promissory notes and bills of exchange may be said to be the same as that which prevails in England and the United States. Bills and notes which fall due on a legal holiday are payable and must be presented the day after such holiday. The legal holidays are Sundays, New Year's Day, Good Friday, Christmas Day, the birthday of the Sovereign, and special days appointed by proclamation for public holidays, fasting or thanksgiving.

nished with the Christian names, surnames, and residences of all the proposed plaintiffs and defendants, and with particulars of the claim, if on an open account. If on a judgment, an exemplification of the judgment, under the seal of the Court and hand of the chief judicial officer, is required. Where the plaintiff is resident out of the Province security for costs may be ordered by the Court on the application of the defendant, in which case the bond of two householders in the sum of two hundred dollars must be given, or that amount deposited in court to abide the event of the suit. If the claim is contested it must be proved in the usual way, or by taking the evidence on commission when the witnesses reside abroad.

RECORDING DEEDS, MORTGAGES, ETC.—After the grant from the Crown every instrument affecting land will be adjudged fraudulent and void against any subsequent purchaser or mortgagee for valuable consideration without actual notice, unless registered in the Registry Office of the county where the lands lie, before the registering of the instrument under which such subsequent purchaser or mortgagee may claim.

REDEMPTION.—See *Mortgages*, also *Taxes*.

REPLEVIN.—Whenever any personal property has been wrongly distrained or otherwise wrongly taken or detained, it may be replevied under writ issued, upon the plaintiff giving a bond to the Sheriff in treble the value of the property. In default of appearance the plaintiff may sign final judgment for a nominal sum and costs according to the proper scale of the court in which the action is brought. If the defendant appears, the parties plead to issues and proceed to trial.

STAY OF EXECUTION.—Executions are stayed on appeal to the Court of Appeal from the Superior and County Courts, on satisfactory security being given by the appellant.

SUPPLEMENTARY PROCEEDINGS.—Upon an affidavit showing the return of an execution wholly or partly unsatisfied, a judgment debtor may be examined concerning his property and concerning debts due or owing from third parties to him. These third parties can be proceeded against by process of garnishment.

TAXES.—Lands may be sold for taxes whenever any part of the tax has been due for three years. The sale is made by the County Treasurer in counties, and the High Bailiff in cities. The owner may redeem the property within one year after sale.

NEWSPAPERS AND PERIODICALS.

Newspapers and periodicals *printed and published in Canada*, and issued not less frequently than once a month from a known office of publication or news agency, and addressed and posted by and from the same for transmission by mail to regular subscribers or news agents in Canada, are sent free; if addressed to Great Britain, or the United States, they may be posted by the same on prepayment of a rate of one cent for each pound weight in bulk or fraction of a pound; and such newspapers or periodicals are to be put up into packages and delivered into the Post Office, and the postage rate thereon prepaid by the publisher or news agent being the sender thereof, under such regulations as the Postmaster-General may from time to time make.

On all newspapers and periodicals posted in Canada, other than those addressed to regular subscribers or news agents, from office of publication or news agency, including all newspapers and periodicals published less frequently than once a month, the rate will be *one cent per four oz.*, to be invariably prepaid by Postage Stamp.

Newspapers and periodicals weighing less than 1 oz. each may be posted singly, if prepaid by Postage Stamp ½ cent each.

TRANSIENT NEWSPAPERS.

Transient newspapers and periodicals include all newspapers and periodicals posted in Canada, *other than Canada Newspapers sent from the office of publication, and British newspapers posted by news agents for regular subscribers* in Canada. On transient newspapers addressed to the United Kingdom the rate will be one cent per 2 oz.—to be prepaid by Postage Stamp. Canada Newspapers *posted from the Office of Publication* to subscribers in the United Kingdom—if to be sent in the mails forwarded *via* New York or Boston, must be prepaid by Postage Stamp at the transient paper rate of one cent per two oz.; but if sent by Canada Packet, such papers may pass as now, on prepayment by the publisher, at the time of posting, of the ordinary domestic rate of one cent per pound Canadian Periodicals when sent by mail to the United Kingdom or to British Colonies or Foreign Countries (except the United States) are liable to ordinary book packet rates. place within the Dominion, on prepayment by Postage Stamp of a rate of one cent per four oz., under the following regulations :--

If such rate be not fully prepaid by the stamps affixed, the packet to be rated with the deficient postage, and a fine of five cents in addition.

Packages of Samples and Patterns, addressed to any place in Canada, may be registered on affixing thereto a registration stamp of the value of five cents in addition to the postage rate, and provided such packet be handed into the Post Office for registration.

