THE PRACTICAL GIFT MOVEMENT

There is a movement all over this continent among the large stores to make this a "practical" Christmas, carrying out the idea of giving only useful and practical gifts, or in other words, Santa Claus is to appear this year in the role of a "practical" St. Nicholas. We are heartily in accord with this movement, and we believe the majority of the people of St. John will agree with this idea.

We have made great preparations to have a splendid display of all sorts of interesting and practical dry goods. There will be hundreds, we might say thousands, of dainty and useful things to choose from, and even now our store has taken on a Christmas air.

Remember that practical gifts take more thought and consideration than the ordinary Christmas remembrance, so that it is none too early to begin your buying. Christmas is only a month away, and a month ahead is not too long for the average person to work out his or her problem of "practical" giving, so begin now.

Yours truly, *F. W. DANIEL & CO., LTD.*