Patterns or Samples must be sent in covers open at the ends so as to be easy of examination. Samples, however, of seeds, drugs, etc., which cannot be sent in open covers, may be enclosed in bags of linen or such like material, fastened in such a manner that they may be readily opened ; or in bags entirely closed provided that they be transparent, so that the officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

The packet may bear on the *outside* the address of the sender, in addition to the address of the person for whom it may be intended ; and also a trade mark or number, and the price of the sample enclosed ; *inside*, there must be no enclosure but the samples or patterns themselves. The particulars, however, of the trade marks, numbers, and prices, may be marked on the articles themselves instead of on the outside of the packet, at the option of the sender.

Goods sent for sale or in execution of an order, however small the quantity may be, or any article sent by one private individual to another, which are not actually trade patterns or samples, are not admissable.

THE NEW ORLEANS ROAD CART CO'Y

J. WINTERS & CO.,

PROPRIETORS,

GALT, - - - ONT.

MANUFACTURERS OF

ROAD CARTS, BUGGIES, CARRIAGES,

WAGGONS, SLEIGHS, CUTTERS,

CARRIAGE TOPS AND DASHES.

In introducing *Road Carts* we may say they are something new. The *Road Cart* takes the place of a Buggy in every respect. The *Road Cart* is incomparable in principle throughout. It is always perfectly balanced regardless of load. Light draft, comfort for the horse, and is the easiest riding vehicle yet produced. Much safer for ladies and children than a Buggy. Will carry a top securely, or admit of a pole. Is unexcelled in thoroughness and excellence of construction, and offered at *half the price of a Buggy*.

We are aware of a just prejudice existing caused by the fact that the thousands of Road Carts put on the market in the last few years came so far short of the above requirements.

Horse motion cannot be overcome by the use of springs. A self-adjusting Rocker upon a flexible steel bridge placed between the axle and spring does it. The communicated motion of the shafts comes against the underside of the locker, which remains still. We also place a brake in front of the body which prevents an undue dip of the cart body while on the road, or as the rider steps in or out. These strong and simple appliances produce a result astonishing and effective, and give comfort and satisfaction attained in no other vehicle.

PRICES: $35, $45, up to $125.

The second city in the province in respect to population and business importance, is beautifully situated on the south-west shore of Hamilton Bay—one of the safest and most commodious harbors on the lakes—at the extreme western end of Lake Ontario, and occupies a commanding position on a slightly elevated plain, at the foot of what is locally known as the "Mountain," a range of hills that nearly encircle the city, in Barton township, Wentworth County, of which it is the county

seat. It is most advantageously placed as regards facilities for communication, having besides the water routes of the lakes, the main line of the Southern div of G T Ry running to Suspension Bridge and the G W div to Windsor, the Toronto line of the same road, and the N W line of the N & N W Rys, giving access to Lake Erie, the Georgian Bay and the Muskoka and Parry Sound Districts, affording direct transport for its manufactured products to all important points of the railway and steam navigation systems. The offices, workshops, rolling mills and other necessary repair shops of the Southern div G T Ry are located here, and give employment to a great number of men, and the city has a large number of manufacturing establishments of various descriptions, the products of which form the staple of her export trade. Hamilton is regularly laid out, with wide and handsome streets intersecting each other at right angles—King, James, John, York and Macnab being the principal business streets. At the crossing of King and James streets is a small triangular park known as the "Gore," opposite to which is located the Canada Life Assurance building, the handsomest business structure in the city. On Main street is located the court house, a fine building erected by the county in 1879, at a cost of $120,000. The Provincial Insane Asylum occupies a splendid site on the Mountain, is the finest building of that description in the Dominion, and has accommodation for 620 patients, and is now being enlarged to take 300 additional. A magnificent building for the use of the post office, customs and inland revenue departments, is situated on King street, built by the Dominion Government. The churches are in general handsome specimens of architectural skill, and number 32, viz, 6 Episcopal, 3 Catholic, 7 Presbyterian, 7 Methodist, 2 Baptist, 2 German Lutheran, and 1 each of Congregational, Plymouth Brethren, Bible Christian, Reformed Episcopal and Hebrew. The school system is very complete, and comprises 14 public schools, with 5,300 pupils, separate schools with 2,000 pupils, and a collegiate institute with 400 pupils, and also a number of private educational establishments, the principal of which is the Wesleyan Ladies' College, under the able management of Dr A Burns, which receives pupils from all parts of the Dominion and the United States. There are several good libraries in the city, that of the Hamilton Law Association containing
